## AROUND TOWN

### New appointee

The Westland City Council Monday evening confirmed the appointment of Jeremy Williams to the city's Planning Commission to fill an unexpired term that expires on May 6, 2012.

Williams, a 12-year resident of the city, is married, has two children and is expecting a third child. He had served on the Westland Civil Service Commission since 2006. In his spare time, he helps promote and volunteer at annual events for the Wounded American Foundation.

### Lucky number

Project 100, a nonprofit group whose purpose is to help others and ignite change by giving back, hit the halfway point in its mission to give out \$100 bills to people throughout Wayne and Oakland counties.

The lucky recipient of the \$100 was George Pawa of Westland, who also received an extra \$50 and balloons. Sponsored by the Livonia-based Co-op Credit Union, Project 100 randomly gives out the \$100 bills to recipients who can spend the money however they want, and the nonprofit requests only one thing, that the recipients think about how they can give back to their local communities.

Project 100 will continue to give the money to people who sign up on its Web site at [www.whatisproject100.com](http://www.whatisproject100.com) through a lottery process.

### Investigation

The Michigan State Police are handling an investigation of a Westland police chase that ended in the death of a motorcyclist late Saturday night.

According to a statement released by Westland Police Sgt. Ronald Kroll, Westland officers attempted to stop the motorcyclist in the area of Wayne and Warren roads for a traffic violation. The motorcyclist, however, fled at a high rate of speed and was involved in a crash in the area of Merriman and Windsor, south of Warren Road in Garden City.

The incident happened around 11:55 p.m. The motorcyclist died of injuries sustained in the crash.

Kroll declined to release further details of the incident. He did say that he is handling the internal investigation.

While the crash happened in Garden City, the accident investigation is being handled by the State Police. Garden City police officers did secure the accident scene and provide traffic control, according to Garden City Deputy Police Chief Robert Muery.

## 'Phenomenal': Recycling a big hit with residents

How well has Westland done with its curbside recycling program? Ask Atul Nanda of RecycleBank and he'll tell you phenomenal. Ditto for Mayor William Wild.

Numbers for the first full month of the program shows that 99 percent of households in the community participated in the recycling program, while

60 percent signed up to get earn RecycleBank reward points.

"I can't ever remember seeing these kinds of metrics," said Nanda, vice president of the Midwest region for RecycleBank. "These are incredible results for us. We're really, really pleased."

"The amount is amazing for July," said Wild. "Ninety-nine percent was what we strived for and to hit it the first month is phenomenal. The 1 percent could be vacant homes or where the property owner wasn't home. It's still a phenomenal number."

Initial estimates were that Westland residents would on aver-

age recycle 15 pounds a week and 500-600 pounds a year. By the end of July, the average, determined by dividing the total weight of recyclables collected during a given week by the total number of households with containers, was at 23.26 pounds and 700-800 pounds annually.

According to Nanda, Westland has gone from collecting 90 tons of recyclables a month at its drop-off depot to 550 tons in the curbside program.

"Again, it's phenomenal," he said. "When we looked at the initial start-up, we thought it would be 15 pounds a week per resident. It's an incredible start."

Westland is one of two cities in Michigan offering curbside recycling that lets residents earn points that can be redeemed for gift certificates from area businesses. Nanda said both communities are doing well with the program, but based on first month metrics, Westland is probably doing better.

"It bodes well for Westland," Nanda said. "People are looking at their container and asking what is recyclable and what isn't. It's a question that's being repeated 25,000 times."

It will be another month before the

## Crowds send up a cheer for their walkers

BY SUE MASON

The heat and humidity weren't enough to keep 88-year-old Anna Louise Ventura from completing her mission of cheering for Christa Slane.

Holding an umbrella for shade, she sat in a lawn chair along Merriman Road late Friday morning waiting for a glimpse of her granddaughter.

"We want to surprise her, she doesn't know we're here," said Ventura, just one of several hundred of people who showed up at the first cheer station for last weekend's Michigan Breast Cancer 3-Day walk from Dearborn through western Wayne County to Ann Arbor.

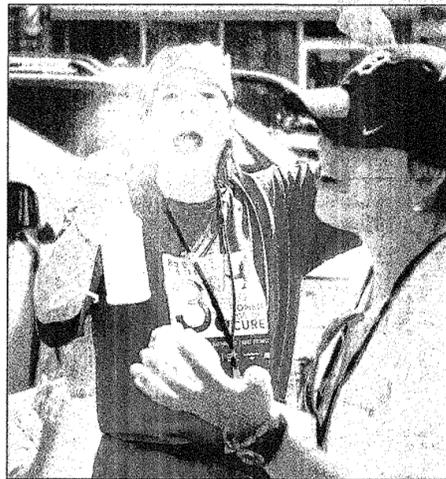

Armed with posters, boom

whackers, stickers and anything and everything pink, the crowd cheered as walkers passed at the 9.9-mile point of the 60-mile walk. They came from throughout the tri-county area as well as Ontario, Illinois and beyond. They sprayed walkers with water, provided cups filled with chilled melon, freezer pops and suckers and round after round of applause.

A group of women from Rochester used water guns to spray walkers, while Michele Shubitowski of Chicago, Ill., placed stickers on the walkers' tags.

## Westland teen arrested in attempted carjacking

A 17-year-old Westland youth is being held in the Wayne County Youth Home after being arrested late Monday evening in connection with a carjacking on Central City Parkway south of Warren Road.

The teen is accused of trying to take a Westland woman's Mercury Sable after she had stopped to clear five shopping carts that blocked the southbound lanes of Central City Parkway.

The woman told police she had gotten out of her car to move the carts when she saw the suspect run from the rear of the vehicle and hop in it. She began fighting and screaming at the suspect while he sat in the driver's seat. He, in turn, pushed and punched her. The suspect got out of the car and pushed the woman to the ground before fleeing east toward the Landings Apartment complex.

Westland Police officers who were on northbound Central City Parkway and saw the suspect approach the car and struggle with the woman, lost sight of the teen. However, he was located a short time later in the convalescent parking lot.

According to the police report, the suspect was taken into custody but not before being Tasered.

The youth told police that he and three friends had planned to take the car, but the other three got away.

The woman suffered scrapes to her foot, hip and buttocks as a result of the struggle.

## LPS trustees OK soccer complex

BY KEN ABRAMCZYK  
OBSERVER STAFF WRITER

The city of Westland will no longer be involved in the redevelopment of the Cooper school property on the city's north end, following a vote Monday by the Livonia school board to approve a cooperative agreement with a private company to lease the site for a soccer complex.

"We're no longer involved at this point," said Westland Mayor William Wild. "I believe this is the same project that was proposed before. If they get approval of the financials, I believe they will be doing something similar to what we're do for Central City Park."

The Livonia Public Schools will use \$1 million from the district's sinking fund to improve the property, a former landfill,

and \$800,000 from a Michigan Department of Environmental Quality grant.

The board approved it, 5-2, with Trustees Steve King and Patrice Mang opposing it.

The school district would grade the property, cap the landfill, erect a soccer dome provided by the company, plant grass, build a retention pond, install an irrigation system and add a parking lot and lights.

Breeze Sports Management of West Bloomfield would lease about half of the 40-acre site for 35 years, paying the school district about \$2 million over that time period. Breeze would pay \$55,000 for each of the first three lease years, then increase that total \$5,000 periodically to \$75,000 annually in lease years 26 through 35.

The company would man-

age the complex, which would include four outdoor soccer fields, a couple of training fields and a dome for indoor soccer. If the company defaults, the school district gets to keep the dome.

Construction may begin in December or January, Livonia School Superintendent Randy Liepa said.

Cooper school, built in the 1960s, was closed in 1991 because of contamination. The district has since torn it down. A fence surrounds the site, located across from the new Cooper Upper Elementary School on Ann Arbor Trail. Residents appeared both for and against the proposal.

# Tours let people see recycling in action

## AROUND WESTLAND

BY LEANNE ROGERS  
OBSERVER STAFF WRITER

When someone at a party hears that Mary Jo VanNatter works in recycling, there's a common response.

"People always tell me, 'I know, you just throw it out,'" said VanNatter, who works in procurement for Great Lakes Recycling. "But we really do recycle. We'd be out of business, if we didn't."

Open since January, the Great Lakes Recycling Brownstown Township facility processes recyclables from curbside collection programs, such as the one that began in Westland recently. Westland has what is called a single stream collection which doesn't require recyclable cans, bottles, newspapers and other items to be separated for collection.

"People see the recycling collected by trash trucks and don't believe it is being recycled. Our revenue comes from the material processed," said VanNatter, who guides tours at the Brownstown facility. "Having the driver drop cans and bottles into different bins on the truck was very labor intensive.

Trucks bring the collected materials to the facility and dump their loads inside a large bay. Some materials, brought from a distance, such as Jackson or Canada, are bundled and have to be broke up by the front end loader which is used to put the items into a hopper to be fed onto a conveyor belt.

Workers will pull out items

A Great Lakes Recycling employee looks over recyclables as they flow through the sorting process.

- plastic bags are sucked up through a large tube while metals are dropped into tubes for ferrous and non-ferrous. Paper moves up the conveyor belt while the plastics drop down and move for a second sorting by type.

"The subscription rates are down but 45 percent of the materials is still newspapers. The newspapers are recycled back for newspapers," said VanNatter. "Milk jugs will be made into milk jugs, clear water bottles will be used for

materials go back to Michigan businesses."

Recycling doesn't just save the resources of the materials themselves, VanNatter said, but other natural resources as well.

"Recycling paper saves not only trees but also the energy for the trucks to haul the trees. It takes a lot of energy to make the trees into pulp to make the paper," she said.

Some Westland senior citizens recently toured the Brownstown facility courtesy of a trip arranged by the

Friendship Center.

"I really like it. I was curious to see how they do it and set it up. There is so much to recycle, it's amazing," said Janet Shirey, who took tour. "There is so much we throw away, it's amazing. I wish the city had started the recycling programs sooner."

"I loved it," said senior Marion Karis after the tour. "We've definitely seen a big drop in our trash. I didn't do the drop-off recycling."

city can see what effect recycling has had on the amount of trash sent to landfill. However, the mayor indicated that Paul Ruthenberg of Midwest Sanitation has told Department of Public Service Director Kevin Bufford that he has noticed a significant drop in the amount of trash being picked up.

"He's told Kevin that on some days the trash trucks are off their route by noon," Wild added.

Some residents have

already started using their RecycleBank points. The top five choices for gift cards have been Rite-Aid, Olga's Kitchen, Dick's Sporting Goods, Ruby Tuesday and Buffalo Wild Wings Grill and Bar.

Nanda is looking to boost activation of more RecycleBank accounts. While 60 percent is a "really high number," he would like to see the city hit 80 percent. To get there, a new round of mailers will be sent out and Wild will be doing a voice-over for phone calls to residents encouraging them to activate their account. Activation can be done online at [www.RecycleBank.com](http://www.RecycleBank.com) or

by calling (888) 727-2978.

Regional Accounts and Rewards Manager Alyson Paltelky also is working to add more businesses to the rewards program. Several businesses also have contacted RecycleBank to get involved.

"All of the businesses are very excited, this has been very well received," she said.

Wild said the city will wait until it has three months' worth of data before talking about the second phase — recycling for people living in apartments and condominiums. However, "they're already clamoring for it," he said.

The city budgeted \$700,000

to get the program started. It does get a modest rebate from Great Lakes Recycling, but the amount will increase in the second and third years. The city also has stopped sending compost to landfill and instead is sending it to Taylor Recycling.

"It's a lot cheaper than paying \$28 a ton at the landfill," said Bufford.

"Every ton of trash we divert from the landfill helps save us money," added Wild. "With recycling, we have the potential to save money right from the start."

a private entity when the state is cutting back on aid?" asked Donald Johnson.

Eileen McDonnell asked if it was legal for the district to use public money to support private enterprise and whether the company had collateral or pledged money to put up front for the project.

"It's too much money to spend on a deal that doesn't seem real solid to me," McDonnell said.

Ted McClain thought the board should move ahead with the project as the district has struggled with the property for years.

"It sounds like some people don't want to spend a million dollars," he said, adding that money already had been spent by the city of Westland and the state, he said. "It needs to be done whether or not you think it should be done."

Liepa told trustees and the audience that previous developers came up with plans that included a senior center and a larger soccer complex than the one now proposed. Those plans fell through, primarily

because of the economy.

Liepa said these plans put the property to good use and it will be leveraged by state funds and private investment. The complex will generate money for the district's general fund at a time when the state is cutting aid, he said.

"What it does for the long haul is it gives us something positive to build over there," Liepa said.

Liepa said he checked with two legal firms and the district's auditor on the legality of spending the sinking fund on the site.

"We would not want to jeopardize the future of the sinking fund," Liepa said. "We were careful to check with them."

King proposed just capping the site and thought the action was open to a legal challenge in using the sinking funds normally earmarked for buildings. He cited a House bill that expanded the use of the sinking fund for technology and buses.

"To me, we should be spending that money on technology and buses," King said.

King also wondered what impact the action would have on the success of the sinking fund millage election in November when the district was spending \$1 million on the Cooper site.

"We aren't building a soccer field for a private company," Liepa said. "It's going to be a complex for the community. We're not building it for them, we are building it for us."

Without the complex, the district would continue to own a landfill, he added.

"We will own a landfill or some other kind of development," Liepa said.

is when you're hot and tired," said Shubitowski who wore a bright pink wig and matching hula skirt. "When people come out here like this, it can make all the difference in the world. Tomorrow I'll do coffee and doughnuts."

Coach Patrick Rice had his varsity volleyball team from Carleton High School line the path and bang pink boom whackers as the walkers went by. The effort tied in with a volleyball game, Volley for a Cure, the girls will play on Sept. 16 with Allen Park High School.

"I get them out here so they can understand what they're playing for," said Rice.

In one of the few large patches of shade in front of Premiere Insurance, Barbara Petriches of Redford and Sandy Sutton of Westland were there to show support for sister-in-law, Keli Ingersoll, a breast cancer survivor who came from North Carolina to be in the 3-Day.

"This is a family affair, anyone who's not working came out," Petriches said. "I plan to be at all of the stops."

Sutton, who brought along granddaughters Addison Shakes and Alexa Sutton, had no idea what to expect at the cheer station, but had already planned to be at Kellogg Park in Plymouth on Saturday.

"This the first year she's done it," said Sutton of Ingersoll.

Mark Beauchamp of Clarkston planned on being at every cheer station to greet wife Andrea, but looking at his daughters Addison, 3 months, and Avery, 3, he figured he might miss the afternoon stop.

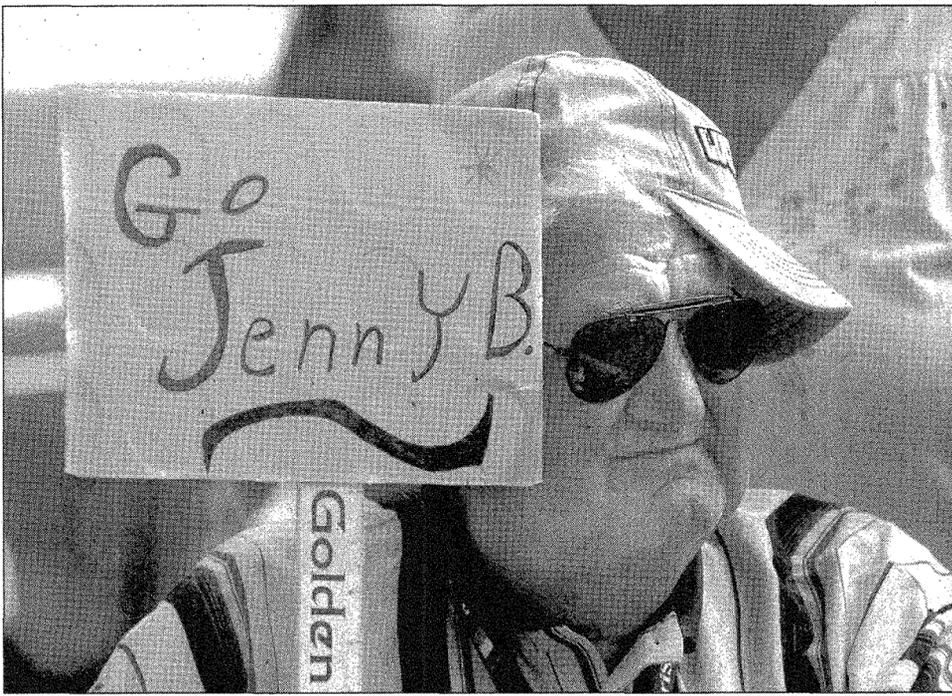

"There was the huge opening ceremony and then we went to breakfast," he said. "It looks like they're ready for naps, so we may not make it to the next station."

Cancer has touched several members of their family, including Beauchamp's mother, Andrea who was walking in her first time was walking in her memory.

"It's an honor to have her walk in my mother's memory," he said.

Ron Kuczera of Macomb Township decided his gift to the walkers would be to make them laugh by spinning pink beads around his neck like a Hula Hoop.

# Getting rid of household waste has rewards

BY SUE MASON  
OBSERVER STAFF WRITER

Getting rid of your unwanted household items could put \$250 in your pocket. That's one of several prizes that will be given out during a Household Hazardous Waste Collection Day being held Saturday in the parking lot of Westland Shopping Center at Warren Road and Nankin Boulevard.

Sponsored by the Wayne County Department of Environment, the collection will take place from 8 a.m. to 3 p.m. in the lot behind the J.C. Penney store.

"We estimate that 2,000 to 4,000 cars will be at this one," said Kevin Bufford, director of the Westland Department of Public Service. "We got 1,200 cars when we operated a county one at our small DPS yard."

Only household-generated products from Wayne County residents will be accepted. Examples of items that will be accepted at the collection site include household paints, stains and dyes, floor wax, floor care products and carpet cleaner, furniture polish, bathroom cleaners, stain removers and solvents, pharmaceutical waste (noncontrolled substances only), nail polish, glue, fertilizer, lawn and garden chemicals and pesticides, antifreeze, motor oil, gasoline, automotive batteries and dry cell batteries, all types of fluorescent bulbs, fire extinguishers, smoke detectors, mercury thermometers, thermostats and elemental mercury.

Residents also can turn in such electronics as computers, CPUs, monitors, printers, scanners, keyboards, mice, cell phones, fax machines, copiers and televisions.

People dropping off waste will receive a ticket to take to the customer service desk in the mall where they'll receive a green shopping bag filled with goodies. One bag will contain a gift certificate for \$260. Two \$50 gift certificates also will be given out.

Westland normally participates in a waste collection day through the Central Wayne County Sanitation Authority. That event has been held at Garden City Park and on average attracts 1,200 to 1,500 residents of the five CWCSA communities.

a ladder provided by the fire department to get on the roof, locating the teens sitting on a dome structure with a case of beer.

The teens, who admitted they had been drinking, were cited for being minors in possession of alcohol, they also were ticketed for trespassing on school grounds.

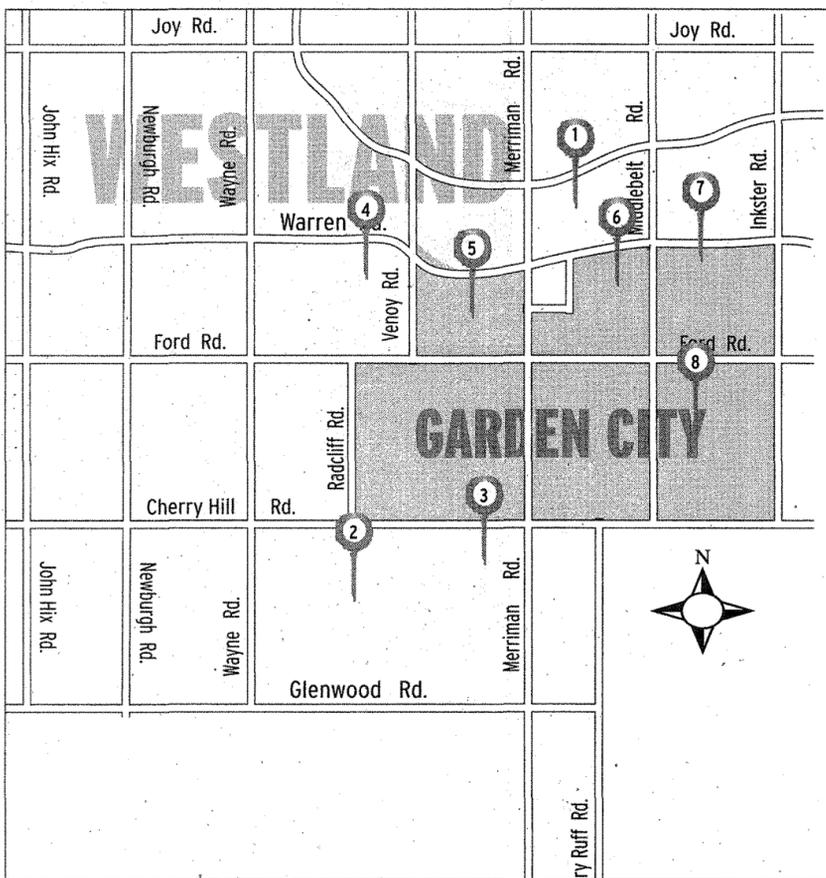

Officers were unable to retrieve the beer which was on a raised portion of the school roof. According to police, the beer is in such a high place on the roof, it will not be able to be retrieved without the use of construction equipment.

### Vandalism

Two kitchen windows were broken by a landscaping brick and a rock at home in the 33000 block of Calumet Court early Aug. 17. The resident told police officers the windows were both broken at the same time. She added that she had no idea who did it. Damaged was estimated at \$300.

### Shoplifting

The manager of Kroger at 200 S. Merriman has told police he would prosecute the

young man who took a hand basket filled with baby formula from the store without paying Aug. 17.

An employee saw the man walked toward the exit with the basket containing an estimated \$25 in formula. The employee yelled for the suspect to stop, but he fled from the store and into the parking lot where he got into the passenger seat of a dark blue vehicle that was waiting for him. The employee was unable to get a good look at the man and told police that a piece of paper covered the vehicle's licence plate.

### Larceny from a vehicle

A woman had her purse taken from her car while she return to her apartment at the Venoy Pines Apartments on

East Bonnie Drive Aug. 16.

The woman told police she had started to pull out her parking space when she realized she had forgotten something. She pulled back into the space and ran into her apartment, leaving the car unlocked. When she returned, she found her purse missing.

The woman reported her bank card missing only to discover that the culprit had used the pin number she had left in the purse to withdraw \$700 from her account.

### Vandalism

A Canton Township man told police that someone keyed the driver side of his Chrysler Sebring while it was parked in the street in the 2400 block of Steiber Aug. 16.

### Larceny

A resident of the Safe Step halfway house on Kalamazoo Court told police that someone stole prescription drugs from his room. The man said that while he was in jail Aug. 11-12, the home had let another client stay in his room. When he returned to the house on Aug. 13 the medication was gone.

### Break-in

A woman who went to check on her child observed a man attempting to pry open the bedroom window of their apartment in the 37000 block of Lakewood Drive Aug. 14. When the suspect saw the woman, he fled east around the building. Police officers found the window loose from the frame, but no sign of the suspect.

## Four men arrested in attempted aluminum theft

Garden City Police are investigating whether several people who knew each other worked together to steal aluminum cylinders and load them into a U-Haul about 4 p.m. Aug. 16.

They received a report about the alleged theft in progress at International Extrusions at 5800 N. Venoy and arrested four Detroit

men ages 18-20.

One man said that they were given a key to enter the building and that they were put up to it by another man, according to a police report. Earlier that day, Highland Park Police notified the company that they located one of its trucks abandoned in a field. Although there was a rip in the canvas, the truck was not otherwise damaged. The ignition was intact and the GPS unit was not stolen.

### Drug possession

A Garden City mother called police after her child told her that she was approached by teens hanging outside of Henry Ruff Elementary School at Henry Ruff and Maplewood and asked to buy marijuana and/or acid.

When police arrived, the nine teens denied having marijuana until the police found a bag near a picnic table.

Police arrested an 18-year-old Garden City man who had Zig Zag papers, for possessing narcotic paraphernalia and for contributing to the delinquency of minors. They contacted the parents of the other teens.

### Larceny

A woman who lives in the 6500 block of Burnley told police someone stole her jewelry when she was on vacation and before she returned on Aug. 17.

At first, her 17-year-old son said that he only had two guests over the entire weekend but then admitted that he hosted a party with up to 20 people. He said that he didn't know who everybody was who came.

The mom's jewelry box was found upside down in her bedroom. Her son was making phone calls to determine who might have taken the jewelry, the police report said.

The employee who oversees 7 computers at the Cambridge Center at 28900 Cambridge reported that someone took three laptop computers, a monitor and memory card sometime between 4 p.m. July 24 and 1 p.m. Aug. 5. The center is part of Garden City Public Schools.

### Break-in

Someone broke into the United Christian School, 29205 Florence, before 7 a.m. Aug. 13. The air conditioning unit was pushed in and then pushed back to gain entry. Police believe that the thief exited through the preschool room. A 25-inch color TV was stolen along with 10 Beanie stuffed bears and a bag of 100-count ice pops.

### Suspended license

# Investors need to look forward when making decisions

The government recently released the July unemployment report and, for the first time in over a year, the unemployment rate dropped.

Although the economy still lost nearly 250,000 jobs, the number was much lower than anticipated. As a result of these better than expected numbers, investors are asking whether we have finally turned the corner and put the recession behind us.

**Money Matters**  
Rick Bloom

I would love to say the recession is over. Unfortunately, I can't.

First, let's put the unemployment numbers into perspective. It is generally agreed that the U.S. economy needs to create 100,000 jobs every month just to account for new people entering the job market. In addition, one month does not create a trend. The government issues revised numbers, and although typically these are not material, they can be. Before getting excited about the job numbers, it's best to wait another month or two to get a clear picture.

In addition, what we all should hope for is an economy that creates new jobs.

As investors, we are flooded with economic data on a daily, weekly and monthly basis. Whether it is the unemployment report, consumer spending, personal savings rate or

personal income, there is no shortage of economic data. If investors try to analyze all the data available, they would be paralyzed and end up doing nothing. In fact, when I speak to portfolio managers who handle hundreds of millions and billions of dollars, they generally tell me they focus on a few economic numbers.

Remember, economic numbers released are in the past and as investors we need to look forward. Looking at economic numbers released is like looking in your car's rear-view mirror. In reality, the main focus should be looking forward.

### LOOK FORWARD

An example of where looking in the rear-view mirror can cause problems is what recently happened in the stock market.

In March, all the economic numbers released showed the recession was deepening and the U.S. economy was faltering. In fact, after many investors received their February statements and saw the losses, they bailed out. They were looking through their rear-view mirror. As painful as it was for the investors who continued to look forward, they have been rewarded. Since the beginning of March, the market has rallied dramatically and investors who panicked have lost a golden opportunity.

Since March, the Dow is up more than 40 percent, the S&P 500 is up nearly 50 percent and the NASDAQ market is up more than 50 percent. Year-to-date, all three of the markets are in positive terri-

tory. As I write this column, the Dow is up 7 percent year to date, the S&P 500 is up 12 percent and the NASDAQ market is up a stunning 27 percent.

I've had a number of investors ask me since the market has had this great run over the last three or four months, will it eventually pull back? I have no clue and neither does anyone else. I've always said it is dangerous to attempt to time the market.

My advice for people who pulled out and are sitting on cash is to consider dollar-cost averaging back into the market. Dollar-cost averaging is a strategy where you invest a certain amount of money on a regular basis, no matter what is happening in the market. The length of investment time is based upon your comfort in the market. The key to success in investing on a regular basis.

A word of caution: Although the rest of the country may be improving, our area has significant challenges ahead. General Motors and Chrysler continue to struggle. Although Ford is doing better, it too has challenges.

I believe it will be some time before our area truly begins to recover and we must take that into consideration when handling our personal financial affairs and managing our portfolios. Good luck!

# Walkers help make life better for mental illness patients, families

Anyone whose life has been impacted by the effects of mental illness gets a chance to help when the National Alliance on Mental Illness Michigan chapter hosts the seventh annual "NAMI Walks for the Mind of America" in some 80 communities - including Detroit - around the country Sept. 26.

The 5K/3-mile walk is expected to draw some 117,000 walkers nationwide. A key fund-raiser for NAMI, organizers hope to raise some \$8.5 million.

The Detroit walk takes place on Belle Isle, with registration at 9:30 a.m. and the walk starting at 11 a.m. There is no registration walk for participants, who are encouraged to collect donations from family members, friends, co-workers and business associates.

Proceeds from the walk will fund NAMI programs in

Michigan, including support, education, research and advocacy involving schizophrenia, bipolar disorder (manic depression), major depression, obsessive-compulsive disorder and severe anxiety disorders.

NAMI, founded in 1979, has affiliates in every state and in more than 1,100 local communities across the country dedicated to the eradication of mental illness and improving the quality of life for people affected.

"NAMI members are volunteers whose mission is to provide help to people with serious mental and emotional illnesses and their families," said Sherri Solomon, executive director of NAMI Michigan.

"The goals of the walk are to raise money to promote our mission and to increase public awareness of these conditions."

Companies, organizations

and families are encouraged to organize teams of walkers, made up of employees, organization members, relatives and friends. Walkers raising \$100 or more get a NAMIWALKS for the Mind of America event T-shirt. Walkers also get other incentives based on amounts raised up to \$5,000 or more.

Companies that don't field teams have other ways to help. There are a variety of sponsorships available, ranging from "Kilometer Sponsor" (\$250) to "Presenting Sponsor" (\$10,000), each carrying various incentives and opportunities for recognition/publicity.

Anyone wishing to register for the walk or become a sponsor can do so on-line at [www.nami.org/namiwalks/MI](http://www.nami.org/namiwalks/MI), or contact walk manager Marti Bush at [mbush@gchi.org](mailto:mbush@gchi.org) or (313) 263-2370 or Solomon at [shallsolomon@comcast.net](mailto:shallsolomon@comcast.net) or (517) 485-4049.

# Crackdown makes roads safe for all

This week, the Westland Police Department joined with law enforcement agencies around the state in a statewide, end-of-summer crackdown on drunken drivers. Extra officers will be patrolling the city between 10 p.m. and 5 a.m. specifically looking for drunken drivers.

It's nothing new. Officers have done this many times in the past, including the recent the Fourth of July holiday period. Westland police officers have had a lot of success with the campaign, making "about 18 good arrests," according to Westland Police Sgt. Ron Kroll.

There's nothing good about being arrested for drunken driving. It's good for the drivers who are at risk when drunken drivers are on the road.

Drunken driving isn't a pretty thing. We need only look back to Wesley Sanborn, the Livonia man who faces a sentence of 18 months to 15 years for the Aug. 3, 2008, death of Gary Brown. Sanborn was accused of hitting Brown, who also was described as drunk, as he walked along a stretch of Joy Road east of Newburgh and leaving the scene of the accident. He had told police he had thought he had hit a mailbox.

It's cases like this that get capture the public's attention. Unfortunately, it's a blip on the radar of someone who regularly drinks and drives. That person may think what happened to Sanborn will never happen to him and he may be right. But if he is caught and arrested for drunken driving, he'll find out that the arrest doesn't end with a night in jail. A convicted drunken driver can lose his or her license and spend several thousand dollars in fines and fees.

According to Mothers Against Drunk Driving, on average someone is killed by a drunken driver every 45 minutes. In 2008, an estimated 11,773 people died in drunken driving-related crashes and about three in every 10 Americans will be involved in an alcohol-related crash at some time in their lives.

MADD also noted that 50 to 75 percent of drunken drivers whose licenses are suspended continue to drive and that the first-time drunken driving offender on average has driven drunk 87 times prior to being arrested.

Seat belt usage in Michigan is up. People would rather click it than get that ticket. But that's not as easily said for people who chose to drive while drunk. We hope that Westland police officers are just as successful in getting drunken drivers off the streets as in the past. And we hope for those who get caught that this arrest will lead to a change in lifestyle. We don't want to have to write more stories like what happened to Gary Brown last year.

### Electric mpg?

I realize that the *Observer* doesn't really get involved with news outside of the local community, but will there be any mention of the "news" from General Motors and the direction of journalism?

General Motors sent out a "message" that the Chevy Volt gets 230 mpg. I don't want to sound like a smart-aleck but isn't the Chevy Volt an "electric" car? I recollect a joke or pundit a long time ago asking, "If an electric train was going from North to South, what direction will the smoke be going?"

I hope this type of "press" doesn't impact the intelligence of society at large.

### Facts about health care reform

A lot of angry, over-the-top rhetoric and infantile behavior by right-wing opponents is muddying the discussion of health care reform. To help clear things up, here's a brief summary of President Obama's plan, including how it will stop insurance company abuses and help you everyone, even those who currently have a strong health benefit plan. The facts and truth which follows are an antidote to the town hall screamers and the Republican disinformation machine. They simply can't win the health care debate on the merits, and they sure can't handle the truth. Thus, they resort to inciting mobs to spread their lies about alleged rationing, "death panels" and other deceitful nonsense.

Under the president's plan, health care reform will stop insurance company abuses. Insurance companies won't be able to refuse to pay a claim or give you coverage because of "pre-existing" conditions. Your out-of-pocket expenses will be capped. No more going broke because of a serious illness or injury. Insurance companies won't be allowed to charge women higher rates than men or drop you, if you get sick. Insurance companies will have to cover your children until age 26 instead of dumping them at 19.

Health care reform will hold down rising costs. A public health insurance option will force private insurers to compete and will lower costs for everyone. By requiring companies to pay their fair share, we'll stop them from dumping their health care costs on the rest of us.

Health reform means affordable health care will be there for you, no matter what. It will be there if you lose your job, or your child loses his. It will be there if you get sick and when you retire. That means you and your family can't fall through the cracks and won't go broke because of health care bills.

We are close to real reform, but getting over the finish line will be a battle. We are up against giant insurance companies, a discredited Republican Party that wants President Obama to fail and the corporate media like Fox as well as vile hate mongers like Glen Beck and Rush Limbaugh. The reality is that health care costs are spiraling out of control, and everyone in America deserves quality and affordable care. Health care reform simply can't wait. All Americans will all be better off with real reform.

### Let's cruise our area

I'm sitting at home watching the Woodward Dream Cruise which not only showcases classic cars but it also showcases cities off Woodward Avenue from Ferndale to Pontiac and I'm jealous. I'm thinking what makes their area better than our area. I think our area is just as nice and we deserve to have our area showcased. We've begun our own Dream Cruise weekends although not to the success of the Woodward Dream Cruise but we'll still continue our own Dream Cruise version and I'll continue to patronize them.

But I think we should focus on our unique attribute like Hines that those areas don't have a classic parkway like Hines running through eight beautiful cities for 26 nature filled miles. We should use this setting as a backdrop to start our own tradition like a biking marathon or a marathon run starting at Dearborn and ending in Northville. Maybe two days of fun, one day for bicycle racing enthusiasts and the next day for marathon runners in a September setting.

Imagine TV news cameras in helicopters and in the parkway covering our cities annual bicycle race or marathon run through Hines and anchors interviewing local residents who would promote Dearborn, Dearborn Heights, Garden City, Westland, Livonia, Plymouth and Northville. While thousands descend to enjoy our area and pump \$\$\$ in local restaurants, pubs and local business events.

I know it sounds like a dream but wouldn't it be a great reality. I'll volunteer for this and I'm sure we can get all cities mentioned on board to promote our area.

### Don't revamp health care

Over the last month, I wrote to Congressman Dingell to tell him why I didn't like this health care bill that the Obama administration tried to ram down our throats again like they did with the other bills.

I got eight responses all on the same day (Aug. 3, 2009) and guess what? They were all the same response. No matter what I had asked him or what I had said, he sent the same standard form letter in response to each one of my letters.

In those letters he stated that he has since he became a congressman he has introduced the same bill that his father did before him on health care. This is a direct quote from that letter:

"This much anticipated, much-needed revamp of our crippled health care system will lower costs and increase choices and access to quality, affordable health care."

Just what is crippled? Seems to me the Canadian, Great Britain, and Scandinavian

and other countries where a national health care plan was initiated is crippled, not our system.

Apparently he has not read the bill because on page 42 it states that the "Health Care Commissioner will decide on the plans" we will have no choice.

Page 145 states, Employers must auto-enroll employees in the government plan and no choice is permitted. Page 29 reads "health care will be rationed."

Page 203 says flat out, "The tax imposed under this section shall not be treated as tax." We will be taxed and at least 6 percent to start with so how in the world does this plan save us money, increase choices and give us access to quality health care if it rations our choices, increases waiting periods and raises taxes?

They think they "know what's best for us" and they keep throwing the same old garbage that 47 million are without health care when in all actuality there are more like eight million that truly need it that cannot afford it.

There is no need to "revamp" our system when it needs a few tweaks to get it back on track, but the politicians know that the money they stole out of the general fund for pet projects that was meant for Medicare and Social Security are about to come due and they need money fast to cover their respective asses. Medicare is \$80 trillion in the red and the IOUs need to be covered or we are in serious trouble!

You would think that after all of these years John Dingell put into public service and introducing this legislation he would have come up with a better plan that didn't destroy the quality of health care we currently have.

There will be a gathering of patriots opposed to this government health care takeover in front of the Canton Wal-Mart on Ford Road Aug. 22 from noon to 2 p.m. Come one, come all, bring a sign, if you wish, and share your frustrations with others that believe in this country.

Phil Solarz  
Westland

### Support health reform

The America's Affordable Health Choices Act would provide significant benefits to those of us who reside in the 11th Congressional District.

Under the provisions of this act, 9,800 seniors would avoid the doughnut hole in Medicare Part D, up to 12,000 small businesses could receive tax credits to provide coverage to their employees and 43,000 uninsured individuals would gain access to high quality, affordable health insurance.

There are also measures in the act which will reduce health care costs, increase competition among health care insurers and require that our health care dollars be used more efficiently. Affordable health care for all and the better use of health care dollars — that's a goal we should all be able to agree on.

It's time for our political leaders to stop playing politics and solve the health care crisis. It's time for Americans to stop paying more and getting less. Therefore, I encourage other concerned constituents of Congressman Thaddeus McCotter to call him at (734) 632-0314 and let him know we need him to support health care reform rather than obstruct it.

# Canton store wants you to get a good night's sleep

Forget bouncing on a mattress to test its firmness.

Art Van Furniture's new Pure Sleep store uses a diagnostic process that fits the right "sleep system" to each individual.

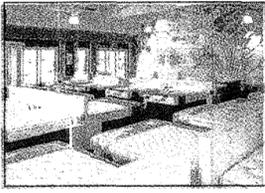

The store opened this month at 41913 Ford Road, in Canton.

The sleep system is a three-part solution that includes the proper mattress and foundation for proper support and comfort, the correct pillow to ensure correct spinal alignment, and a mattress protector to provide a clean and healthy sleeping environment.

"It takes the guess work out of choosing a mattress and brings in the science of sleep," said Vice President of Operations Steve Glucksman.

According to the National Sleep Foundation, a good night's sleep, along with proper diet and exercise, can go a long way toward battling symptoms caused by weight gain, heart disease, arthritis, back pain and more.

Arhaus offers these tips for pairing chairs with dining room tables:

- Comfort should be top priority, but don't overlook personal style and consider buying a second set of set covers in a different cover or pattern.
- Don't be afraid to mix and match styles and fabrics.
- Look for chairs that do double duty, in both the dining room and another area of the house.
- Make sure seats are not only proportioned correctly to your table, buffet and wall unit (for dinner and tableware), but also fit in and around the table.

# Stevenson hopes to parlay postseason success

BY BRAD EMONS  
OBSERVER STAFF WRITER

Livonia Stevenson has been among the state's elite Division 1 football teams the past two years.

The Spartans are coming off a 10-3 season after reaching the state semifinals following a runner-up finish and a trip to the state finals in 2007 at Detroit's Ford Field.

One constant has been third-year starting running back Austin White, a 6-foot, 190-pound senior who recently committed to Michigan.

The four-year varsity player rushed for 1,610 yards and scored 32 touchdowns last season.

"Austin is a pretty known quantity by now," Stevenson head coach Tim Gabel said. "He is the most complete back I've ever seen at field level, and that includes his will to compete."

"He will contribute in a lot of different ways. That includes defense."

White, however, is far from being a one-man show.

The Spartans have plenty of returning seniors to help complement White and give it another go in playoffs.

Tight end Jordan El-Sabeh (6-4, 206) and senior split end Stephen Pollard (6-1, 179) will team up with slotback Johnny Pauley (5-7, 158) and fullback Mike Beyer (6-1, 197) to provide an offensive spark.

"Jordan is a very dogged blocker and has soft hands for a kid as physical as he plays," Gabel said.

Looking to replace first-team All-Observer quarterback Jacob Gudeman, who threw for 1,340 yards and nine touchdowns, are brother Jon Gudeman (5-10, 175) and Brendan O'Hara (6-1, 189).

Three veterans, meanwhile, will also anchor the offensive line including center David Bogart (5-10, 270), Jon Aneed (6-1, 238) and Joe Swingle (6-3, 225).

El-Sabeh will also help anchor a defense which also includes senior tackle Austin Micallef (6-1, 270) and senior linebacker Erick Melton (6-0, 200), the latter whom has made great strides during the off-season.

"Jordan was our only true two-way player last year, and it's shaping up that way again this year," Gabel said. "He just is so consistently good at what

he does."

Melton will be joined at linebacker by junior Duran Onwuekeme (5-7, 217), who saw varsity playing time last year in the playoffs at fullback.

Stevenson's secondary will consist of Bryan Koessler (6-2, 200), Will Burek (6-1, 177), Alex Law (6-1, 165), White and Gudeman.

"It's our deepest area," Gabel said of the defensive back corps. "White is just too good at safety to leave off the field, but Jon (Gudeman) and Bryan (Koessler) bring a lot of game experience from last year. Both Will (Burek) and Alex (Law) have really bounced back from injuries that kept them out of the mix last season."

The Stevenson coach has been encouraged by the team's preseason effort so far.

"By and large, we've had a good first week of practice," said Gabel, who

As an All-State goalkeeper off a state championship team from Livonia Stevenson High, Jen Barker provided instant credibility when she committed to play for the first Madonna University's women's soccer team.

Barker then helped launched the Crusaders into the national limelight en route to NAIA All-America honors.

On Tuesday, one of MU's inaugural Athletic Hall of Fame inductees coached the Crusaders for the first time in a 5-2 scrimmage victory over neighboring Schoolcraft College.

"I'm pleased across the board, I think the girls were ready to play," said Barker, who took over in June for Paul Thomas as MU's head coach. "We had different players get on the board, just not the forwards. We showed we have some versatility and we're slowly building the gaps that were left from last year. I think we're going in the right direction."

After playing Friday in another exhibition match at the University of Detroit Mercy, the Crusaders will officially open their season, Aug. 26-27, in San Diego, Calif., with a two-game set against Point Loma Nazarene and Cal-State San Marcos.

## Rockets' offense hopes to hit their target

BY BRAD EMONS  
OBSERVER STAFF WRITER

In his first season as Westland John Glenn's football coach, Tim Hardin stressed defense.

And the statistics revealed that the Rockets were the stingiest in allowing the fewest points (120), better than any other school in the 24-member Kensington Lakes Activities Association.

The only problem was that Glenn was inconsistent offensively, scoring a total of 147 en route to a 4-5 overall record.

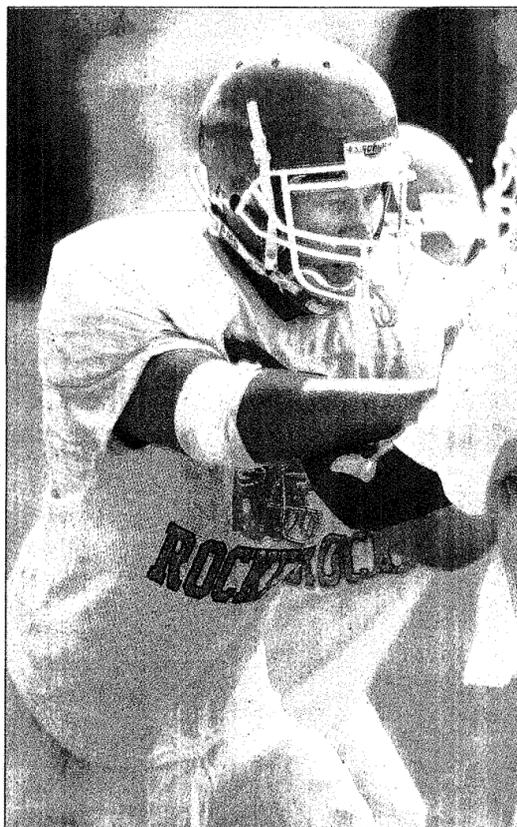

"We'll do the same thing this year, we'll try and build a great defense," Hardin said. "That's our first emphasis — but this year we'll spend more time developing our offense. When I got the job I came in late we were kind of behind the eight-ball last year."

Glenn appears to possess the weapons this fall to make things happen on the offensive side of the ball with the return of senior tailbacks Jeremy Langford and Kamal Ayler.

The 6-foot-1, 190-pound Langford started seven games a year ago and rushed for nearly 900 yards as a junior.

"Jeremy had a great off-season," Hardin said. "He's bigger, stronger and faster — and a lot more confident than he was last year. He's become a big leader and we expect him to have a great year."

The 6-1, 200-pound Ayler, meanwhile, got two starts

and showed flashes of being a threat to carry the ball as well.

"Kamal is more of a power runner when we have to put the plow down," Hardin said. "He'll be a complement to Jeremy."

Also in the mix in the

backfield is junior Stefon Anthony (5-10, 170).

"He's had a great camp and he's earned getting playing time, too," Hardin said.

### HRs sink Haeger

Former Madonna University golfer Charlie Haeger made his pitching debut Monday night with the Los Angeles Dodgers, allowing three earned runs on five hits and no walks and two strikeouts over seven innings in a 3-2 loss to the visiting St. Louis Cardinals.

The 25-year-old right-handed knuckleballer gave up a two-run homer to Rick Ankiel and a solo homer to National League leader Albert Pujols.

The Redford Catholic Central High grad and native of Livonia was called up last week from the Triple-A Albuquerque (N.M.) Isotopes of the Pacific Coast League where he was an All-Star posting an 11-6 record with an 3.55 ERA.

Haeger has had a pair of stints with the Chicago White Sox (2006-07) and San Diego Padres (2008). In 20 Major League appearances he is 1-3 with a 5.83 ERA.

**Promising newcomers:** Jeremy Powell, Jr.; Abhishek Roy, Fr.; Zach Williamson, Soph.; Michael Hood, Soph.; Joshua Bradford, Sr.  
**Raisanen's 2009 outlook:** "It should be an interesting year since most of the team is relatively inexperienced. Brandon Harnos has been working hard and should have some success at first singles. Many of the returning players have shown great improvement so far at practice. Powell, Roy, and Williamson are newcomers that should contend for singles spots. Overall it will be a year for improvement, but Wayne could find some early success in the non-league schedule. It will be exciting to see how much the new players progress. With only five seniors we're definitely young, but I'm excited."

# TEE TIME

Like a fine wine...  
 Golfers can get better with age

By Susan Smiley

Robert Chandler has been around the links more than a few times. The 89-year-old St. Clair Shores golfer has been playing the game since he was 15 years old and doesn't intend to stop anytime soon.

"I love the game," said Chandler, who has worked as a ranger for Sycamore Hills Golf Club for 15 years making him both the oldest ranger on staff and the ranger with the most seniority. "I started playing when I was 15 — some of my friends played and got me into it — and I have never stopped playing since then."

To date, Chandler has played 413 golf courses including Turnberry — the site of this year's British Open. As you might expect, Chandler was

rooting for "the old guy" Tom Watson because he wants people to know that you are never too old to play good golf.

"Even now I'm still tweaking my game," Chandler said. "I read this, I read that, I try this and I try that. The sad thing is I am playing courses I've played a good many years and now to hit to where I want to be I have to hit two or three clubs more than what I used to hit. Things change no matter what you do."

To help him get some needed distance off the tee, Chandler recently purchased a nitrogen-infused driver. So far it seems to be helping his game and his golf partners have noticed.

"All my buddies want one now too," Chandler said. Mary Shaull, 80, of West

Bloomfield, swears by her Dunlop graphite driver. Now she is in the market for a new putter.

"My drives are good but my putting is terrible," admits Shaull, who just learned to golf 15 years ago through a community education class.

Shaull played softball for most of her life and didn't think about picking up golf until a couple of women on her softball team took her out on the links.

"I was a pitcher for a slow-pitch team and a woman who was part of the Lady Birds golf league kept saying 'You could play golf! I know you could play!'" said Shaull. "She and another player took me out a couple of times and I was just terrible."

But that didn't stop Shaull from

joining the Lady Birds four years ago. When she started, she was bringing up the rear of the C flight and now this season she rests in first place of the B flight. She is proof that it is never too late to learn something new.

"I love golf because when you are on the course that's all that matters," she said. "It takes you away from stress and things you would rather not think about. Plus it gets me out of the house and gets me out with younger women. Even though some of the women I play with have been golfing for decades, we can still play together and enjoy the round."

While Chandler laments his loss of distance over the years, he believes some things do get better as you mature.

"I watch some of the high school

girls who play at Sycamore and a little girl who weighs about 112 pounds hits a 9-iron 130 yards and I can tell you I couldn't do that on my best day!" Chandler said. "But definitely my course management is a lot better than it was when I was younger."

Chandler and Shaull both usually play twice a week and plan to continue playing and perfecting their games for a long time to come.

"Without golf I would be lost," Chandler said. "I work a couple of days a week at Sycamore and I play two days a week. I'm just a ranger but I sure enjoy it. I love the game and I love the people."

## Lady Ocelots hope to surpass last year's success

BY JIM TOTH  
OBSERVER STAFF WRITER

And you thought 2008 was a special season for women's soccer at Schoolcraft College?

Posting an 8-2-3 regular-season ledger and advancing all the way to the National Junior College Athletic Association tournament was undoubtedly a remarkable feat by the Ocelots a year ago.

But listening to Deepak Shivraman on the brink of kicking off the 2009 campaign, the veteran head coach feels this year's squad is capable of even greater achievements thanks to a solid core of returnees and host of talented and enthusiastic freshmen.

"We had a good run last year. We made it to nationals again, and we were competitive, but both (games) were one-goal losses," said Shivraman, ready to engage in his third season leading the women's program. "I loved the '08 team, but I really believe these girls can be better. Their attitude has been great, their work-ethic phenomenal and we are so much farther along than last year at this time."

Despite losing key components like Plymouth High's Clare Baptist (offense) and Samantha Harrington (defense), much of Shivraman's excitement stems from a quintet of returnees who excelled at various positions. Kristen Dondzilla (Salem) tops that list as her play as the last line of defense in goal was instrumental in the Ocelots keeping opponents off the scoreboard. Jessica Lusardi made her presence felt defensively, Dena Sana (North Farmington) enjoyed a standout year in the midfield and Stephanie Gutowski (Livonia Stevenson) and Britteny Pickett provided enough spark in other areas

COLLEGE SOCCER

to make the Ocelots a well-rounded unit overall.

"We had a prolific goal scorer in Clare, and on the other side, Samantha could really lock things up for us in the back," Shivraman said. "But we have some experienced and extremely talented players coming back and I think we found a rich group of freshmen who are fast and skilled."

Jenny Giegler, Alycia Barringer, Brooke Ehman, Maddie Evans and Jammie Montorosso fit nicely into that category.

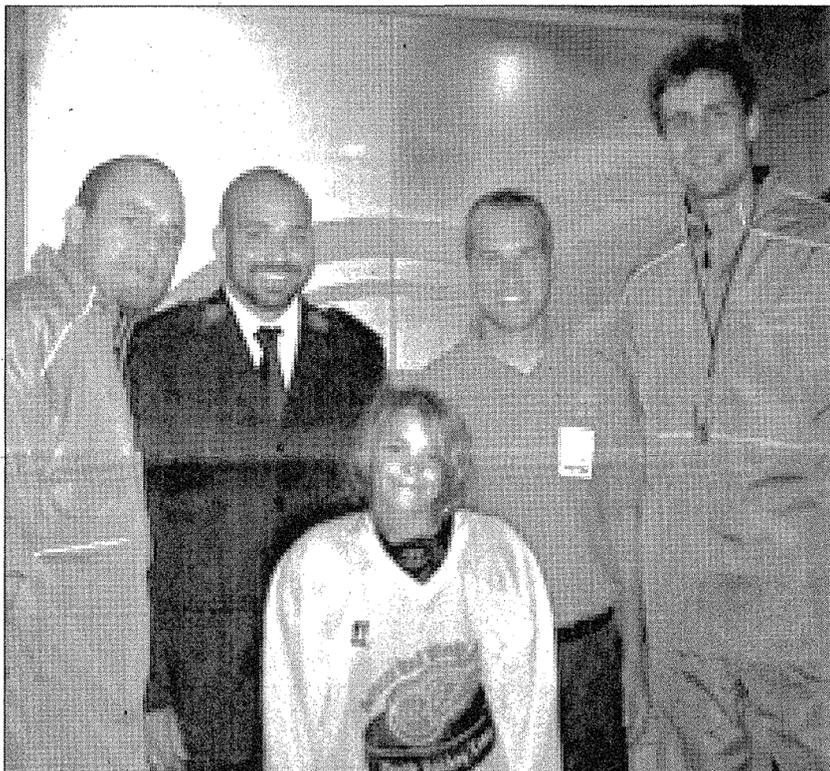

The Ocelots will play a trio of scrimmages prior to the start of the regular season which kicks off Saturday, Aug. 29, with road contest against Sussex (N.Y.).

Shivraman believes the upcoming scrimmages against NCAA Division II schools Saginaw Valley State and Tiffin (Ohio) University will be instrumental in gauging just how far the program has accelerated compared to that of last year.

"They (Saginaw Valley and Tiffin) are both perennial powers and then our third scrimmage is against Madonna and that will be a great test for us as well," Shivraman said. "The key for us will be to keep everyone healthy because we do have a lot of youngsters and they tend to get excited and want to go at everything 100 miles per hour."

"My message to them has been to approach this not as a challenge, but an opportunity. Go out and make the most of it because Schoolcraft is a phenomenal place to be, not just academically, but athletic-wise as well. It's unique and you have a wonderful opportunity in front of you."

## Westland youth gets ice time with pros at JLA

For a child with dreams of being a professional ice hockey player, a recent day at Joe Louis Arena was exceptionally inspiring.

Thanks to the Detroit Red Wings, Warrior Hockey and The Salvation Army of Metro Detroit, Jagr Bugaski, II, experienced every hockey fan's dream last month - ice time at Joe Louis Arena and coaching from former player Jiri Fischer (now director of player development) and current player Darren McCarty.

"He's doing good," said McCarty, who watched Jagr skate on the ice from the players' bench. "He's got the spunk. He's got the determination. That's what it's all about."

The Red Wings and sponsor Warrior Hockey donated a scholarship for the Westland youth to attend the organization's 2009 Youth Hockey Camp, July 13-14.

"The camp can be expensive, and we saw it as a great opportunity for someone like Jagr to experience the Joe," said Red Wings Youth Hockey Manager Phil Pierce. "He's trying hard. If you have a passion for hockey, once you get out there, you're just going to get better

and better."

In addition, Warrior Hockey of Warren donated Jagr's equipment, excluding skates and a helmet.

"We got him outfitted in complete Warrior gear," said Jason Reynolds, the company's regional brand representative. "When we gave it all to him, you could tell he was trying to contain his excitement."

The Salvation Army received a \$15,000 grant from the Detroit Red Wings Foundation earlier this year to help fund the nonprofit's STRIVE (Student Training for Integrity, Vitality, and Education) Youth Hockey program.

Jagr first discovered hockey while attending STRIVE last spring, at The Salvation Army's Wayne-Westland branch located at 2300 Venoy Road in Westland.

Hockey soon became his passion.

The STRIVE mission is to help meet the spiritual, mental and physical needs of the whole child through an organized floor hockey program at The Salvation Army's participating community centers.

This allows children like Jagr the chance to experience

a sport they may not previously have considered, often due to economic constraints.

Hiding under a long, sweaty mop of golden blond hair, Jagr worked the ice with his fellow camp-goers on July 14, then got an exclusive tour of the Red Wings' locker room.

Prior to his two-day stint on the Joe's ice, he had no more than four hours of actual ice time. He played just 16 weeks of floor hockey at The Salvation Army's Wayne-Westland Corps.

The STRIVE team is run by Andrew Barylski, director of community and youth ministries.

"Jagr's two-day adventure with the Detroit Red Wings is a perfect example of what can happen when programs like STRIVE help kids discover their passion," Barylski said. "We're beyond thankful that the Red Wings and Warrior Hockey were kind enough to give him that experience."

Fall STRIVE hockey begins in late September. To register for the Wayne-Westland team, call (734) 722-3660. For another center, visit www.sal-mich.org

# MU SOCCER

FROM PAGE B1

The Crusaders, coming off a 15-4 season and a Wolverine-Hoosier Athletic Conference regular season title, are ranked No. 25 in the 2009 NAIA pre-season poll.

Nine starters return for MU led by WHAC Offensive Player of the Year Jessica Austin (Livonia Franklin), a senior who had a team-best 15 goals to go along with two assists in 2008.

First-team All-WHAC performer Lauren Hess (Livonia Ladywood), another senior, will anchor the midfield, while WHAC goals-against leader Brittany Warner (Plymouth), a sophomore transfer from Oakland University, helps solidify the back line.

Senior forward Kaila Moore (Howell), who had five game-winning goals a year ago, also gives MU a nice one-two forward punch to complement Austin.

Other starters returning include senior defenders Gina Leone (St. Clair Shores Lakeview) and Lisa Melasi (Fenton); along with midfielders Jaclyn Venturingha (Macomb Lutheran North), a senior; Diana Brda (Franklin), a sophomore; and Sarah Rokuski (Algonac), a junior.

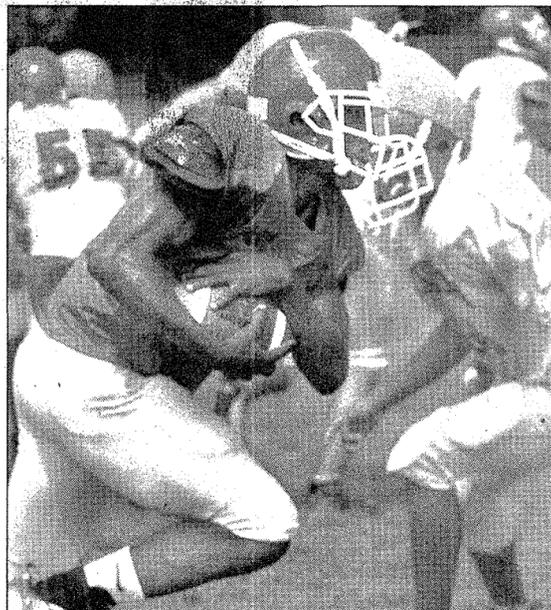

Barker was also encouraged Tuesday by the play of two freshman - forward Jackie Vaquera (who had a goal) and Lauryn Dostillio (Sterling Heights), who stood out defensively.

"Those two kids are brand new to the college game and they showed well," Barker said. "It was nice to see that Lauryn is a good fit on defense and that she was able to do things that we were looking for back there."

Rounding out the Crusaders squad are midfielders Ellen O'Rear (Madison Heights Bishop Foley), Molly Perkins (Franklin), Trisha Bender (Walled Lake Northern), Nicole Rodriguez (Woodhaven), Rachel Thompson (Livonia Stevenson), Andrea Mareel (Warren Regina); defenders Katie Kozlowski (Dearborn Heights Crestwood), Chelsea Budlong (Novi) and Chelsea Shrewsbury (Milford); and goalkeeper Chelsea Gregg (Livonia Clarenceville).

"It's a good group, it's nice to see them in a game situation after practicing against each other the last two weeks," said Barker, who is assisted on the sidelines by Kelly (Delaney) Grodzicki and Lizz Szkyrbalo.

Senior Jeremy Langford, who had close to 900 yards last season, is expected to carry a heavier load this season in the backfield for the Rockets.

first-team All-Area selection Jerome Scales at quarterback. The speedy Scales was more of a running threat, while Kulikowski will be more of a drop-back passer.

"He (Kulikowski) was the back-up last year, but he's going to surprise a lot of people," Hardin said. "He has a very strong arm and I've been impressed with his knowledge of the game. He stays cool under pressure. He did not play last year, but we expect him to play like a two-year starter."

Seniors Vince Davidson (5-8, 182) and Dustin Gajowiak (6-5, 280) return as starters on the offensive line. Also expected to start is senior Chase Glover (6-0, 192) and senior Andrew Laird (6-3, 244).

Glenn should also get a lift

from senior Aaron Smith (6-1, 207), who moves to tight end, while senior Steven Murphy (6-0, 207) moves over to full-back.

"He (Smith) will be better than our tight end last year because Murphy played out of position - we did it out of necessity," Hardin said.

Glenn's defense, meanwhile, will be keyed by Murphy and Smith at linebacker; Davidson, Glover and Gajowiak on the defensive line; Caleb Cleney (6-2, 190) and Ayler at the ends; and Davarius Jenkins (5-11, 155), Javarius Snowden (5-10, 200), Anthony and Langford in the secondary.

"There will be no changes - the same defense, nothing fancy," Hardin said. "I'm a big believer in the fundamentals and we have great assistants that coach guys in the fundamentals. That what made us a great defense."

resigned last December after 14 seasons, but reconsidered and returned a month later. "We have competition at a lot of spots, so we probably are trading off some team cohesiveness right now for

increased focus in practice. For the time being, that's a good trade until we really see how certain individuals respond to actual competition."

And if the last two years are any indication, the Spartans should be able to make some postseason waves once again.

# Veteran member not surprised to see Holy Spirit church reach its 40th

BY JULIE BROWN  
O&E STAFF WRITER

The view from the pew is pretty darn good for Deb Bramigk, a 39-year member of Church of the Holy Spirit, an Episcopal congregation on Newburgh in Livonia.

"It's the people here," the Canton resident said of the church across from Livonia Churchill High School, north of Joy Road. "We call ourselves the Holy Spirit family. We're like an extended family here. It's really a warm feeling to be here. We feel so close here."

She's the church secretary, working with the Rev. Barbara Cavin as priest in charge. Cavin arrived in

The Rev. Barbara Cavin is priest in charge at Church of the Holy Spirit in Livonia.

2002, and has been ordained for more than 20 years, most of it spent in parish minis-

try. "Our focus is outreach to the community," Bramigk said of the church, marking its 40th anniversary this year. She cites collecting school supplies for the needy in Livonia, as well as gathering towels for the Michigan Humane Society down the street in Westland.

Church members also collect used eyeglasses and prescription bottles. They're involved in the Crossroads ministry through their diocese, working at a West Grand Boulevard site in Detroit to serve soup, sandwiches, coffee and tea.

Holy Spirit members went to the Crossroads site this spring and served food to

some 750 people.

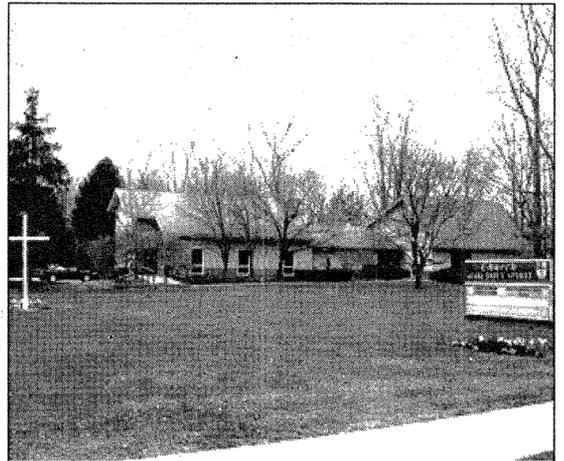

During the school year, Sunday services at Church of the Holy Spirit are 8:30 and 10:30 a.m. There's also Sunday school.

The summer service is held at 9:30 a.m. Sundays, with Sept. 13 the date for the change back to the school-year schedule.

The church combines with St. Andrew's on Hubbard in Livonia and Holy Cross of Novi for a youth group that's popular. The church draws from Livonia, Redford, Canton, Plymouth, Westland and Garden City.

Holy Spirit has about 60 families, and newcomers are welcome.

"I met my husband here,"

Church of the Holy Spirit on Newburgh in Livonia marked its 40th anniversary this summer.

said Bramigk. "We were married here." The couple's son, now 34, was baptized at Holy Spirit, as were their three grandchildren.

The 40th anniversary was observed in July with a picnic celebration. "Some

former members came," Bramigk said. "We had our service outside."

# Canton pastor excited about Holy Land trek this fall

BY JULIE BROWN  
O&E STAFF WRITER

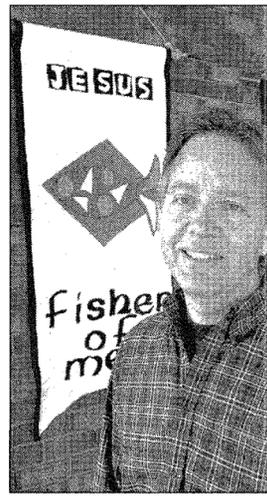

The Rev. Bryan Smith, Geneva Presbyterian Church pastor, has wanted to visit the Holy Land for some time. "I've been wanting to go to the Holy Land for at least eight to 10 years," said Smith, pastor of the congregation on Sheldon north of Ford in Canton. He's about to get his chance through a Columbia Theological Seminary of Decatur, Ga., Journey of Faith program. The program's for mid-career (ages 35-55) clergy with five or more years experience in ordained ministry. "They took a group of 20 of us." The Christian clergy will leave Oct. 28 and return Nov. 11.

They'll have a preparation time retreat in late September at the seminary in Georgia to talk about what will happen, "and begin to sort of think about this in terms of spiritual impact."

Smith had previously talked to clergy colleagues about how transformational it was to visit the Holy Land.

They spoke of getting immersed in the geography of where Jesus did his ministry. "Actually being there kind of infuses a deeper faith." Smith saw the opportunity and applied in June, hearing back three weeks later.

The travel is funded by the seminary in partnership with the Holy Land Pastoral Renewal Program of the CF Foundation, with which Smith was previously unfamiliar. He's not overly concerned

about violence in the area due to conflict between Israelis and Palestinians.

"I really don't feel that all. At this point, I'm just feeling really grateful." When he returns this fall, he will share impact of the trip with his church and others.

There may be some from the community who'd like to visit the region, he said.

"I'm just waiting to see what will transpire to see what will be a blessing to others as well."

He answered essay questions, and those doing the choosing read through and picked the 20 clergy, who had to be midcareer and never visited the Holy Land before.

"They wanted this to be people who never had the chance before," Smith said.

**BUSY SCHEDULE**

The clergy will fly from Atlanta to Tel Aviv in Israel. Their itinerary includes the Sea of Galilee, Capernaum, the Mount of Beatitudes in one day, as part of an overview of Jesus' Galilean ministry.

They'll be at Tabgha, the traditional site of the loaves and fishes, and the Chapel of the Primacy of Peter, the traditional site of Jesus' appearance to the disciples while they were fishing.

On Day Five, the clergy journey to Kursi on the eastern side of the Sea of Galilee, where Jesus is believed to have healed the demoniac and cast the demons into swine. On Day Six, they'll trek to Nazareth and see Mount Tabor.

Other days include a morning walk into Jerusalem, from the Mount of Olives via the Garden of Gethsemane and the Via Dolorosa to the Church of the Holy Sepulcher. They'll see the Church of St. Peter on Mount Zion and the Western (Wailing) Wall.

The group will visit Bethlehem, including Shepherds Field, Manger Square and the Church of Nativity. They'll have a full-day excursion to the Dead Sea, ending with a discussion of "The Journey of Faith: Why Did God Want You Here? What Is God Calling You To Do?"

Disney's "A Christmas Carol" train will roll into Greenfield Village Sept. 4.

# Christmas train rolls into town

Disney's *A Christmas Carol* Train Tour makes a stop, Sept. 4-6, at Greenfield Village during its 40-city tour.

Visitors can expect to see Christmas decorations, hear carolers and see a 3D sneak peek from the movie, *Disney's A Christmas Carol*.

The attraction is free and will be open 9 a.m.-5 p.m. Greenfield Village is located at 20900 Oakwood Blvd, in Dearborn.

Many of the exhibits will be inside the train cars, but the film footage will be shown in a state-of-the-art digital 3D theater erected on site.

Visitors can check out the cutting-

edge technology behind the film, as well as artifacts from the Charles Dickens Museum and interactive games that allow users to explore Dickens' London and morph their faces into characters from the movie using HP TouchSmart PCs. HP powers the interactive components of the Train Tour and its technology is used in the production of the movie.

Radio Disney will invite kids to enter for a chance to become a Movie Surfer representing their hometown. Each Hometown Movie Surfer will get a chance to appear on Disney Channel by filming their own Movie Surfer's segment.

Guests also will have a chance to win an HP TouchSmart PC and HP Photosmart wireless printer. This family event is for all ages.

The train tour is traveling cross-country with stops in 40 cities, culminating in November at New York City's Grand Central Terminal.

Disney's *A Christmas Carol*, directed by Robert Zemeckis, stars Jim Carrey as Ebenezer Scrooge, Gary Oldman as his faithful clerk and Colin Firth as his cheerful nephew. The movie opens nationwide Nov. 6 in theatres, Disney Digital 3D, and IMAX 3D.

# Documentary focuses on food and natural healing

Pass the kale chips — and forget the popcorn and soda.

There won't be any typical movie theater snacks served at the concession stand when *Food Matters*, screens next week at the Main Theatre in downtown Royal Oak. And that's just the way Schoolcraft College Culinary Arts Program graduate Andrea McNinch wants it.

Through her company, Regeneration Raw, McNinch does corporate consulting, offers one-on-one coaching, teaches classes and workshops on health and wellness through proper nutrition. Eating raw specializes in raw and vegan foods.

"The concessions will be shut down during the showing," McNinch stated. "We will not sell that type of food, but rather will offer movie-goers donated local, organic, whole foods to snack on."

Movie-goers will take home a free bag loaded with healthy snacks, coupons and literature on where and how to stay healthy. Sponsors include VegMichigan, Mind Body & Spirits restaurant, Red Pepper Deli, Eden Organic, Zerbo's Health Foods, Green Drinks Detroit, The Now Project, Gourmet Everyday, iMatter, Slow Food Detroit and more.

She rented out the 175-seat theater for a one-time showing of the 80-minute documentary by producer-directors James Colquhoun and Laurentine ten Bosch, who interviewed several leading experts in nutrition and natural healing. The experts claim we're harming our bodies with improper nutrition, and that the right kind of foods, supplements and detoxification can be used to treat chronic illnesses as fatal as terminally diagnosed cancer.

The film points out that not every problem requires costly, major medical attention and reveals many alternative therapies that can be more effective, more economical and less harmful than conventional medical treatments. The focus of the film is in helping viewers rethink their belief systems about the modern medical and health care establishments.

"Find out what works, what doesn't and what's killing you," McNinch stated.

She realized "Food is our best medicine" when at age 25 she began suffering from migraines and battling other ills, such as colds and skin problems.

She said doctors attributed the problems to aging and wrote prescriptions for symptoms of what they termed were common ailments.

She decided to change her diet instead of consuming prescription drugs.

"It was almost an instant recovery," she states on her Web site. "As soon as I cut out dairy and started eating raw foods, I never had another migraine and there are no cysts or calcifications in my body. The best part is, I look and feel younger every day, zits, illness, PMS and lack of energy are a thing of the past"

In addition to graduating from Schoolcraft College's Culinary Arts Program, she also holds a degree in journalism and communication from Oakland University.

McNinch

Her fall workshop schedule includes these topics at local schools:

■ "Raw Foods: Key to Ageless Beauty and Optimal Well-Being," Sept. 26, at Madonna University, in Livonia. The workshop will focus on adding raw and living foods to the diet. Learn the benefits of eating raw-vegan, the equipment used and a few easy and delicious dishes to get started on the path to optimal well-being.

■ "Raw-Vegan Food On A Dime," Nov. 7, at Madonna University, Livonia. Learn how to make simple, delicious raw-vegan food packed with vibrant health the inexpensive way through utilizing local farmers markets, making your own raw trail mixes and using techniques such as sprouting. Class will include food/sprouting demos, lots of sampling along with a packet of recipes and useful tips to get started.
