Field narrowed to 1 in library director search

BY DARRELL CLEM
STAFF WRITER

In what could mark a turning point in a tumultuous year, Westland's public library could soon have a new director.

The library board was expected Wednesday night to receive a recommendation from a board subcommittee to hire Cheryl Napsha, director of the Bethel Park, Pa., library near Pittsburgh.

Subcommittee members Daniel Bourdeau and Mark Welch were planning to recommend Napsha following a nationwide search led by Ohio library consultant Larry Corbus.

Responding to questions, Bourdeau confirmed that he and Welch would recommend the hiring of Napsha with a starting salary of \$78,500 a year.

The offer would not be in the form of a contract with a set length of time - a move the board had earlier considered as one option in its director search.

If hired, Napsha would come from Bethel Park, a community of nearly 34,000 people in the south hills near Pittsburgh.

"I look forward to the opportunity to work with Ms. Napsha," Bourdeau said. "I believe Ms. Napsha will skillfully bring her proven management talents and team-centered vision to guide

our wonderful library staff. I'm certain that Ms. Napsha and our staff will continue to provide best-in-class service and innovative valuable programs to our patrons."

Napsha would replace former Director John Patane, who was fired by a board majority last May. Patane was the second director, along with Sandra Wilson, fired within a two-year period.

Board members have commended library employees for keeping the facility running as smoothly as possible since the firing of Patane 10 months ago.

Some library watchers had voiced frustration that the search for a library director had appeared difficult. The library board had earlier

lost a front-runner candidate for the job.

Some residents had voiced concerns that the library's turmoil, including a wrongful firing lawsuit by a former administrative assistant, would hamper the director search. That suit is pending.

Some board members, including President Michael Rintz, had said they didn't want to be rushed on such an important decision as hiring a director.

This week, Bourdeau was hopeful that the search would end with a board vote to approve the hiring of Napsha.

The big 100

Little to-do is big deal for centenarian

BY SUE MASON

Gertrude Stretke had a word of advice to Westland Mayor William Wild: "You have to know how hard it is to be 100."

Wild was at Marquette House Monday afternoon to join the facility's staff and residents in honoring the "lady of the hour," Stretke, who celebrated her 100th birthday on Sunday.

"I've never been to a birthday party like this," said Stretke, who blew out candles on a cake after a rousing chorus of "Happy Birthday" in English and Polish.

"We thought they'd have a little to-do, but they have the mayor here," said her daughter Ruth Day, who was on hand with her daughter Renee Day. "She's excited about being 100."

Stretke has been a resident at the assisted living facility since last August. Health issues last April led to hospitalization and rehabilitation and her eventual move to Marquette House to be closer to the Days, who live in Garden City.

Up until then Stretke had been living in a cooperative apartment in Detroit that she and her late husband Edward had moved into some 42 years ago.

Court to check probationers on St. Pat's Day

BY DARRELL CLEM
STAFF WRITER

St. Patrick's Day revelers may not feel the luck of the Irish after being ordered Saturday for alcohol testing at Westland 18th District Court.

Probation officials this week sent letters informing hundreds of people that they will have to report for Breathalyzer tests on the Irish holiday.

The court randomly chose 320 people from the 1,500 offenders who have no-alcohol clauses in their probation orders.

"We're not trying to violate them," Chief Probation Officer

Christopher Raymond said. "We're just trying to encourage them not to drink. We're trying to be proactive."

Some probationers will have to report as early as 7-10 a.m. - others 9-11 p.m. Those pegged with severe drinking problems may have to show up twice.

"The partying is going to start early," Raymond said, "so we're having them come in early."

Néchole McClendon, executive director for Wayne County Mothers Against Drunk Driving, praised court officials for the St. Patrick's Day crackdown.

"I really applaud Westland's probation officers and

Wayne High alumni gather for annual reunion

Members of the Class of 1957 will be honored when the Wayne High School Alumni Association holds its annual all-class reunion Friday, May 18.

The celebration will get under way with dinner at 6 p.m. at Wayne Tree Manor, 35100 Van Born, Wayne, and is open to anyone who graduated from or attended Wayne

High School, dating back to 1930, and Wayne Memorial High School.

"It's a fun event, you see old friends and do reminisce," said Sharon Scott, a member of the class of 1957. "It's a great time to renew old acquaintances."

According to Scott, more than 200 Wayne alumni turn out for the annual reunion

which is in its 22nd year. She attended with her mother and grandmother who also graduated from Wayne High, but dropped out after they died. It was at the urging of her husband, Ted, that she began attending the reunions again several years ago.

"People come from all over the United States to attend this," the Westland resident

said. "I've seen people I haven't seen in 50 years."

Tickets for the reunion are \$26 per person and are available by calling MaryAnn Snodgrass at (734) 422-1237 or by e-mail at waynehighalumni@aol.com. Information is available at www.waynehighalumni.com.

10-year-old Irish dancer heads to world contest

BY STACY JENKINS
STAFF WRITER

Donovan D'Amore admits, he's in it for the glory.

The 10-year-old Irish dancer from Farmington Hills has a collection of trophies, crystal bowls and beautiful plaques from dozens of competitions in which he's outstepped his competition.

Now, he's on his way to the big one - the World Championships of Irish Dancing, where he will compete in the boys' age 10-11 group for what will likely be his biggest trophy yet.

Donovan and his mother, Deirdre D'Amore, will travel to Glasgow, Scotland, for the April 1 competition. The fourth-grader at Our Lady of Sorrows School in Farmington said he's not nervous about performing, but more about awaiting the results.

The young Irish dancer has been through the pressure of competition many times before.

"It takes a lot of practice, but I've been doing Irish dancing for six years now, so I'm experienced," he said. "I enjoy the trophies the most, especially my first trophy - a first-place trophy I got when I was 8 years old."

Donovan has worked his way

up from the beginning level, which he started when he was 4 years old, through a series of "first place" awards at each level. He is a student of his aunt, Megan Sanders, at O'Hare School of Irish Dance in Plymouth. Irish dancing has passed through the generations in his mom's family. Deirdre danced for 16 years with her three sisters. They took lessons from the world champion Tim O'Hare, back in the days when he taught out of his garage.

Their mother was also an Irish dancer. Now, three of Deirdre and Randy D'Amore's children Irish dance - Donovan, 10, Caragh, 8, and Bridget, 4. Their youngest child is only 5 months old, but the family says he has the perfect "turned out" feet for Irish dancing.

"I'm Irish and I wanted to pass on our Irish heritage to our kids and now we're doing that through their dancing," said Deirdre.

There are many more girls who Irish dance than boys, but there are more boys nowadays than ever before.

"There are more boys now that they don't have to wear kilts," said Deirdre.

Donovan D'Amore, 10, holds a couple of his awards from previous Irish Dancing competitions.

"I would *not* have worn a kilt," chimed in Donovan.

Donovan's dad is proud of him for his accomplishments.

"I'm really excited," he said. "I wish I could dance!"

All of the Irish influence around the house, including the "Irish Pub" in the basement, is OK, but Randy has one thing to say.

"I keep reminding them that

they're Italian, too," he jokes.

Randy saw his wife Irish dance for the first time at their wedding, when she performed with her sisters.

"Now, we're traveling the world," Randy said.

Donovan will be joined at the world competition by his mom, his aunt/teacher and Tim O'Hare. The school has five qualifying dancers in the competi-

tion.

Donovan has already placed in the top 10 twice in the North American championship and he placed fourth in a regional competition spanning 10 states.

"To place in the top 10 in these competitions is a huge accomplishment," said Deirdre.

Donovan is stepping up his practice to more than three times a week, including plenty of prac-

tice in his home studio. His mom said he's a patient competitor and doesn't mind putting in the hard work to get positive results. And, that's what it's all about.

"Dancing teaches them how to be a good sport and it teaches them if they don't put in the hard work, they're not going to get what they want," said Deirdre.

And, for Donovan, that would be another trophy, of course.

Food distribution

The city of Westland has announced the day, times and locations for residents to obtain surplus federal food for the month of March.

Residents north of Michigan Avenue should pick up their commodities 10 a.m. to 2 p.m. Thursday, March 22, at the Dorsey Community Center, located on Dorsey east of Venoy and south of Palmer.

Residents south of Michigan Avenue always pick up their

commodities the second Monday of each month at St. James United Methodist Church, 30055 Annapolis between Henry Ruff and Middlebelt. The phone number is (734) 729-1737.

Senior citizens at Taylor Towers should contact their building manager for their day of distribution.

Greenwood Villa residents must pick up their food items at Greenwood Villa.

Frozen ham, cranberry sauce, instant potatoes and cranberry juice are being offered this month.

The program is administered by the Wayne County Office of Senior Services.

All food allocations, distribution sites, and dates of distribu-

tion are determined by that agency.

For more information call the Dorsey Center's surplus food hotline at (734) 595-0366.

Benefits raise \$70,000 for firefighter

BY DARRELL CLEM
STAFF WRITER

Friends and supporters have raised about \$70,000 to help Westland Firefighter Todd Stanaway and his family as he battles an aggressive form of brain cancer.

"It's just amazing all that they've done," Stanaway's wife, Julie, said. "It's overwhelming to know that so many people put so much of their time and effort into this. We're just so very thankful and overwhelmed with the outpouring of people's generosity."

Westland firefighters helped the Stanaways, who have a 3-year-old daughter Samantha, by organizing a fund-raiser Saturday at the city's Friendship Center. The event, including dinner, a disc jockey, a silent auction and raffles, drew more than 1,000 people.

"We weren't sure what to expect, so the turnout was awesome," Firefighter Keith Barthauer said.

Stanaway, 35, has endured two surgeries, chemotherapy and radiation as he battles glioblastoma multiforme grade four - a form of brain cancer that has a 5 percent survival rate. He and his family attended Saturday's fund-raiser.

"To see him just overwhelmed with emotion was a good feeling for me," said Carl Laubach, a Westland firefighter and one of Stanaway's closest friends. "He really does know how much people love and care for him."

Stanaway, a 12-year veteran of the Westland Fire Department, was diagnosed with brain cancer earlier this year after he started having short-term memory loss and speech problems.

Firefighters in neighboring Wayne organized a bingo event in early March to help raise money for the Stanaway family.

In all, an estimated \$70,000 has been raised, including money from firefighters in such communities as Garden City, Livonia, Redford, Dearborn, Inkster, Romulus, Northville, Taylor and Sterling Heights, said Ed Hosmer, president of Westland Firefighters Local 1279.

Hosmer also said Westland police officers gave \$800. And the single biggest contribution of \$2,000 came from Westland City Councilman Bill Johnson, who said he worked

with council colleague Dewey Reeves and City Clerk Eileen DeHart to secure the money from United Auto Workers Local 900. Johnson is union plant chairman at Ford Motor Co.'s Wayne Assembly Plant.

"We were moved by the outpouring of support from the community," Hosmer said.

Still other fund-raisers are pending. Canton firefighters are planning a golf outing in late July, Hosmer said, and Vizzy's Pizza in Westland will donate all proceeds from sales made 3-7 p.m. Monday, March 19, owner Paul Visingardi said.

"God has been good to me," he said, "so I can afford this."

Vizzy's and WYCD 99.5-FM, Detroit's Young Country, have teamed up for the fund-raiser during the afternoon Edwards & Lee show. Although the show will broadcast from the studio, the station is planning to send one of its personalities, Jason the 300-Pound Cowboy, to the pizzeria on Ford Road, west of Wayne.

Several Westland firefighters have volunteered on their off-duty time to deliver pizzas.

Barthauer confirmed that anyone else who wants to donate may send checks made payable to Westland Firefighters, noting on the checks that the money is for the Todd Stanaway family. Checks may be sent to Westland Firefighters, P.O. Box 858187, Westland, MI, 48185.

Districts buys new math books to accommodate curriculum

BY SUE MASON
STAFF WRITER

The cha-ching has started in the Wayne-Westland Community Schools, which is spending more than \$500,000 to implement the mathematics portion of the state's mandated high school curriculum.

The school board approved the purchase of the McDougall-Littell Math Series for the high school and the Glencoe Math Series for the middle school as it adjusts to offering Algebra, Geometry and Algebra II at the high school level.

"We looked for a seamless transition and we believe this will be it," said Donna Lochrie, director of secondary school development. "Our students will from *Everyday Math* in the elementary to Glencoe in the middle school to McDougall-Littell in high school."

High school students must have 16 credits to graduate as mandated by the state's Michigan Merit Curriculum, including four credits mathematics and English, three in science and three in social studies.

According to Lochrie, a dis-

trict committee reviewed proposals from seven high school math book companies, narrowing the selection down to three. Those companies received 10 questions about such things as the levels for differentiation of instruction and the supplemental or additional materials that will be provided at no cost.

The questions allowed the committee to narrow the field to two, and a review of topics which teachers found difficult for students led to the selection of McDougall-Littell.

"It's the best for readability, we feel this text will help our students," said Lochrie.

Because the books have some weight to them, there will be computer discs for students can use en lieu of taking the book home as well as online help.

The company also is providing five years' worth of note-taking books for students, and item that's "especially good for ninth-graders to establish good study techniques," Lochrie told the school board.

The state, as part of its Michigan Merit Curriculum, now requires four years of mathematics to graduate. Students can get one credit by taking Algebra in eighth-grade.

According to Lochrie, the same Algebra book used at the high school level will be used for the eighth-grade class.

Middle school students who take Algebra would move on to Geometry in ninth-grade, she added.

The same process was used to select Glencoe for the middle school math books. The committee determined that the Glencoe program was "more closely aligned with the grade level content expectations."

"I'm extremely impressed with the detail the book goes into," said Trustee Ed Turner. "I remember when I was in school, I remember some of the problems were mind-boggling."

While the purchase was approved unanimously, board Treasurer Steve Becher wasn't happy that the district was being stuck with the expense.

"I appreciate the time the committee put in, but I still think this should come under the Headlee Amendment," he said. "I still believe it's a mandate that the state should pay for. If you're going to mandate the curriculum, you should pay for the books."

Westland man receives Focus: HOPE scholarship

Focus: HOPE is helping Alton Florence gain something that he said he's never had his entire 52 years of life: a career.

The organization is not only offering him valuable skills that will make him more marketable, it has also awarded him a \$4,275 scholarship to continue his education in its Information Technologies Center.

Florence, a Westland resident, is one of 16 Focus: HOPE students who were recently awarded scholarships.

Florence found out about

Focus: HOPE when a friend told him about the organization's education and training programs after a back injury ended his last job.

"I am a 52-year-old married father of three adult children," he said. "I've always had a job, but never a career. I will admit that going back to school at my age hasn't been easy. However, the more I learn the more I want to learn."

"Before I came to Focus: HOPE I had no hope, but now I have an abundance of hope and

a will to succeed."

Focus: HOPE's tuition scholarship program began last year. Eligible students must be accepted into the Machinist Training Institute or the Information Technologies Center's PC Technology program.

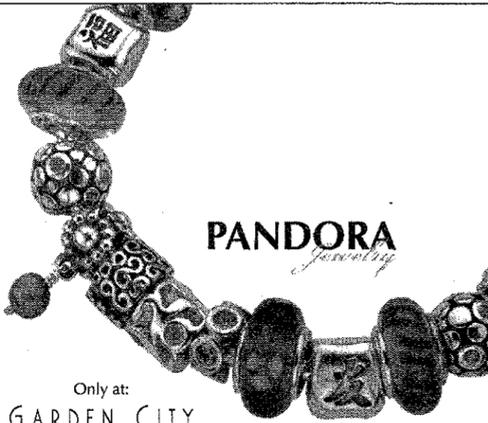

The awards are based on financial need and essays written by applicants on how they exemplify Focus: HOPE's mission and what their education has meant to them and their future.

Y will survive

Livonia Family YMCA works out despite rec center's competition

BY DAVE VARGA
STAFF WRITER

Not many people gave the Livonia Family YMCA much of a chance three years ago when the Livonia Community Recreation Center's big, bold and brand-new facility opened.

For most Livonians, the bright, new rec center was more affordable, offered shiny equipment and sported an attention-grabbing climbing wall, a big kiddie play area and a water slide.

Meanwhile, Livonia's venerable YMCA, built in 1968, stood less than two miles away on Stark Road between Schoolcraft and Lyndon awaiting the exodus. And it arrived, with a major hit to memberships. Many members moved to try the new rec center.

Many stayed — and somehow the Y survived.

"It says a lot about the city of Livonia that we can support two different recreation centers," said Jamie Stepanian-Bennett, membership and marketing director at the Y. "Some people don't want the huge atmosphere, they want the family feel."

Today's Livonia Family YMCA has about 9,000 members. Members know that their membership fees help fund the mis-

sion of the family, serving the community and putting kids first. That includes sponsoring families who can't afford a membership.

"We don't turn anyone away," said Tony Pecoraro, new director of the Livonia Y.

The Y's mission of building strong kids and families takes center court every Saturday, Pecoraro said, as 425 children come in to play basketball. Another 265 young gymnasts work out in the lower gym. And parents stay around to watch the

programs. "It's amazing how many dads are involved" in watching their kids in gymnastics, he said. "That's what you get here."

'PRICELESS' HELP

Joe Lunn is an example of the atmosphere at the Livonia Y. A 1993 graduate of Churchill High, Lunn has worked at the Y since he was 15 or so. He can be seen folding towels or cleaning equipment, but his role at the Y goes well beyond that. He seems to know everyone, saying hello or

talking pro or local high school sports with just about anyone around.

"I like to talk to customers. I like to talk to workers," he said. His mother says he should be mayor, he adds.

Asked if he's the Y's ambassador, Lunn smiles: "I should get a shirt that says that."

"He's priceless," Stepanian-Bennett says of Lunn.

As for the facility, Stepanian-Bennett said, "It's like Cheers, you know, where everybody knows your name."

"This is what it is about the Y," said Pecoraro, who admits he's still learning about the "chemistry" and quirks of the facility. He has only a week or so under his belt on this day. His last job was general manager of CMI, a for-profit health club on Southfield Road.

Pecoraro, who has a degree in physical education from Eastern Michigan and lives in Beverly Hills, has also taught physical education and sold exercise and golf equipment. "In some way, shape or form, I've always been involved in fitness."

Y members will see a difference under his leadership, Pecoraro said: "I don't lock myself in an office and close the door."

LIVONIA FAMILY Y IN DETAIL

■ The building, built in 1968, is about 100,000 square feet.
■ The full-time staff includes seven people: Tony Pecoraro, executive director; Andrea Holmes, senior program director; Jamie Stepanian-Bennett, marketing and membership director; Megan McGinty, wellness and fitness director; Jan Dziurlikowski, administration; Jack Kingsbury, tennis director; and Bob Miller, tennis pro.

■ The board of directors is chaired by John Doering. Board members are Dr. Mohammed Arsiwala, Sam Baki, Mara Bloink, LaRue Davis, Bobbi Gelman, Dr. Safwan Kazmouz, Connie Kelley, Marshall Kleven, Frank Kokenakes, Joe Laura, Charlie Mahoney, Dennis Monthei, Richard Potchynok, Marianne Simancek, John Slomczynski, Dominic Smith, Polly Swingle, Kit Tennyson and Dr. C.J. Trupp III.

CUSTOMER SERVICE FOCUS

He'll require staff members meet and talk to someone they don't know every day.

"I'm very, very customer service-oriented. We've got to know everybody who walks in the door," he said. "I want to see a lot more social interaction in the building. I think those are the things we really need to work on here."

Along with the family and Judeo-Christian underpinnings, Pecoraro sees the Livonia Y's strengths. It's the largest Y in the metropolitan area; it's the only one with a tennis facility (and the rabid players that go with it); it draws from many surrounding towns including Westland, Redford and Garden City; and its facility — despite a few leaks — is reportedly in good shape. "Outside of a new roof, it's solid as a fortress," he said. "There's no drywall in here."

Stepanian-Bennett points out a couple of more positives. There are the community partnerships, such as one with St. Mary Mercy Hospital. There's a crop of

brand-new spinning bikes in the wellness center, awaiting the popular and intense fitness class. In front of them is a spate of new treadmills.

The Y also offers a new personal trainer program.

There's also the recent WDIV-TV (Channel 4) news investigation of dirty workout centers, which gave the Livonia Y a clean bill. "We're one of the cleanest facilities in the area. We really pride ourselves on that, even though we're an older facility," Stepanian-Bennett said.

There are also plans to improve.

For instance, the Y is looking at adding an after-school tutoring program so youngsters can work on their academic fitness while the parents stop in for a workout.

As for the future, staff at the Livonia Family YMCA feel like they've beaten the odds by surviving the rec center's best punches and, in Pecoraro's words, "We're not going anywhere. We've got such a great program here."

judges. I think this is a great idea," McClendon said. "We feel honored that they're doing this. They're certainly a front-runner in prevention."

The court randomly picked probationers by computer and sent letters informing them of the time they are supposed to report for Breathalyzer tests.

Appointments are staggered to avoid long lines.

"All we have to do for this to be a success is to stop those 320 people from going out drinking and driving," Raymond said.

The court started its St. Patrick's Day program a few years ago. It has a 95 percent success rate, although 5 percent of probationers still refuse to show up.

The no-shows will be ordered to appear before district Judges C. Charles Bokos

or Sandra Cicirelli.

"They could get additional fines, they could get the work program or they could get actual jail time," Cicirelli said.

Although some offenders may begrudge the court for forcing them to come in, others struggling to beat alcohol problems have told officials that the program helped them remain sober on a holiday known for heaving drinking.

"Most people we're hoping will be rehabilitated and put their lives back in order," Cicirelli said, adding that the Breathalyzer testing "is a pretty heavy hammer to hold over their head."

Some probationers, particularly repeat offenders, also will be ordered to report to court the day after St. Patrick's Day for additional alcohol testing, she said.

FROM PAGE A1

"It was difficult for her, she's very independent and strong-willed," said Renee Day. "But she loves it here, they treat her very well."

Stretke was born on March 11, 1907, in Sault Ste. Marie and moved with her family to Detroit when she was 5 years old. She met her husband at a relative's wedding.

"He was the first one to call me Trudy," she said. "He came to the house on a bet. I wasn't home. He would come over on Tuesday, Thursday, Saturday and Sunday to see me for 15 months."

The two were married when she was 16½. Because of her age, she needed parental permission to marry and received it from her mother. She recalled that a county official visited their home while her father was at work to talk to her mother.

"If my father had known, he would not have given his permission," Stretke said. "And my mother wanted us to marry because she knew she would die soon."

The family lived in Detroit, then moved to a home in Dearborn.

When the cooperative was built, they decided to return to Detroit.

Before marrying, Stretke had worked during vacations from school. The money she earned she gave to her parents. She worked at the Detroit Testing Laboratory and at Crowley's in the sweater department, but was moved to the candy counter because she expressed herself about the customers' purchases.

She then was moved to a spot by the elevators to sell handkerchiefs three for \$1.

"People would ask for a quarter pound of candy and I

thought that wasn't much for what they were paying, so I'd give them a little more," Stretke said of her time at the candy counter.

After she married, she stayed home to care for her family and her children - Ruth and son Allen. The family weathered the Great Depression and struggled to keep their home.

Her husband left a job at Studebaker for a job at Ford, a smart decision since the other carmaker "closed up and moved out of town," Stretke said.

But at one point, Edward was out of work for a year and Stretke remembers taking her two children and walking to city hall where she received some food and \$2.

"There was no welfare back then," she said.

The Stretkes were married for 55 years. Edward died in 1978, but not before taking his wife to Hawaii. Planned

as a 50th anniversary trip, they went a year early because Stretke was sick. They visited every island.

"I was very sick, but I didn't care," she said. "I enjoyed myself, I was too busy to worry about dying."

She says the same thing about turning 100. She was too busy to think about getting older.

"I never gave it a thought that I would be 100," she said.

"She never thought she would live this long," added her daughter. "Her mother died at age 42. She had three sisters and they're all dead now."

A lot has changed in the past 100 years. As a young woman, Stretke would take the sheets and her husband's clothes to the laundry rather than scrub them by hand because "because my nails were so pretty." Now, there's washers and dryers to handle the loads and plenty of other

appliances to make house-keeping easier.

But those things aren't the biggest change Stretke has seen over the years. It's the people who have changed.

"We didn't have drugs and crime back then," she said. "It was nice living. I never closed windows, never locked doors. I never carried a key to my house. There was no fear."

And at age 100, Stretke has become reflective. With her husband gone, she spends time looking back on her life and seeing the things she would have done differently.

Her daughter says her mother still has a sharp mind, but Stretke said she has something else.

"I still have a sense of humor," she said "I can still come up with things that make people laugh."

Ficano says state needs to be business-friendly

BY HUGH GALLAGHER
STAFF WRITER

China and Dubai could teach Wayne County and Michigan a few things about how to attract business, according to Wayne County Executive Robert Ficano.

"Out consultants said, 'You want to be unique. What you've got to do to be unique to the world, any developer who come in here you've got to give them an answer in 60 days. Yes or no, here's your permit,' said Ficano in a post-State of the County meeting with *Observer* editors March 7. "They do it in Dubai, they do it in Beijing. They do it in a lot of other urban areas, but not necessarily in the United States."

Ficano wants to create a business-friendly environment in Wayne County, centering around the development of an aerotropolis around the county's two airports - Metro and Willow Run - along I-94.

Ficano said the county is close to reaching that 60-day permitting window and is encouraging local communities to do the same.

"The hard one is the state," Ficano said. "That's the last one, and we're not asking them to shortchange anything, especially the DEQ (Department of Environmental Quality), it takes a year and a half."

AIRPORT CITY

Developing the airport city is one of several Ficano initiatives to bring business to

Wayne County Executive Robert Ficano talks about his future plans for the county.

Wayne County. But a more immediate concern is Ficano's proposed \$425 million renovation and one-million-square-foot expansion of Cobo Center. Ficano said the project is crucial to retaining the annual auto show and attracting new conventions and trade shows.

"First of all, the International Auto Show is our trademark," he said. "We are known most around the world for the International Auto Show. There are more credentialed press at the auto show than at the Super Bowl. We have a Super Bowl every year."

He said the center currently generates \$540 million a year to the area and with the expansion that figure would rise to \$800 million. Under Ficano's plan, the center's management would be transferred from the city of Detroit to an authority

and management would be handled by the Hines Development Co.

"We wouldn't raise any taxes, we'd extend the liquor and hotel tax, the most misunderstood tax in the area," he said.

He said the 4 percent liquor tax is paid only on poured liquor in the three-county area and is usually rolled into the cost of the drink.

"I can guarantee that the bars and restaurants aren't going to roll their prices back," he said.

GO WEST?

He said at present Grand Rapids, which has a new convention facility, does the same amount of business as the much larger Detroit.

Ficano also proposes creating a tax-free zone in Cobo Center, allowing dealers to sell

their products without imposing the state's 6 percent sales tax.

"It can work for the auto show and the boat show, but can also work with the small conventions, electronics and software," he said.

He said he is recommending that the state legislature allow the authority to decide how to manage the 6 percent tax as a means to attract new trade shows.

"It makes all the sense in the world," Ficano said. "If you're worrying about revenue, you're probably not going to get that revenue anyway."

Along this same theme, Ficano suggests a tax holiday in August during the prime back-to-school shopping season.

"To me it's critically important that we make this a business-friendly state," he said.

He said tax holidays in other states create a carnival atmosphere, with retail districts bringing in circuses and carnivals to help drum up business.

Ficano has been drumming up business for the county in China, where he has led two trade delegations. The county has also opened offices in three Chinese cities.

He said with an economy growing at a rate of 12 to 14 percent a year, China is ready to invest in the United States.

"If we get the initial wave to come to the Detroit metro area, we have tremendous assets," he said.

Sheriff offers 9-1-1 cell phones for senior citizens

It's estimated that in the United States there are more than 50 million unused cell phones sitting in drawers and closets, collecting dust. Although those phones may not have an active calling plan, they still can be used to dial 9-1-1. That's why Wayne County Sheriff Warren Evans Monday began distributing the first of more than 200 free emergency phones his department has collected.

"These days, cell phones have become almost a disposable item, which means a growing number of people have one sitting in a drawer or closet not being used," Evans said. "Instead of letting those phones go to waste, we want to get them in the hands of senior citizens so they can have added security and peace of mind."

An emergency 9-1-1 call is always free and will connect the user to the nearest local emergency operator.

However, in order for the operator to send help, the person calling will need to tell them their exact location, Evans said. Since demand is initially expected to exceed supply, the Sheriff's Office

will begin compiling a waiting list and distribute the phones on a first-come, first-serve basis, Evans said.

How to receive a cell phone from the Wayne County Sheriff's office:

■ Contact the Sheriff's Office at: (313) 224-0614 to receive a free phone or to have your name placed on the waiting list.

Anyone wanting to donate a working cell phone and charger may do so by dropping them off to the following Wayne County Sheriff's Office locations:

■ Administration Building, 1231 St. Antoine near Greektown

■ Road Patrol Office, 3100 Henry Ruff at Michigan Avenue in Westland

■ Highland Park station, located in Model T Plaza on Woodward Ave., two blocks north of the Davison Freeway

When donating a phone:

■ Include all chargers and any other accessories you wish to part with

■ Place all items for each phone into a plastic bag that can be tied or sealed so the accessories do not get mixed up with those of other phones.

OUR VIEWS

Board correct in halting travel

With the district facing tough financial straits, Livonia Board of Education members need to take a leadership role on their own spending — by forgoing spending for out-of-state or even overnight convention trips.

At a lengthy discussion, board members debated the value of such training for board members, especially out-of-state trips. Most board members objected to Trustee Steve King's request to attend a convention in San Francisco in April, while others shared concerns about the need for his visit to Washington, D.C., earlier this year. We agree with those objections.

These types of trips can be valuable in providing important information to board members, helping them gain contacts with their peers, or showing them ways other districts handle similar issues or problems.

However, great amounts of information are available on the Internet. In addition, board members should be expected to bring a certain level of expertise to the job. Training is great, but it shouldn't be required for board members to act in the oversight and policy leadership capacity for which voters hire them. Just as in the outside business world, these issues must be put in the context of falling district revenues and budget cuts.

At the same time, though, board members must also work out a mechanism to examine and control how they spend their \$16,500 budget, whether it's for in-state training classes or out-of-state conventions. They should work as a team and do it publicly when the time comes to make these decisions.

Ban smoking before banning trans fats

We are glad the Oakland County Board of Commissioners is reconsidering an all-out ban on trans fats in Oakland County restaurants.

Commissioner Marcia Gershenson, D-Bloomfield Township, amended her resolution last week, calling instead for a bipartisan study group including health department officials and restaurant owners to look at the issue.

She said her thought all along was to start a discussion on the topic. If the study group recommends an educational program instead of a ban, that's fine with her, she said. It was never her intention to push through a mandate without public input, Gershenson said.

In our opinion, any ban on trans fat should come at the state level. The Oakland County Board of Commissioners has enough county business to concern itself with.

And, if the state bans anything in restaurants, it should be smoking.

Trans fat harms only the person ingesting it, increasing his or her bad cholesterol and risk of heart disease.

Meanwhile, cigarettes hurt not only the person who lights up, but everyone close enough to breathe in the dangerous secondhand smoke.

Time to celebrate all things Irish

Saturday, people all around the world will be wearing green and celebrating all things Irish.

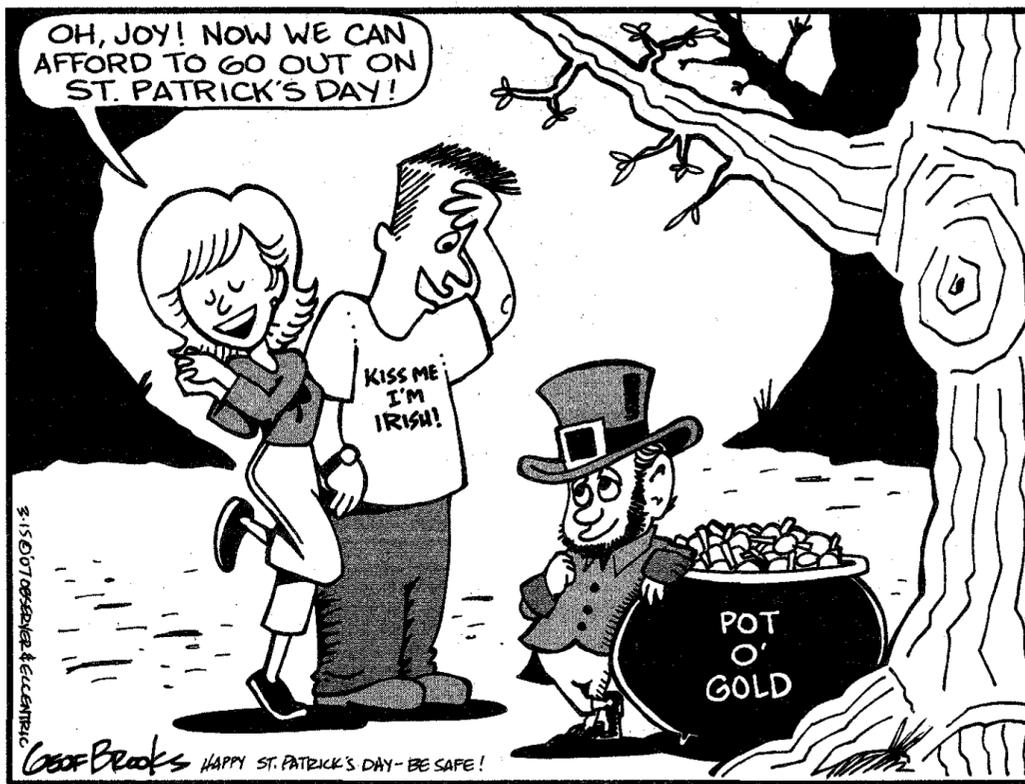

On St. Patrick's Day, the Irish celebrate their long Christian heritage and the bishop who is credited with converting the island from paganism to Christianity. But that serious purpose often takes second place to celebrating the tiny nation's rich heritage with toasting, dancing, singing and humor.

The Irish are known for their robust ballads, poetic literature and gift of gab. They have also made a mark on this country's political heritage with recent presidents Kennedy, Nixon, Reagan, Clinton and both Bushes claiming Irish ancestry.

And, of course, on St. Patrick's Day millions of people with no connection at all to Ireland claim they're Irish just so they can join the party.

In the spirit of the holiday, we offer this traditional Irish blessing:

*May the road rise to meet you.
May the sun shine warm upon your face.
And rains fall soft upon your fields.
And until we meet again,
May God hold you in the hollow of His hand.*

Thanks council for vote

Thank you, City Council, for taking a stand on the Maida's Woods issue.

I have been reading about it in the paper and watching the City Council meetings. I also saw the Planning Commission meeting back in September when this issue came about. Now, the Planning Commission may not like what I have to say, but I think they were duped. I think the developer took them over a barrel. The way I have read about it in the paper is that the developer didn't get his DEQ wetland assessment done until after the Planning Commission meeting. Doesn't that strike anyone on the commission or in the city as fishy?

And, then we heard in citizen comments at City Council meetings that this developer did his own wetland assessment earlier in 2006 and hired supposedly a good firm. If they are so damn good why didn't they know the wetlands were regulated? And, why didn't the developer mention wetlands at the September Planning Commission meeting?

The Planning Commission can only review based on the information given to them. Time to wake up Planning Commission and start doing a better job. In my opinion, just asking about store hours and making cursory statements is weak.

Whether you like it or not, people in this city and other cities don't talk that highly our Planning Commission. And, to the man on the left of the TV screen that keeps falling asleep at these meetings: wake up or get the heck off the board, if you don't care enough about this city to review decisions with enough sleep under your belt. Your votes affect thousands of people!

Sorry to be the bearer of bad news, but, it is time someone told you. Of course, your water quality will get progressively worse as you destroy more of the wetlands ... Let's toast to that shall we!

Developer doesn't care

I read about the lawsuits the developer filed against my fellow Westland residents, our city and city council. The first thing that came to mind was this developer doesn't care about our city, the people, our land, our trees, our water or our animals. It is about the bottom line for them. If they really cared about adding value to our city, they would partner with the residents with kindness and respect.

The City Council represents the citizens of Westland and their interests. Recognizing citizen concerns is part of their responsibility as is the health and safety of the residents. Wetlands and our water is a health and safety issue. Funny how Kentmoor's smoke and mirrors want to detract attention from that. And, their comments that their site plans meet all city ordinances ... I've been around our city block a few times, there is flawed thinking in that statement.

And, how about the developer's comment that "the DEQ is on our side." And, this whole notion that there was a wetlands assessment already done for a portion of their property and that the prop-

erty mysteriously doesn't have wetlands there anymore ... Wow, really developers, you really think people are going to trust you. That's like the fox watching the hen house.

Kentmoor, you are as transparent as night and day. This community sees through your motives. At the end of your lives is this something you will be proud of — to rake a low-income community through the mud because you lack integrity.

I bet you knew what was there before you bought the property. Westland is a community of people with lives and freedoms. You are a community of one by your actions. One is the loneliness number in the world.

Some say success is about how much money you have at the end of the day. Some say success is how you enrich lives and contribute to humanity.

I say you are bankrupt in many ways. Kentmoor, you are spiritually bankrupt, soul-bankrupt, your integrity is bankrupt, kindness is bankrupt and your love of people and nature is bankrupt. Take that to heaven ... or more likely hell.

Lord knows you all are trying to drag this community and people down to hell with you! You are the one costing taxpayers and the city money as you are the one responsible for the silly lawsuits!

Get real and try kindness and integrity you just may have a different quality of life. But given your behavior, you like being cruel and evil and cuddling up with a pitchfork.

Good to wait on Maida Woods

Bravo City Council on your 6-1 vote to postpone action on the Maida's Woods project. Why not wait? After all, if a very large group of residents from Wayne, Westland and Canton are concerned about the project there may be a good reason. People don't disrupt their busy lives for the fun of it. The council's job is to listen to residents, and they honored the investments these folks have put into the project.

Threats and intimidation to shut people up typically come from people who feel inferior, weak or at a disadvantage. I guess people are close to some truths about that site. After all, how could a DEQ assessment from only months earlier be so dramatically different from the developer's personal assessment by their "wetland experts?"

Don't let this schoolyard bully get the best of our city or the residents. The City Council didn't vote no. They voted to postpone. There is a difference.

So often our City Council acts with kindness and generosity wanting developers and builders to succeed. They often give developers every opportunity for success.

Here's a clue Kentmoor/Stephen Wasinger: Respect and generosity are earned and you don't get it through threat and intimidation. It was the Dark Ages where you could cut off people's heads for talking. Remember the 21st century ... you are in it.

And, I caught the City Council meeting on TV and thought Mr. Wasinger trying to ride on the coattails of that woman

whose son returned from Iraq was another shameful display of the insincerity. People are not a dumb as you think they are. TV shows a lot.

Modern wagon train

The moving truck came today and I found myself starring in disbelief at losing yet another neighbor. With each piece being loaded onto the truck, my sorrow grew.

A mere nine years ago our neighborhood consisted of new homes and lots of dirt. Every neighbor was a new neighbor and new friendships abounded. Smiling faces were everywhere. A time when seeing a moving truck was greeted with anticipation.

That was then. This is now. Jobs in Michigan are disappearing faster than you can blink. Our residents are facing extraordinary circumstances that are beyond our control.

In Wayne County alone, more than 6,000 residents have their homes in foreclosure and that number is raising daily. Bankruptcy is at an all-time high. Our lives are spinning out of control and we are forced to play the hand we are dealt. So many dreams have been shattered.

So many families are no longer able to afford the basics, as gas and food prices steadily rise. This snowball is rolling into an avalanche, taking all savings, stocks, CDs, IRAs, our pride and energy with it.

To sum it up: Picking clean the carcass of what was once was our life. Our governor asks us to hold on and have faith; we can make a comeback in Michigan. These are meaningless words to thousands of residents who feel helpless and defeated.

We watch the modern wagon train leaving our state, trying to find a new promised land. Leaving behind all that you know and love, all the while praying you are doing the right thing for your family.

I cannot help looking at my own home in a new light. How can this be happening? My emotions are raw. Is it my age that triggers such fear? Yet the knowledge is there. Will I, too, become part of the wagon train?

Skewed statistics bring tax assessments up and down

As citizens receive their annual tax assessments, one has to wonder what has happened to real estate house values right here in the western suburbs. Where does the media get its statistics and how accurate are they?

Thomas Goebel

The statistical word "skewed" means that there are numbers in a total population that artificially bring an average up or down. In reality you know that those houses down the block were selling for 10 percent more a few years ago. The media and assessors, however, might quote values as flat or even up slightly. Who are they kidding?

In Plymouth Township, developers are still building magnificent houses in the west end. Most have three-car attached garages. More than 4,000 square feet is common. A year from now when those new homes have sold for more than a half million dollars, they are averaged into the statistics and the entire population house value average is skewed upward.

Also never use the arithmetic (mean) average of the whole population of sales for the same reasons. One \$10 million dollar home sale can mess up the mean average. Use a median, which is the middle number. The 51st in a sample population of 102 is a much better and truer average so long as we are working with large numbers of sales.

Other items that skew the average upward include "concessions" that sellers grant buyers. The maximum concession used to be 3 percent a few years back. Most folks that were granted these were buyers in lower economic areas.

Even in Plymouth Township about a third of sales are now granting concessions and the mortgage rules have changed to allow up to 6 percent cash and adjustment rebates to buyers. Six percent is \$12,000 on a \$200,000 house, so if the media or assessors are not subtracting the concessions to get a true net sale value their numbers are going to be artificially high.

Statistics are also skewed on the high side because of new additions to houses. Even in the fully developed areas above average infill new home construction are changing the data base by which we compare the numbers.

Therefore, to see how your value has changed, you must take an average type

The media can quote all the numbers they want, and the assessor may tell you values are up, but the true story is pretty obvious to us neighbors. Bottom line, almost all home values in metro Detroit are down at least 10 percent.

and size house comparing it today to a similar size and type a year or two ago.

Choose Westland with the typical three-bedroom brick ranch with a basement, garage, and one or two baths at 1,000 square feet plus or minus 100 square feet. The Realcomp data base has enough samples to get a true picture.

In spring 2005, there were 62 such three-bedroom brick ranches sold. They averaged \$147,607. We all know that inventory is up and sales down, so it was no surprise to see that only 51 similar brick three-bedroom ranches sold in Westland during the past 120 days. Volume of sales is down 18 percent to an average of \$129,960, at first glance a 12 percent decline.

Concessions in 2005 were granted on 44 percent (27 of 62) of this type house population for an average of \$4,039. The past 12 months saw 61 percent (31 of the 51) of sales with seller rebates averaging \$4,819. Factored into the statistics, the bottom line is that if you own one of these three-bedroom brick ranches in the western suburbs, your value has fallen 13 percent in about two years.

Unfortunately the Realcomp data numbers are not available to this writer beyond two years, but I do know that those similar three-bedroom brick ranches selling in my Plymouth Township neighborhood at \$210,000 in 2005 are now (in 2007) selling at \$190,000.

The media can quote all the numbers they want, and the assessor may tell you values are up, but the true story is pretty obvious to us neighbors. Bottom line, almost all home values in metro Detroit are down at least 10 percent.

It sounds too simple

There are elements of the article ("Should all school teachers become state employees?" by Phil Power on March 1) that I agree with although I think we need to see if those high-performing districts wouldn't allow those high-performing teachers to go to low-performing districts and turn them into high-performing districts.

It sounds so simple, it cannot be the students it must be the teachers. At least with this method we could really verify their merits before giving them bonuses for having the right students. All sarcasm is intended.

Coming to Jesus

Mr. Power,
While I appreciate your thoughtful idea of making teachers and administrators in Michigan state employees, I believe you missed an important point. That is, the likely reason this will never happen has little to do with the MEA, protecting public sector benefits, or the usual hoopla leveled against our schools by conservative commentators.

Quite the contrary, it won't happen because our public schools themselves are at the forefront of the culture war, and, with few exceptions, the culture war is fought almost exclusively at the local level.

Don't buy it? Let me ask a question. What exactly is the job of our local PTAs, school boards, and other school-centered oversight committees? A conservative might cynically say "to raise our taxes."

But the truth has more to do with our community values. Controversies surrounding prayer in schools, disciplinary tactics, attitudes about substance abuse, character education, the proper role of art and music in curriculum, textbook choices and various other cultural concerns exist in every school district, to a greater or lesser extent.

These groups exist to make sure our kids are being taught "the right things," not just in math and science, or to compete in the global economy, but culturally as well.

Further, parents who choose to forgo public schools rarely do so because of curriculum or educational concerns, but for cultural reasons — primarily religious. Is there a parent out there who can say (with a straight face) that they chose a private school over PCEP because it offered a greater diversity of curriculum or student society? Please.

Parents almost exclusively choose private schools to "protect" their children from, what they call, "secular culture." And I'm not speaking from a position of ignorance here, or as a skeptic. All of my younger siblings (four) attend private, religious schools — and it's not because our public schools aren't teaching math and science well enough.

So, politically speaking, that's the rub. In my opinion, cultural issues are debated in our school districts because diversity exists among individual families. Family to family, township to township, county to county, region to region, state to state and nation to nation, "the way we do things 'round here" varies.

Thus, in order for Michigan to change, we'll need statewide consensus that our current budgetary crisis is greater than issues as old as Abraham himself. Or, in other words, we'll all need to come to Jesus.

Joe Hawver
Plymouth Township

Just say no

"Should all school teachers become state employees?" Phil Power asked in his column March 1. Absolutely not!

Why would anyone want the state of Michigan to employ teachers when it has demonstrated its inability to manage the School Aid Fund (projected multi-hundred-million-dollar deficit).

The state isn't even capable of upholding the no-strike law to keep teachers educating the children. Even the state-run Department of Corrections is on the yearly "privatize to eliminate wasteful spending" list. I would be remiss if I didn't mention the state's overall projected \$5 billion deficit.

It was suggested that by the state negotiating it would save all of the 549 school districts the administrative cost of doing individual union bargaining. Can you imagine a state negotiator in a room with one union representative from each school district (that's 549 to 1 against the state)? Every one of the 548 lower paid district representatives will be pushing for wage/benefit parity with the highest paid district.

Now multiply this process by all of the labor unions for teachers, bus drivers, custodians, etc. I forecast massive pay increases for everyone in the 548 lower wage districts. Since low property tax based school districts won't have the money to pay those salaries, the state will demand all of the local school property taxes in exchange for negotiating/redistributing school salaries. Local school control is lost.

In his article, he stated:
■ Twenty-five years ago: For every 100 employees in education, 70 were teaching kids, 30 people were "supporting" the teaching process.

■ Now: For every 100 employees in education, 49 are teaching the kids, 51 people are "supporting" the teaching process.

I believe teachers today are as equally capable of teaching kids, therefore I must conclude that 21 people within every 100 employees in education are there because of bureaucracy mandated by state and local school systems, or loss of parenting functions foisted on the schools, etc. Whatever the reason, there is a 21 percent opportunity to make school more efficient by teaching kids, not administrating them.

I'm sure economic efficiencies could be achieved by combining health care, pensions, bus transportation and other school services into regional service providers. I just know we don't need any limo-driven executives in the system and we don't need 51 percent of the education staff looking over the teachers' shoulders.

Robots get students excited about engineering

BY HUGH GALLAGHER
STAFF WRITER

Josh Barnett, 18, is weighing his options. The Wayne Memorial senior may become an engineer, or, on the other hand, he may become a chef. In either case, he's been very competitive in both fields.

On Saturday, it was Josh's engineering side that was in the thick of the rack, roll and rumble at the FIRST Robotics competition at Eastern Michigan University's Convocation Center in Ypsilanti. Barnett was co-captain and driver for the Wayne-Westland Bionic Union team competing against 59 other teams from Michigan, Canada, Ohio and Texas.

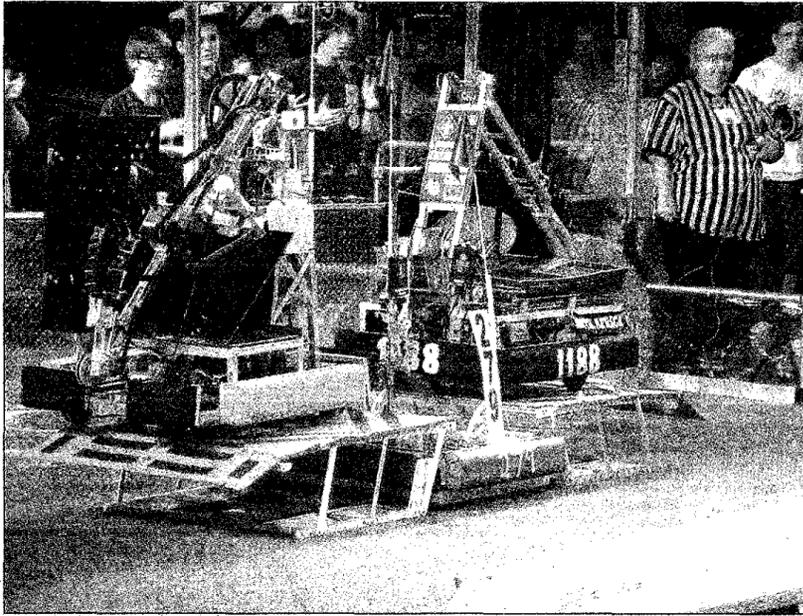

"I got into it basically for the fun," said Barnett. "But I've learned a lot, a great deal about engineering."

Barnett got involved with FIRST Legos, a junior version of the competition, in the eighth grade. He moved up to FIRST Robotics in high school.

Fun and learning are what the competitions are all about. On Saturday, the center was rocking with blaring music, screaming teams and supporters, colorful costumes and fierce competition. All standard for FIRST Robotics.

EXCITED ABOUT ENGINEERING

"Basically, nationally known inventor Dean Kamen about 20 years ago saw a need for young people to be more excit-

ed about engineering," said Tom Lang of Livonia, who was commissioned by General Motors to promote the event regionally. "Rather than just sit in a classroom and read a book about it, he thought they had to get in and get their hands dirty and learn from adult mentors outside the classroom itself."

Kamen and Woodie Flowers, a professor at the Massachusetts Institute of

Technology, got together to start FIRST (For Inspiration and Recognition of Science and Technology). Since then, the program has grown to 38 regional competitions, including three in Michigan. The international championship is April 12-14 in Atlanta, Ga.

Each year, a new game is invented to challenge young people to discover different ways to build and manipulate

robots to perform certain tasks and in the process to learn about the engineering process. But this isn't about battling robots, it's about teamwork and sharing.

Teams compete with other teams to get the job done. Three teams are allied to compete against three other teams.

"What Dean wanted people to understand was that in engineering, you could have competition while being gracious at the same time," Lang said. "They coined a phrase 'gracious professionalism.' It's not like battling robots on TV, in fact the exact opposite though they do bump into each other."

SIX WEEKS TO BUILD

Teams have exactly six weeks to build a robot from the same basic parts. At 5 p.m. on Feb. 20, they had to ship their robots to a central location.

This year's game involved placing colorful plastic inner tubes on the spider arms of a rack set up in the middle of 54 foot by 26 foot, 8 inch playing field. Points were scored by how many tubes are racked in a row, with the point count doubling for each tube racked. Bonus points were scored by having one robot lift the other two robots off the ground.

That was the plan for Wayne-Westland's armless little robot.

"Our original goal was a robot to lift other robots high in the air, but we abandoned that to become a defensive robot," said Barnett.

"We didn't pay attention to the center of gravity so it didn't work out as planned," said Scott Simons, a teacher at Wayne Memorial and team mentor for the Bionic Union which includes students from Wayne Memorial, John Glenn and William Ford Career Tech.

"But we have an excellent robot to be a defensive robot, so we can stop other teams from scoring and run interference for the team," Simons said.

Simons is a big booster of the FIRST. He said it's been an ideal way to bring students, families, schools and businesses together. Corporate sponsors help pay for the materials and also provide some needed engineering expertise. Ford, ITT Technical Institute and the school district sponsor the Wayne-Westland team.

"One thing I'm proud about is the partnership with Ford. We stress having students do stuff," he said.

The students design, build and rebuild over six weeks. On Friday, other teams had complimented Barnett on his driving skills as he maneuvered his robot to block out the opposition. An early alliance took a match 67 to 8 with the Bionic Union on defense.

"Just being able to drive

robots and see something I spent six weeks on come alive and do what I want it to do is great," Barnett said.

Jay Obsniuk, robotics teacher at Salem, is the team mentor for the Plymouth-Canton schools Lightning Robotics team, sponsored by Bosch, Visteon and ITT. He calls FIRST Robotics the "best learning experience in the world for the kids."

"We sit students down and try to sort out ideas on what they want to do," he said. "What are the pros and cons of the robot. That's critical. You have to get a design done and get it out there. As a group, we decide on which way we want to go."

The Plymouth Canton team finished tied for 27th place and will go on the competition in Atlanta.

WAIT TILL NEXT YEAR

In addition to building robots, students also learn to handle publicity, create animated videos, design team logos and a variety of other skills.

Saturday's event even included a half time show with the judges (in refs shirts), team mascots in full regalia and the assembled crowd singing and dancing to *The Macarena* and the *Village People's YMCA*.

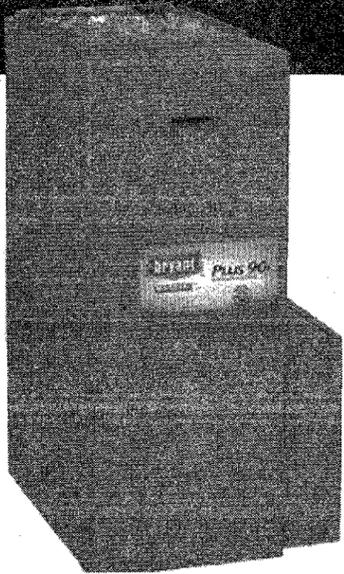

For Josh Barnett and his teammates things did not work out as planned. In a morning competition, he lost radio contact with his robot and it was stranded in the middle of the court. In another round, the alliance did a little better, but failed to win the round. The team finished 47th overall.

"Because of our experience this year, we will be a stronger team and much wiser team next year," Simons said.

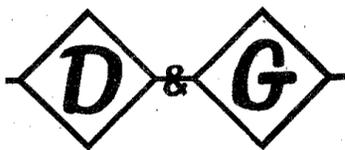

Next stop for Barnett is a culinary arts competition.

An alliance of Novi, Birmingham Brother Rice and Ann Arbor Pioneer took the championship on Saturday.

Of Dearborn, March 9, 2007

JAMES E. "JIM" SCHARMEN
Age 58, of Traverse City died unexpectedly on Saturday, March 10, 2007 at his home. Jim was born on April 24, 1948 in Detroit, the son of Leon T. and Clara (Tyler) Scharmen. Jim married Rosemarie Salai on May 17, 1975 in Plymouth. Jim managed Scheck Sign Systems and was an owner of the Cloth Envelope Company. Jim was a veteran of the US Navy. Jim was a commercial artist and he made snow statues. He was a member of the Grand Traverse Ice Yacht Club, he loved music and played the steel guitar, banjo, piano and the saw. Jim enjoyed fishing, boating, windsurfing, cross country skiing, iceboating, playing horseshoes, and driving his classic MG. Jim loved to cook and was known for his BBQ ribs. He was an avid Tiger fan and was looking forward to taking his pontoon boat out and listening to the ball game on his XM radio. Jim was very compassionate and had a lot of friends in the area. Jim is survived by his wife of nearly 32 years, Rose Scharmen of Traverse City; his mother, Clara Scharmen of Plymouth; two brothers, Don (Loretta) Scharmen of Traverse City and Chuck Scharmen of Plymouth. He was preceded in death by his father and mother-in-law, Elenore Salai. A memorial service will be held on Saturday, March 17, 2007 at 11 am with visitation from 10 am at the Covell Funeral Home, 200 N. Brownson Ave., Kingsley, with Rev. Louis Grettenberger officiating. In lieu of flowers, donations may be directed to the American Heart Association. Arrangements have been entrusted to Covell Funeral Home Kingsley.

KEITH ALAN ALLEMAN
Age 38, of New Albany, a beloved husband, father, son and brother, passed away Monday morning March 12, 2007 in the comfort of his home following a brief yet courageous battle with cancer. He is survived by his wife of seven years, Anissa Alleman; sons, Zachary Aden and Nathan Connor; parents, Adeline and Richard Alleman; brother, Robert (Cheryl) Alleman; sisters Cynthia (Steve) Cheney, Pamela (Don) Ferrin; mother-in-law and father-in-law, Carol and Alden Coe; two sister-in-laws and two brother-in-laws, Kim (Steve) Dahlheimer, Denise (Kevin) Conway; nieces Ella, Emma, Mickayla, Michelle, Kendall; nephews James, Alan, Alexander and baby Conway. Often referred to as "the K-Man," Keith also leaves behind many long time friends who shared his joy for life and adventure. He had a true passion and love for art. Keith graduated from Bowling Green State University (1991) and is a member of Sigma Chi Fraternity. Keith enjoyed his job at the Ohio Department of Education as Visual Communications Manager. He also owned and operated a full service-advertising agency, All Creative, Ltd. Throughout his life, he received numerous awards and recognition for his drawing and graphic design: Steel Valley Art Teachers' Association Award (1987), "Best of Show" ADDY Award (1993), Citations of Excellence (2001-2003) and ADDY Award (2001) from the Advertising Federation of Columbus. The ADDY Award represents creative excellence by recognizing all types of advertising in all forms of media. Keith's life is celebrated by many friends and family. Family will receive friends 5-8 p.m. Friday, March 16 at SCHOEDINGER NORTHEAST CHAPEL, 1051 East Johnstown Road, Gahanna. A celebration of his life will be held at 11 a.m. Saturday, March 17 at Worthington United Methodist Church, 600 High Street, Worthington. In lieu of flowers, the family requests contributions be made in memory of Keith to his sons' education fund, Zachary and Nathan Alleman Education Fund, at any Huntington Bank. Share memories and send condolences to www.schoedinger.com

Everyone should have a will, medical advocate

Schoolcraft allied health and nursing job fair is April 4

Recently, there have been a number of high-profile individuals that have passed away and unfortunately their deaths have led to a variety of nasty lawsuits. Whether it was the situation with singer James Brown, civil rights hero Rosa Parks or Anna Nicole Smith, the fights over their estates have been messy.

Money Matters

Rick Bloom

and more importantly, a significant amount of pain and aggravation.

For every adult in Michigan, I recommend a Medical Durable Power of Attorney which allows you to appoint someone to make medical decisions if you are unable. In Michigan, we have a free fill-in-the-blank form that fits the great majority of people's needs. The document, the Michigan Patient Advocate Form is a Medical Durable Power of Attorney form available at most public libraries. You also can obtain a copy through your state legislature, or go online at www.bloomassetmanagement.com and click on "estate documents" and download one for free. My recommendation is anyone 18 years or older should complete this document.

A Medical Durable Power of Attorney is different than a Living Will. As far as I am concerned a Medical Durable Power of Attorney is superior because a Living Will says basically, if I don't have a quality of life, I don't want to be around. The problem is who defines your quality of life? The Medical Durable Power of Attorney goes one step further and appoints an individual, who you select, who would

make that decision.

Another document that allows you to keep judges, courts and lawyers out of family affairs is a Durable Power of Attorney. It gives someone the right to make decisions above and beyond medical matters for you during your lifetime. Many people believe that a husband and wife can make decisions for each other without any legal documentation. This is not the case. A Durable Power of Attorney is an effective document so if you are unable to handle your personal and financial affairs, someone that you select can step in without court supervision.

Medical Durable Power of Attorneys and Durable Power of Attorneys terminate upon death. At death, all adults need a will and some people need trusts. In many situations where you are leaving money to one person such as a spouse, a simple will may be all you need. In addition, for young couples with limited means who have children and who need to name guardians, a simple will can also be the document of choice.

Michigan also has a fill-in-the-blank will form that fits many individual situations. The document, the Michigan Statutory Will, is available in the same locations that you can obtain the Michigan Patient Advocate Form.

In a will, not only can you name guardians for your children, but you also name a personal representative — the individual in charge of closing out

the final affairs of your estate. My recommendation is name a personal representative in whom you have the ultimate trust in. For example, a spouse. My general rule is to keep the personal representative a family member. If they do not have the necessary knowledge to handle the estate, they can hire a professional who they can fire. I generally do not like to name banks or attorneys as personal representatives as I prefer to keep that position within the family.

For people with large estates and for people who want to control their money past their death, a Living Trust is the way to go. A Living Trust allows a husband and wife in most situations to avoid any estate taxes and at the same time keeps the estate out of probate. Assets passed pursuant to a will go through the probate process while assets in a trust avoid probate. In addition, a Living Trust can be an effective vehicle for people whose beneficiaries are children and who do not want them to receive their

money in one lump sum.

In a Living Trust, the person in charge of running the trust is the trustee. Once again, I generally recommend the trustee of your own trust and upon death it is either a spouse or family member.

In addition to wills and trusts, everyone should check the beneficiaries on their IRA, insurance policies and retirement accounts. It is important to make sure that your primary and secondary beneficiaries are up to date.

One last note regarding estate planning. It is important for everyone to have a document locator, a list where all your assets are located. This can save the family a lot of pain and aggravation upon death.

Health care professionals who are in the job market can bring their resumes to the Allied Health and Nursing Job Fair at Schoolcraft College on Wednesday, April 4.

Representatives from more than 30 health facilities will attend and accept resumes for the following positions: Entry-level registered nurses; practical nurses; health information technicians; coding specialists; medical receptionists; medical billers; massage therapists; medical transcriptionists; and phlebotomists.

Hospitals that will send representatives include Beaumont, Chelsea Community, Garden City and Select Specialty. The Karmanos Cancer Institute also will be represented.

The event will be held in the DiPonio Room of the VisTaTech Center on the Livonia campus from 1:30-3:30 p.m.

For more information, contact the Schoolcraft College Career and Transfer Center at (734) 462-4421.

10 Reasons to Plant Trees...Now!

1. Trees conserve energy in the summer, and save you money. Properly planted trees can cut your air-conditioning costs by 15-35%.

2. Trees help clear the air. Trees produce the oxygen we breathe, and reduce air pollution by lowering air temperature, through respiration, and by retaining particulates.

3. Trees bring songbirds close by. Birdsong will fill the air as trees provide nesting sites, food, and cover for countless species.

4. Trees around your home can increase its value by up to 15% or more. Studies of comparable houses with and without trees place a markedly higher value on those whose yards are sheltered by trees.

5. Trees help clean our rivers and streams. Trees hold the soil in place and reduce polluted runoff into our waterways.

6. Trees conserve energy in the winter. Trees can slow cold winter winds, and can cut your heating costs 10-20%.

7. Trees fight global warming. As they grow, trees remove carbon dioxide from the atmosphere, the major contributor to global warming. Trees planted near our homes and in our communities moderate temperatures and reduce the need for air conditioning and heating produced by burning fossil fuels, a major source of excess CO₂.

8. Trees make your home, and your neighborhood, more beautiful. Trees

mark the changing seasons, and add grace and seasonal color. Trees make a house feel like a home.

9. When you plant trees, you support Tree City USA where you live. Tree City USAs have community forestry programs to plant and care for trees. You can do your part.

10. It's easy, and fun! Here's how: Join the nonprofit Arbor Day Foundation and we'll send you 10 trees...FREE...with easy-to-follow planting instructions.

You will receive 10 free trees - Sugar Maple, Red Oak, Red Maple, White Pine, Pin Oak, Colorado Blue Spruce, Silver Maple, River Birch, Redbud and White Flowering Dogwood, or other trees selected for your area. You'll also receive the Foundation's colorful bimonthly, *Arbor Day*, a membership card, and *The Tree Book*, with tree planting and care information. Your six to twelve inch trees are guaranteed to grow or they'll be replaced free of charge. Trees are shipped at the right time for planting in your area, February through May in spring or October through mid-December in the fall.

To receive your free trees, send a \$10 membership contribution to 10 Free Trees, The National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, or join online at arborday.org.

Justice says court controversy is making judges 'nervous'

BY HUGH GALLAGHER
STAFF WRITER

Michigan Supreme Court Justice Marilyn Kelly said Saturday that the controversy swirling around the court is making lawyers and judges "nervous."

"If there is publicity that makes the court look unstable and calls the court's decisions into question, it's crucial that people abide by the decisions of the court and respect them," Kelly told a luncheon meeting of the League of Women Voters of Northwest Wayne County at the Livonia Civic Center Library.

Justice Elizabeth Weaver, a Republican, has asked for an investigation of her fellow Republican justices — Chief Justice Clifford Taylor and Justices Maura Corrigan, Robert Young and Stephen Markham. Last year she called on her fellow judges to disqualify themselves from hearing a case involving attorney Geoffrey Fieger. She has also said that she has other complaints about the justices. State Rep. Paul Condino, D-Southfield, chairman of the House Judiciary Committee, said he would look into Weaver's complaints.

Kelly, a Democrat, said the complaints made by Weaver are unprecedented. She said there are legal mechanisms to handle criminal complaints and a judicial ethics committee to handle issues involving canons of ethics.

"Here we have complaints about members that don't seem to fit into any of those categories," she said in an interview prior to her speech. "If it were true that justices are sitting on cases where they are biased against one of the parties, that by definition would affect their decisions. That's a serious allegation."

On Feb. 20, the U.S. Supreme Court declined to hear Fieger's appeal of a 2004 Michigan Supreme Court 4-3 decision reprimanding him for vulgar comments about state judges. According to press reports in 1998, Fieger made

disparaging remarks about judges on the Court of Appeals who overturned a \$15 million medical malpractice suit. On a radio appearance he called them "three jackass Court of Appeals judges."

"There isn't a member of the court who applauds some of the language Fieger used and his decision to speak out, language that is degrading to the judiciary," Kelly said in the interview. "It always worries us that it will lower the public's trust and confidence in the people who make decisions. The question is whether what he said went to the point where it was no longer covered by his constitutional right of free speech."

Kelly voted with the minority. Kelly told the League members that while it is important that the court make its decisions on legal cases in private, there are other court functions, such as discipline of lawyers and judges, that should be done in public.

"I see no reason that those decisions can't be made in public, those are essentially administrative decisions," she said. "Public business should be done in public as much as possible."

Kelly, who began her public career as a member of the State Board of Education at 25 in 1964, said it isn't clear to her that appointing judges is

preferable to electing them. In Michigan, judges are elected on a non-partisan ballot. Supreme Court judges are elected on the non-partisan ballot, but they receive a recommendation from political parties.

"Look at all the judges who were elected and all the judges who were appointed, it wouldn't be clear who were the better judges," she said. "I think you get good and not-so-good from both systems. I do believe, and have been a proponent for a long time, of those judges selected by the governor undergoing a merit selection process."

On the issue of court activism, Kelly said it can't only be applied to those with liberal leanings.

"Today it is more likely applicable to conservatives, who are more actively trying to change law when their job should be to handle cases as they come to them and apply the law to those cases," she said.

Kelly told the League she has become worried that civil liberties have been eroded in recent years with questions raised about federal government searches and surveillance.

"I'm concerned to realize how little grasp people have of their basic rights," she said. "They don't have a concept of their rights under the Constitution."

Churchill spikers eliminate Lakeland in 'A' quarterfinal

BY BRAD EMONS
STAFF WRITER

The body is only as good as its sum parts.

That was the case Tuesday as the Livonia Churchill volleyball team banded together to earn its first trip to the Class A semifinals since 1991 with a 25-20, 25-27, 25-20, 25-23 quarterfinal triumph over White Lake Lakeland in a match played at Saline High School.

The Chargers' Miss Volleyball finalist, 5-foot-11 Lauren Krupsky, played despite a gimpy right ankle after going down Monday in practice. She still managed to rack up 24 kills.

Kyndra Abron, a 6-2 junior middle hitter, helped pick up the slack with a team-high 26 kills. Senior Sara Button and junior Jaclyn Gribeck combined for seven key blocks.

Senior Stephanie Bradshaw added six kills as the Churchill improved to 54-4-1 overall and earned a rematch with No. 1-ranked East Kentwood, 74-4 overall. The semifinal match is scheduled for 5:30 p.m. Friday at Western Michigan University's Reed Fieldhouse in Kalamazoo.

The other semifinal, starting at 7:15 p.m., pits North Branch (73-2-1) against Fraser (33-16-1). The final is 4 p.m. Saturday at Reed Fieldhouse.

Krupsky, headed to Central Michigan University, wasn't sure if she was going to play after suffering the ankle sprain just a day earlier.

"We were doing a drill and someone came down on it underneath the net," Krupsky said. "My ankle was pretty much killing me. I had a hard time blocking and I did not want to land on it. I tried to work on what the other team gave me. They took away the line, so I started hitting crosscourt. I didn't know if I could play. I was worried about it. But I wanted to be here and help the team as much as possible. When I went

out, I tried to move it around and take the pressure off it by sitting down."

The injury proved to be unsettling only momentarily.

"I freaked out right away, but we started thinking about other options and I calmed down at practice and got through it," Churchill senior libero Kelly Archer said. "We watched them on film Sunday night in the districts and got a feel for what they do."

"We just had to forget about the point. When the ball's down, it's down. It's a new point."

And although Krupsky was limited in her mobility, she put enough balls on the floor to keep the Eagles honest.

"Lauren's a winner, she wasn't going to end the season and she showed why she's one of our leaders," Churchill coach Mark Grenier said. "They were able to rehab it pretty well, and everyone else just had to pitch in more. In a way I thought it was good because we defocused on Lakeland and had to think about something else and focus more on ourselves."

Lamb comes to the Ocelots' program after five seasons with Oakland Community College, including the past four as head coach.

Lamb was also head coach at South Lyon High School (2000-2001) and an assistant at Livonia Franklin (1996-99).

"It is very refreshing to bring in a new coach that has both the experience and persona needed to perpetuate an already successful volleyball program," said Schoolcraft College Director of Athletics Sidney Fox in a recent release. "I'm looking forward to Richard contributing in a variety of ways that will support the level of integrity we are seeking within the Athletics Department at Schoolcraft College."

Lamb replaces Tom Teeters, the state's winningest junior college coach whose contract was not renewed after going 35-7 and leading the Lady Ocelots to a berth in the 2006 NJCAA Division II National Tournament.

Lamb went 9-31 last season with the Raiders, including a 2-14 Eastern Conference mark.

WHAC honoree

Jason Christopoulos (Livonia Stevenson), who guided the Concordia University baseball team to its first-ever winning record during its spring trip, was named the Wolverine-Hoosier Athletic Conference Player of the Week.

The senior finished the week with a .457 batting average and a slugging percentage of .857 during the 10 games, which included four homers, a pair of doubles and 17 RBI.

The Cardinal catcher also scored five runs as he helped Concordia return home with a 6-4 overall record.

Youth mat tourney

Beginning at 10 a.m. Saturday at Westland John Glenn High School, the Michigan Youth Wrestling Association will host the Metro Regional Championships for ages 5-14, as well as a high school division.

All wrestlers 14-and-under must be pre-registered by 10 p.m. Thursday. Wrestlers ages 15-19 are also encouraged to pre-register.

State champ Guzik beams as D-1 finalist

Livonia Red's Paula Guzik found herself under the spotlight in Saturday's Division I individual gymnastics state meet hosted by Troy Athens.

Though only a sophomore, Guzik was interviewed by a Fox Sports Net TV crew along with local newspapers after turning in an all-state performance.

Guzik, scoring 9.575, was crowned Division I champion on the balance beam, edging all-around winner Meaghan McWhorter of Grand Ledge.

The Churchill gymnast wound up fifth in the all-around with 37.575, which also included a fourth on vault (9.6) and a fifth in the floor exercise (9.475). She also scored 8.95 on the uneven bars (tied for 16th).

"I was really consistent on the beam throughout the whole year, I was confident knowing that," said Guzik, who is now trying out for the Churchill varsity softball team. "I was satisfied with my overall because last year I didn't qualify for the all-around. Just to place in the all-around, I'm happy with that."

By finishing in the top 10, Guzik gained all-state honors in the all-

Spartans crash in tournament run, 78-38

BY ED WRIGHT

When Detroit Henry Ford's boys basketball team wasn't playing above the rim Tuesday night, it was making life miserable for Livonia Stevenson below it.

The Spartans hung tough for one quarter in the Class A regional semifinal at Detroit Cass Tech, but they were eventually overwhelmed by the spring-loaded, lightning-quick Trojans, 78-38.

The season-ending setback dropped Stevenson's record to 8-16, but it didn't tarnish a brilliant second-half surge, emphasized first-year head coach Brad Miller.

"Obviously, you never want to lose

your last game by 40 points, but what happened tonight doesn't wipe out what this team accomplished after our 1-9 start," Miller said. "The first part of the season they were learning a new system, which is never easy. But throughout the second half of the season, I thought our chemistry was great and we were a good, competitive team."

"Our five seniors were outstanding and everybody else seemed to step up, too. I'm very proud of the way this team came together and finished the season."

Senior Luke Knochel, Stevenson's all-time leading scorer, was limited to just 12 points by the Trojans, whose trap-

ping, full-court zone press made it seem as if there were seven defenders on the court instead of five.

With a hand either in his face or not far from it at all times, Knochel connected on just 4-of-17 field-goal attempts.

Sophomore forward Kendal Snow turned in a solid nine-point effort for the Spartans. Matthew Harris, Chris Mulcahy and Ryan Aneel all tallied five. Amazingly, the Trojans (14-6) divided their 78 points among 14 different players.

Six-foot-five junior center Lawrence Bridges led the way with 11; DeJuan Wright tallied nine; and Shareep Walker, Joseph Lewis and Charles

Blazers grounded Carleton-Airport pulls off major upset

BY BRAD EMONS

Livonia Ladywood was billed as the favorite in Saturday's Class B volleyball regional held at Milan — and rightfully so.

The Catholic League A-B Division champions had a senior-laden lineup, were third-ranked in the latest statewide coaches poll and brimming with confidence.

But after breezing past Catholic League foe Dearborn Divine Child in three games in the semifinals, Ladywood ran into a buzzsaw in the championship match as unranked Carleton-Airport upset the Blazers in four games, 25-22, 25-12, 24-26, 25-22.

Ladywood finishes the season 47-13-2 overall, while the Jets, 50-11 overall, earned

a quarterfinal matchup Tuesday against defending state champion Marysville at Pontiac Notre Dame Prep. (The Jets won in three games.)

Just two weeks earlier, Ladywood breezed past Airport in three games in an invitational at Temperance Bedford. (The Jets also struggled in the semifinals, defeating Huron League rival Riverview in five games.)

But in the rematch, the Jets were able to neutralize Ladywood's 6-foot senior outside hitter Lauren Boehmer, an Eastern Michigan University signee, who finished with 16 kills.

"We did not play well the last time," Airport coach Barb Kohn said. "People said we were terrible at Bedford, and we were."

Churchill takes care of business in regional tournament conquest

BY DAN O'MEARA
STAFF WRITER

Livonia Churchill earned another trophy in the sport of volleyball Saturday by winning its second consecutive Class A regional championship.

Following a tough match with Farmington in the first round, Churchill swept past Novi in the final at West Bloomfield, 25-17, 25-20, 25-13.

The No. 3-ranked Chargers (53-4-1) played No. 8 White Lake Lakeland (41-2-1) in a quarterfinal match Tuesday evening at Saline High School.

"We look forward to Tuesday," Churchill coach Mark Grenier said. "That's why we put in the time and do what we do - to get opportunities like today and Tuesday."

In terms of scoring, the Chargers were led by the powerful hitting duo of senior Lauren Krupsky and junior Kyndra Abron, but the Churchill team also plays outstanding defense and serves well.

Seniors Anna-Marie Gatt, Kelly Archer, Sarah Button, Stephanie Bradshaw and Kelsey McKenzie and juniors Jordan Kerr and Jaclyn Gribeck also contributed greatly to the team's success.

"We have kids who do other things; everyone plays their part," Grenier said. "Everyone sees the home run ball. Certainly, we need that, but everybody does a job and plays a role. Kids like Sarah Button are a part of the reason we've been so successful."

Krupsky had 22 kills and Abron 13 in the Novi match. Button and Bradshaw complimented their play in the front row with three kills each.

Archer had 23 defensive digs, Kerr 10 and Gatt nine. Gribeck had four blocks and McKenzie 37 assists.

"(Krupsky and Abron) played well and swung well, but both know those swings come from great passes," Grenier said. "It starts with the kids who do other things."

"I think we're playing as well as we can play. The defense and ball control are there, and when you have a couple kids who can swing it makes life easy."

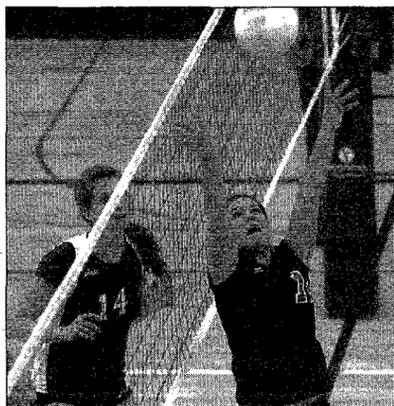

The Chargers trailed early in the first two games with Novi (29-8-1) but eventually took control each time and finished strong.

Churchill was up 18-16 in the first game and then scored the next five points led by Abron's hitting. Another Abron kill and an ace by McKenzie closed out the win.

The Chargers erased 5-2 and 7-6 deficits in the second game with a string of seven unanswered points on the serve of Kerr. Abron was again the leader in the front row.

Novi closed to 20-17 and 23-20, but each time Churchill responded with key points. The game ended with Abron and Krupsky kills.

Churchill dominated the third game, making

nine- and seven-point runs for 9-1 and 16-5 leads behind the serving of Bradshaw and Gatt, respectively.

The Wildcats got as close as 19-10, but the Chargers surged again with an Abron kill and Gribeck block. Krupsky kills accounted for two of the team's final four points, and the other two were scored off Novi errors.

"We really didn't do anything different in the third game," Grenier said. "We have the ability to sideout and keep the pressure on the other team. We have great ball control and good defense, so we're able to do those things."

"I thought Novi played very well. Again, our ability to score points and maintain that pressure made us successful."

Churchill also defeated Farmington (29-21-5) in three games, but the third was a doozy with the Chargers winning, 36-34. The scores of the first two games were 25-17 and 25-22.

Abron had 25 kills and Krupsky 14 in that match with McKenzie setting the attack to the tune of 38 assists. Archer had 18 digs and Bradshaw nine, and Button chipped in two assists, two blocks and one dig.

"Farmington is a very good team and played very well," Grenier said, adding the Chargers had the added experience of winning district and regional titles and playing in a quarterfinal match last year.

"When our kids get in these situations, they can fall back on those experiences and it helps us out. The kids have been there. But Farmington gave us a great, great match."

Novi defeated Farmington Hills Mercy in the other semifinal match, 25-12, 25-18, 19-25, 25-23.

Warriors eliminated by Oakland Christian

VOLLEYBALL

Priscilla Larned tried to hold back the tears, not the usual sights of a victorious coach in the regional round of the postseason.

The veteran coach of host Auburn Hills Oakland Christian watched her Lancers capture their fourth straight Class D regional girls volleyball title and sixth in 10 seasons with an upset along the way.

In the finals, Oakland Christian defeated seventh-ranked Lutheran High Westland in four games, 20-25, 25-12, 25-20, 25-17.

The unranked Lancers (33-12-6) also dispatched league rival Birmingham Rooper in the semifinals in four games, while the Warriors (29-5-4) downed Metro Conference foe Grosse Pointe Woods University-Liggett, 25-13, 25-23, 25-20.

"We set this as a goal in the beginning of the season, but there were times this season that I didn't think it would be possible," Larned said. "After all those Saturday tournaments - where we came home a loser - I didn't know if we could make a run."

Oakland Christian, which did not win an invitational all season and only recently cracked the honorable mention listing in the Class D

statewide coaches poll, earned a spot in Tuesday's quarterfinal at Almost where the Lancers won in three games against Bay City All Saints.

Lutheran Westland rolled into the final behind the play of 6-foot-1 sophomore middle hitter Becca Refenes, along with outside hitters Kayla Gieschen and Katey Ramthun, and they continued to dominate in the first game against Oakland Christian.

In the final three games, the Lancers started to hit around Refenes and saw its own leaders step up into then limelight.

Lutheran Westland, meanwhile, learned that postseason experience is crucial.

"We looked up at the banners and we saw that they had won three regionals in a row and our group of kids and never even won a district," Lutheran Westland coach Kevin Wade said.

"They are a good team with experience. I thought we had a far too many hitting errors in the last three games, and you can't do that against a team like Oakland Christian."

Refenes finished the day with 33 kills, 26 digs and 11 blocks on the day. She had

14 kills and six blocks against the Lancers.

Gieschen contributed a total of 17 kills and a team-high 31 digs in the two matches. Ramthun collected 10 kills, while Lauren Schwewe added 24 digs.

Setters Lauren Gieschen and Julie Jongsma combined for 61 assist-to-kills with 34 and 27, respectively.

"We had a good season and we won our first district since 2003," Wade. "We just lost to a good team. It was disappointing to lose, especially after we played so well the first game against Oakland. We just couldn't maintain our energy level the second game. The third and fourth games we were close, but we could never seem to take the lead. We were always battling from behind."

The Lancers lost two first-team All-State athletes from last year's team, but current seniors Kelly Peterson and Alyssa Anderson have stepped up in recent weeks to lead the Lancers.

Peterson was dynamite in the final against Westland, going 47-for-53 attacking with 22 kills and three blocks, while Anderson was 145-for-149 setting with 47 assists.

Rebekah Kline added 10 kills and three blocks for Oakland Christian.

This time everything was better and I think we surprised them the first two games. We had a better understanding of where they hit.

"She (Boehmer) destroyed us the last time. This time we did a much better job. We had to get ourselves in the right position."

Erin Henneberger, a 5-10 senior outside hitter, also had 16 kills, but Airport countered with three players in double figures in attacks, getting 13 kills from sophomore Avery Bodenmiller, 12 from junior Sarah Bergeman and 10 from freshman Jessica Nagy, including five in the decisive fourth game.

Senior Jackie Stewart added eight kills to go along with four blocks, three coming in the final game.

"They outworked us, they were ready to play and they dug every ball," Ladywood coach Erin Craggs said. "They were able to block (Boehmer) in key situations. We gave them too many free balls. They run a variety of sets and they kept us on our heels. We were not looking past them because we felt we made the same mistake last year, but possibly we

were a little overconfident."

Senior Rebecca Zajac added 17 digs and six kills for the Blazers. Senior libero Laura Schroeter had 15 digs, while senior setter Megan Hodges collected 36 assist-to-kills.

"Ladywood kept coming at us," Kohn said. "We worked on things with our outside hitters as far as beating their big block. Defense and serve receive, those are the things that win big games, along with being able to keep on attacking."

In the third game, Ladywood built a 17-11 lead, but Airport came roaring back to tie it at 24-24 on an ace by Nagy. But the Blazers, led by Boehmer's nine kills, scored the next two points to pull within one game.

In the fourth game, Ladywood could not sustain its momentum against the scrappy Jets.

"We might not be the most talented team, but we tell our girls you can beat good teams if you keep playing together," said Kohn, who has been coaching 20 years and guided the Jets to the 2004 Class B state finals. "We were not ranked all year, but we felt we had a pretty good team because we've knocked off some state-ranked teams."

In the 25-16, 25-17, 25-22 semifinal win over Divine Child, Boehmer finished with 17 kills and four aces.

She is one of seven seniors, along with Megan Olind and Kathryn Berger, who played their final match with the Blazers.

"They were a great group, some of whom have been playing together three and four years," Craggs said. "They had tremendous talent. And when they played well, they played extremely well. But there were also some down times, like today."

CHARGERS

FROM PAGE B1

Grenier juggled his rotations a bit to compensate for Krupsky's injury.

"We moved up Kyndra and started her on the left front," he said. "She came through and was a real offensive force. And behind her we had people like (Anna-Marie) Gatt, (Stephanie) Bradshaw, (Kelly) Archer and Jordan Kerr. They picked us up defensively. It shows the will, the heart and the character of this team, and they did it."

The Chargers also got solid setting from senior Kelsey McKenzie and were able to offset any momentum Lakeland obtained after rallying from a 23-21 deficit in the second game to win, 27-25, thanks to five kills and two blocks from junior Hannah Stocker.

"Churchill is a very good team and we knew we had to

play our best game," said Lakeland coach Owen Nakamura, whose team bowed out at 41-3-1 overall. "We did not execute on defense. We were not quite there, not on our game. Sometimes we didn't get the points we needed."

Abron was a force in the fourth game, recording eight kills and one block.

"(He (Grenier) changed his lineup a bit and both coaches were kind of second guessing each other," Nakamura said. "We started out matching up our number 10 (Hannah Stocker) with Kyndra (Abron), then we moved our other middle hitter over and I thought she did a very good job. Overall I thought we did pretty well. She (Abron) did not hurt us until the last game. But we couldn't control the ball the way we like to."

And now it's on to Kalamazoo to meet the top-ranked Falcons, who defeated the Chargers in three games Feb. 10 at the Temperance

Bedford Invitational.

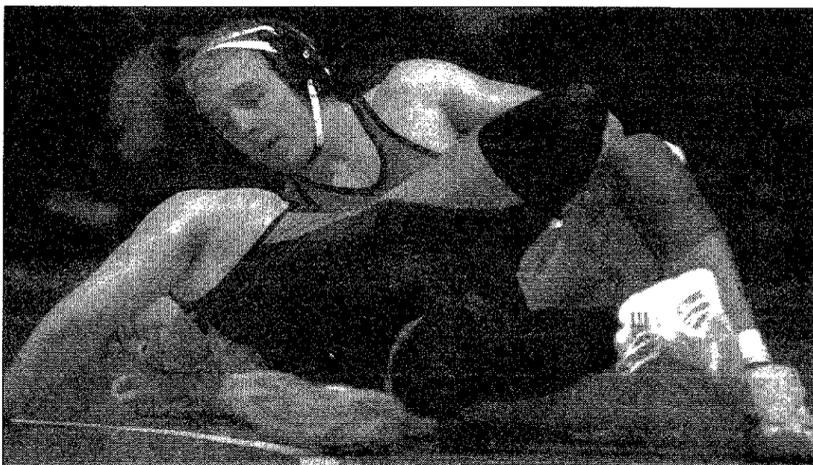

"We'll go for broke," Grenier said. "The last time we saw East Kentwood, it was not much of a match. But we'll have time to break down that film and hopefully we'll give them something better. East Kentwood's style is a lot like Lakeland's, which should help."

Meanwhile, the Chargers can take a few days to savor their first trip to the state semifinals since '91, the year Churchill captured the Class A crown under coach Mike Hughes.

"I'm ecstatic because last year we got this far (losing to Bedford in four games in the quarterfinals) and we came away disappointed," Krupsky said.

Added Archer: "This means the world to me. I've been playing since the fourth grade and this is my best accomplishment. I'm just happy it happened my junior year."

Area grapplers Billiau, Garcia each gain 2nds

Observerland wrestlers acquitted themselves very well in last weekend's Division I state wrestling tournament hosted by the Palace of Auburn Hills.

Livonia Franklin boasted three state placers led by senior Josh Billiau, who was runner-up to Temperance Bedford's James Fisher in the 125-pound division.

Fellow Patriot seniors Nate Turco (152) and Pat Roumayah (171) added a seventh- and eighth-place finishes, respectively.

Billiau ended the year with an impressive 50-8 record with three losses coming against Fisher.

"I came in here expecting to do pretty well, and I exceeded my expectations," Billiau said. "I didn't go on the Internet to see the rankings, because I didn't want to psyche myself out. I knew the people in my region. I figured as long as I got here, I was doing O.K."

Billiau lost two previous meetings, once at the regional, 6-4, and the other by a point in an earlier meeting.

"Today I made a few mistakes - he (Fisher) was on his game and he ended up the victor again," Billiau said. "I made mistake in the second period, and then I had to make up for it the rest of the match."

Turco, making a return appearance to the state meet, wound up with a 46-10 record, while Roumayah, who wrestled JV last year, posted 45-10 mark which included 4-3 decision over Observerland champion Jeff Elswick in the wrestle-backs.

Glenn grappler shines

Westland John Glenn's Shamir Garcia saved his best for last.

The 215-pound senior reached the finals before being knocked off by Joe Fisher of Mount Clemens Chippewa

Valley, 9-4. En route to the finals, Garcia decisioned Brett Correll of Utica Eisenhower in overtime, 6-4, and edged Justin Childress of Okemos, 2-1.

"Coming in here I was just taking it one match at a time," said Garcia, who ended the year 48-8 overall. "I've had a lot of injuries this year, so I took it kind of easy so I wouldn't injure anything new. I didn't open it up during the season, but it got me 45 wins anyway."

"This weekend I opened it up and got all the way to the finals. My goal was to get here." Glenn coach Bill Polk said Garcia was in the verge of winning the whole thing.

"He set the pace in the match for the first couple of periods," Glenn coach Bill Polk said. "He was down a point and a takedown away from winning."

"The Chippewa Valley kid was maybe a little bit better on his feet. But overall Shamir wrestled great. I've never seen a kid smile so much. He was happy all over."

Garcia was able to get through a highly competitive field.

"The kids in that weight class beat up each other all year," Polk said. "All the guys in that weight class had great respect for each other. Shamir's our MVP. He turned it on at the right time and it was a nice ending."

"Last year he had a lot of injuries. He lost in overtime to qualify (for state). He had a dislocated shoulder. Most kids would have hung it up."

Roberts earns 5th

A surprise call from Hafeez Qureshi, the 2005 Division I state champion at 215 pounds, apparently bolstered the spirits Livonia Churchill's Greg Roberts in his bid to earn a fifth place at 130.

Qureshi, now at Central Michigan University, gave his former teammate a much

needed pep talk, according to Churchill coach Marty Altounian.

Roberts then went out and secured fifth with a 1-0 decision over Billy Osborne of Temperance Bedford.

"Greg wants to be the best and he'll do whatever it takes," Altounian said. "He never thinks he's done enough or he's always lacking in something. He had a great tourney. He wrestled great."

Roberts finished his senior year 39-9 overall.

"He beat (James) Fisher of Bedford, the state champion at 125, in the Dundee Tournament," Altounian said. "He hurt his rotator cuff and we sat him out of the league (Western Lakes) tournament. His first competition back was the team districts where he wrestled only one match."

"He's one of the leaders on our team. He had a bad ankle, a dislocated finger and a bothersome clavicle. He battled through a lot of adversity."

Preiss winds up 6th

Wayne Memorial took three wrestlers to the Palace, but only 119-pounder Jamie Preiss, a senior, came away with a state medal.

Preiss wound up sixth overall and finished with a 44-10 record.

"Jamie had a great season," Wayne coach Steve Vasiloff said. "There were some bumps in he road. The 119-pound class this year was one of the toughest I've ever seen. It just goes to show that hard work and determination does prevail in the end."

"Jamie entered the state meet in a rough spot on the bracket, and had to defeat a top-ranked wrestler, as well as rival Jonny D'Anna from Northville (1-0), just to medal. He was the leader of my team and I will truly miss him next season."

Plymouth-Canton Observer sports editor Ed Wright also contributed to this report.

Franklin's Jobbitt to join Hall of Fame club

BY BRAD EMONS
STAFF WRITER

Insurance is his business. Community service is his devotion. But the game of hockey remains his passion.

Terry Jobbitt, who just completed his 25th season as Livonia Franklin's varsity coach, will join elite company Sunday when he will be inducted Sunday at Livonia's Laurel Manor into the Michigan High School Hockey Coaches Association Hall of Fame.

The Canton resident will be honored in the third class of MHSCHA inductees alongside Frank DiCristifaro, who is the first coach to win state titles in three different divisions.

"This is probably the greatest honor I have ever received," Jobbitt said. "I have always coached for the love of the sport with hopes that I could make young men better players and prepare them for life, too."

The 57-year-old Jobbitt has produced 17 winning records in 25 years with the Patriots, including an overall mark of 292-257-56. He has captured one regional championship (1985) and finished runner-up twice (2001 and 2002). He also earned a Western Division title in the Western Lakes Activities Association (2001).

Jobbitt's also has been selected league Coach of the Year four times in division Coach of the Year five times.

"This award will be something I will always cherish and it will help me look back and remember all the players that I have enjoyed coaching," Jobbitt

Jobbitt

said. "I have also had some excellent assistant coaches that have made it easy and enjoyable like Dan Phelps, Tim

Olschanski, Jim Wheaton, Scott Williams, Pete Caprara and Ryan Tracy.

"Tom Abraham, my defensive coach has been with me for 20 years, and my goalie coach, John Vasilco, 12 years. These two have been my backbone."

Jobbitt has been a longtime advocate and volunteer of Special Olympics where he has served on the Area 23 Board of Directors. He has also directed three state Special Olympics Tournaments. And through his hockey high school hockey team, Jobbitt organizes and coordinates two to three events per year.

Community-wise, Jobbitt has served on the Board of Directors for the Canton Chamber of Commerce and was past president of the Wayne Civitans. He was also active with the Westland Community Foundation.

Service to the game of hockey includes working as the chief statistician for the WLAA for 15 years; past secretary and past vice-president of the MHSCHA, along with committee duties for two years.

Jobbitt helped the Dearborn Heights Crestwood High School Booster Club start a hockey program and coached AAA, AA, A and house teams from 1971-82. He also was a

clinic instructor three year for AHAUS.

Jobbitt, who graduated and played hockey at Western Michigan University, spent one season as an assistant coach at Franklin (1981-82) before taking over the varsity reins.

"I have played or coached every year since I was 7 years-old," Jobbitt said. "My wife Kathy (of 35 years) has always been my inspiration and greatest supporter. Without her support I could not have coached."

"I have also been very fortunate to have three very supportive A.D.'s, and the administration at Franklin has been great."

Jobbitt will join past inductees Father Enright, Mike Turner, Ron Baum, Rex Luxton and Art Armstrong in the MHSCHA Hall of Fame.

"I have observed Coach Jobbitt over the last seven seasons and have always been impressed with his passion and love for the game," Franklin principal Dan Willenborg said in his nomination letter to the MHSCHA. "He is upbeat and enthusiastic about each season and player. He spends numerous hours in preparation and in scout work, and his teams are respected for always being ready to play."

"Coach Jobbitt has stressed academic achievement to his players and several of his teams have been recognized as Academic All-State Teams. He has served as an exemplary role model for the young men in our program."

Dynamic trio

The Dynamic Boxing Club if Westland fared well in the Unity Boxing Club Show Feb. 24 at First United Methodist Church. Trainer Paul Soucy (left), age 68, got into the ring and took a three-round slugfest against 58-year-old Mike Richer of Wixom. Jamale Odum (right) defeated Pontiac's Matthew Maclay in a tough and exciting bout that brought the crowd to its feet. Dynamic, which is also coached by Chad Jacquillard, will be heading into a busy schedule of action beginning April 2-7 with the Midwestern Olympic Trials in Cincinnati, Ohio. The Detroit-area Golden Gloves follow April 13-15 at the Gibraltar Trade Center in Taylor followed by the Michigan Junior Olympic Championships, May 12-13, in Lincoln Park.

Ineligible player finding cost Zebras 4 cage wins

BOYS BASKETBALL

The Wayne Memorial boys basketball team used an ineligible player during the first semester and it will have to forfeit four victories because it violated the Michigan High School Athletic Association transfer rule.

The *Observer* learned the violation was reported last month to Wayne officials by a Dearborn Heights Robichaud athletic administrator.

"Their A.D. saw his name in the paper, he called us, and brought it to our attention," Wayne first-year athletic director Greg Ambrose said. "He said he had to go through the same thing. He said he had to

forfeit some football and basketball games because of a change of address."

The student-athlete was supposed to sit out the first semester, which ended Jan. 19, under MHSAA transfer rule.

After the violation was reported, the player in question, an underclassmen, sat out additional games during the second semester, but was reinstated and played in last week's 61-51 Class A district tourney loss to Belleville.

"We did an investigation and we discovered it was not a full and complete move as determined by the MHSAA rules," Ambrose said. "We wish we

would have caught it prior to the season. It's a dual residency issue, which isn't a concern now."

Wayne, which finished the season with an 11-10 overall record, will forfeit victories against Riverview (Dec. 19), Westland John Glenn (Dec. 21), Livonia Stevenson (Jan. 9) and Walled Lake Central (Jan. 12) - all non-division games.

A letter was forwarded by Ambrose to the athletic directors at the above mentioned schools in notification of the violation.

The four forfeits mean the Zebras end the year technically with a 7-14 record.

SPARTANS

FROM PAGE B1

Jordan contributed eight points a piece.

Snow followed up his own missed free throw with a layup with nine seconds left in the first quarter to put the Spartans in front, 14-13.

However, Henry Ford's Dearborn Tate secured the ensuing inbounds pass, dribbled to the top of the key and banked in a triple at the buzzer to give the Trojans a 16-14 edge after one.

Stevenson would never lead again.

"I thought we played a great first quarter and then we ran into a little bad luck when he banked in that three," Miller said. "It's tough

to counter their overall quickness and overall athleticism. We didn't want to get into a transition game with them, but they kind of controlled the tempo after the first quarter."

Snow buried a short jumper 1:29 into the second quarter to knot the game at 16-16, but Henry Ford seized control of the contest with an 18-2 run to close out the half with a 34-18 lead.

Mulcahy drained a triple to open the second half and cut Stevenson's deficit to 34-21, however, the Trojans sealed the win with a 12-2 run, the highlight of which was a one-step, two-handed slam by Wright.

Led by Wright's seven rebounds, the Trojans dominated the boards, 40-22. Despite his modest 5-11 height, Mulcahy led the Spartans with

six boards.

Henry Ford also finished on top in the turnover department, committing just five to the Spartans' 17.

Stevenson connected on 12-of-42 field goals (28.5 percent), while the Trojans sank 32-of-61 shots (52.4). The Spartans made 10-of-13 free throws (76.9).

The game concluded a glorious high school basketball career for Knochel, who defied opposing defenses with his quick feet and incredible shooting range.

"Luke's a great athlete, but he's a special person, too," Miller said. "He'll definitely be missed here at Stevenson. Wherever he decides to go to college, he'll be an asset, both on and off the court."

GUZIK

around along with three individual events.

After cheering on her teammates in the Division II competition, Guzik went out to Buddy's Pizza with some of her teammates to celebrate.

"Paula was a great surprise, but I knew she was capable," Livonia Red coach Kelly Grodzicki said. "Between the vault and the beam, she's been very consistent all year. She's actually strong on all four."

"She, myself and the team were very thrilled."

Guzik's work ethic all season didn't go unnoticed by Grodzicki.

"She's very, very focused at practice, determined to get all her requirements and she's also a great leader," Grodzicki said.

Guzik spent almost 11 years with the Livonia Gymnastics Academy before making the switch to the high school team as a freshman last year with the Livonia Unified team.

"Instead of spending four hours at the gym every night, I felt like high school gymnastics was something easier to do and it's been a lot of fun," the 10th-grader said. "You have your ups and downs during a season. When the teams split (between Red and Blue) this year, I didn't know what to expect, but it was good overall."

Freshman Emily Quint of Livonia Blue tied for seventh in the all-around at 37.325 and gained all-state recognition with a third on floor (9.525); an eighth on bars (9.3); and a tie for 10th in the vault (9.35).

Other all-state performances by Livonia gymnasts came from Red senior Andrea Pisani, who took seventh on bars (9.35), and Blue junior Meghan Powers, who tied for 10th on floor (9.25).

Powers wound up 16th in the all-around (35.95), while Pisani was 17th (35.9).

In between sessions for Division I and II, Pisani was awarded the Kim Rennolds \$500 Memorial Scholarship by the Michigan High School

Gymnastics and Judges Association. The award goes to top senior gymnast based on performance, character and academics. Pisani carries a 4.0 grade-point average.

In Division II, Livonia Blue sophomore Laura Nomura took sixth in the all-around (36.175) with Northville's Julie Foucher finishing first (36.675).

Nomura gained all-state accolades with a seventh in the vault (9.3); a fifth on floor (9.2); a sixth on beam (9.1); and a tie for 10th on bars (8.575).

Livonia Blue's Kelly Tapella, a junior captain, added a tie for seventh en route to all-state laurels on bars (8.6).

Other Livonia Blue Division II scores were turned in by Tapella, 16th, floor (8.925) and Katie Bridges, 21st on floor (8.8).

Red's Margarita Lazarevskaya was 24th in the vault (8.9), while Brittany Swazey added a 32nd (8.525) in the same event.

Top 10 hopes dunked

Stevenson settles for 13th in Division I state meet

BY BRAD EMONS
STAFF WRITER

Livonia Stevenson had high hopes again entering last weekend's Division I state boys swimming and diving finals at Eastern Michigan University's Jones Natatorium.

But the Spartans, coming off a third-place finish in 2006, slipped 10 spots to 13th in 2007 with 66 points.

Birmingham Brother Rice earned the team title Saturday with 231 points. Zeeland finished runner-up with 207.5, while Western Lakes Activities Association champion Northville, which finished one place behind Stevenson last year, moved up to third with 193.

"We swam average, and unfortunately when you swim average at the state meet, you have an average outcome," Stevenson coach Jeff Shoemaker said. "We did not have anything all weekend. We kind of fell apart, so it was kind of a disappointing state meet."

Stevenson's highest individual finishers included senior Travis Hatt, who took fifth in the 100-yard butterfly (51.66), and senior Jeff Pauza, who placed sixth in the 500 freestyle (4:45.97).

Pauza also added an eighth in the 100 backstroke (54.21) after setting school record in Friday's prelims with a time of 53.62, eclipsing the mark held by Spartans assistant coach Joe Bublitz.

"Jeff had a real good state meet," Shoemaker said. "He swam 4:39.82 in the prelims of the 500 (freestyle) and is only the second swimmer in school history to break 4:40 (the

BOYS SWIMMING

other is school record holder Eric Smith)."

Also scoring points for the Spartans were junior Robert Luke, who took a 12th in the 100 butterfly (53.74) and a 13th in the 100 backstroke (55.26). Hatt added a 16th in the 200 individual medley (2:01.17) after posting a clocking of 1:57.2 in the prelims.

Stevenson's 200 medley relay team of Luke, sophomore Joey Wingett, Hatt and Pauza placed 10th in 1:39.3 after going 1:38.64 in the prelims.

The Spartans' 400 freestyle relay team of Pauza, Sam Loria, Kyle Hermann and Hatt went 3:16.26 in the prelims and wound up 15th overall after clocking a 3:20.02 in the B final.

"We've got a relatively young team," Shoemaker said. "But we lose two big studs (Hatt and Pauza), so our younger kids are going to have to swim in the off-season in order for us to move back up."

Two other area performers earned four points apiece in the state meet for their respective schools.

Westland John Glenn diver Jon Whitt, a senior, wound up 13th on the 1-meter board with a total of 329.05 points despite an injury.

"It was a quite a courageous effort," Glenn first-year coach Bob Harding said. "He stepped in a small hole on the pool deck that required 10 stitches on the back of his heel. We had to take him to the hospital. The doctor said he was O.K. to go as long as we taped him up to

prevent any bleeding."

Whitt found himself in 10th place after the prelims with 248.30 points.

"He did the eight dives on Friday and came back after being on crutches for the final three on Saturday," Harding said. "It would have been easy to scratch himself, but he's a tough kid and a very fierce competitor."

Livonia Churchill senior Drew Randall also finished 13th in the 100 freestyle where he posted identical times of 48.44 in both the prelims and B final.

The last time the Chargers had a state qualifier was 1995.

"Drew had a good meet," Churchill coach Aaron Rieder said. "He was ranked 24th going in and was 15th after the prelims, and then moved up to 13th in the (B) finals."

Churchill's 200 freestyle relay team of senior Ben Lamerand, junior Steve Jones, senior Mark Gordon and Randall placed 19th overall in Friday's prelims with a time of 1:31.19, breaking the school record of 1:31.29 set in 1995.

The Chargers finished one place ahead of the Stevenson foursome of Hermann, Luke, Loria and sophomore Michael Cruce (1:31.71).

"We definitely think we made some progress this year," Rieder said. "We'll miss all those seniors."

Other area prelim performances were turned in by Hermann, 34th, 200 freestyle (1:49.9); and 44th, 100 freestyle (50.18); and Cruce, 37th, 100 butterfly (56.65).

Whalers hit 100-point mark with 6-1 win

Chris Terry led a balanced attack with a goal and three assists and Michal Neuvirth stopped 31-of-32 shots as the Plymouth Whalers defeated the Sault Ste. Marie Greyhounds, 6-1, in an Ontario Hockey League game played before 3,004 fans Sunday afternoon at the Compuware Sports Arena.

Besides Terry - who scored his 22nd goal of the year - Plymouth received goals from Andrew Fournier (20), Jared Boll (28), Vern Cooper (9), Steve Ward (15) and Kaine Geldart (5).

Brandon MacLean scored his 18th goal of the season for Sault Ste. Marie.

With the win, Plymouth hits 100 points with a record of 48-14-1-3 - the second time in the Whalers' 17-year history they've hit 100 points in a season. The 1998-99 Whalers hold the franchise record with 106 points (51-13-4).

Plymouth remains tied with London as the top team overall in OHL and the Whalers and Knights will go down to the final weekend of the OHL regular season battling for the top spot.

The Whalers pulled away from Sault Ste. Marie in the game, leading 1-0 after one period and 5-1 after forty minutes.

Fournier scored the only goal of the first period at 13:43 on a power play when he batted home a rebound past Sault Ste. Marie goaltender Kyle Gajewski. Terry set up the play with a good low shot from the left point.

The Whalers blew the game open in the second period on goals by Boll at 0:40 (shot from the right circle inside the far post), Cooper at 1:01 (jammed in from the right goal post), Ward at 10:45 (hard shot from the high slot) and Terry (low shot from the right hash mark) to lead 5-0. MacLean scored the only Soo goal at 19:51.

"As soon as they scored their third goal, it just took everything out of us," Sault Ste. Marie head coach Craig Hartsburg told Canadian Press. "We did not respond. (The Whalers) are what they are, the best team in the league. You have to be prepared to play every shift against them. And if you're not, that's exactly what happens. They take advantage."

Geldart closed the scoring in the third period with a short handed goal at 15:54 when he blocked a shot in his own zone, collected the puck a center ice and skated hard right wing to the Soo goal, where he beat backup goal-

tender Matt Hache with a well-placed shot.

The Whalers complete the regular season this weekend, playing in Sault Ste. Marie on Friday and then hosting Kitchener on Saturday at 7:05 p.m. in the Annual Green-Out game. London plays a home-and-home series with Erie this weekend - Friday at the John Labatt Centre and Saturday in Erie.

Plymouth has home ice in the first round of the upcoming OHL playoffs and will open the playoffs at 7:05 p.m. Saturday March 24 against an opponent to be determined.

Single game playoff tickets and playoff packages can be purchased by calling the Compuware Sports Arena at (734) 453-8400.

WHALERS FACE GARAY:

Former Plymouth goaltender Justin Garay had a hard time sleeping last week before the Whalers played last Friday in Erie.

Garay has had an injury-plagued season, but has come back in March in a bid to stake a claim for regular work in Erie next season as an average.

"They (the Whalers) were the better team," Garay told the Erie-Times News after Plymouth's 5-1 win over the Otters. "They are workmanlike. They don't beat themselves. I thought I competed pretty well. I think we just got out-teamed. I'm glad it's over."

Crusaders wrap up trip with 3-2 win

The Madonna University baseball team finished up a successful spring trip to Pace, Fla. with a 3-2 triumph over Fisher College (Mass.) Saturday, behind the pitching of senior righthander Josh Regits.

The Lake Orion product earned his first victory as a Crusader, pitching six and 2/3 innings and fanning a career high nine.

Senior reliever Mike Hand (North Farmington) closed out the win, which improved MU's record to 8-5.

It was his first collegiate

COLLEGE BASEBALL

save.

Madonna scored three runs in the first three innings after an RBI double by senior outfielder Tony Luttmann (Farmington) in the first inning, an RBI single by sophomore infielder Ryan Morrow in the second inning and an RBI sacrifice fly by senior outfielder Manny Alvarado (Southfield) in the third, which

proved to be the winning run.

The Falcons (2-1) plated two runs in the seventh inning to chase MU starter Regits from the game before Hand came on to secure the win.

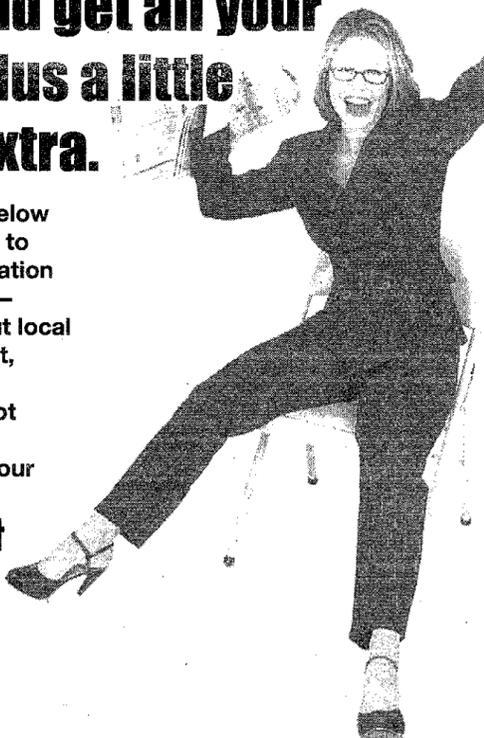

The Crusaders now will gear up for the home opener, a doubleheader slated for 1 p.m. Saturday at Ilitch Ballpark against Malone College of Ohio. Ilitch Ballpark is located adjacent to Ladywood High School off Newburgh between I-96 and Five Mile Road.

3000 POLICY

All advertising published in the Observer and Eccentric Newspapers is subject to the conditions stated in the applicable rate card. Copies are available from the advertising department, Observer and Eccentric News-papers, 36251 Schoolcraft, Livonia, MI 48150 (734) 591-0900. The Observer and Eccentric Newspapers reserve the right not to accept an advertiser's order, Observer and Eccentric Newspapers sales representatives have no authority to bind this newspaper and only publication of an advertisement shall constitute final acceptance of the advertiser's order. When more than one insertion of the same advertisement is ordered, no credit will be given unless notice of typographical or other errors is given in time for correction before the second insertion. Not responsible for omissions. Publisher's Notice: All real estate advertising in this newspaper is subject to the Federal Fair Housing Act of 1968 which states that it is illegal to advertise "any preference, limitation, or discrimination." This newspaper will not knowingly accept any advertising for real estate which is in violation of the law. Our readers are hereby informed that all dwellings advertised in this newspaper are available on an equal housing opportunity basis. (FR Doc. 724983 3-31-72) Classified ads may be placed according to the deadlines. Advertisers are responsible for reading their ads (s) the first time it appears and reporting any errors immediately. The Observer and Eccentric Newspapers will not issue credit for errors in ads after the FIRST INCORRECT INSERTION. Equal Housing Opportunity Statement: We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion or national origin. Equal Housing Opportunity slogan: "Equal Housing Opportunity." Table III - Illustration of Publisher's Notice.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How it Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
