Council says no to cost of creek's flood plan

BY SUE MASON
OBSERVER STAFF WRITER

Wayne County will have to go ahead with a design and engineering study of the north branch of the Ecorse Creek with out the support of the City of Westland.

A majority of the Westland City Council last week voted against a resolution supporting the study, by and large, due to the project's proposed cost to residents living south of Michigan Avenue.

"I won't support this," said Councilman Dewey Reeves. "I can appreciate that this is a burden to those residents."

"We vehemently disagree with the overall cost of the project," said Council President James Godbout. "The formula is skewed."

The county is proposing a \$240 million flooding mitigation plan involving 40 communities, including Westland. The design and engineering study, which would cost \$7-10 million, would determine if the

plan is viable. But the heart of the dispute for city officials is an \$1,000 per year assessment of the Westland properties affected by the mitigation plan.

About 2.3 percent of the creek, or about 1,100 feet, runs through Westland and the city would be assessed for only that portion. It would affect 960 properties, 860 of which are homes.

According to Kevin Bufford, director of public services, the county is looking at clearing up flooding along the creek downstream from Westland

by widening areas of the creek, straightening it out and making it deeper.

"There's a considerable number of homes that would have to be taken to widen the creek," he said. "The communities downstream will be adversely affected."

City officials believe Westland would be assessed for more than its fair share of the project because the city is at the "headwaters" and contributes a higher amount of water to the creek. In the resolution, the city

had demanded that by 2011 the county re-evaluate its method for determining the assessment roll, using information gathered in the study, to reflect the city's "true and actual, measurable and quantifiable impact on downstream flooding conditions."

According to Reeves, the \$1,000 figure for an assessment per home per year for 30 years would raise \$24 million, a hefty amount for having only 1,100 feet of the creek in the city.

"That's ridiculous," Reeves said.

A number of communities have passed resolutions supporting the study and many have yet to take any action, however, Godbout isn't sure if Westland is the first community to say no.

"In my opinion, it's unfortunate," he said. "We need to figure out a path to follow before it's mandated. At least, the resolution gave our opinion that the formula wasn't crafted properly and puts a burden on our residents."

Dilly the Clown, AKA Grace Judd of Westland, is still making people smile at age 94. Even though she retired in 2006, she's her 'extended family,' the Clowns Around Redford are 'stuck with me.'

Music, clowning fill her 2nd journey

BY SUE MASON

In 2006, Grace Judd gave up her funny clothes and red nose. At the time, she described clowning as her first journey and retirement was her second journey. Little did she know the first would become a part of the second.

A resident at American House on Hunter in Westland, Judd's journey today includes exercising five days a week, walks when the weather's nice, dancing and even slipping on her red nose to join her friends for some clowning.

"It's a journey and life is what you make of it," said Judd. "You can sit and let life go by or you

can have fun and make others happy."

At age 94, Judd is showing no sign of slowing down, especially when the music plays.

"When the music starts, my feet start," said Judd. "And I don't need a partner. I tell them to hold my cane, I need

Deadline is Monday to fill W-W school board seat

Time is running out for people interested in serving on the Wayne-Westland school board.

So far, three residents have expressed an interest in filling a vacancy on the seven-member board in advance of the 4 p.m. Monday deadline. The school board is accepting letters of

interest, resumés and any other pertinent information at its offices at 36745 Marquette, east of Newburgh in Westland.

The board is filing a vacancy created when Trustee Frederick Weaver resigned last month after taking a job in Midland and changing his primary

residence and voter registration, making him ineligible to serve on the Board of Education.

The six remaining six school board members will interview candidates at a special board meeting at 6 p.m. Monday, Sept. 15, and then vote to select a new trustee. The candidate appoint-

ed to fill the vacancy will be sworn in in time to participate in the Sept. 22 school board meeting. He or she will serve until the term expires on June 30, 2009.

For more information, call Superintendent Greg Baracy's office at (734) 419-2010.

Police say driver had been drinking before accident

BY SUE MASON
OBSERVER STAFF WRITER

A 21-year-old Livonia man is free on bond after being arraigned on charges stemming from an Aug. 3 fatal hit-and-run accident in Westland's north end.

Wesley Sanborn faces a preliminary hearing on three felony charges related to the death of Gary Brown, 27, also of Livonia, who was struck and killed while walking along Joy Road.

Westland Police Officer Jack McIntosh testified in 18th District Court that Brown was walking along Joy Road near Ravine at about 4:54 a.m. Aug. 3, when he was struck and seriously injured by a 1996 green Chevrolet TrailBlazer which failed to stop. Brown, who sustained severe blunt force trauma, died the next day St. Joseph Mercy Hospital in Ypsilanti.

McIntosh also testified that Sanborn was driving from a friend's apartment to his home to sleep, when the accident occurred. He told police he had been distracted by a cell phone and thought he had hit a mailbox.

Police used pieces of the vehicle found at the accident scene to identify the make and model. A vehicle matching the description and with body damage was stopped by Westland police at 11:50 a.m. that same day on Joy Road about 800 feet from where the accident occurred.

McIntosh testified that the defendant "smelled of intoxicants and had glassy eyes" when he was stopped in his 1996 Chevy TrailBlazer and registered a 0.3 on a Breathalyzer test administered at 3:30 p.m.

"The defendant said he had consumed alcohol before the accident," McIntosh said. "He said he had consumed it up until 3:30-4 a.m."

Sanborn is charged with manslaughter with a motor vehicle, operating a vehicle while impaired causing death, and leaving the scene of an accident causing death. If convicted, Sanborn could face up to 15 years in prison and/or fines of up to \$10,000. A not guilty plea was entered on his court file.

Sanborn's attorney William Montgomery requested a personal bond for his client who is enrolled in the fall session at Madonna University.

"This is a terrible situation, his first offense," Montgomery said. "He has the support of his family, he's not a threat to society."

Judge C. Charles Bokus declined, citing the seriousness of the charges. Instead he set bond at \$10,000/10 percent, ordered Sanborn not to consume alcohol and to report to the probation department three times a week to be tested for alcohol while the case is pending.

"Any positive test will result in the bond increasing substantially," Bokus said. "You are not to consume alcohol while on bond, do you understand that?"

Sanborn nodded in response to the question. He also waived his right to a hearing within 14 days of his arraignment. The hearing will determine if he should be bound over for trial on the charges.

All money raised will be donated to are organizations to help people in the community. Past recipients have included the Salvation Army, Wayne County Family Shelter, Habitat for Humanity, World Hunger (CROP Walk), St. Mary's Outreach Center and the John Bolde Food Depot, the church's mission partner, Trinity Lutheran Church, and for food baskets for Adams Middle School families.

The cost to participate is \$25, if you bring your own table, and \$35 to use one of the church's eight-foot-long tables. For more information, call (734) 722-1735 or (734) 722-4363.

Coffee Hours

State Rep. Richard LeBlanc, D-Westland, will hold his next local coffee hour 9-10:30 a.m. Monday, Sept. 8, at the Westland Bailey Recreation Center, 36651 Ford. Citizens are welcome to visit with LeBlanc and discuss issues and/or concerns. The local coffee hour takes place on the second Monday of each month.

LeBlanc also invites residents to join him for refreshments and an informal fireside chat 6-8 p.m. Monday, Sept. 8, at the William P. Faust Public Library, 6123 Central City Parkway, Westland. For information, call LeBlanc toll-free at (888)-737-5925 or at (517)-373-2576 or send an e-mail to richardleblanc@house.mi.gov.

State Sen. Glenn Anderson, D-Westland, also will hold local coffee hours in Westland and Redford Monday, Sept. 8. He will be at the Bailey Recreation Center, 36651 Ford, Westland 9-10 a.m., then move to Redford for a 10:30-11:30 a.m. coffee hour at the Redford Community Center, 12121 Hemingway. Constituents who are unable to attend may contact him by mail at P.O. Box 30036, Lansing, MI, 48933; by phone at (517) 373-1707; or by e-

mail at SenatorAnderson@senate.michigan.gov.

Historic park events

The Westland Garden Club will have a plant exchange 9 a.m. to 2 p.m. Saturday, Sept. 13, at the Westland Historic Village Park, on Wayne Road between Marquette and Cherry Hill.

Friends of Eloise

In other events at the historic park, the Friends of Eloise meets at 7 p.m. on the third Tuesday of the month at the Collins House, and the Westland Historic Society meets at 7 p.m. on the second Tuesday of the month, also at the Collins House.

Golf outing

John Glenn High School's wrestling program will have its 11th annual golf outing fundraiser on Saturday, Sept. 20, at Warren Valley Golf Course. Cost is \$85 for golf, cart, lunch at the turn, and dinner. Please contact Judy at judylaw1122@yahoo.com or (734) 634-4595 for more information or to make reservations. More information also is available at www.glennwrestling.com.

Dance clinic

The Westland Stars will begin their new season with the team learning pom, jazz, hip-hop and lyrical styles of dance. Clinics will be 6-8:30 p.m. Thursdays on Sept. 11 and 18. Try-outs will be 6-8:30 p.m. Thursday, Sept. 25.

All classes will be held at the Bailey Recreation Center's multipurpose room. The team is open to children 10-14 years old or in fifth- through ninth-grades from Westland and the surrounding area. Those attending should come dressed to work out and bring a bottle of water.

For more information, call (734) 722-7620.

ACT testing

Students interested in taking the next ACT college admissions test and placement exam must register by Sept. 19. Late registrations, with the additional fee, will be accepted until the final postmark deadline of Oct. 3. Students can register online at www.actstudent.org, or pick up registration packets from high school counseling offices.

The cost is \$31 for the traditional ACT and \$46 for the ACT Plus Writing. Some colleges require or recommend ACT's optional Writing Test score, so students should find out the requirements of prospective colleges before registering for the exam. ACT scores are accepted by all four-year colleges and universities in the United States.

The test will be administered on Oct. 25. Additional information about registration for those with special needs can be found at www.actstudent.org. Students in need of financial assistance should visit their school counselor for qualification information and to apply for a fee waiver.

ACT's Web site (www.actstudent.org) has information, free sample tests and the opportunity to order inexpensive test preparation materials.

Preschool enrollment Willow Creek Cooperative Preschool is accepting enrollment into its Parent/Tot, Young 3's, 3-year-old and 4-year-old programs. The preschool is at 36660 Cherry Hill in Westland. For more information, call (734) 326-0078.

Health workshop

The National Kidney Foundation of Michigan, the Arthritis Foundation and American House will host a free health workshop at the American House Senior Living facility in Westland, 1660 Venoy Road. The workshop will meet once a week for six weeks to help people manage ongoing health problems. The PATH Workshop is designed to provide knowledge and skills to adults with chronic health conditions such as arthritis, heart disease, diabetes, emphysema, asthma, bronchitis and depression. The six-week workshop will run 1:30-4 p.m. Thursdays from Sept. 11 to Oct. 16.

Pre-registration is necessary and enrollment is limited. To register, call the American House Senior Living Residence at (734)-326-7777.

Comedy night

The Westland Rotary will present its "Comedy for a Cause" benefit 8 p.m. Thursday, Sept. 18, at Joey's Comedy Club, 36071 Plymouth Road in Livonia.

Proceeds will support Rotary's charitable work.

Tickets for the comedy night are \$15 each and available through club members and at C&M Printing and Imaging, 5854 N. Wayne Road, north of Ford Road (east side) in Westland. Information is available from Mary at (734) 729-5401.

The event is suitable for adults only.

Meals drivers needed

Residents who have the time and available transportation can help the elderly delivering meals to homebound seniors as part of the Meals on Wheels program. The route can be done in approximately 45 minutes, and mileage is paid to the driver. Half the route is a senior high-rise lobby drop-off, the other consists of a condo route.

For more information, call Barbara Ramseur at (734) 722-7632 9 a.m. and 1 p.m. Monday through Friday.

YWCA enrollment

The YWCA of Western Wayne County's preschool programs are now accepting registration for the fall.

The YWCA offers quality programs to children 2-5 years old at no cost to most families. There are many locations available throughout the community. Home-based programs also are available. Children learn valuable skills needed for future socialization and educational growth.

For more information on these programs, or to enroll a child, call the YWCA's Education Department at (313) 561-4110, Ext. 10.

to dance." When a fellow resident asked her to teach her the steps, she tells them she never knows what her feet will do.

Judd's love of dance goes back to parochial school where the sisters would put on a "big revue" to raise money. She was always one of the dancers. She's thankful for that opportunity. Because of them she learned the Charleston, the Irish Jig and the Highland Fling.

"Oh, I love to dance," she said. Judd admits the transition to assisted living wasn't an easy one. She worried about the other residents liking her and was re-assured by the director who told her that she had "made a big impression" at the facility. It was what she needed to hear. Now, she jokes that they think she's the "cat's pajamas."

She's a night person and doesn't apologize if she sleeps in. After all, it was her mother who told her the best medicine is sleep.

"I've never forgotten that," she said.

And she's not forgotten her clowning. She keeps in touch with her Clowns Around Redford friends, they are her "extended family." Known for 20 years as Dilly the Clown, she still gets together with them on occasion. Last month, she was at Vicky's Homemade Ice Cream in Redford to help make a 50-foot banana split in celebration of National Clowns Week.

"They can't get rid of me, they're stuck with me," Judd said with a laugh.

Even her children have been supportive of her clowning. One daughter thought she was a great clown - again "the cat's pajamas." And they've even learned to call her Dilly. She doesn't answer to mom.

"I say I have a wonderful

family and they end up saying they have a pretty wonderful mother," she said. "I must have done something right."

As for clowning, "it's sort of inside me," Judd said.

"Even though I'm retired, sometimes someone says something to me and I come back with a clown answer," she added. "I never know what's going to come out of here (her mouth)."

Yearlong program looks at the 1960s

The Westland Public Library will host a yearlong series of programs, titled "The Sixties @ the Library."

The series begins with "Welcome to the '60s" at 7 p.m. Wednesday, Sept. 17. Dr. Heidi Ardizzone, professor of American Studies at the University of Notre Dame and visiting assistant professor of history at the University of Michigan, will provide an overview of the decade, one of the most fascinating time periods in recent history.

Each month will feature a

movie from the '60s. The first movie is *Psycho* which will be shown at 1 p.m. Saturday, Sept. 20.

There will also be a monthly book discussion group. September's featured selection is *To Kill a Mockingbird*. The discussion group will meet at 7 p.m. Wednesday, Sept. 24. Register and pick up your copy of the book at the library's Reference Desk.

All programs are free and open to the public. To reserve a seat, call the library at (734) 326-6123.

YWCA offers parenting classes

Have you ever wanted parenting advice on tough issues, but don't know where to turn for advice?

The YWCA of Western Wayne County is offering a series of Parenting Classes that address controversial issues many parents struggle with!

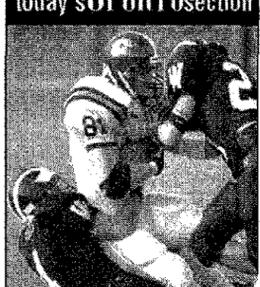

The YWCA's Parenting 101 Program provides parents with the support and advice needed for the parenting dilemmas of today. Dorcas Smith, a recognized parenting facilitator, will be presenting a series of seven parenting classes based on the Love and Logic Curriculum. Classes will provide tips on raising children of different age groups.

Classes will be held 6-8:30 p.m. the second or third Thursday of the month and will run from September to April. They will address a variety of controversial issues all parents must handle. Dinner and babysitting will be provided for each meeting.

Parents can choose to attend the entire series for just one class. There is no cost to participate in this program, but space is limited. Call (313) 561-4110, Ext. 14, for specific dates of program and to reserve your space.

The YWCA of Western Wayne County is located at 26279 Michigan Ave. in Inkster.

LIKE NUMBERS? there are a pile of them in today's SPORTS section

Google is 10 years old

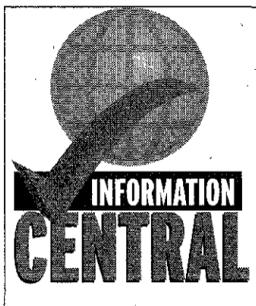

How could Google possibly be only 10 years old on Sept. 7?

What is arguably the world's most popular search engine has so infiltrated our lives and has even jumped parts of speech (see the verb, "to Google") that it sometimes seems as if it has been around forever.

If you want to learn the latest celebrity scandal, go ahead and Google the actor's name and you'll be led to thousands of sites, blogs and forums that have been analyzing the situation long before you ever knew it happened.

The stark home page of the Web site obscures the wealth of services beyond web searching that www.google.com has to offer. Not sure of the best way to get from one place to another? Accessing Google Maps allows you to not only map out and receive written driving directions, but you can also view traffic conditions and satellite images for your chosen route. Google Books offers full text viewing and downloads for an assortment of books and selections from an even greater number. You can even sign up for a free e-mail account, Gmail, through the Web site.

If you are interested in all of Google's features and how to use them, stop by the library and check

out one of our many books on the subject: "Googlepedia: The Ultimate Google Resource" by Michael Miller or "Schneider's How to Do Everything With Google."

Are you at all curious about the history of the company? Books such as "The Google Story" and "The Search: The Inside Story of How Google and Its Rivals Changed Everything" might also be of interest for the inquisitive reader.

In the midst of the unavoidable Google mania, it's important to remember that while Google is a great tool, using it as a sole source of information is not sound research in itself. For suggestions or instructions

on various research resources, see the Reference Desk at the Public Library of Westland or explore the "Research" tab on our Web site, www.westland.lib.mi.us.

MILITARY NEWS

Two Garden City residents serving in the Michigan Army National Guard have received promotions.

Samantha Ashton, a member of the 1776th Military Police Company in Taylor, Michigan Army National Guard, has been promoted to the rank of private.

Ashton, a Military Policeman, has been a member of the National Guard for one year. She attended basic training and Military Police Advanced Individual Training in 2008, at Fort Leonard Wood, Missouri.

A 2007 graduate of Garden City High School, Ashton is employed with Kroger in Garden City Michigan. Ashton

is the daughter of Traci LaCroix of Garden City.

Alex Pierpoint, a member of the 1776th Military Police Company in Taylor, Michigan Army National Guard, has also been promoted to the rank of private.

A Foodservice Specialist, Pierpoint has been a member of the National Guard for nine months. He attended basic training in 2008, at Fort Sill, Okla. and graduated Foodservice Specialist Advanced Individual Training at Fort Lee, Virginia in 2008.

Pierpoint is the son of Michelle Pierpoint of Garden City.

Buying or leasing car depends on your situation

Dear Rick: I know you have addressed this issue in the past, but I need help. I don't know whether I should buy or lease a car. If I buy the car it will cost about \$150

a month more than leasing it. I generally keep a car five-10 years and I drive anywhere from 8,000-10,000 miles a year. The salesperson is pushing me to lease. What do you think?

Money Matters

Rick Bloom

In your situation you should purchase the car.

In buying vs. leasing there are a number of issues. The first and the most important one is how long you plan to own the car. When you factor in how leases work, repair and maintenance required, leasing is only viable if you plan to keep the car four years or less.

When you keep the car for five years and factor in the required repairs and maintenance, leasing

is not economically viable. The one exception is every so often in order to push sales, car manufacturers will give extraordinary deals on leasing a car. In those situations it may pay to lease the car and at the end of the lease buy the car.

In light of what has recently happened with leases, incentive deals are going to be few and far between.

Another issue that factors into the equation is how many miles you drive the car per year. If you drive over 15,000 or 16,000 miles a year, leasing is not a viable option.

Since you plan to drive the car 8-10,000 miles a year and hold it at least five-10 years, purchasing is the way to go.

The next issue to consider is do you finance the car or do you pay cash. It is a matter of interest rates. If you can obtain a loan at a low rate — 2-3 percent — then it makes sense to finance the car. On the other hand, if you were going to pay 5-6 percent and considering that the interest is not tax-deductible, I recommend paying cash for the car.

Don't forget to shop around for financing. Talk to the car dealer, do online research and, if you belong to a credit union, check out the rates.

Decide whether to buy or lease the car before you visit a dealership. This will help narrow your decision process, allowing you to focus on which is the best automobile to obtain.

Dear Rick: Our daughter just started Michigan State University as a freshman and I tapped into our Michigan Education Savings Plan for tuition and other costs. It was easy to get the money from our account. My question is what documentation, if any, do I need to file with the IRS when I do my 2008 tax return?

Congratulations on your daughter going to Michigan State. It is my alma mater and I have no doubt that she will enjoy herself and receive a great education.

You do not need to report the MESP money to the Internal Revenue Service nor do you need to file anything with your tax return.

You do, however, need to keep documentation as to how you spent the money. Canceled checks and receipts are generally all that is needed. This documentation should be kept in your tax file and will serve as documentation if you are audited.

The beauty of the MESP is that money can be withdrawn for any qualified education expense which includes room and board, tuition and required fees.

For example, at MSU, incoming freshmen are required to have a computer. Money from a child's MESP can be withdrawn tax-free and used to purchase the computer.

The cost of college is continuing to rise. The sooner you start saving the easier the burden will be for your child.

Program is registering young naturalists

The Environmental Interpretive Center at the University of Michigan-Dearborn is accepting registration for its 2008-2009 Young Naturalist Program, a four-season study of the natural world for children ages 9-12.

Program sessions, which are held once a month September through June, give participants a chance to combine experiences in the outdoor classroom with indoor laboratory investigations using microscopes and other scientific tools.

Each participant will receive a field pack with a journal, hand lens, bug box and field guides to use during the program. Participants will spend most of the program outdoors exploring the campus's Natural Areas with trained UM-Dearborn student naturalists.

The cost of the program is \$70. The last day to register for the program is Sept. 25. For more information, or to register, call 313-583-6371.

Michigan Military Moms walk on Sept. 13

The Michigan Military Moms (MMM) will hold their Second Annual MMM Walk for the Troops at Dearborn's Ford Field (on Brady between Cherry Hill and Michigan Ave.) at 11 a.m. Saturday, Sept. 13.

Check-in tables will open at 9:30 a.m. at the large pavilion just across the covered bridge. No need to collect pledges; walkers pay a flat fee to register. Advance registration is recommended to ensure that all registrants receive a 2008 MMM Walk t-shirt.

Registration forms are available online at michiganmilitarymoms.org or by phoning Kathy Demko at (313) 919-1589.

Registration fees are \$25 for adults, \$10 for youths (ages 10-17) and \$15 for seniors (over 65).

Children 9 and under walk for free (sorry, no t-shirt) but every walker—even the little ones—must submit a

registration form. Proceeds from the Walk will be used to benefit the troops, with special emphasis on providing equipment for injured troops and purchasing care package supplies.

Participants do not need to be a member of the MMMs to participate. The walk distance is not quite two miles and although everyone starts the walk together, participants can walk it at their own pace. Last year was the first year the MMMs sponsored the MMM Walk and approximately 100 walkers participated from all over southeastern Michigan.

"Our total focus is on the troops and the families of the troops," said Kathy Demko, chairperson of the 2008 MMM Walk. "We're a non-political organization, and regardless of our personal opinions about whether the war should end or the war should continue, the fact

is, the war is still going on right now! Our troops need to know that we're thinking of them and that they have the support of all the men and women in this country." Demko, whose son is a U.S. Marine currently deployed in Afghanistan, explains that the MMMs are a great support network for Moms of troops in every phase of their military careers and all branches of the service.

Michigan Military Moms was founded in July 2002 by a small group of military Moms led by Susan Klotz, of Allen Park, whose son was in the Air Force at the time. In February 2007 the organization incorporated in the state of Michigan as a Non-Profit Organization under the leadership of MMM Maureen Van Hooser of Dearborn. It is now in the process of obtaining its 501(c)(3) tax exempt status.

State's residents are ahead of leaders on the need for reform

The way Michigan government works badly needs a major overhaul, but you might think the prospects seem dim indeed. After all, the "Reform Michigan Government Now," fiasco ended last month with the courts ruling the complex amendment off the ballot.

Phil Power

But it is clear that our state's top business leaders are overwhelmingly convinced that something needs to be done — at least according to a statewide summer poll recently taken for Detroit Renaissance, the high-powered business leadership group.

The vast majority — 87 percent of those responding — say our political leaders have done only a fair to poor job of balancing the state's budget and setting clear spending priorities.

Almost as many (81 percent) believe lawmakers are making short-term taxing and spending decisions that promote their survival in office from year to year, rather than working on policies that promote Michigan's long-term prosperity.

This is hardly surprising. The poll was taken in late July, when the memories were still vivid of last fall's near-meltdown of state finances, caused in part by an inexperienced, term-limited Legislature.

Politicians are human beings, just like the rest of us. And it's simple human nature to try to duck unpleasant stuff, which for lawmakers in Lansing means unpopular, but necessary, votes.

So term-limited legislators all too often kick the can down the road by leaving the tough votes to their successors.

The poll also shows deep and grim pessimism about our future. More than four out of every five Michigan voters think the state is on the wrong track, and 74 percent think Michigan's economy will either stay the same or get worse next year.

So it will come as no surprise that a solid majority — 56 percent — wants major structural reforms in Lansing. Yes,

but what kind of reform? Remarkably, a half-dozen ideas all got majority support among all demographic groups surveyed:

- Save money by finding other means of punishment for non-violent offenders, other than going to prison (79.3 percent).
- Increase state employee health care premiums (74.5 percent).
- Change the retirement system for new teachers (74.1 percent).
- Increase state employee health care deductibles and co-pays. (72.5 percent).
- Impose small co-pays for Medicaid-related health services (63.3 percent.)
- Release some non-violent offenders from prison before their normal parole date (58.8 percent).

Our basic problem is this: Michigan's state budget has suffered from years of chronic "structural deficits." That means the system is built so that the state spends more money on programs and services than it takes in from various taxes. Worse, these costs are bound to increase faster than any revenue gains arising from a more prosperous economy.

Although the Legislature raised both income and business taxes last year to overcome the \$1 billion-plus structural deficit that then existed in the General Fund, it was a temporary solution. Virtually all experts predict that structural deficits will return — with a vengeance. Left unresolved, it could reach \$10 billion by 2017!

Tricia Kinley, the tax expert at the Michigan Chamber of Commerce, agrees. In a July article in *The Detroit News* commenting on "quiet" budget agreements this year in Lansing, she wrote: "We could spin our wheels all day long trying to pursue major reform in Medicaid costs, prison costs and pension reforms. But until we 'turn off the faucet' of spending increases (at least turn it down) the Legislature and administration will not be forced to come together and do what's right for the long-term health of our state's financial and budget situation."

When asked what to do about the continuing budget problems, there was much

greater diversity. Some 6.1 percent polled were in favor of solving the problem solely by raising taxes. Another 21.3 preferred to solve the problem entirely by reducing state spending. But a solid majority, 56.4 percent, opted for moving toward serious structural reforms in state government.

And when it comes to the voters, the sentiment is near-unanimous. An amazing 95 percent say reform is personally important to them.

Incidentally, the poll was taken by the Chicago-based Glengariff Group, Inc., for Detroit Renaissance, a group of top-level business executives in southeast Michigan. Though it has been around for many years, in recent months Detroit Renaissance has spurred itself to become a major policy mover and shaker, under the leadership of President Doug Rothwell and Domino's Pizza CEO Dave Brandon, chair of the Renaissance board.

Rothwell is blunt about the poll results: "The people of Michigan are ready for major reforms in the way government works and spends money. Year-to-year budget cuts and tax increases are simply making matters worse. We can't continue to postpone the inevitable: Michigan cannot work the way it has for the past 50 years, because we simply don't have the money we used to have."

And Lansing, take note: This poll provides solid support for an emerging effort to use the "lame duck" session of the Legislature — that between Election Day and the end of the year — to push far-reaching structural reforms of Michigan's government.

I can't help but be mildly encouraged by all of this. We've got a long way to go, but maybe, just maybe, that glimmer you noticed this morning was, at long last, the first light at the end of the tunnel.

OUR VIEWS

Drinking age must stay at 21

The presidents of nearly 130 colleges and universities, including Saginaw Valley State University in Michigan and nearby Ohio State University, have joined an initiative that asks elected officials to consider lowering the drinking age nationwide.

They maintain that 21 is not working because it encourages dangerous binge drinking.

They argue that young people ages 18-20 can enter into legal contracts, serve as jurors and join the military, but are told they aren't mature enough to drink.

The Amethyst Initiative, as it is called, encourages elected officials to engage in a public debate about the drinking age and the National Minimum Drinking Age Act, which in 1984 imposed a penalty of 10 percent of a state's federal highway appropriation on any state setting its drinking age lower than 21. By 1988, all states had adopted the new minimum drinking age.

We oppose lowering the drinking age from 21, as do Mothers Against Drunk Driving (MADD), the majority of voters surveyed and the National Transportation Safety Board, which released a statement last month.

According to MADD, the National Minimum Drinking Age Act has saved an estimated 25,000 lives since it was passed 24 years ago.

Since the early 1980s, the number of young people killed annually in crashes involving drunken drivers under 21 has been cut in half, from more than 5,000 in the early 1980s to nearly 2,000 in 2005.

Also, research indicates that when the minimum legal drinking age is 21, people under age 21 drink less overall and continue to do so through their early 20s.

According to a survey released last month by Nationwide Insurance, 78 percent of adults support 21 as the minimum drinking age and 72 percent think alcohol would be more accessible to kids if it were lowered.

We suspect the real reason university officials support a lower drinking age is that they want to get out from under the responsibility of policing alcohol use on their campuses.

Instead of supporting the misguided Amethyst Initiative, they should be helping to find real solutions to the dangerous problem of binge drinking.

We encourage our readers to write their elected officials and urge them to keep the drinking age intact at 21.

Visiting municipal officials weigh in on Kilpatrick plea

BY STACY JENKINS
OBSERVER STAFF WRITER

Joe Shumway knows the road to healing a city is a tough one.

Shumway was the mayor of Laramie, Wyo., in 1998, when the town of 27,000 residents made national and international headlines following the brutal hate crime beating death of a 21-year-old gay college student, Matthew Shepard.

Shumway said he dealt with the fire storm of media coverage in a deliberate way, noting Detroit city officials should

do the same this week, as Detroit Mayor Kwame Kilpatrick pleaded guilty to felony charges.

"We were up front that there was a problem and that we were going to get through it," said Shumway, who is visiting the Detroit area with a group from the National League of Cities Public Safety Crime Prevention Committee, hosted in Farmington Hills by Councilman Ken Massey. "It was a black day in the city of Laramie, Wyoming, but we got through it."

Shumway, and 28 other public officials from around the nation, paid close attention to Thursday's developments concerning Kilpatrick's guilty pleas and resignation.

"They've all asked about it," said Farmington Hills Mayor Jerry Ellis. "All we could do was tell them what we know. Obviously, this is a waste of a very talented person. There's nothing to feel good about, but at least now, the City of Detroit can move forward and this cannot adversely affect us any more."

Steve Larson, who is mayor of New Brighton, Minn., has been following the Kilpatrick situation for awhile. He knows what the city is going through. He served on the council in Washington, D.C., when then-Mayor Marion Barry was convicted on drug charges and sentenced to six months in jail in 1990.

Larson said politicians "will always get caught" when they "think they have too much power that they'll get away with it."

"They're human, and they make mistakes, but they're not above the law," said Larson.

He doesn't think the Detroit area is being cast in a poor light because of Kilpatrick's actions.

"It's the individual who made a bad mistake, it's not the area," he said.

Rebecca Cavanaugh-Miller, a council member in Thornton, Colo., said it's a sad situation. "It makes us all look bad (as public officials)," she said. "It puts doubt in all citizens' minds, and makes them think we are all corrupt."

Livonia Clarenceville football may not be all the way back, but it's close.

It may not be quite the Tim Shaw glory days just yet, but the Trojans appear to be threat again to win the Metro Conference title following a convincing 47-27 triumph Friday night over Bloomfield Hills Cranbrook.

After going 1-8 a year ago, Clarenceville is now 2-0 overall.

The Trojans piled up a total of 434 yards on the ground, led by 5-foot-7, 132-pound junior Levonte' Brooks, who finished with 238 yards on 14 carries.

The Trojans led 34-0 at half-time and invoked a running clock briefly late in the third quarter by going up 41-0.

Cranbrook coach Gary Gerson, whose team slipped to 0-2 overall, left Clarenceville's field convinced the Trojans are for real.

"Their reminiscent of the (Greg) Hudkins' success and I hope their coach (Ryan Irish) takes it as a compliment, and I think he will," said the Cranbrook coach, referring to Trojans' state tournament runs under Hudkins during the 2000 and 2001 seasons. "What a dif-

ference they are from last year. They're disciplined and strong. Ryan Irish has a vision and it's taking shape."

Despite a fumble on their first drive, things took shape quickly for the Trojans during the first quarter when sophomore D'Ondre Hogan scored on their next series on a 10-yard run. Hogan added 95 yards on 11 carries before going out of the game with a bruised knee late in the second quarter.

Churchill golf win

Livonia Churchill opened its Kensington Lakes Activities Association-South Division girls golf schedule Friday with a 199-205 win over Livonia Franklin at Whispering Willows.

Co-medalist Lexi McFarlane led the Chargers with a 46 followed by Jordyn Shepler (49), Jessica Burdette (50), Sarah Linder (54), Samantha Proben (58) and Stephanie Panaretos (59).

Co-medalist Natalie Polakowski led Franklin with a 46 followed by Sam McAtee (50), Alexis Smith (53), Georgia Patrick (56), Heather deGuise (56) and Lauren Beahon (65).

Titans boot MU

An NCAA Division 1 woman's soccer team visited Madonna University at Greenmead Field on Friday, but the Crusaders could not spoil the visit as University of Detroit-Mercy came away with a 2-0 triumph.

The Titans (2-1-1) put plenty of pressure on Madonna goalkeeper Brittany Warner (7 saves), scoring one goal in each half and providing plenty of offensive support for goalkeeper Joanna Hinde (five saves for the shutout).

It only took 3:29 for UM-D to get on the board, as Alexandria Suschak's hard shot beat Warner. The only other tally came at 23:15 of the second half, when Selena Stanski managed to take the ball from Warner and maneuvered around her to chip a shot home.

The defeat dropped Madonna's overall record to 2-2-0.

S'craft, MU draw

The annual exhibition women's soccer match between Madonna University and Schoolcraft College finished in a 1-1 deadlock Wednesday at Greenmead Field in Livonia.

Schoolcraft alumna Jessica Austin got the Crusaders on the board with a goal during the first half, putting a shot behind Lady Ocelots' starting goalkeeper Kristen Donzilla.

With just 1:03 left in the match, the Lady Ocelots tied it when Clare Baptist set up Dena Sana, who made no mistake.

"I thought our players kept fighting and were relentless even with minutes left in the game," said Schoolcraft head coach Deepak Shivraman. "We have a lot of respect for Madonna and being crosstown rivals, we really look forward to this game every year."

Schoolcraft outshot Madonna 13-8 in the physical, hard-fought contest.

Both Donzilla and Ashley Chandler, who each played a half in goal for Schoolcraft, were strong in stopping Madonna's offense, Shivraman added.

KLAA-Central loaded up

After capturing 19 of 24 Western Lakes Activities Association girls swim titles, Livonia Stevenson will have to prove itself all over again after moving into the Central Division of the new Kensington Lakes Activities Association.

state champion in the 200-yard individual medley and 100-yard breaststroke; and Laura Timson, who took placed in the 500 freestyle and eighth in the 200 IM.

But not all is lost with the return of junior Ashley Gordon, who garnered fourth at the state meet in the 100 backstroke (1:00.63) and 11th in the 200 IM (2:14.13). She was also a member of Stevenson's runner-up 200 medley relay team and fourth-place 400 freestyle relay

took sixth in the 500 freestyle (season-best 5:08.66) and 11th in the 200 freestyle (1:58.52); junior diver Carla McNamara, who was 10th (335.45 points); and sophomore Kaylee Dolinski, who was 14th in the 200 freestyle (1:58.87) and 15th in the 500 freestyle (season-best 5:15.2).

Meanwhile, two new members of the KLAA's South Division, Westland John Glenn and Livonia Franklin, could make waves.

Glenn has its strongest team in over a decade led by senior Ashley Sells, who was fifth in Division 1 in the 100 butterfly (58.71) and 12th in the 200 IM (2:14.13).

Franklin also has a standout swimmer in sophomore Kayla Douglas, who placed seventh in last year's state meet in the 100 backstroke (1:00.37).

Franklin's 56-34 victory is sweet

Livonia Franklin's offense was running at high octane Friday as the Patriots scored 14 points in each of the four quarters to upend visiting Walled Lake Western, 56-34, in a Kensington Lakes Activities Association football crossover.

Franklin, minus four starters out injured including lead fullback David Fortin and offensive lineman Nate Robinson, had 474 yards total offense and picked off six passes to even its record at 1-1.

"It was a great win for us," Franklin coach Chris Kelbert said. "We had a new fullback, two new middle linebackers and a new offensive guard."

Third-string running back Chris VanTuyl picked up the slack, rushing for a team-high 122 yards on 17 carries. He scored on touchdown runs of 4 yards (first quarter) and 6 yards (fourth quarter).

Senior quarterback Mark McRobb also had an outstanding night hitting 6-of-11 passes for 163 yards including a 44-yard TD pass to Mike Baumgardner in the final quarter and pair of second-quarter TD tosses of 22 and 34 yards to Mike Gadsby.

McRobb also added a 35-yard TD run on a draw play in the third period. Other TDs came from Baumgardner on a 6-yard run in the first quarter and Gadsby on a 10-yard run in the third period.

Gadsby rushed for 81 yards on seven carries, while Baumgardner was 7-for-41.

Western quarterback Sam Welch scored on three TD runs and threw a 55-yard scoring pass to David Menoian, but was intercepted five times. He was 4-of-15 passing and rushed for 86 of Western's 149 yards.

Gilvanni Johnson also scored for the Warriors (1-1) on a 73-yard kickoff return in the third quarter.

Franklin got interceptions from Don Stratz (2), Gadsby, Connor Leidal, Justin Dean and Antoine Banks.

Glenn gets jump-started too late in loss to Pirates

It was too little, too late Friday for Westland John Glenn's football team as the Rockets fell to 0-2 on the year with a 10-6 setback to host Pinckney.

The Pirates (1-1) scored all 10 of their points in the second period including a 22-yard field goal with 10:05 left by Derek Kroeger followed by a 25-yard touchdown pass from Kroeger to Patrick Moore.

Glenn, scoreless for the first seven quarters this season, finally got on the board with 3:27 left in the game when Kamal Ayler scored on a 3-yard run to cap a seven-play, 60-yard drive.

Ayler finished with 101 yards on 14 carries, while wide receiver Jeremy Langford caught four passes for 83 yards.

Glenn had a total of 254 yards,

including 133 on the ground. Quarterback Jerome Scales was 9-of-17 passing for 121 yards.

Pinckney had a total of 297 as Jacob Adams was the leading rusher with 99 yards on four carries. Kroeger was 5-of-11 for 84 yards. Glenn had the edge in first downs, 15-12.

Mott stops Zebras, 22-14

Marc Pressley was the hero Friday as Waterford Mott (2-0) earned a 22-14 Kensington Lakes Activities Association win over host Wayne Memorial (0-2).

With Wayne driving in for the go-ahead points in a 14-all deadlock, Pressley stripped a Wayne ball car-

rier and raced 91 yards for a TD. The Corsairs then added a two-point safety.

Wayne got on the board first with 6:32 left in the first period on Nick Mills' 48-yard TD pass to C.J. Johnson.

Mott answered at the end of the quarter when Tyler Bush scored on a 10-yard run after Wayne fumbled at its own 14. But Mott missed the point-after to trail, 7-6.

With 2:03 left in the first half, Pressley scored on a 10-yard run and Tony Romero caught the two-point conversion pass from Bush to make it 14-7 at intermission.

Wayne rallied back early in the third period when Alex Bledsoe returned a Mott fumble 34 yards for a TD and Jesse Dorow converted his second PAT knot the count.

Glenn, scoreless for the first seven quarters this season, finally got on the board with 3:27 left in the game when Kamal Ayler scored on a 3-yard run to cap a seven-play, 60-yard drive.

Sean Ogle, converted from the line, led Wayne in rushing with 69 yards on 12 carries. Richard Haley added 66 on 14 attempts.

Pressley led all rushers with 166 yards on 18 carries.

The Pirates had the edge in total offense, 276-242.

Turnovers were a big factor as Wayne fumbled six times and lost four, while Mott had three and lost two.

Churchill notches key victory against Chiefs in KLAA-South

BY BRAD EMONS
OBSERVER STAFF WRITER

Livonia Churchill boys soccer coach Reid Friedrichs was ecstatic following Thursday's 4-2 triumph over Canton in an early-season showdown in Kensington Lakes Activities Association's South Division. "They played as a team and played for each other," said Friedrichs, whose team is 2-2 overall and 2-0 in the division. "We also got paid a nice compliment from their coach (George Tomasso), who said that in his six or seven years (as Canton coach) they had never given up more than three goals. I'm really proud of the boys."

The Chargers led 2-1 at halftime. Two of Churchill's four goals came off restarts.

Etienne Lussiez had a goal and assist for the Chargers, while teammates Adam Bedell and Drew Sieber each collected unassisted goals.

Jacob Herout, an exchange student from the Czech Republic, gave Churchill a two-goal cushion in the second half after the Chiefs cut the deficit to 3-2.

"Jacob was due, he had hit the crossbar three times, once in a scrimmage and the other two against Northville and Stevenson," Friedrichs said. "If it was a beautiful goal, a

one-time volley into the lower corner."

Chris DeNapoli, a senior, also picked up two assists in the victory.

"He played a great game," Friedrichs said of the outside-midfielder. "He was exactly where he needed to be."

Scott Zech and Mitch Reinhart scored goals for Canton (3-2-3, 1-1).

CLARENCEVILLE 2, HARPER WOODS 1: Phil Strachan tallied the game-winner with 12 minutes left to give Livonia Clarenceville (4-1, 1-0) the Metro Conference victory Thursday over the host Pioneers (1-2, 0-1).

Dustin Csokasy assisted on Strachan's goal, while goalkeeper Garrett Gregg (seven saves) preserved the victory.

Jimmy Moody's goal from Strachan staked the Trojans to a 1-0 halftime lead before Harper Woods' Egli Lika knotted the count a 1-1 with 25 minutes left in the match.

GARDEN CITY 4, FRANKLIN 2: John Selinski scored a pair of goals Friday to lead the host Cougars (4-0-1) to the non-league win over Livonia Franklin (0-6-1).

Vaughn Frederick and Ben Miskulin also scored for Garden City, which led 1-0 at intermission.

Steve Trapp scored both goals for Franklin with Travis Matthey recording both assists.

LUTHERAN NORTH 5, LUTH. WESTLAND 1: Jordan Holmes and Steve Neaton each tallied a pair of goals Thursday

as host Macomb Lutheran North (3-4, 1-0) tripped up Lutheran High Westland (2-2-1, 0-1) in the Metro Conference opener for both teams.

North led 3-1 at halftime as Austin Baglow tallied the Warriors' lone goal off a corner kick from freshman Mitchell Boehm.

"We couldn't match their speed of play," Lutheran Westland coach Rich Block said of the Mustangs. "They were fast, strong and very skilled. They moved the ball better and quicker than we did. They exposed our weaknesses. I saw some of our deficiencies that we need to work after tonight. But we'll move forward."

FRANKLIN 2, PLYMOUTH 2: Harold Blohme's goal with only 8:49 remaining Thursday enabled the Wildcats (3-3-1, 1-0-1) to earn a KLAA-South Division deadlock with host Livonia Franklin (0-5-1, 0-1-1).

Zain Qureshi's unassisted goal with 10:16 gave the Patriots a short-lived 2-1 advantage.

Blohme then answered 1:27 later. "They let them go through the middle and we got caught sleeping in the back," Franklin coach Vic Rodopoulos said. "But tonight our guys realized their capabilities. They worked hard and were able to stick to the game plan and things worked out. We have something to build on."

Plymouth led 1-0 at intermission on Bradley Finnegan's goal before the Patriots' answered with their first on Steve Trapp's score from Travis Matthey.

Junior Josh Sheppard went all the way in goal for Franklin, while senior sweeper Mike Geraci "played a heckuva game," according to Rodopoulos.

Howell's Witjes burns Spartans

PREP FOOTBALL

Robin Witjes proved to be a major thorn in Livonia Stevenson's side Friday night as host Howell upended in the Spartans, 35-21, in a Kensington Lakes Activities Association crossover football game.

Howell (2-0) broke a 21-all fourth-quarter deadlock with two scores including an 86-yard kickoff return by Nate Riffle followed by a 45-yard interception return by Witjes with only three minutes remaining.

Junior running back Bryce Lindberg opened the scoring with a 15-yard TD run in the first quarter and Witjes converted the first of his five straight extra points to make it 7-0.

Stevenson's star running

back Austin White, coming off a 240-yard performance in the season opener against Livonia Franklin, was limited to 40 yards on 16 carries. He scored on a 6-yard TD run in the first quarter and added a 3-yard score in the final quarter to knot the game at 21-21.

Stevenson (1-1) also scored on a last play of the first half when back-up quarterback Brendan O'Hara connected with Stephen Pollard on a 31-yard pass to pull the Spartans even at 14-all at halftime. That came after Witjes hauled in a 31-yard TD pass from Justin Svatora in the second quarter.

After both teams went scoreless in the third period, Witjes

put the Highlanders ahead 21-14 on a 25-yard run before White answered with his second TD.

"We had seized momentum, but that kick-off return was the back-breaker," Stevenson coach Tim Gabel said. "We were struggling with their defense. They blitzed a lot of and they had people in our face. That was their game plan."

The Spartans had 328 total yards, but only 103 on the ground. Howell had a total of 288 yards, including 197 rushing.

Stevenson quarterback Jacob Gudeman was 12-of-23 passing for 191 yards, but was picked off four times.

Mark Grisa also had a first-quarter interception for the Spartans.

Churchill run attack smothers Kettering

PREP FOOTBALL

Livonia Churchill's ground game chewed up Waterford Kettering for 428 yards Friday as the host Chargers rolled to a 37-14 Kensington Lakes Activities Association crossover football triumph.

Jeff Ricketts rushed for a team-best 153 yards on five carries, including a 66-yard touchdown run with 11:24 left in the third period to make it 24-0 and had a 74-yard TD run early in the final period. The senior running back's 47-yard punt return set up Justin Choma's 24-yard field goal early in the second quarter.

Quarterback Grant Morgan also chipped in with 125 yards on eight carries, including a 77-yard TD run with 6:31 remaining in the first half to put Churchill ahead 17-0. He also scored on a 16-yard run in the first quarter.

Tony Frezzell's 42-yard TD run in the final period completed the Churchill scoring.

Matt Kowalis added 93 yards on 11 carries, while Choma was 4-for-5 on extra points as the Chargers evened their season

record at 1-1. Kettering (1-1) had 291 total yards, including 142 on the ground.

Quarterbacks Kevin Truitt and Ryan Dingman were a combined 16-of-40 passing for 149 yards and one interception (by Jordan Grohoski).

The Captains scored a pair of fourth-quarter TDs via the air - Truitt on an 11-yard pass to Robbie Morimore and Dingman on a 14-yard strike to Kendall Smith.

Defensive end Bryan Lester, a senior, led the Chargers in tackles with 10.

Crusaders win 1st pair at Martin Tournament

The first day of the annual Julie Martin Memorial Tournament went as well as it could for host Madonna University, as the Crusaders reeled off two match victories.

After defeating Davenport University earlier on Friday, the Crusaders (10-1) outlasted Cedarville University of Ohio (3-3) in a tough, four-game set.

Madonna opened with wins of 25-19 and 25-22 before the Lady Jackets rebounded in Game 3, 25-20. But the Crusaders finished off the match with a 25-22 win in the fourth game.

As usual, the Crusaders were paced by the front-row offense of Lubovj Tihomirova (17 kills), Mary McGinnis (16 kills) and Whitney Fuelling (13 kills), with setter Inta Grinvalds tallying 50 assists.

Top MU defenders were Brynn Kerr (17 defensive digs) and Abby Long (10 digs).

Sarah Sheers (38 assists) was one of the bright spots for Cedarville.

Madonna got off to a rousing start at the tournament, earning a 3-0 triumph over Davenport (25-14, 25-12, 25-15).

Tihomirova and Fuelling led the Crusaders' attack with 15 and 11 kills, respectively. They were ably set up at the net by Grinvalds (31 assists).

Sparking the defense with seven digs was Kerr, with Amanda Koszela helping the cause with six digs.

Kayla Vandermolen collected 16 assists for Davenport (3-6).

Lady Ocelots triumph

Schoolcraft College improved to 8-3 overall and 5-0 in the Eastern Conference of the MCCA with a 21-25, 25-15, 25-22, 25-15 win Thursday over Flint Mott CC.

The Bears fall to 0-2 and 0-1.

Clarenceville spikers drop Wayne

Senior Marlene Azar came up with 11 kills and five ace serves Thursday night as Livonia Clarenceville spoiled host Wayne Memorial's season girls volleyball opener in four games, 22-25, 25-11, 25-20, 25-10.

"I feel we played well as a team," said Clarenceville coach Wendy Merschman, whose Trojans are off to a 2-1 start

after losing Tuesday to visiting Southfield Christian (25-18, 25-22, 25-18) following a season-opening win on Aug. 26 over host Hazel Park (25-21, 25-19, 8-25, 27-25).

Other Clarenceville standouts included junior Kat Hall, seven kills and six aces; senior Laisha Patterson, seven kills and three solo blocks; senior Katie Blacker, 10 assist-to-

kills; and junior Ashley Welch, 10 digs and seven assists.

Outside hitter Catie Badrak, right-side hitter Brittany Grubbs and middle hitter Kristen Miller each recorded four kills for Wayne. Miller also added two solo blocks and two digs.

Defensive specialist Rebecca O'Harris had a passing average of 87 percent.

GIRLS SWIMMING CAPSULE OUTLOOK

LIVONIA CHURCHILL

Head coach: Aaron Rieder, sixth year.
League affiliation: Kensington Lakes Activities Association (South Division).
Last year's finish: 11th (Western Lakes Activities Association); 0-5 (WLA-A Lakes Division).

Notable losses to graduation: Eren Ural, Emily Hiser, Ashley Cabadas.
Leading returnees: Samantha Reid, Sr., all-around; Kallea Stancer, Jr. diving; Katrina St. Pierre, Jr. diving; Katrina Nelson, Jr., freestyle; Haley Fox, Sr., backstroke-freestyle; Stephanie D'Annunzio, Jr., distance freestyle-backstroke; Loric Avanesian, Sr., backstroke-IM; Natalie Hiser, Soph., fly-IM; Tamara Marek, Soph., IM-distance freestyle; Tara Mlynarek, Sr., diving; Olivia O'Neil, Sr., breaststroke-sprint freestyle; Emily Parker, Sr., backstroke-freestyle; Ashley Robertson, Sr., sprint freestyle-backstroke.

Promising newcomers: Eran Ural, Soph., backstroke-fly; Allison Mayer, Fr. fly; backstroke; Erin Fitzpatrick, Jr. diving; Marisa Battista, Fr., all-around.
Rieder's 2008 outlook: "We've made huge improvements over the last three meets. We're swimming faster now than we did at the end of last season. This team is cohesive, dedicated and hard-working. They know there's a big challenge ahead in the conference, and they're up for it. Jamie Wells, a Churchill grad, is co-coaching with me. She's really going to be instrumental in our improvement."

LIVONIA FRANKLIN

Head coach: Kevin Hafner, second year.
League affiliation: KLA-A (South Division).
Last year's finish: 10th (WLA-A); 1-4 (WLA-A-Western Division).

Notable losses to graduation: Katie Kent, Rose Carpenter.
Leading returnees: Kayla Douglas, Soph., backstroke-fly (second-team All-Area); Natalie Cote, Soph., freestyle-IM; Colleen Anthony, Soph., freestyle; Jordan Haymour, Sr., backstroke-IM; Jessica Gilbert, Jr., backstroke; Dominique Jordan, Jr., fly-IM; Allison Gilley, Sr., diving; Catherine Studzinski, Soph., freestyle; Meghan Powers, Sr., sprint freestyle; Trisha Custer, Sr.; Marissa Birrell, Sr.

Promising newcomers: Kaitlyn Kozyn, Fr., freestyle-backstroke; Harley Wehenke, Soph., freestyle; Rachel Clark, Fr., freestyle.
Hafner's 2008 outlook: "We return a very strong sophomore class that will look to lead the Patriots this season. We expect to be competitive in our KLA-A division (South).

Kayla Douglas Franklin

Kaylee Dolinski Stevenson

Jordan Burgess John Glenn

Kayla Douglas returns as a state finalist in the 100 backstroke (third place finish) and Natalie Cote returns as a multiple event state qualifier. This should help improve our finish at the state championship meet in November. The addition of Kaitlyn Kozyn and returning sophomore Colleen Anthony should help our relays, which are looking to qualify for the state finals. Jordan Haymour, Meghan Powers, Trisha Custer, Marissa Birrell and Allison Gilley will provide a great deal of leadership for the team, both in the water and outside the pool. This is one of the best teams the Patriots has had during the past decade."

LIVONIA STEVENSON

Head coach: Greg Phill, 24th year.
League affiliation: KLA-A (Central Division).
Last year's finish: WLA-A champions; Division I state runner-up; 7-2 dual-meet record.

Notable losses to graduation: Brynn Marecki (first-team All-Area); Laura Timson (first-team All-Area); Megan Holycross (second-team All-Area); Blake Holtz (second-team All-Area); Emily Cauzillo, Nadia El-Sabeh.

Leading returnees: Ashley Gordon, Jr., IM-backstroke (first-team All-Area); Carla McNamara, Jr., diver (first-team All-Area); Savannah Hall, Soph., distance freestyle (first-team All-Area); Kaylee Dolinski, Soph., freestyle (second-team All-Area); Sarah Odyke, Jr., fly; Laura Holtz, Jr., breaststroke-freestyle; Charlotte Buckley, Sr., IM-backstroke; Kayla Perchall, Soph., breaststroke-sprint freestyle; Allison Keilahan, Jr., freestyle-breaststroke; Ashley Montini, Soph., freestyle-backstroke; Sara Healy, Sr., backstroke.

Promising newcomers: Ashley Reed, Fr., fly-IM-freestyle.

Phill's 2008 outlook: "We can't replace Marecki and Timson. Those are two big, huge losses for us. We're not too bad, but we're going to have to struggle a bit until we get our

depth-kids where we need to be. We have some good kids up front and we'll get better as the year goes on. There's going to be one good team that's going to finish fifth in our division. I don't know if we can win the division because there are five good schools - Salem is good, and South Lyon, Northville right behind us at state. It's going to be good competitive. It's a tough division. All those schools are good."

WESTLAND JOHN GLENN

Head coach: Randy Ferguson, 10th year.
League affiliation: KLA-A (South Division).
Last year's finish: sixth (WLA-A); 5-3 overall dual-meet record.

Notable losses to graduation: Kim Raley, Danielle Gunther, Ashley Britt.
Leading returnees: Ashley Sells, Sr. captain, freestyle-200 IM-backstroke (first-team All-Area); Jordan Burgess, Sr. captain, freestyle-medley relay (second-team All-Area); Casey Peterson, Jr., IM-freestyle-breaststroke (second-team All-Area); Khiry Sparks, Soph., freestyle-fly-breaststroke (second-team All-Area); Desiree Clenny, Soph., diving; Katy Harris, Sr. captain; Leslie Botts, Sr. captain; Margaret Wright, Sr. captain; Rachael Aihollina, Soph., distance freestyle; Jessica Fiehrer, Soph., sprint freestyle; Ashley Salberg, Soph., sprint freestyle-backstroke; Katie Moran, Soph., IM-backstroke; Jacquelyn Hewitt, Soph., sprint freestyle; Jennie Humbach, Soph., diving-IM-distance freestyle.

Promising newcomers: Kall Aloisi, Fr., all events; Lindsey Bessinger, Fr., fly-freestyle; Ali Zarate, Jr. diving-backstroke.
Ferguson's 2008 outlook: "This will be the best team I've coached at Glenn. Their legacy will be determined on how hard they want to work to reach the goals they have set. The South Division (KLA-A) should be very exciting because of the equality of the teams in the division."

WAYNE MEMORIAL

Head coach: Mike Grueber, 12th year; 2-9 dual-meet record.

League affiliation: KLA-A (South Division).
Last year's finish: 12th (WLA-A); 0-5 (WLA-A-Western Division).

Notable losses to graduation: Chelsea Randies, Paige Bawcum, Rachel Roth-Fuller, Mari Farmer, Amanda Hill, Chelsea O'Mara.

Leading returnees: Madelynn Bevil, Sr., sprint freestyle; Krystle Crandall, Sr., IM-breaststroke; Kara Windsor, sprint freestyle-breaststroke; Ili Lopez, Jr., diving; Ashlee Szabo, Jr., freestyle-breaststroke; Edina Whittenberg, Jr., freestyle-backstroke; Kaitlin Durden, Soph., IM-breaststroke; Kelsie Honeycutt, Soph., fly-breaststroke; Kellie Spehar, Soph., fly; Dominique Nestor, Fr., fly; **Promising newcomers:** Chole Pyne, Jr., freestyle-breaststroke; Amber Frost, Fr., freestyle; Alexa Girouard, Fr., freestyle-IM; Emily Luke, Fr., freestyle-backstroke; Brianna Wilson, Fr., freestyle-fly; Jamie Higgs, Soph., freestyle-breaststroke; Tabitha Grubbs, Fr., freestyle; Jennifer Tyson, Fr., freestyle; Aiyanna Moulton, Fr., freestyle.

Grueber's 2008 outlook: "This is a very young team, but our senior leadership is strong. Our success will be judge more by improvements and not by wins and losses. I'm pleased by what I've seen so far and I'm confident that these girls will continue to improve throughout the season."

LIVONIA LADYWOOD

Head coach: Jamie Perrine, eighth year.

League affiliation: Catholic League (Central Division).

Last year's finish: fourth (Catholic League); 6-6 overall dual-meet record.

Notable losses to graduation: Mandy Nameth, Kelley Hodges.

Leading returnees: Shannon Kelley, Sr., sprint freestyle; Allison Spitzley, Sr., diving; Annemarie Brinkman, Sr., fly; Brianna Wilson, Jr., backstroke; Mollie Pelon, Sr., IM.

Perrine's 2008 outlook: "We are smaller team for the second year in a row. Despite our smaller size we had a successful season last year and expect to continue on the same path this year. Last season one of our relays and a diver competed at 'states'. Allison Spitzley, a senior this year, placed 17th in diving. We have the potential to take a larger team to 'states' this year since we have more speed and depth across three relays and a number of individual events compared to last year. Overall, we have many challenging schools to compete against within our league as well as non-conference schools. Our goal is to maximize our meet wins, while focusing on our individual and relay best swim times and diving scores in order to get as many girls to 'states' as possible. I will consider the season very successful with a 6-6 record and a trip to 'states' in several events. The way the team has been working in practice thus far, I am looking forward to some great swims and high diving scores down the road."

2nd-half surge lifts Rockets past Wayne

Westland John Glenn has bragging rights over boys soccer rival Wayne Memorial - at least for another 18 more days - following a 4-1 victory Thursday over the host Zebras in a Kensington Lakes Activities Association-South Division match.

Jeremy Gagliard, Sergio Pavan, Khalid Sulieyman and Jacob Gates each scored goals for the Rockets, who pulled away from a 1-0 halftime lead. Nelson Kenne chipped in with a pair of assists.

"I was a little disappointed the first half - we shot, shot, shot - always high," said Glenn first-year coach Jimmy Mortada, whose team is 2-3-1 overall and 1-1 in the division. "Wayne packed it in the box. I respect them for trying. We had a lot to lose the second half and I told them 1-0 was not good enough."

"We used a different formation in the second half. We took out our two midfielders and started to attack from the wings."

Jacob Hewitt's late second-half goal from Alex Balli spoiled Glenn goalkeeper Zach Redden's shutout bid.

The loss dropped the Zebras to 0-5-1 overall and 0-2 in the

KLA-A-South.

"We played a 4-4-2, but we had a couple of injuries and had to drop a couple of people back," said Wayne first-year coach Ashley Cooley, who was without three players including Kevin Glass, Josh Hewitt and Zach Girouard. "We were definitely in position to clear the ball to our forwards, but we couldn't sustain anything."

"We have some things to work on, but the second game (Tuesday, Sept. 23) will be different."

W.L. NORTHERN 3, JOHN GLENN 0: On Friday, Walled Lake Northern (5-2-1) overcame a strong defensive effort to post a KLA-A crossover win over host Westland John Glenn (2-4-1).

Following a scoreless first half, Kyle Rutz scored with 14:45 remaining from Michael Aravas.

Conner Noel and Brandon Hall scored in the 72nd and 76th minutes with assists from Colton Bartell from P.J. Tsurui, respectively.

Kyle Huisman was in goal the whole game for Northern (5-2-1) and made seven saves. The Knights had only four shots on goal.

A.A. RICHARD 6, WAYNE 0: Michael Tabers had a goal and two assists, while Patrick Myers chipped in with a goal and one assist Friday as Ann Arbor Gabriel Richard (4-1) upended Wayne Memorial (0-6-1) in the first round of the Ypsilanti Cup.

Goalkeeper Brendan Cooper posted the shutout for the Irish.

TROJANS

FROM PAGE B1

Clarenceville's offensive line - consisting of center Derek Robbins, guards Tim Szcinski and James Jaber, tackles Taylor Hall and Joseph Baer, along with tight end Dominique Jones - began to control the trenches during the second quarter.

Hogan added 7-yard TD run, while Brooks contributed three of his own on runs of 5, 13 and 61 yards.

Dan Schiffman, who added 79 yards on 10 carries, scored with 3:53 left in the third quarter to make it 41-0.

The Trojans' new no-huddle offense, which has been a key so far, is directed by senior quarterback Darryl Whitaker (69 all-purpose yards).

"We controlled things up front and we knew we could go right at them because Cranbrook likes to be a finesse team - we

did that right away," Irish said. "Joe Bodo coached the offensive line when I was at Lake Orion and it has made a huge difference. And Chase Moore, who is doing his student teaching here now, is one of my former players and he's my offensive coordinator."

"Last year we ran the full-house 'T' and now I let Chase and Joe handle everything offensively. I have faith in those two to make things happen."

Cranbrook did make things happen in the final quarter against Clarenceville's back-up defense as second-string quarterback Dakota Sherman came on in relief of starter Mike Corey, throwing for 271 yards (11-of-23 with one interception).

In the final quarter, Sherman was 10-of-17 for 245 yards and four TDs - two to Ben Momon (36 and 8 yards); one to Kurt Wilhelm (15 yards) and another to Stephen Peck (25 yards as time expired).

Corey, meanwhile, was 8-of-14 passing for 60 yards. He also rushed 12 times for 42 yards.

The best run of the night came early in the fourth quarter after Cranbrook scored twice when Brooks darted down the sideline, kept his balance after almost going down, for a 60-yard gain. He then scored from eight yards out for his fourth TD of the night.

"We have a stable of guys who can make plays for us," Irish said. "Brooks going down the sideline was a great effort for us. Skill-wise this is the deepest we've been." Clarenceville now faces it's toughest test this Friday at Harper Woods.

"They're a big, physical football team," Irish said. "If we're going to be Metro (Conference) champs, we'll have to go through them."

VEGETATION MANAGEMENT NOTICE

ITC will be in the Neighborhood For Transmission Line Tree Maintenance

Trees and high voltage power lines are a hazardous combination. Trees that come into contact with transmission lines can cause serious system outages and pose a significant safety threat to residents and the public. Even when there is no direct contact, electricity can arc from transmission lines to nearby tree branches, posing personal safety and fire issues.

ITC Holdings Corp., through its subsidiaries ITC Transmission and Michigan Electric Transmission Company, LLC. (METC), owns, operates and maintains more than 8,100 miles of high voltage transmission lines in Michigan's Lower Peninsula. ITC is federally required to maintain its utility corridors to prevent all vegetation-related electrical outages.

ITC has begun vegetation management in its corridors in Livonia, Westland and Canton. Where permissible, the following will occur:

- In areas directly under the transmission line or 10 feet outside of the line, trees will be removed.
- Outside of this area, trees that threaten safety or reliability will be targeted for removal.
- If ITC lacks tree removal rights or permission for removal is not obtained, trees will be pruned to the extent easements permit.

If you have questions about ITC's vegetation management practices, please call 1-877-ITC-ITC9 (1-877-482-4829).

The Blackout of 2003

Nothing brings a halt to daily life faster than the loss of power. Outages and blackouts are inconvenient, costly and potentially dangerous. The Blackout of 2003 left 50 million people in the Northeast, Midwest and Canada without power for days. Hospitals, nursing homes, police and fire departments and schools were just a few of the critical services heavily impacted by the Blackout.

The underlying cause of the Blackout, tree contact with power lines in northern Ohio, is well documented. ITC is responsible for protecting communities and residents from outages and safety threats like the Blackout of 2003.

Prevention still the best defense vs. pertussis

The Oakland County Health Division is reminding parents that pertussis, commonly called whooping cough, can result in hospitalization and even death of children. The good news is the contagious disease can be prevented with a series of 5 diphtheria and tetanus (DTaP) shots given from two months until school age. A pertussis booster is equally important at the age of 11 to 12 years, and for adults who have not previously received a booster.

Pertussis symptoms include an irritating cough, which after one to two weeks, causes the person to experience spasms and make a high pitched "whoop" when coughing. The cough can last one to two months or longer. Infants less than six months old and adults often do not have the whoop. A clear mucous is produced and vomiting often follows after the coughing.

To protect yourself avoid sharing objects such as pacifiers, toys and utensils if they have been in the mouth and wash objects in hot, soapy water between uses. Cover the mouth and nose when sneezing or coughing and immediately throw away used tissues, and wash hands carefully.

"Pertussis is very contagious before and 2 weeks after the whooping cough stage begins," said Dr. Julie Vaishampayan, chief of medical services for Oakland County Health Division. "Prevention is really the best defense."

An apple a day and other tips to stay in the game

Tina from Rochester has been reading more and more about the healthy benefits of quercetin. She emails for more information.

Tina, quercetin is found in apples, red wine, tea and other foods. It is a member of a group of plant compounds called flavonoids. Some

Peter's Principles

Peter Nielsen

benefits include its properties as an antioxidant that can help to fight dangerous free radicals. It may have anti-cancer effects, while also helping to prevent heart disease by reducing LDL (bad cholesterol). Populations taking in lots of quercetin have low rates of heart disease and lung cancer. Studies also show that eating lots of apples can improve lung function and lower the risk of respiratory diseases!

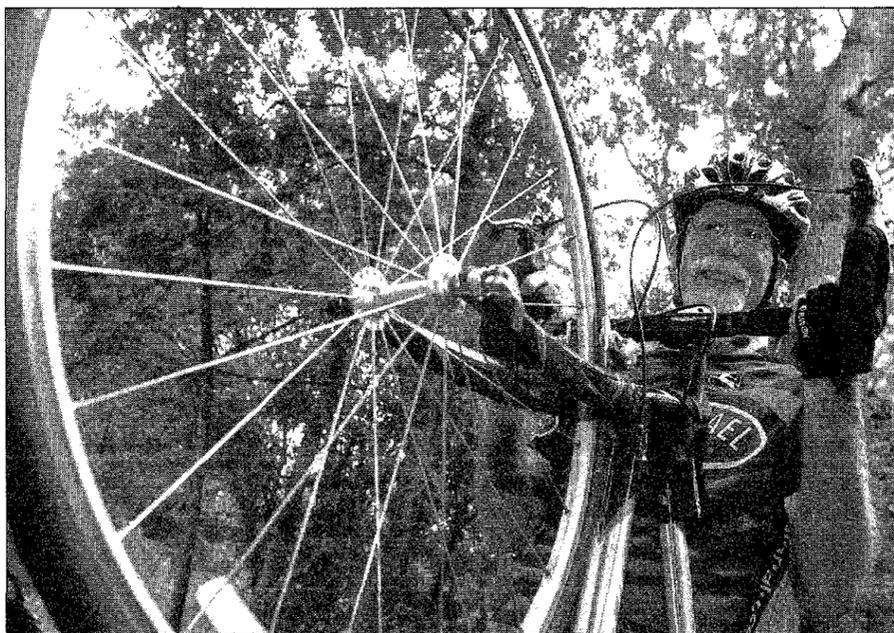

Michelle from Troy plays soccer at her school. She emails for tips on getting the most out of her game!

Michelle, it turns out soccer can be a head game, literally! Figuring out ways to build confidence and maintain it could give you the edge you need. Research shows that the most successful players are usually the most confident.

Here is a confidence checklist:
Have a can-do attitude.
Display good body language.
Be sure to enjoy the competition.
Try not to blame others if things go wrong.
Be sure to concentrate on the field.
Don't be a showboat.
Try to accept the strengths and weaknesses of others.

One of the most important things to trust is your own abilities! That is how you will get into the confidence cruise control you really need to succeed.

Paul Fried of Farmington Hills stands with the bicycle he has been riding to prepare for a September 5th ride to benefit Crohn's Disease.

Lifelong learning

Updates help patients, physicians stay current on inflammatory bowel disease

BY LINDA ANN CHOMIN
O & E STAFF WRITER

Paul Fried remembers the severe abdominal pain like it was yesterday even though it's been 38 years since he was diagnosed with that first flare-up of Crohn's, an inflammatory disease of the digestive tract. The symptom was just the beginning of the suffering the Farmington Hills man would endure from age 20. That's why he tries to keep informed about the latest research and treatment for the autoimmune disease for which there is no cure.

The Crohn's & Colitis Foundation of America, Michigan Chapter realizes patients like Fried are desperate to learn about inflammatory bowel disease so the nonprofit organization is partnering with the University of Michigan Medical School to present an IBD Update Saturday, Sept. 13, at The Inn at St. John's in Plymouth. A physician's symposium coincides with the morning-long program for patients and their families.

Fried has been able to build a successful accounting business in West Bloomfield thanks to drugs like prednisone to reduce inflammation, but the steroids left him with osteoporosis. Fried says sometimes the treatment is worse than the disease. One of the immunosuppressants caused skin cancer. Even so, he's far from giving in to IBD. Although Fried is going to Beaumont Hospital to receive intravenous treatments three times a week for iron deficient anemia due to bleeding, he remains active with CCEA. In the last two years he participated in fund-raising events in Seattle and the Detroit area. Just last week he was busy organizing a bicycle ride at Kensington Metropark to raise money for CCEA, Michigan Chapter based in Farmington Hills.

"Sometimes for hours at a time I would just double over and had intermittent bleeding from time to time when I went to the bathroom. I've been hospitalized dozens of times, had four intestinal resections, part of my large and small intestines removed. I've been on a lot of medication but have never had more than 3 to 5 months when I've felt really good. "It's gotten so bad I'm afraid I'm headed toward another surgery but my philosophy is I will not let my illness control my daily life. I try to take a positive attitude. I know a couple of people who died from Crohn's disease who just gave up."

Dr. Ellen Zimmermann is encouraged by advances in the treatments for inflammatory bowel disease over the last 15 years. As director of the University of Michigan Inflammatory Bowel Disease Clinic and chairman of medical advisory committee for the Crohn's and Colitis Foundation,

Farmington Hills resident Paul Fried rides down the street last week. Fried had been preparing himself for a September 5th ride to benefit Crohn's Disease.

IBD PATIENT UPDATE

What: An update on inflammatory bowel disease for patients and family members. Topics include medications, treatments on the horizon, and basics of the digestive system.

When: 8 a.m. to 1 p.m. Saturday, Sept. 13

Where: The Inn at St. John's, 44045 Five Mile, Plymouth. No charge, but reservations required. Call (248) 737-0900 by Sept. 10. For a schedule of speakers, visit michigan.ccea.org. Patient Update coincides with symposium for physicians

she's coordinating the symposium to keep physicians up to date. The continuing medical education event is for gastroenterologists and other health care providers. Keynote speaker is Dr. Edward Loftus Jr., director of the inflammatory bowel disease program at the Mayo Clinic in Rochester, Minn. In addition to Zimmermann, guests include University of Michigan faculty members Drs. Jeremy Adler, Peter Higgins and Timothy Nostrant.

"I'm presenting cases of patients with Crohn's and colitis with a panel that allows teaching but in an interactive way," said Zimmermann, past president of CCEA and an associate professor

of gastroenterology at U-M. "We take cases of patients who have been seen, present all the details. This allows physicians learning to take care of these difficult diseases to have a better understanding. These are complicated diseases and how to use new technology, new potent medications safely. We choose cases that illustrate points that we want to bring out to the audience and discuss the latest literature related to diagnosis and treatment."

Diagnosing IBD can be difficult. The abdominal pain, diarrhea and blood in the stool, can be confused with other diseases. Patients often must go through several tests from colonoscopies to MRI and CT scans.

"Capsule endoscopy is the latest. It's a pill camera to identify areas of inflammation which hadn't been previously accessible through scopes," said Zimmermann. "It's important for physicians to know how to utilize these technologies. There have been an explosion of therapies for Crohn's and Colitis, many of those therapies in immune suppressants. As such they need close monitoring so that the physician understands how the medications should be utilized and patients understand the risks and benefits. That's particularly important in kids because many of the medicines affect growth."

Zimmermann is concerned as well about the increase in incidences of IBD. At the University of Michigan research continues not only to find a cure but a cause. Dr. Gabriel Nunez identified the first susceptibility gene at U-M.

"Fifteen years ago no one had heard of these diseases and they were considered rare, but are becoming more common," said Zimmermann. "In research, we're funded by NIH (National Institutes of Health) to study different tools to follow the progress of Crohn's disease over time in patients. We have over 30 investigators studying different aspects of Crohn's and colitis from new drugs to genes. This is a disease that starts in late teens and twenties and is lifelong."

The patient update is just one of the ways the Crohn's & Colitis Foundation of America, Michigan Chapter tries to educate the public about IBD. The nonprofit organization also holds walks, a movie gala, and a fashion show to raise money for advocacy, research and a special camp for children.

"The update is the first of its kind. It's important for our foundation to keep physicians and patients informed," said CCEA development director, Gilda Hauser. "Events raise funds but people with Crohn's feel isolated so this brings the people together."

New Casio packs widescreen lens in small space

Question: I'm in the market for a new digital camera. Any suggestions?

Answer: I've long been a fan of Casio's Exilim series for delivering slim, sexy designs at affordable prices. The new Exilim EX-Z150 isn't as slim as previous models, but it does pack in some great features.

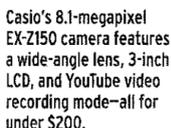

Tech Savvy

Rick Broida

For starters, it sports a three-inch LCD—huge for a camera with a sub-\$200 price tag. I found it ideal for framing and reviewing photos. Plus, it's bright enough to be seen in direct sunlight.

Even better is the camera's wide-angle lens (28mm), which lets you snap a group shot without having to take 50 steps back to fit everybody in. The lens features a 4x optical zoom as well, whereas most models in this price range top out at 3x.

As with all Exilims, the EX-Z150 relies on straightforward onscreen menus that make it a snap to use. I didn't like its small, stiff control pad, but I did like its dedicated video-record button. Press it to immediately begin recording YouTube-friendly video.

When you get back to your PC, a fairly simple Windows utility automates the process of uploading your videos to YouTube.

The 8.1-megapixel EX-Z150 is available in five colors, including pink, red, and green, and has a list price of \$199.99. Definitely a good choice for those interested in a big screen and wide-angle shooting.

Question: I need a scientific calculator for school. Do I really have to spend \$100 or more?

Answer: Nope. eCalc (ecalculator.com) is a free Web-based calculator that can handle everything from basic addition and subtraction to logarithms, cosines, and unit conversions.

There's also a Windows version of eCalc you can download, though it's just the basic calculator—you'll need to hit the Web if you want all the fancy functions.

Either way, it's an impressive tool: attractive, easy to use, and designed with large buttons for those with less-than-stellar eyesight.

If you own an iPhone or iPod Touch, check out the 2D/3D Graphing Calculator in the iTunes App Store. For a mere \$4.99, it provides polynomial, exponential, and other functions I won't pretend to understand.

Question: You recently turned me on to Jott, the Web service that lets me send messages and reminders just by talking into my cell phone. But now they're charging for it! Tell me there's an alternative.

Answer: I feel your pain. I'm a long-time fan of Jott, but considering that I use it almost exclusively to send reminders to my own e-mail inbox, I can't justify paying a subscription charge (plans start at \$3.95 per month).

Fortunately, there is indeed an alternative: Dial2Do (dial2do.com). It enables you to send e-mail and text messages using only your voice, just like Jott, and it doesn't cost a dime (for now, anyway).

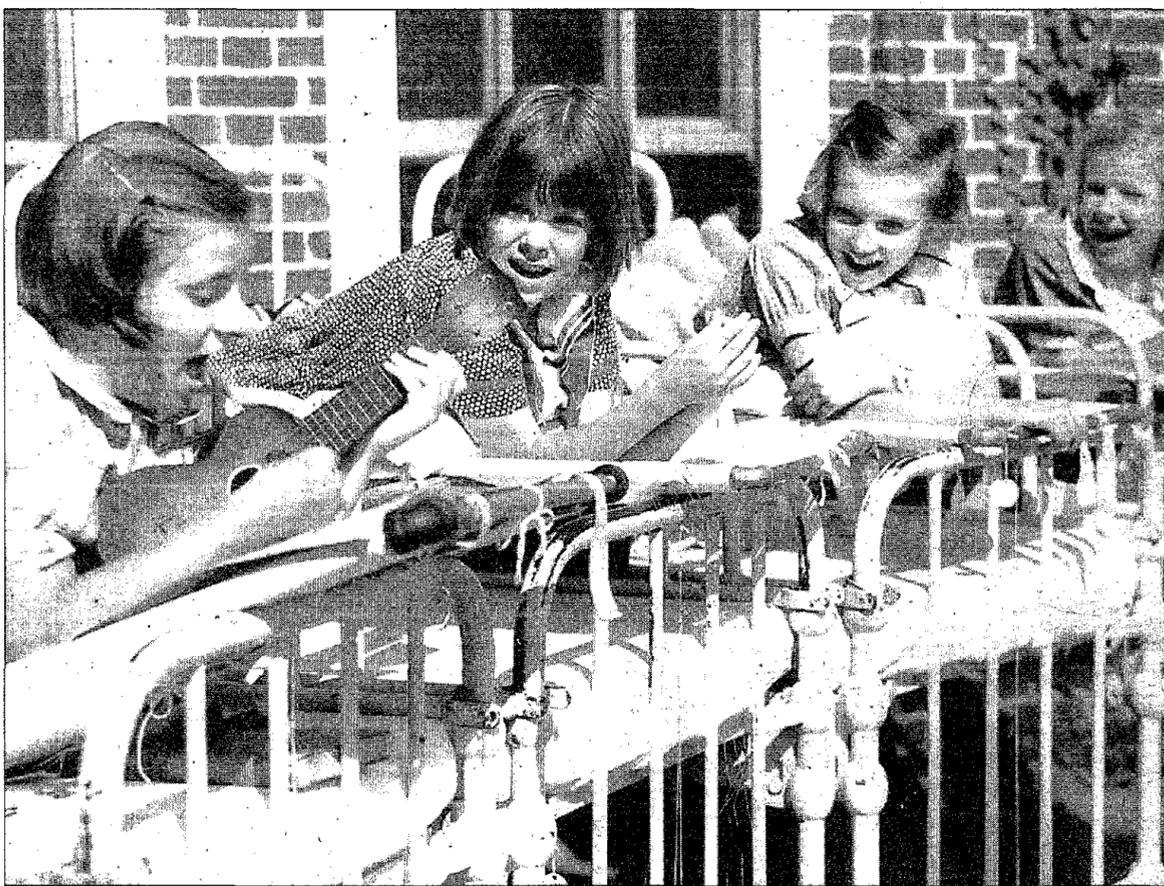

As with Jott, you simply call the special Dial2Do number, say what you want to do ("text," "e-mail," "reminder," etc.), name the recipient ("me," "Bob," etc.), and then record your message.

The service employs both computer-driven transcription technology and human operators who check messages for accuracy, but offers to turn off transcription "if you are working for the CIA or planning a major bank heist." (I like a service with a sense of humor.)

I took Dial2Do for a quick test-drive, and it delivered an accurately transcribed reminder (along with a link to the actual audio recording) to my inbox within about five minutes.

Spoiled as I am by all things free, I've given the service my Jott speed-dial slot—at least until it leaves beta and ceases to be free.

Living history event

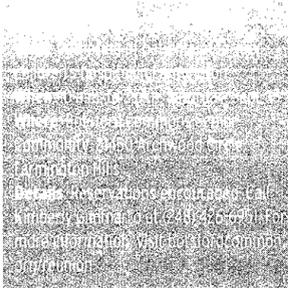

Return to the polio epidemic that ravaged the Farmington children's hospital

BY LINDA ANN CHOMIN
O&E STAFF WRITER

Time is running out for Kimberly Gimmarro to reach patients who received treatment at a children's hospital in Farmington between the 1920s and early 1950s when the polio epidemic peaked, crippling and killing thousands.

She plans to record narratives during a living history event and reunion Saturday, Sept. 13, at the Botsford Commons Senior Community in Farmington Hills, the site of the former hospital which primarily treated children with the disease sometimes referred to as infantile paralysis.

Gimmarro has spent months researching the hospital but is still uncertain about the names and changes the campus went through over the years. A Detroit News article in 1919 refers to a gift to the Michigan Hospital School for Crippled Children in Farmington. By 1922 the Farmington

Enterprise told of plans to merge the Children's Free Hospital (assumed to be Children's Hospital of Michigan in Detroit) with the Farmington hospital which was to be used for convalescence and rehabilitation.

Children with the disease were usually sent to hospitals such as Herman Kiefer during their contagious period then went for rehabilitation to the Farmington campus

Garden City musician comes full circle

BY LINDA ANN CHOMIN
O&E STAFF WRITER

Scott Woolweaver is excited about returning home to Michigan for his first recital as an adult. The 50-year-old Boston violist opens the Music at St. John's series Friday-Saturday, Sept. 12-13, at the Episcopal church in Plymouth.

Woolweaver grew up in Garden City where teachers Peg Bunge and Doug Marsh introduced him to the viola at age 10. Woolweaver is dedicating the program to their memory.

"Doug was in charge of lower strings and put a viola in my hand. He saw I was a big kid and could handle it," said Woolweaver. "Violists don't often get the melody but are more like the engine driving the train. He was a mellow laid back person. Peg just died June 2007. Both were very patient dealing with all the kids they had to teach. Their love and passion for music was apparent. You just had to be around them. They were humble people with a great sense of community. Every Friday night Peg had us over to her house. We'd play chamber music into the night. It kept me out of trouble."

Woolweaver graduated from Garden City West High School in 1976 and won a full-tuition scholarship from Interlochen Arts Camp to the University of Michigan School of Music.

After earning a bachelor of music in viola performance, he moved to pursue graduate studies at Boston University and the New England Conservatory of Music with Walter Trampler shortly after the violist visited the university in Ann Arbor. Since then Woolweaver has played with the Springfield Symphony Orchestra in Massachusetts, the award-winning New England Piano Quartette, Vermont Symphony, Chameleon Arts Ensemble of Boston, and Boston Baroque, a music ensemble in residence at Boston University.

He's been teaching at Williams College since 2005 and lecturing on viola and chamber music at Tufts University since 1990. He is also director of the Adult Chamber Music Institute at Kneisel Hall in Blue Hill, Maine. Woolweaver is always on the go when it comes to music. He just returned from instructing high school and college students at a music festival

in Pebble Beach, Calif.

"I travel a lot for concerts and teaching. Summer is mostly playing in music festivals all over New England, Cape Cod, Martha's Vineyard, and Woodstock, Vermont," said Woolweaver, who comes to Michigan for the recital of original works by Max Bruch, Hans Sitt, Johann Hummel, Ernst Bloch and Rebecca Clarke. Joining him will be pianist Janice Weber of Boston.

"I'm very excited because a lot of my high school friends are going to come. Many of my family members have never heard me," said Woolweaver.

Connie McNutt is hoping to reach former Garden City West High School students in time for the concert she's organizing. McNutt worked with Woolweaver in many of the musicals she directed at the high school where she was a counselor.

"Back then I didn't realize how talented he was as a violist," said McNutt, a volunteer in the office at St. John's. "It's a story of a young man who made good."

ANNIVERSARIES

Zang

Jack C. and Wanda I. (Lameck) Zang of Westland are currently celebrating 60 years of marriage. The couple wed Aug. 28, 1948 at St. Mary of Redford Church in Detroit. They live in Holliday Park, Westland. They have five adult children: John (Mary Ann) Zang of Castalia, Ohio; Paul (Mary Ellen) Zang of Flushing; Mari Anne Zang (Paul) Mailloux of Kalamazoo; Matt (Lisa) Zang of Clarksville, Maryland; and Greg (Janine) Zang of Canton. They are also grandparents to 13 children.

Jack worked in industrial sales and has been retired for more than 20 years. Wanda worked as a math teacher at St. Mary of Redford Elementary School in Detroit. Jack volunteers his time at Providence Hospital and belongs to organizations including the VFW, American

Legion and the Yankee Air Force Museum.

Wanda enjoys playing bridge and participating in the Holliday Park Hospitality Group.

They planned to celebrate the occasion with a family gathering at Greg Zang's home in Canton.

Nolan

John C. and Geraldine (Pierog) Nolan of Farmington recently celebrated their 50th wedding anniversary during a party with friends and family. The couple wed on Aug. 30, 1958 at St. Alphonsus Church.

They lived in Livonia for 31 years and have been Farmington residents for the past 17 years. The Nolans are parents to John (Cathy) Nolan of Farmington; Michelle Burley of Northville; Chris (Elsa) Nolan of Redford; Beth Ann Nolan of Farmington; Geri Lynn Peterman of Ypsilanti and Mark Nolan of Farmington. They also have eight grandchildren.

John C. Nolan worked for Ford Motor Company before retiring 12 years ago. The couple enjoys traveling, spending time in Elk Rapids in the summer and in Naples, Fla. in the winter, and visiting with their children, grandchildren and friends.

Gniewek

Conrad J. and Sue (Colling) Gniewek of Livonia are celebrating 50 years of marriage this month. The couple wed Sept. 6, 1958 in the garden of the historic Botsford Inn. They have lived in the area for 46 years and have three children: Jolie (Ed) Snow; Kyle C. Gniewek and Torin J. Gniewek, all of Livonia. The Gnieweks are grandparents to Kori and Kendall Snow, and grandparents-in-law to Owen and Jocelyn Snow and to Alex Hill, as well as many others who lovingly refer to them as Gramma and Grampa G.

Conrad worked as a lithographer and supervisor for a variety of printers. Sue worked as a paraprofessional at Stevenson High School. They remain very involved in the community.

Thanks to Conrad's participation on the Livonia Arts Commission, Livonia Spree Committee, the local

Water Board, The Board of Review, the Livonia Symphony Orchestra Board, and his work at the election polls, he will be inducted into the Livonia City Hall of Fame on Oct. 2. Sue has served on the Livonia Arts Commission and many school PTA groups, and has volunteered during mayoral campaigns and committees and assisted in elections as a poll worker. She is a recipient of the Golden Apple Award from Livonia Public Schools for her many years of service.

The couple are avid dancers and earned a lifetime achievement award from Round Dance Labs of America for a dance they wrote titled Spaghetti Rag.

To celebrate the occasion, the couple was surrounded by children and grandchildren at a garden party hosted at the home of their daughter and son-in-law Jolie and Ed Snow, exactly 50 years after their own garden wedding.

Shopping event raises funds to fight juvenile diabetes

Mona Brown likes to shop all year long, but one day in particular is different from the rest. For a third year, the Canton woman is coordinating the third annual evening for shopaholics Sunday, Sept. 14, at Parisian in Laurel Park Place in Livonia. Trendevous: A Cause for Celebration is a joint effort between Parisian and the Ford Motor Co. to raise money for the Juvenile Diabetes Research Foundation.

This year in addition to food from Fleming's Prime Steakhouse & Wine Bar, PF Chang's China Bistro, Mitchell's Fish Market, Max & Erma's, Sweet Lorraine's, Coffee Beanery, and Mary Denning's Cake Shoppe, shoppers receive 20 percent off regular and sale price apparel, accessories, fine jewelry, cosmetics, and fragrances plus 25 percent off Better Sportswear purchases.

"This is different. The atmosphere is different. It's almost like going to a party," said Brown, a customer satisfaction supervisor at Ford Credit in Dearborn. "Everybody's in a good mood and it's a great way to get out. I have a neighbor who brings her mom, it's become a tradition. You can stop off at the food stations and get a little snack along the way. Last year I took advantage of the 20 percent discounts to start my Christmas shopping early. With the discounts I could buy more and bought a couple of fall outfits for myself."

Suzu Brown is especially excited about the informal modeling of new fashions for the season. She is store manager for Parisian in Laurel Park Place.

"We're very excited to show off some of our vendors. The biggest thing is our Victor

line by Victor Alfaro, missy and special size sportswear, shoes, jewelry and handbags designed for today's American woman. It's affordable luxury, a lot of grays and purples and tweeds," said Suzu Brown. "And for the first time this year they can pre-shop ahead of time by showing their ticket then on Sept. 14 they can come in and pick it up and just enjoy the event."

Mona Brown has been busy lining up activities to add to the fun of shopping at the Cause for Celebration. More than 15 local businesses, including Livonia Marriott, The Inn at St. John's and Orin Jewelers, have donated gift certificates for prizes.

"Detroit Ignition is involved. There will be four players and dancers for a meet and greet and to sign autographs. Indigo Salon and Spa from Canton is going to have massage chairs," said Mona Brown. "Last year we raised around \$9,000. Diabetes is a devastating disease. It runs in my family, I have friends with children with juvenile diabetes and this goes to research to find a cure."

The Diet with a Degree of Difference - a Medical Degree

The Center for Medical Weight Loss is the first national network of physicians to bring trained medical expertise to the field of weight loss. Founded in 2002 by Dr. Michael S. Kaplan, a specialist in bariatric medicine, the center offers patients a long-term weight-loss approach managed with the full support of certified medical professionals.

patients are suffering from severe health issues due to excess weight or merely looking to lose 15 to 20 pounds, all receive a full medical consultation with scientific measurement of their body mass and basal metabolic rate and individual body composition analysis to accurately predict weight-loss results.

According to Dr. Kaplan, "Treating people with weight problems isn't simply a matter of telling them to eat less and exercise more," he says. His research found that a central factor is addiction - to food - and an unhealthy pattern of eating. His primary approach, therefore, is to break food addictions and help patients reach a safe and healthy target weight quickly. Most importantly, the center's program teaches patients how to maintain their weight loss permanently.

"Unlike many consumer weight-loss programs whose staff requires no medical knowledge or training, The Center for Medical Weight Loss' physicians are certified professionals," notes Dr. Kaplan. "They fully understand the complex factors that are related to weight gain such as individual psychology and genetics, contributing illnesses and prescription medication."

Dr. Kaplan's approach is based on individualized treatment. Whether

The doctors at The Center for Medical Weight Loss have specialized training and use a variety of techniques to achieve rapid weight loss.

The center uses the latest techniques and medical data, and has access to high-quality nutritional products and the newest FDA-approved weight-loss medications that are available only to medical doctors.

The average weight loss experienced by patients is 21 pounds in four weeks. In addition to the weight loss itself, health benefits include a decrease in dependence on blood pressure, diabetes and cholesterol medications, as well as lesser risk of chronic disease such as congestive heart failure, clinical depression and sleep apnea. Many successful patients refer to their experience at The Center for Medical Weight Loss as life-changing, and in many cases, life-saving.

SUDDEN PAIN ALL OVER

You may have heard of, or experienced yourself, an episode of all-over pain, hurting from head to toe, arms and legs, and coming on overnight or in one to two days. The experience can be frightening, as you feel an ease in moving about suddenly taken from you and replaced by a pain that dogs you day and night. Fortunately, the causes of such a sudden and all encompassing pain are few.

In elderly individuals, Polymyalgia Rheumatica (PMR) typically begins this way: You retire for the night as you always would, but awaken in the morning to find yourself extremely stiff, with movement so painful, that you feel like the Tin Man of the Wizard of Oz, after a rain. A doctor can make the diagnosis based on age and sudden onset of the condition; treatment resolves the pain and stiffness completely.

Viruses can cause a similar ache. Breakbone fever gets its name from the pain created by the virus causing that condition. Other viruses do nearly the same such that physicians can diagnosis a viral infection based on the aching and associated features, such as cough and fever.

Post traumatic stress disorder and fibromyalgia can present as sudden intense all over aching. In post traumatic stress disorder, the event preceding the aching explains the cause. In fibromyalgia, the associated pressure points and the variability of the pain from day to day are features that permit diagnosis.

Finally, aching all over can be part of an allergic response, and clears as the allergy is treated or recedes.

Why do I use Restylane?

To look years younger, even in fluorescent lighting

Now you can save up to \$100 on Restylane® the number one selling dermal filler in the world. Restylane® smooths away moderate to severe facial wrinkles and folds, such as the lines from your nose to the corners of your mouth (nasolabial folds).

Ask your doctor about Restylane®

Individual results may vary

Restylane®

Important Safety Considerations of Restylane®

Restylane® restores volume and fullness to the skin to correct moderate to severe facial wrinkles and folds, such as the lines from your nose to the corners of your mouth (nasolabial folds). After your treatment, you might have some swelling, redness, pain, bruising, and tenderness. This will normally last less than seven days. Although rare, red or swollen small bumps may occur. If you have had facial cold sores before, an injection can cause another outbreak. In rare circumstances, the doctor may inject into a blood vessel, which can damage the skin. To avoid bruising and bleeding, you should not use Restylane if you have recently used drugs that thin your blood or prevent clotting. If you are pregnant, breast-feeding, or under 18, you should not use Restylane.

Restylane should not be used by people with previous bad allergies, particularly to certain microorganisms known as gram positive bacteria, or by people with previous bad allergies to drugs that have required in-hospital treatment. Restylane should not be injected anywhere except the skin or just under the skin.

The use of Restylane at the site of skin sores, pimples, rashes, hives, cysts, or infection should be postponed until healing is complete. Use of Restylane in these instances could delay healing or make your skin problems worse.

Restylane® is available only through a licensed practitioner.

In the chilly English surroundings of Cambridge on the cusp of the First World War, the English mathematician GH Hardy unexpectedly receives a letter filled with mathematical theorems from a young Indian visionary, Srinivasa Ramanujan, whose idiosyncratic and creative approach to mathematics ultimately led to some of the most complex and beautiful mathematical patterns of all time.

Complicite's innovative, multimedia approach frames past, present, and future simultaneously, with the Hardy/Ramanujan collaboration serving not only as a central aspect of the narrative, but also as a window into a larger world of ideas: about the awesomeness of infinity and its relationship to human mortality, about the beauty of science and our quest for meaning and knowledge, about who we are and how we connect to one another — and ultimately about what is permanent and what disappears forever.
