RESA drops plan for school millage

BY BRAD KADRICH
OBSERVER STAFF WRITER

Officials at Wayne Regional Educational Services Agency needed school districts representing 51 percent of the county's public school students to ask for a ballot initiative that would have created a countywide 1.9-mill school enhancement millage to help financially struggling school districts.

They didn't get it.

Already facing an uphill battle when three of the county's larger districts — Dearborn, Livonia and Plymouth-Canton — decided not to take part, RESA's initiative was killed last week when officials at Detroit Public Schools, the state's largest district, decided not to take part.

That left 17 school districts, representing just 22 percent of the county's students, in favor of the initiative.

"When Detroit backed out, that left them well short," Plymouth-Canton

Community Schools Superintendent Craig Fiegel said. "It's really too bad they didn't announce that decision sooner. It would have saved a lot of angst."

Plymouth-Canton school officials were a little bothered by the delay in Detroit's decision, figuring a decision not to participate could have come sooner and saved some headaches.

Without Detroit, Livonia, Plymouth-Canton or Dearborn, the largest district on board with the plan was

Wayne-Westland.

"We did not reach the 51 percent we needed to go forward," said RESA representative Tracey Wright. "There's no way for this to go forward at this time."

For Wayne-Westland, the millage would have been a win-win proposition. Not considered a "giving district," the tax levy would have generated \$4.9 million of which \$4.7 million would come back to the district based on the

Walkers put best foot forward for annual Relay for Life

BY SUE MASON
OBSERVER STAFF WRITER

Overnight thunderstorms and intermittent showers during the day did little to dampen enthusiasm of walkers who took to the path at Jaycee Park for the city's annual Relay for Life.

They wore birthday hats, blew bubbles and basically let cancer know they're in for the long fight for a cure.

"It's a little wet, but we're making it," said Kelly Bates, this year's Relay chair. "Ninety percent of the teams are here and we still have a ton of people walking."

The 24-hour event was more like a huge block party with teams setting up booths to sell everything from baked goods to hamburgers and hot dogs. Susie Yeger, a 15-year, five-month, breast cancer survivor, had plenty of customers for her spin the wheel game aimed at wiping out colon cancer. "I've already taken two men for five bucks," said Yeger, a member of the Women of Westland team. "They keep promising to come back."

Wayne-Westland's I-Save program wins state honor

BY SUE MASON
OBSERVER STAFF WRITER

Wayne-Westland school officials knew the district's in-house energy conservation program was good. They only needed to look at the more than \$400,000 savings in utility costs that have occurred thanks to the efforts of staff and students.

That success hasn't gone unnoticed by others.

Monday evening, Mary Reynolds, a member of the MASBO Board of Directors, went before the Wayne-Westland school board to present Nick Thornton, supervisor of energy and facility services, with a Meridian Award of Excellence for the district's I-Save (Individuals Save And Vie for

Efficiency) program he oversees.

"This is in special recognition of your successful practices in the area of management," said Reynolds, the executive director of business for the Farmington Public Schools. "The award was one of five given out for the MASBO and the only one for energy management."

According to Reynolds, the award

recognizes the individual effort that has gone into the highly successful program. The I-Save program has saved the district 11.4 percent in gas and electricity costs.

"This is a real grassroots efforts to get everyone to turn off the lights and turn the thermostat down," said

Veterans prepare for annual parade

BY LEANNE ROGERS
OBSERVER STAFF WRITER

Honoring veterans will be the focus of the annual Wayne-Westland Memorial Day Parade Sunday.

The parade begins at 1 p.m. at the Town 'N' Country Bowling Alley parking lot, 1100 S. Wayne Road at Avondale, then heads south to the Wayne Library for a short wreath ceremony.

"We always alternate so the parade goes to Wayne one year, Westland the other year," said Tom Dobrowolski, secretary of the Wayne-Westland Veterans Parade Committee.

The parade committee organizes the parade as the group designated by the various VFW, American Legion, AMVETS and other area veterans groups who participate.

"It's a pretty big parade. The

route to the Wayne Library is 1.43 miles. The parade starts at 1 p.m. and won't get to the Peace Memorial at the library until close to 2 p.m.," said Dobrowolski.

The parade will include appearances by marching bands from John Glenn, Wayne Memorial and Inkster high schools along with marchers and floats from various churches, Scouting troops and similar groups.

"There are no clowns and we don't pass out candy," said Dobrowolski, who estimated the parade has been held for at least 15 years.

Veterans, including color guards and ritual teams, from posts in Westland, Wayne and Livonia will begin the parade. The parade has traditionally been held on Sunday of the holiday weekend rather than Monday, Dobrowolski said, to increase participation.

Members of the parade committee solicit contributions to cover the parade costs and also confirm participation by the various groups and bands. The cities of Wayne and Westland each make a contribution to support the parade. About 2,000 people turn out for the parade, said Dobrowolski, based on the number of American flags passed out along the route.

"This year, Cub Scouts, Boy Scouts and Girl Scouts will pass out the flags," he said. "In the past, they walked off to the side in the street. People got confused and thought they were leading off the parade."

After the parade, a luncheon will be hosted at the Harris-Kehrer VFW Post 3323, 1055 S. Wayne Road at Avondale in Westland.

\$100,000 mark and hit \$1 million raised for the American Cancer Society. Walkers made it happen, raising more than \$105,000 for ACS.

"The young people are a major plus for us," said Bates. "They're our future committee members."

Down the path, Team Red, White and Blue was keeping track of the different themed laps, making sure walkers wore the birthday hats or blue bubbles at the right time. Members of the American Legion in Livonia, the group was aiming to go purple by raising more than \$10,000.

"We have to have someone on the track for 24 hours, so we've broken it up in one-hour increments," said Linda Roman of Livonia. "We're doing good for a team of little old ladies from the Legion."

This year's Relay had a number of teams from the Wayne-Westland Community Schools. Young people from Wayne Memorial and John Glenn and Livonia Churchill High Schools, as well as Stevenson and Marshall Middle Schools participated.

The Stevenson National Junior Honor Society had a steady business for its bake sale. Twenty-nine students from the school were on the

team and many planned to be there the entire 24 hours.

"This is the first time I've been on a team, I've been doing it since I was three or four with my mom and grandmother," said eighth-grader Zac Bryant. "It's heartwarming to be here and show you care. Cancer touches so many lives. It's good to see people out here."

His mother is Westland Councilwoman Christine Cicirelli Bryant and his grandmother is 18th District Judge Sandra Ference Cicirelli.

"I think it's great for the kids to do this," said his mother, who was dividing her time between her son's team and Mayor William Wild's Wild's Walkers. "They recognize the importance that cancer never sleeps."

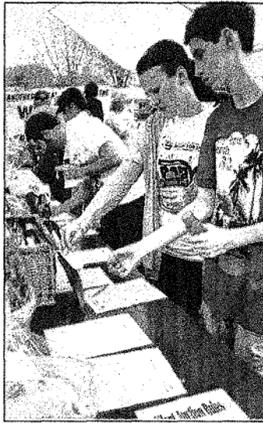

Dining on hamburgers at the Wild Walkers' camp was Sally Price and Yvonne Falkner. Price had completed five laps around the half-mile path, while Falkner was at one mile.

"Pretty good for a little old lady," Falkner said.

Price is a walker by choice. She does the mall during the winter and walks at the senior Friendship Center during the summer.

"I had a sister who died of ovarian cancer, everyone else have had heart attacks," she said.

According to Wild, the team's goal was to raise \$10,000. This year the team

dedicated its efforts to City Attorney Angelo Plakas, who is battling esophageal cancer, and Wild's executive secretary Lori Reddy, who also has cancer. The team's slogans were Reddy To Walk and Paces for Plakas.

Plakas was on hand for the event and did several walks around the path, "including the half mile I walked to get here," he said.

As part of the Relay, a special lap was held to recognize cancer survivors. Seventy signed up for the afternoon stroll, followed by a luncheon

served in the Mike Modano Ice Arena.

"The city let us use the arena so we could set up inside, it'll be so nice," Bates said.

According to the mayor, the Westland Relay may become a biennial event. This year, the city of Wayne partnered with Westland and in coming years, the location of the Relay could rotate between the two communities, much like Sunday's Memorial Day Parade.

"We've kind of hit a plateau with fund raising," said Wild. "We've got the crossover to get us over the \$100,000 mark."

Seat belt campaign still nabs violators

BY LEANNE ROGERS
OBSERVER STAFF WRITER

For a number of years, Westland police have participated in the nationwide Click It or Ticket seat belt enforcement program and there has been increased compliance.

"When we first started this program, we would write in excess of 50 tickets at Ford and Wayne Road. It's been around 20 tickets in recent years," said Traffic Bureau Sgt. Patrick Corby. "We get quite a bit more enforcement. I'm flabbergasted that we write any tickets."

That's because during the daytime, the enhanced enforcement details have uniformed officers in neon vests standing in the roadway looking for people not wearing seat belts. About 100 feet away is a marked patrol car, overhead lights on and a large sign announcing the seat belt enforcement zone.

"If they get a ticket for not wearing a seat belt, it's their own fault," said Corby.

When someone is not wearing a seat belt, the officers on foot will tap on the window and direct the driver to pull over the receive the ticket from officers at the nearby patrol car.

"You'd be amazed how many people will try to hand us money thinking we're collecting for the Goodfellows," said Corby. "We will also get people who will say that we can't pull them over, if we're not in a car. Some people don't believe we're

the police — we're in full uniform."

The enforcement zones target different intersections each day while there are mobile enforcement units after dark. The special enforcement efforts is leading up to the Memorial Day holiday but Corby said patrol officers also enforce the seat belt law as part of their normal duties.

The seat belt enforcement program is funded by federal money administered by the state Office of Highway Safety and Planning. Michigan law requires all drivers, front seat passengers and any passengers age 15 and younger to wear seat belts. Children must be in a car seat or a booster seat until they are 8 years old or 4 foot 9.

The National Highway Traffic Safety Administration reports the national seat belt use rate averages 83 percent — that jumps to almost 98 percent in Michigan. The seat belt use campaign, which also includes media advertising, is credited with a steady decrease in the number of traffic fatalities nationwide.

"Some people just won't wear them — it's like motorcycle helmets," said Corby. "We had a guy call the station to complain about his tax dollars being wasted on having five officers enforcing a violation of something that violates his constitutional rights."

number of students.

In seeking support of the request, Superintendent Greg Baracy had told the school board "this is the only opportunity we have to increase our revenue."

Monday evening, he informed the board of the cancellation.

"Fifty percent of the districts

didn't turn in a resolution," he said, adding, "I believe this will be revisited at a later date."

RESA officials believed the plan, a five-year millage, would have raised some \$92 million, to be divided among the county's districts. In Plymouth-Canton, the millage would have raised about \$11 million, but under the RESA formula, only about \$7 million would have stayed in the district.

Livonia and Plymouth-

Canton officials decided not to support the idea — Livonia school trustees voted against it; the measure died without a vote in Plymouth-Canton — and Dearborn officials were so set against it they didn't even take it to a vote.

Detroit's decision not to support it — despite estimates the state's largest district would get some \$31 million — was the death knell for the proposal.

Plymouth-Canton trustees,

who initially seemed supportive of the idea, said they heard no taxpayer support for the measure.

"A month ago, I said unless the community was willing to support it, we shouldn't do it," board Secretary Nancy Eggenberger said. "I didn't hear any support for it."

Thornton has been in charge of the program and has gotten students involved in I-Save through poster and essay contests. This year, he launched a virtual online I-Save store where teachers can use I-Save

coupons to purchase classroom supplies. The I-Save Bucks can be earned for a variety of actions like turning off computer monitor and speakers and powering down staff and student computers at the end of the day.

"The coupons can be spent for items in the classroom, you just need to be caught saving energy to get them," said Thornton.

According to Deputy

Superintendent Gary Martin, Thornton has been recognized internally for his efforts.

"It's very flattering to have him recognized outside the district," he said.

"Some districts hired third parties, our folks took on the challenge and developed this program," added Superintendent Greg Baracy. "This program has been highly successful and innovative. It has save the

district a lot of money that we can put back into the classroom."

Reynolds, who told the board she quickly volunteered to come to Wayne-Westland to present the award because she is a graduate of Wayne Memorial High School, also presented a check for \$1,500 for the district's scholarship fund.

Ford's GT-40 gives students something to ooh about

BY SUE MASON
OBSERVER STAFF WRITER

The throaty rumble of the Ford GT-40 was enough to turn heads at Henry Ruff Elementary School Tuesday morning, but it was the roar when Mark Carpenter hit the gas that had students oohing and aahing.

"It sits very low, it's very fast and has huge tires in the back that are half the normal height of tires," Carpenter told the students. "It went through a lot of development and a lot of test drives. It was run for 24 hours like LeMans."

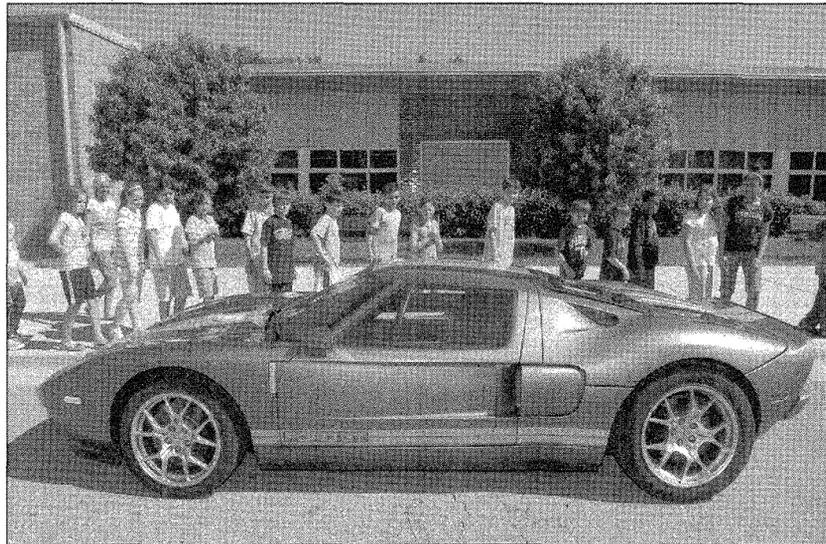

Ford employees, Carpenter, an engineer with the Special Vehicle Team, and Nikola Vidakovic, a world-renowned auto designer and global engineer for Ford, brought the limited edition GT to the school Tuesday fulfilling a promise to show the students a "really cool car" — a concept car turned road car.

"We use it as a show car, we just got it out of storage," said Carpenter. "It needs to be about 45 degrees, but we prefer 55, before we bring it out because the tire composition doesn't stick as well as when it's cold."

"It's a racing car that was made to drive on the road, but it's still a racing car," added Vidakovic.

The visit was part of a motivational drawing and writing contest for fifth- and sixth-graders created by teachers Jennifer Fontenot and Jill Rurak. In December, Vidakovic did a DVD presentation for the students developed for them by Ford engineers. It highlighted the well-known Mustang, and other concept cars which have been shown at the Detroit auto show.

Vidakovic gave a brief lesson on drawing and auto design, while Fontenot talked about the principles of writing a per-

suasive selection or marketing paragraph.

"Students were expected to draw a concept car and then write a marketing paragraph selling their car," said Fontenot. "Ms. Rurak launched the drawing contest in her art classes and I went to each fifth- and sixth-grade classroom to review the appropriate components needed to write a persuasive/marketing selection."

The students were judged according to their concept car illustration and persuasive/writing selection. Vidakovic and Fontenot served as the judges and picked two winners at each grade level. The winners received model Ford Mustang cars. There were 20 honorable mentions who received a DVD of the Ford-designed presentation.

But the highlight was a chance to see the \$179,000 car

which has five fuel pumps and gets anywhere from two to 28 miles per gallon, "depending on how you hit the throttle," said Carpenter.

"We drove it from Florida to Michigan and got 28 miles per gallon," he said.

The low slung beauty is just 44 inches high and is extremely light with an all aluminum body. The front end is its lowest part and sits just five inches off the ground. It has 5.4 liter eight-cylinder V-8 engine that delivers close to 600 horsepower going from zero to 60 mph in 3.4 seconds.

The engine is at the rear of the car under a clamshell cover while the trunk in the front end.

"It gets very warm in there," said Vidakovic. "A customer got mad because it melted his wife's makeup and baked his cigars."

According to Carpenter, the

Ford's GT-40 dominated the GT class in racing, "embarrassing Ferrari." A team of Ford engineers wanted to do a super car and came up with the one he and Vidakovic brought to the school. It took about 2 1/2 years to design and was in production for two years.

Their car they have vehicle identification number of one. It was the only car produced in 2005, the remaining 2,000 were made in 2006.

"It was something we didn't advertise that much, basically it was sold out before we started production," Vidakovic said. "We expected a high demand for it."

Teacher Steve Rogers landed the plum assignment of taking a ride in the GT with Carpenter.

"It was so smooth," he said. "I wish every car drove like that."

Police seek suspect in break-in, assault of elderly woman

BY LEANNE ROGERS
OBSERVER STAFF WRITER

Westland police are looking for a man who assaulted a woman, knocking out her teeth, out after entering her home to steal a television early May 20.

Officers were called to the home in the 6300 block of East Morgan Circle shortly after midnight. The woman, 75, told police she had fallen asleep in a chair in the living room. Described as very groggy after the assault, the woman said she recalled seeing a man in the living room and that she believed he had punched her in the face.

The woman, whose two front teeth were knocked out, said she fell to the floor as the man left through the front door, carrying the television. The woman's husband and son told police they were asleep in their bedrooms when they heard something hit the floor and the woman groaning.

Finding the woman had been assaulted and the front door to the home open, her family called 9-1-1. She was treated at the scene by Westland Fire Rescue and later transported to St. Mary Mercy Hospital.

Along with the television, a 32-inch flat screen valued at \$400, the woman's purse containing her identification and credit cards was also reported stolen. There was no sign of forced entry found. The son told police his parents often left the door unlocked.

The woman was only able to describe the suspect as a man wearing a gray hooded sweat shirt that covered his head. Police believe the same suspect is responsible for

other home invasions in the same neighborhood at the same night.

Just before 2 a.m. May 20, a woman, 67, called police to report someone had just stolen a laptop computer from her home in the 35000 block of Hunter. The woman said she was sleeping in a living room chair next to the patio door. The door wall was open with the screen door closed but not locked, she said.

The woman said she was awoken when the man ran out the door and then noticed the laptop, valued at \$425, missing from the table. She described the suspect as wearing a gray hooded sweat shirt. The woman told police she thought there were two suspects but wasn't positive.

A Dearborn police dog was brought to the scene to conduct a track without success.

Two residents of an apartment at 6926 Lakeview told police that someone had stolen their wallets, a 42-inch plasma television, video games, a cell phone and laptop computer valued at \$1,860 stolen during the night.

One man, 32, told police that he had been sleeping on the living couch until about 3 a.m. then moved to his bedroom and slept until about 6:30 a.m. When he got up, the man said he noticed the door wall was open. He told police it had been unlocked and the wood stick normally used to secure it apparently wasn't in place.

The items reported missing included \$160 in cash from one man's wallet.

Anyone with information about the assault and thefts is asked to call Westland police at (734) 722-9600.

Inkster man arrested for vehicle break-ins

Larceny from vehicles

4 Garden City police arrested a 21-year-old Inkster man with wet gym shoes about 2 a.m. May 21 in connection with a number of larcenies from autos in the Bock and Brandt area of Garden City that night.

The police stopped the man who was wearing a backpack bulging with stolen items after they received a call from an alert citizen in the 29800 block of Bock who spotted the man going through a car and called police. Another observer who was leaving a friend's home at that time ran after the man.

The backpack contained primarily GPS units and cell phones taken from vehicles. The man admitted to the larcenies. He told police that his friend told him that there was "easy money" to be made by going through cars.

The police spent some time returning the items to their rightful owners. They recovered items belonging to three other owners who live in the 29500-29600 block of Bock. Two of these vehicles were unlocked. The windows were left open in a third vehicle.

There was also a larceny reported from an unlocked vehicle parked in the 29600 block of Brandt.

Break-in

5 Sabeen Pharmacy, 241 N. Inkster Road, reported a break-in about 6 a.m. May 23.

Police were called to the scene when the business alarm went off. The owner also responded. An investigation showed that someone gained entry through the roof by prying open the air conditioning unit. The police couldn't tell how the suspect managed to get up on the roof.

No merchandise was stolen from the store.

Property destruction

6 A resident in the 30000 block of Pardo reported that sometime on May 22, someone took down two sections of his wooden fence. He also told police that recently someone

also spray painted the fence with graffiti.

Home invasion

During a short period of time about 4-5 p.m. May 21 when she left her home, a 74-year-old woman reported that someone broke in and stole two necklaces in the 30200 block of Leona.

The woman returned home to also find out that the suspect went through medicine cabinets in the home but nothing was missing.

A nearby observer told police that she saw a strange car which looked like a model from the 1990s pull all the way up into the driveway about the same time that the homeowner was gone. She described seeing a "scruffy looking" white male about 20-30 years old who wore a knit cap.

No license

Garden City police arrested a 39-year-old Inkster man for driving without a license, having an expired plate and no vehicle registration when they stopped him at Middlebelt and Beechwood at 9:30 a.m. May 18.

Drunken driving

The police arrested a 40-year-old Livonia man who was driving his 2000 Ford 250 while drunk in the area of Middlebelt and James about 11:30 p.m. May 18.

They first observed him back out of a parking space at Sports Venue, located on Middlebelt, north of Ford Road and into a nearby street sign. His vehicle wasn't damaged. The police stopped him after he made a slow, wide turn onto Middlebelt.

Suspended license

A 27-year-old Westland man was arrested on a suspended license at 1:30 a.m. May 19 in the area of Cherry Hill and Arcola. When he was stopped for disregarding a red light, the police found that he had no driver's license and 4.1 grams of marijuana in the SUV.

The police arrested a 24-year-old Inkster man for driv-

ing on a suspended license after they spotted him driving a 1996 Dodge with a cracked windshield and a broken tail-light about 9:30 a.m. May 18 on westbound Cherry Hill and Venoy.

Larceny

Someone stole a laptop and a camera from a 2010 Chevy Impala that was parked unlocked in the 28900 block of Bock May 18.

No license

The police arrested a 33-year-old Inkster man after they spotted an expired plate. The man had no license, registration or proof of insurance for his 2002 Dodge Intrepid that he drove in the Middlebelt and Beechwood area.

Stolen wallet

A 68-year-old Livonia man who umpired baseball games at both Moeller Field and Garden City Park May 22 reported that someone took his wallet from his unlocked Buick. He doesn't know exactly what location the wallet was taken from, but he reported it after he had been at Garden City Park.

Fraud

A 52-year-old Dearborn Heights woman reported that somebody fraudulently filled three prescriptions in her name on April 11 and April 21 at the CVS store at 27435 Ford. She reported it to the manager after she received a co-pay bill for more than \$100. The store planned to research its records and the police planned to obtain a surveillance tape, according to the police report.

Theft

A homeowner in the 28500 block of Sheridan made a delayed theft report on May 18 concerning a central air conditioning unit that was stolen last year. The owner said that he was in the midst of foreclosure proceedings last year but now the matter is resolved. His insurance company asked that he make the police report now. The unit was valued at \$2,000.

Woman recovers purse left in shopping cart

Lost and found

1 A Westland woman, 78, told police May 19 that she had just finished shopping at Kroger, 36420 Ford, around 1

WESTLAND

p.m. Arriving home, she said she realized she gone to her vehicle and left her purse in the shopping cart. The woman returned to the store and checked with the customer service desk but said her purse containing \$70 in cash and her credit cards was gone.

The officer told the woman to cancel her credit cards and obtain a new driver's license.

The woman later told the officer that she had received a call from a Kroger employee to

report that her purse, with all the contents intact, had been turned in to the customer service desk by someone who had found it.

Larceny

2 Four blowers and four weed whips, valued at \$1,800, were reported stolen from an equipment trailer at the Department of Public Services yard, 37905 Marquette, May 20. The equipment had been apparently taken between Sept. 1, 2009, and April 11, 2010.

Vehicle stolen

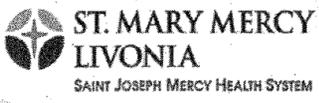

3 A silver 2007 Ford Fusion was reported stolen from North Bros. Ford, 33300 Ford,

May 24 after a prospective customer drove off in the car.

The salesman told police he was approached by a man who expressed interested in buying the used car. The man told the salesman he was unsure about the four-cylinder engine and asked for a key to start it so he could hear the engine.

When the key was provided, the salesman said the man jumped into the vehicle and drove off. He was last seen westbound on Ford. The vehicle was still registered to the previous owner since the dealership indicated they did not transfer the title on a used car until it had a new owner.

Carpenter test skills in DIY Dominator

Matt Sysol will matter-of-factly tell you that he grew up in a family of carpenters, and that it was his grandfather, who ran a residential company, who inspired him to start a career in carpentry. When he passed away, he left Sysol with the responsibility of turning his family owned properties into developments.

Now the Westland resident is the owner of BBD Carpentry and has worked on projects such as Asian Village and Westin Book Cadillac Hotel Detroit in Detroit along with several high-end homes, including multi-family projects.

But the biggest project to date may have been competing on *The DIY Dominator*, a new DIY Network series that pits three of the country's top rough carpenters against each other in a showdown for one grand prize.

Sysol flew to Denver, Colorado in April to spend three days competing for the Dominator title. The series premieres at 10 p.m. Friday, July 30, at 10 p.m. In each episode, host Chris Grundy, also host of *Cool Tools*, oversees three competitors in head-to-head construction and home improvement competitions for one specific trade as they battle it out to earn the "DIY Dominator" title and a \$10,000 grand prize.

Sysol has 13 years' experience as a carpenter, including 12 years with the Michigan Regional Council of Carpenters. He also has taken course in set carpentry at the Center for Film Studies.

"Not only by doing this was I given the opportunity to work along side a good group of skilled tradesmen, but I was also given the opportunity to use my skills hand-in-hand with CFS projects," said Sysol. "The experience at CFS was so rewarding! All I can say is thank you to the Center For

Matt Sysol of Westland, the owner of BBD Carpentry, has put his carpentry skills to the test as a contestant on the DIY Dominator, a new DIY Network.

Film Studies for putting extra efforts in the work they do."

He also has kudos for Jennifer Shane, Rachael Grushko and Ron Marcle from the MRCC along with others from the CFS staff who "went completely out of their way to help me land this job on the DIY networks new carpentry reality television show."

"There were thousands of applicants for this, with the Center For Film Studies training and their good reputation is what helped me get on this show," he said. "Watch out DIY 'cause here I come!"

Kimberly Allen, the associate producer of *DIY Dominator* approached Ron Marcle from the MRCC and asked him to spread the word around about the opportunity. Marcle forwarded the information, and Shane made a pitch about Detroit's unemployment rate, CFS and its graduates to Allen.

She "loved" the concept and asked that the center pick some of our carpenters that have a lot of talent with bold personalities. They talked about who would be best for this position and Matt Sysol was on top of the list.

Mum is the word as to how well Sysol did, so fans will have to watch the show to find out.

American Sailing Institute offers beginners classes

BY PHILIP ALLMEN
STAFF WRITER

Chris O'Reilly loves to sail. When living in California a decade ago, he and a friend owned a 24-foot sailboat on Lake Tahoe. Selling the boat a few years later, he moved around before settling in Milford three years ago. He hadn't sailed for years, but was able to rekindle that passion after finding the American Sailing Institute.

He's gearing up for his third summer with ASI, and looks forward to setting sail.

"I enjoy sailing," said O'Reilly. "It's a fantastic way to get out on the water."

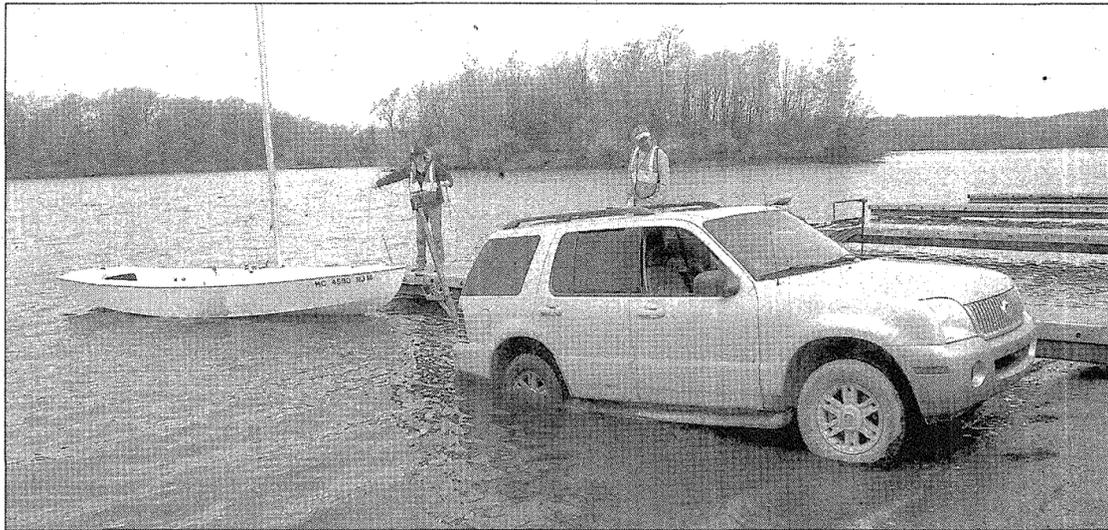

The beauty of joining the nonprofit ASI is members learn how to sail and can glide through the water without owning a sailboat. ASI has boats at Kensington and Stony Creek metroparks, as well as at the Jefferson Beach Marina on Lake St. Clair.

"Owning a boat is extremely expensive. My J/24 (sailboat) was a bottomless pit of money for maintenance, insurance, you name it," O'Reilly said. "The club is one-tenth the cost. And you have all those boats at your disposal. From a cost perspective, the club makes an awful amount of sense."

ASI offers four levels of sailing classes. Everyone has to start with the first level and pass written and practical tests before starting classes at the next level.

"It doesn't matter what kind of experience you have sailing," O'Reilly said. "Everyone starts at the same spot."

Level 1 classes use Interlake boats, 18-foot centerboard sloops. Classes are taught at

either of the two metroparks, and include an introduction to sailing and the boat, as well as 4 hours of classroom learning and 14 hours with an instructor on the boat.

After completing the sailing classes, new members can practice as much as they want with the ASI boats, as long as they have a certified ASI member to assist. Kensington has 11 Interlakes boats; Stony Creek has six.

Once passing the tests, members can use their boats whenever they want. Those boats are used on a first-come, first-serve basis.

"Generally speaking, especially during the week, there's more than enough boats," said O'Reilly about the vessels at Kensington. "For special events or holiday weekends, all the

boats may be in use and you have to wait a little." Once Level 1 certified, ASI

members can move on to Level 2, which focuses on the fixed keel boats at Jefferson Beach

Marina. Those larger boats sail on Lake St. Clair, and the Level 3 and Level 4 certifications focus more on navigation, plotting courses and sailing farther from shore. Those boats are kept on Lake Huron for the summer. The larger boats can be chartered for longer periods of time.

About half of ASI's 300 members are Level 1 certified, and the remaining have additional certifications.

"You can be as novice of a sailor as you'd like or as serious as you'd like," said O'Reilly. "There's so many levels you can learn and master in the club"

Membership in ASI starts at \$353 for the first season. Club members need not pay the \$155 instruction fee if no classes are taken that season, dropping the cost to \$198 a year.

The club holds a number of events throughout the year, all encouraging its members to take to the water. The club hosts several races throughout the summer. With everyone using the same boats, said O'Reilly, it's like racing in the same model cars.

"It would be similar to race a bunch of Mini Coopers," he said. "Whoever has the best skills driving will cross the finish line first. It's the same with the Interstates."

The club also encourages everyone to stop by for "Wet and Wild Wednesdays" where unrated members can practice sailing skills with other club members who have already been certified.

To keep yearly fees low, all club members volunteer their time for club operations, whether it's maintenance, marketing, teaching or assisting at board meetings.

"That's how we keep expenses under wrap," said O'Reilly. "There's an awful lot of stuff that makes the club operate well. There's no shortage of things to be done."

O'Reilly said joining ASI is a great way to learn to sail.

"Some people seem a bit timid when learning a new thing. Sailing is up there with it," he said. "It's not difficult to do. A lot of people who come out are timid, but once they go through the classes and get some practice, they love it."

For more information and to sign up for classes, contact the sail secretary at (248) 393-4280 or secretary@sailasi.org. Visit online at www.sailasi.org.

Independent radio station WHFR hosting holistic fair

Independent, alternative radio station WHFR, 89.3 FM is hosting its second annual holistic fair, called "The Festival of Enlightenment," 11 a.m. to 5 p.m. Saturday, May 30, in the Andrew A. Mazzara Conference Center at Henry Ford Community College in Dearborn.

A variety of holistic vendors, readers and bodyworkers will be present to provide participants the opportunity to browse their

wares and purchase hands-on services, all under one roof. Participants can also enjoy special guest speakers who will present free lectures throughout the afternoon on various holistic and metaphysical topics, as well as one-on-one access to some of the best holistic experts in the area. Healthy snacks and beverages will be available for purchase.

Guest speakers and their topics include Chrissie Blaze,

"The Spiritual Energy Crisis and Solutions," at noon; Lin Klaassen, "The Ancient Art of Face Reading," at 1 p.m.; Robert Taylor, "Reincarnation, Karma and You," at 2 p.m., and the Rev. Pam Taylor, "Psychic Discovery," at 3 p.m.

The locally-produced publication, "Body Mind Spirit Guide," based in Westland and serving the holistic-minded community, is serving as media partner with WHFR for this event.

WHFR Radio is the alternative, eclectic non-commercial broadcast and Internet station that operates out of Dearborn's Henry Ford Community College.

Staff member Mike Holloway, host of the monthly WHFR talk show "Metaphysically Speaking," created the idea for Festival of Enlightenment last year to provide much-needed funds to help WHFR's operational costs as well as to bring

the top holistic vendors to the area for all to experience. This year's festival is expected to be bigger and better than the last.

WHFR's mission of playing music and providing talk programming that is little-else heard on Detroit radio due to its local, independent and alternative angle fits well with the holistic attitude of the upcoming fair. WHFR receives a small budget from Henry Ford Community College, but relies

on listener and donor support for 60 percent of its annual operating costs. All funds raised at the fair go directly toward WHFR's operating budget.

The admission is \$5. The Andrew A. Mazzara Conference Center building is at 5101 Evergreen Road, south of Ford and west of Evergreen. For more information on the Festival of Enlightenment, go online to www.whfr.fm or call (313) 317-6540.

Council OKs revised plan for North Creek Estates

BY LEANNE ROGERS
OBSERVER STAFF WRITER

The credit crunch and poor real estate market has taken its toll on residential development — some projects don't get off the ground while others falter before completion. North Creek Estates, a

Planned Unit Development on the east side of Newburgh south of Joy, is one of those uncompleted developments. Eight homes remain to be constructed in the 70-home development originally developed by Dorazio. "We have builders who are going to pick up the ball and

run with it for this development," said Westland Planning Director Bruce Thompson. Nick Canzano of Northcreek Partners, LLC, and Nick Mancinelli of Westland Investments, LLC, are taking over the project. The council approved a revised site plan to add one additional home to the

development along with the existing eight homes to be constructed. There will also be an added home model offered — a 2,040-square-foot colonial. "The plan meets the ordinance requirements and is consistent with the elements of the approved site plan for the development," said Thompson.

The plan is to complete the subdivision, said Canzano. "We're trying to build a few homes. It's not good times for us but we're out there fighting the good fight," he said. "I think this (added) house will help."

SOCIAL SECURITY
Many people are wrongly rejected when they apply for Social Security Disability benefits. Money was taken out of their paychecks for Social Security taxes to ensure that they would receive disability benefits if they could no longer work full-time. Sadly, the government denies approximately 60% of those who apply for disability benefits.
The tragedy is that less than half of those persons who are denied benefits file an appeal. Thus, many thousands of people who deserve benefits never receive them.
Those denied can appeal on their own, but statistics for many years reveal that those represented by attorneys win a much higher percentage of appeals. And attorneys who specialize in Social Security Disability cases win a much higher percentage yet.
Attorney J.B. Bieske has represented only Social Security Disability clients for over 20 years. That is the only type of law he practices. And, he personally meets with all clients and appears himself at all court hearings. Many large firms assign clients to young associate attorneys with much less experience.
In addition to practicing only Social Security Disability law Bieske has written a book for attorneys about the subject. He also has been interviewed on various radio and television programs and has given speeches to many groups.
Bieske's office staff consists of paralegals and secretaries who are also highly experienced in assisting him with Social Security Disability cases. And they are extremely helpful in answering questions with regard to the status of clients' cases and administrative procedure.
Attorney Bieske welcomes you to call him to determine if you may be eligible for these benefits. He offers free phone or office consultations. If Bieske represents you, there will be no fee charged until after the case is won. The fee is a percentage of retroactive benefits.
In a recent radio interview attorney Bieske explained that many people are not even aware that they are eligible for Social Security Disability benefits. These are not the same as Workers' Compensation benefits. It is possible to receive both benefits at the same time. If you have an illness or injury (whether or not related to your work), are under 65 and unable to work full-time you may be eligible. Social Security Disability benefits are based on your work record or your deceased spouse's work record (Widow's/Widower's benefits).
Bieske represents clients from all over the state of Michigan. Call him at 1-800-331-3530 for a FREE consultation if you have been denied. Or if you are thinking of possibly of applying for Social Security benefits call him for FREE advice.

OUR VIEWS

Memorial Day is time to recall sacrifices made

On Monday, America will pause to remember those who have given their lives in the defense of this country. There will be parades, memorial services and flags fluttering on the graves of the servicemen and women who have given their lives so we can live free.

It's the one day of the year set aside for the nation to get together to remember, reflect and honor those who have given their all in service to their country. In the *Gettysburg Address*, Abraham Lincoln called on Americans to complete the unfinished task of ensuring that liberty "shall not perish from the earth."

Americans have never wavered in that commitment to freedom, nor to help those who seek to be free. Americans have fought in two World Wars for freedom, in Korea and Vietnam. Americans have fought a Cold War, in Desert Storm and now in Iraq and Afghanistan against tyranny, oppression and terror.

However, the traditional observance of Memorial Day has diminished over the years. Some people think the day is for honoring any and all dead, and not just those fallen in service to our country. For many, Memorial Day and the three-day weekend marks the official start of summer. People use the time to open their pools and their cottages and gather for picnics.

Some will take time to observe the parades like the one in Westland at 1 p.m. Sunday and attend the ceremonies, but, by and large, Americans will focus on having fun.

To help re-educate and remind Americans of the true meaning of Memorial Day, the National Moment of Remembrance was established in 2000. It asks that at 3 p.m. on Memorial Day all Americans voluntarily and informally observe in their own way a moment of remembrance and respect, pausing from whatever they are doing for a moment of silence or listening to *Taps*.

An e-mail we received sums up best what we should ponder, during that moment of silence. The author is unknown, but the sentiments are on the money:

- It is a veteran, not the preacher, who has given us freedom of religion.
- It is a veteran, not the reporter, who has given us freedom of the press.
- It is a veteran, not the poet, who has given us freedom of speech.
- It is a veteran, not the campus organizer, who has given us freedom to assemble.
- It is a veteran, not the lawyer, who has given us the right to a fair trial.
- It is a veteran, not the politician, who has given us the right to vote.

On this Memorial Day 2010, we urge you to take time to remember what it stand for. Enjoy your barbecues, open the pool, spend a relaxing weekend at the cottage. But take a moment to say thank you to those who have made all that possible.

We cannot afford to forget, nor should we ever forget why there is a Memorial Day.

ONLINE VOICES & VIEWS

Here's a sampling of what our online readers have been saying:

• **Town hall meeting 'staged'**

Another "staged" town hall. Most of us realize the health care changes that were rammed down the throats of the American people was done so utilizing lies, distortions and have truths. We already know that the less than one trillion dollar price tag was a lie ... who would have guessed it? The work of Congress and the President was done behind closed doors ... "the most open and transparent government in history." Bribes, pay-offs and special treatment sum up how this "thing" got passed. We can only hope that "Americans" wake up as to what is happening to their country and change its course through the ballot box ... and soon

Youth Assistance needs staff

I was disturbed to read in the *Westland Observer* that the mayor wants to drastically cut funds to the Westland Youth Assistance Program. The mayor says Youth Assistance "does an incredible job," but does he think they can continue to do an "incredible job" when they already struggle with the current budget?

Director Paul Motz and his staff do an exceptional job with the youth they are entrusted with but if the city and the mayor want them to continue with this excellence, they will need ALL of their staff. Actually, it would be helpful if they could hire more help, not lose any.

Thank you, Sister Modesta

A few weeks back, you had an article on Sister Modesta and her volunteers. I want to thank Sister Modesta and her volunteers — they were there for my husband when he passed away.

Because of health issues, I was not able to be there with him and a volunteer said someone would be with him during the night. He passed away at 2 o'clock in the morning and he was not alone.

Thank you again, Sister Modesta and your volunteers.

Changing the focus

In response to the many letters and articles regarding the Tea Party movement, I would like to know how these people can possibly allow themselves to be whipped up into a frenzy by media pundits who are paid millions of dollars to tell them how to act, think and feel.

How can they be duped by millionaires who are paid by special interest groups to constantly repeat the same inaccurate information? Their main goal is to spread fear, hate and paranoia to the uninformed masses.

Why are these people convinced that health insurance reform would destroy our country and create death panels and prison sentences for those who did not purchase health insurance? Why do they feel that insurance companies have the right to deny health care to those who become seriously ill and disabled or increase our premiums at will? By putting the socialist label on any type of regulation or reform, they are taking the focus off of the real issues.

If these Tea Party protesters are really middle class Americans, as they claim to be, I would like to know how they feel about the fact that this year, people in their income bracket paid the lowest amount of taxes in 50 years. Would those who are protesting the payment of taxes like to see America turn into a Third World country, similar to Haiti or Somalia? Is that the Tea Partiers' interpretation of freedom?

Lest they be forgotten

On a warm, sunny afternoon, a week and a half before Memorial Day, the Raisin River shimmers. Joggers, walkers, and cyclists pass by while others sit on picnic benches, enjoying the threshold of summer, perhaps planning the upcoming long weekend, the official beginning of summertime, picnics, beaches, and backyard barbecues.

I just finished my substitute teaching assignment for the day at Douglas Elementary School in Garden City and on a whim decided to drive to Monroe, Michigan, to finally see the Raisin River after having wanted to go there for several years.

Now that I'm here, I realize it isn't the silver ribbon of the Raisin River with ducks and ducklings frolicking in the water, or the people in the park which hold my attention. It's a soldier's helmet perched on a gun and the boots on either side that captivate me. It's the things he carried that resonate deep in my soul because I realize it's the soldier, representative of all brave men and women, who paid the highest price for our freedom, the soldier who is no longer with us.

The helmet, the gun, and the boots are on top of the Afghanistan-Iraq War Memorial in the Veteran's Memorial Park in Monroe, Michigan. The inscription says: "War on Terror, Monroe County's Fallen Heroes, Lest They Be Forgotten ..."

With only a week and a half from Memorial Day, I grab my camera, take a picture, grab my laptop and write this tribute to the fallen "lest they be forgotten."

MY COUNTRY, MY COUNTRY

*I've given you all of me;
Now I'm gone in the dust of forgotten dreams.
No more pain, no more sorrow; I'm finally free.*

*In the land of sand, an explosion I didn't see,
Scattered my body and splattered my blood around an I.E.D.*

*War on terror we proclaim; Iraq, Afghanistan, fear, and pain.
My country, my country, what have we to lose or gain?
Ask yourself, my country, in our republic's name.*

*Recall the terror that shocked us senseless,
Catching us off guard, weakened, and defenseless;
But like eagles we arose, and fearless we pressed
On wide soaring wings on liberty's quest.*

*My country, my country, join hands and unite;
Be determined and bold even in the bloodiest night
To fight for the right, to fight for the right
Of freedom's precious enduring light.*

*Stand up, my country, from sea to sea.
Wave the star-spangled banner for all to see
While my comrades and I still silently bleed*

In graves beneath our people's feet.

*My country, I've given you all of me,
Gone to lie in the dust of forgotten dreams,
No more pain and sorrow; I'm finally free.*

*My country, my country, beneath grass sweet and green,
My country, my country, what have you given to me?*

*My country, my country,
Have I become just another forgotten memory?*

What values?

Eric Prince, the disgraced former CEO of Blackwater, told 900 true believers in Holland, Mich., claiming America has moved away from Holland values of "self-reliance, liberty, entrepreneurship and action" in his recent speech.

We are unsure of the Holland values Prince made mention of. Prince, the brother of Betsy DeVos, was awarded a secret no bid contract during the Bush administration to send a group of renegade mercenaries to Iraq. Before deployment, Blackwater was awarded immunity from Iraqi law so this group of hired guns were without any deterrents to murder Iraqi citizens. Since there are no public records of Blackwater activities, Prince is free to describe them without rebuttal.

Since Prince has now moved his operations to Dubai, we wonder what Holland values he is personally following. We also wonder about Prince's claim that this country is "being bled by debt, litigation and regulation." It was due to this very lack of oversight that Prince was awarded his secret contract by the Bush administration. Bush doubled the national debt from all other presidents combined and the lack of regulations and litigation gave Prince a free hand in Iraq.

If a group of mercenaries were sent to this country to create mayhem and havoc, they would be termed terrorist. Hmmm?

Stop the madness

It simply amazes me that our elected officials in Lansing have approved a bill allowing high-powered fireworks to be legally sold in Michigan.

After years of blatantly spending taxpayers' money without any good reason, why now are they trying to find ways to raise any amount of tax money to cover up their useless ways they have spent over the last seven years. I know whose hands these fireworks are going to wind up in and it's not going to be adults.

There are many teenagers in my neighborhood and I'm sure these fireworks will be used to celebrate our country's birthday in an unsafe way. With all the cuts that have been made over the last few years to fire and police protection, I just hope we don't see a night where firefighters are working like former years on Devil's Night in Detroit.

Bakers sweeten final days of hospice patients

BY KEN ABRAMCZYK
OBSERVER STAFF WRITER

Every Tuesday, the smell of freshly baked pies fills the hallway at Angela Hospice in Livonia.

Volunteer Alberta Karll of Canton spends four or five hours in the kitchen rolling dough, preparing fillings and piling the crusts with sweet goodness for patients and families, a welcome break for them from the sobering reality of mortality and a limited time left with loved ones.

The smell and tastes of Karll's pies and other sweets created by volunteer Pam Shorter of Livonia is a refuge for the patients, warming their hearts and filling their stomachs with a sweetness that matches the volunteers' intentions.

"I just feel that I'm blessed to be able to do this," Karll said. "It's a God-given talent to be able to bake and for me to be able to volunteer, it is a blessing to meet so many dear people."

She'll bake banana and chocolate cream pies, but the favorite is apple, according to Shorter, who is responsible for brownies, cookies and other sweets.

"People keep tabs," Shorter said. "They will be in here (the kitchen) asking, 'Where is that apple pie?'"

Alberta Karll of Canton slices her famous apple pie, prepared for patients and their families at Angela Hospice in Livonia. Pam Shorter of Livonia helps out.

BILL BRESLER | STAFF PHOTOGRAPHER

Karll has baked for 16 years at Angela Hospice. Karll had baked for friends who had battled cancer and found that they really appreciated her efforts. She also baked goods for special occasions for others, such as birthdays. "It's just something I've always enjoyed immensely," Karll said.

If she is baking apple pies, Karll will peel apples, usually golden delicious and empires, at home.

Karll uses an oil crust, then drops in flour, cinnamon and sugar and apples into the crust before baking it for at least 45 minutes. She usually bakes four pies for the patients. "They like the cream pies, too," Karll said.

Shorter usually bakes cookies or a seasonal cake or bread, such as blueberry or banana.

Volunteers appreciate the work of the bakers. Virginia Hayes, a Plymouth resident who volunteers

at Angela Hospice, said Karll is "absolutely fantastic." "The food is fantastic," Hayes said. "Her apple pie is outstanding."

"People will ask, 'When's the pie ready to be cut' and she'll say '5:45, and she won't let it be cut early,'" Hayes said. (Karll likes to let the pies sit to settle so the fillings won't be too runny.)

"It's nourishing," Hayes said. "It's like a big home here. Sometimes it's better than home because I don't bake like this."

Karll will take the pieces to the rooms and tell them what they've baked. "I want them and their families to come down to our new kitchen," Karll said. On Tuesday afternoons and evenings, the pie is served.

Volunteers serve meals on Wednesday nights, Thursdays a high tea is served and Fridays feature an ice cream social.

Vets should use benefits accorded them

The Memorial Day weekend is here and it is important to remember what it is really about. It is more than just picnics, barbecues and golf. It is a day to remember those who served our country and make the ultimate sacrifice for our freedoms.

Democrat, Republican, independent or other — the one thing all should agree on is that we owe a debt of gratitude to the men and women, past and present, of the United States Armed Forces.

So as we celebrate the Memorial Day Holiday, it is appropriate to remind veterans that there are a wealth of programs and services available to them. Whether it deals with assistance in obtaining an education, prescription drugs or other, many benefits are available to veterans. Unfortunately, many veterans do not take advantage of the opportunities available to them. Many believe that veteran benefits are available only for career military. That is not the case.

In addition, you don't have to serve in a war zone to be eligible for certain benefits. The fact that you are a veteran qualifies you for a variety of benefits.

The key is the government doesn't do a very good job of informing veterans about available benefits. That is something that veterans unfortunately have to discover on their own.

That is where the Internet has become such a great tool. In addition to the Veterans Administration website www.va.gov, there are a number of other websites that veterans can access to help discover benefits available to them.

It is surprising to me that many veterans do not think that they are entitled to benefits. I had a conversation with a World War II veteran who was hurting financially. One of the main causes of his financial condition dealt with prescription drugs that he had to take, however, he had no insurance coverage. I said he would qualify for a prescription drug plan through the Veterans Administration. His initial reaction was that he was a veteran over 60 years ago and only in the military for a few years. In addition, he felt that for some reason he didn't deserve the benefits.

I encouraged him to contact the Veterans Administration and eventually he did. He qualified for benefits. His monthly savings on prescription drugs is substantial and by qualifying for benefits he has an improved quality of life. Veterans should not hesitate to apply for and collect benefits they deserve. I encourage all veterans to be proactive and look for benefits for which they qualify.

There is a caveat. There are companies that will charge veterans a fee to help with their benefits. Some of these companies are legitimate, others should be avoided. If hiring a company, make sure you investigate them independently such as checking them out through the Better Business Bureau.

I want to take this opportunity to wish all the veterans and particularly my father, Mitch Bloom, a World War II Navy veteran, a heartfelt thank you.

Thank you for your sacrifice and thank you for protecting the freedoms that we all have in this great country.

Churchill girls dominate, hoist another trophy

Franklin runner-up at Canton regional

It took two days to complete, but there was no doubt who dominated the MHSAA Division 1 girls track and field regional hosted by Canton.

Livonia Churchill proved it could weather the storm, repeating as team champion with 133 points followed by runner-up Livonia Franklin (86), Redford Thurston (79), Plymouth (60), Westland Livonia Stevenson (49) and Westland John Glenn (48.5).

Senior Sara Kroll figured in three of Churchill five first places winning the 800- and 1,600 runs with blistering times of 2:13.6 and 4:55.5 (school record), respectively. She also teamed up with senior Tiffany Raisanen, freshman Kerrigan Riley and sophomore Bethany Pilat for a first in the 3,200 relay (9:40.2).

Churchill also got a first from Senclair McDonnell in the high jump (5 feet, 2 inches) and Megan Kelly in the 400 (1:01.3).

The meet was suspended Friday night with two events to go — the individual 3,200-meter run and the 1,600 relay.

Action resumed at 9 a.m. Saturday and the Chargers added 22 more points to their first-place total with seconds and thirds by Kerrigan Riley and Bethany Pilat in the 3,200, as well as a second in the 1,600 relay.

"Everyone ran their best time they've ever run in the 4 x 4 today," Churchill second-year coach Pat Daugherty said. "And in the two mile we qualified both the girls who maybe didn't do their best in the mile, but came back and ran a P.R. by 20 seconds in the 3,200."

MU golfers lag

After the opening round of the NAIA Women's Golf Championships in Rapid City, S.D., the Madonna University team finds itself 21st out of 25 teams with a 67-over total of 355.

Michelle Hall and Sara Simnitch each shot 87s (tied for 83rd) to lead the Crusaders.

Other MU scorers included Mariel Meyers (Livonia Franklin), tied for 94th (89); Chelsea Bathurst (Livonia Stevenson), tied for 112th (92); and Caitlin Steele, 122nd (99).

Dark Angels fall

The Detroit Dark Angels slipped to 2-3 in the North Central Division of the Women's Football Alliance with a 32-14 setback Saturday against the host Pittsburgh (Pa.) Force.

The Force, which dominated both sides of the ball most of the game, improved to 2-3 with the victory.

Brooke Kosanic figured in both touchdowns for the Dark Angels with a 56-yard reception from quarterback Kris Vidojevski in the second quarter followed a 102-yard interception return in the third quarter.

Detroit middle linebacker Yarlen Henry led the defense with a team-high 14 tackles, including a sack and fumble recovery.

The Dark Angels have a bye this week before returning to action 7 p.m. Saturday, June 5 against the Cleveland Fusion (5-1) at Westland John Glenn High School.

PDL Bucks split

The Michigan Bucks opened their 2010 home season Saturday with a 1-0 Premier Development League loss to the Dayton (Ohio) Dutch Lions at Ultimate Soccer Arenas in Pontiac.

But on Tuesday night, Ruben Bega had one goal and two assists in a 3-1 win over the host Kalamazoo Outrage in a game played a Loy Norrix High School.

Stu Givens and Andy Lorei also scored for the Bucks, who improved to 2-1-0 in the PDL's Great Lakes Division of the Central Conference.

Bucks goalkeeper Mitch Hildebrandt (Livonia Stevenson/Oakland University) made seven saves against the 0-3 Outrage.

On Saturday, Brett Jones scored the game-winner in the 50th minute to give the Dutch Lions (2-0-1) the win.

Bucks' first-year attacking midfielder Scott Caldwell had a chance to tie it, but his penalty kick rang off the post.

The Bucks return to PDL play at 3 p.m. Saturday at Independence Park as part of the Canton Cup against the Cincinnati Kings.

Friday's thunderstorms forced the Division 1 boys regional track and field meet at Plymouth-Canton Educational Park to wrap up on Saturday morning.

And it did with a record-busting flourish, as the top-four teams all broke school records in the 1,600-meter relay.

Yet the final standings still had Plymouth at the top — right where the Wildcats were when the meet was suspended Friday night.

Plymouth finished the meet in first with 113.5 points, while finishing two-three were PCEP neighbors Salem and Canton, with 93 and 78.5 points, respectively.

In fourth with 67 points was Livonia Stevenson, followed by Livonia Churchill (57), Livonia Franklin (46) and Westland John Glenn (44).

"We came back on Saturday, we knew what we had to do," Plymouth coach Jon Mikosz said. "We set two school records out there and that capped off a great meet. "I was proud of everyone,

Livonia Franklin's Angelica Woods put an extension on her girls tennis season Friday when she took runner-up honors at No. 1 singles in the Division 1 regional hosted by Novi.

The junior, who sports a 19-2 overall record, guaranteed herself a spot at the upcoming state finals when she upended Northville's Joanne Weber in a three-set semifinal, 6-4, 1-6, 6-1. It was a match which ended up indoors (because of wet weather) at Farmington Racquet Club.

Novi's Amanda Border, a state quarterfinalist last year, then captured the No. 1 flight regional singles title with a 6-0, 6-0 victory over Woods.

Woods guaranteed her trip to Midland by avenging a 7-5, 6-0 setback the previous week to Weber in the KLAA Kensington Conference semifinals.

"I tried to grind, hit the ball deep with spin," Woods said. "I had to change it up if I wanted to win."

Marian juggernaut continues with 4-0 win

BY BRAD EMONS
OBSERVER STAFF WRITER

The Detroit Catholic League girls soccer trophy will have an all too familiar name etched again on the championship plate.

Birmingham Marian continued its dynasty by earning its eighth straight A-B Division crown Saturday with a 4-0 victory over host Livonia Ladywood.

The Mustangs, ranked No. 2 and defending Division 2 state champions, won their 14th straight match to improve to 14-1-1 overall. It was their 12th A-B title in school history.

Ladywood, which lost to Marian for the third time this season, falls to 9-4-4. Danielle Mazur, a junior forward, tallied a pair of goals including what proved to be the game-winner just 38 seconds into the match.

"The girl (Mazur) just got in behind the defense and got running," Ladywood coach Ken Shingledecker said. "It was a good ball in. I was scared. I told you before the game that that could happen, and it did."

"Their first to every ball, they get good bumps on you, and it gets you off track some-

times. You've got to meet that physical battle, and we didn't get it done.

In the last meeting between the two teams, Marian jumped out to a 6-0 halftime advantage en route to a 6-2 win.

But this time the Blazers settled down and kept it to a one-goal deficit at halftime.

"We played fine from there on out," Shingledecker said. "And I thought we kind of carried a little bit of the play near the end of the half, but we just couldn't get that goal to make it 1-1."

Ladywood defender Allison Bielski went down with an apparent concussion midway through the second half and Marian took advantage by notching three goals during the final 22 minutes.

Catherine Anger scored off an assist from Stephanie Pilarski with 21:29 remaining followed by Pilarski's goal with 15:35 to play.

Mazur then notched her second of the game with only 3:21 left off a feed from Elizabeth Tresnak.

"The injury to our center back (Allison Bielski) was real costly," Shingledecker said.

"She's been playing center back for us for two years. She's

a junior, she's a leader back there. Her going out with a concussion, and three goals scored after that tells the whole story. It was a physical play and she got the worst end of it. Again, it was those physical battles. They bring those to you. Sometimes they don't work out."

Ladywood goalkeeper Maddie Reed made eight saves, while Marian's Makenzie Larson needed just one stop to post the shutout.

"When you play someone for three times it's pretty tough," Marian coach Barry Brodsky said. "The thing that we've got is a lot of players that can play. And on a day like today when it got warm, I think in the second half our depth kind of wore them down a little bit. They did a good job."

Brodsky, meanwhile, felt the pressure of continuing the streak of Catholic League titles.

"In 2003 we beat (Madison Heights) Bishop Foley on an overtime goal," he said. "People from that team texted me this morning, so it's pretty special to have the lineage from one year to the next."

Stevenson-Churchill tilt goes to PKs after 2 OTs

It goes in the books as a 0-0 deadlock, but a shoot-out was required Monday night between host Livonia Churchill and girls soccer rival Stevenson to determine the next crossover match in the KLA.A.

Stevenson, now 8-4-4 overall, won on penalty kicks, 4-2, and plays Wednesday on the road against the Lakes Conference third-place winner.

The two third-place divisional finishers in the Kensington Conference played a pair of 15-minute golden goal halves to break the deadlock on a hot night, but it remained scoreless.

The Spartans got goals from Sami Gutkowski, Dayna Stevens, Kayla Kimble and Ashley Welch, while Kelsey Rothermel and Nicole Marlow countered for the 7-7-2 Chargers.

"It was definitely a playoff atmosphere," Stevenson first-year coach Chris Grodzicki said. "Both teams pressed hard and it was an up-and-down match."

"We were real dangerous the first half and we stuck with it the second half, but

KLA.A SOCCER

they (Churchill) made some adjustments to stop our attack and we got caught a couple of times defending on the attack."

Churchill goalkeeper Kaylie Secord was stellar all night.

"She made about eight saves that mattered, it was the best game she's ever played," Churchill coach Dave Hebestreit said. "She was obviously one of our top three players along with our defenders Megan McDonald and Kelsey Rothermel."

Michelle Krawczyk made four saves for the Spartans.

"We lost to them 2-0 earlier in the year (April 15) when they (Stevenson) had their way with us," Hebestreit said. "Tonight it was different. There were distinct periods where we carried the play. We're playing a new system and our goal was to play a tight game against a good team and it showed tonight. We have a young team - only two seniors - and they've grown quite a bit. They've turned it around and I'm happy with the effort. Both teams were exhausted."

FRANKLIN 3, S.L. EAST 1: Alejandra Mesa tallied a pair of goals and one assist Monday as host Livonia Franklin (1-15-2) earned its first win of the season against South Lyon East (3-13-2).

"It's good to get the first one of the season," Franklin first-year coach Dean Kowalski said. "It seems like we have a different team right now. They want to play Wednesday and they're excited for the (state) playoffs."

Jessica Maurer, making her varsity debut, also scored for the Patriots, who led 2-1 at halftime. Natalie Desautel also chipped in with an assist.

Franklin goalkeeper Alexis Smith made nine saves.

Paige Colosimo's first-half goal staked the Cougars to a 1-0 lead.

SALEM 5, JOHN GLENN 0: In a Kensington Conference crossover of fourth-place teams Monday, the visiting Rocks (9-5-3) pulled away in the second half with three goals to beat Westland John Glenn (4-11-2).

Andee Samborski stood out in goal for the Rockets, while Ali Zarate sparked the defense.

"We hustled and fought to the end," Glenn coach Jimmy Mortada said.

SOUTH LYON 9, WAYNE 1: Senior captain Megan Maynor had the lone goal in the second half on a penalty kick Monday as host Wayne Memorial (3-12-2) fell in an eight-goal mercy to the Lions (7-9-3).

Blazers boot Nouvel, 6-1

GIRLS SOCCER

Livonia Ladywood was hitting on all cylinders Tuesday, making the road trip to Saginaw Nouvel Catholic and coming away with an impressive 6-1 girls soccer win over the state-ranked Panthers.

Ladywood, which improved to 10-4-4 overall, scored five times in the opening to lead 5-0

Goals in the first half came from Liz Danger, second minute (from Kelly Capoccia); Capoccia, seventh minute (from Shea McParlane); Sara Even, her first career goal in the 27th minute (from Shelby Walsh); Capoccia again in the 30th (from Paige Brennan); and Dominique Sarnecky, 33rd (from Brennan).

Rachel Maceri made it 6-0 in the 46th minute from Brennan.

Mackenzie Smith spoiled Ladywood goalkeeper Maddie Reed's shutout bid in the 61st minute on a penalty kick.

"It was nice to see us get off

to a quick start considering the long bus ride," Ladywood coach Ken Shingledecker said. "I like where we are at heading into districts."

The loss drops Nouvel, rated No. 2 in Division 4, to 14-3-1 overall.

CLARENCEVILLE 0, LIGGETT 0: In a battle of former Metro Conference foes Monday, host Livonia Clarenceville (5-8-2) and Grosse Pointe Woods University-Liggett, now a member of the Michigan Independent Athletic Conference, fought to a scoreless draw.

Clarenceville goalkeeper Kristen Jolly preserved the tie with 25 saves.

On Friday, Clarenceville lost a non-conference match at Perndale, 5-0.

N.B. HURON 5, LUTHER WESTLAND 1: Kelsey Poston scored four goals and Angelia Marchionda added one Monday as New Boston Huron downed host Lutheran High Westland (2-10-2) in a non-conference match.

Sarah Frusti scored the Warriors' lone goal off an assist from Taylor Wiemer.

Stevenson tied for eighth with five points, while Woods garnered all three points for the 10th-place Patriots.

Both Novi and Northville, along with Woods, advanced to the state finals in Midland (June 4-5).

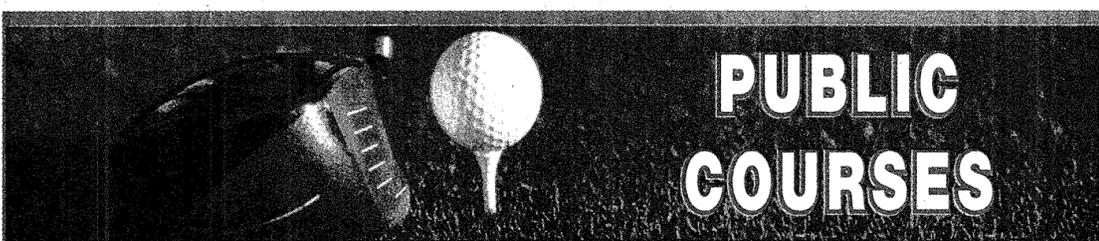

Entering the state finals, Woods will stay sharp hitting with her brother, Walter, a standout on the Patriots' boys team, along with his practice partners.

She also hits at Dearborn Heights Crestwood High School with Katherine Colarossi, a teaching pro at Dearborn Racquet Club.

"She (Colarossi) has helped me improve my serve and coach Clack has helped me on my serve and given me a lot of support, too," Woods said. "I'm hoping to do my best and win a couple of matches."

WOODS

FROM PAGE B1

In the regional quarter-final, Woods needed a first-set tiebreaker to oust Livonia Stevenson's Laura Gumper in straight sets, 7-6 (7-4), 6-1.

"Angelica was really strong with her first serves - she was in the mid-90s (mph)," Franklin first-year coach Rick Clack said. "She showed what she was capable of. She was just relentless at getting the ball back. She wanted it bad - that's for sure."

Woods' semifinal victory may have been the deciding point for the team title with Novi edging Northville for first place, 28-27. It was a repeat of the Kensington Conference tourney when Novi edged the rival Mustangs by a point, 31-30.

O.K. City rally stuns Madonna in NAIA's

Heartsick is the only way to describe Madonna's University's second-round 6-4 loss Saturday to Oklahoma City in the NAIA Women's Softball National Championships held in Decatur, Ala.

The Crusaders carried a 4-0 lead into the top of the seventh, only to give up six unanswered runs keyed by Lily LaVelle's 2-out grand slam homer to give Oklahoma City a 6-4 triumph at Wilson Morgan Park.

The loss dropped MU (43-11) to 1-1 in the four-team Pool H and eliminated the Crusaders from advancing to the eight-team national finals. Meanwhile, Oklahoma City (42-11) won Pool H with a 2-1 record.

The ninth-ranked Stars had collected only one hit through the first six innings off MU starter Jess Irwin (29-5), but pinch hitter Kendall Hobens started the seventh-inning rally with a bunt single.

Lauren Hess was then hit by a pitch and LeeAnn Lopez followed with an RBI single to make it 4-1.

After a pair of Madonna errors, Hess scored on a groundout, setting the stage

for LaVelle, who drilled an 0-2 pitch over the left field fence.

Winning pitcher Ashley Wilburn (15-3), who went the final 5.2 innings in place of LaVelle, the starter, earned the victory.

Wilburn held the Crusaders in check on three hits and three walks the rest of the way after they scored four times in the second inning highlighted by bloop 2-run single by first baseman Cat Sidor (Livonia Churchill).

Irwin gave up four hits, walked one and struck out five in seven innings.

MINOT STATE (N.D.) 4, MADONNA 0: Mandy Greenberg tossed a 4-hitter and struck out 11 Monday as Minot State (34-14) ended the Crusaders' 2010 campaign at 43-12 overall.

Deanna Mitchell went 1-for-3 with two RBI for the Beavers, who scored the game-winning run in the first inning against MU starter Jess Irwin (29-6). The junior gave up three earned runs on five hits in 4.1 innings. She struck out seven and walked two before giving way to reliever Hallie Minch (Garden City), who went the final 1.2 innings.

Tiffany Friesen's RBI single in the fourth made it 2-0 and Minot State added two more in the fifth, one coming on an MU error and the other on an RBI single by Molly Lundeen.

Minch, Cat Sidor, Ashley Shay and Kelly Lesko had the lone hits for MU.

Lutheran Westland girls 1st in D-4 regional track

BY BRAD EMONS
OBSERVER STAFF WRITER

So far this season, there's been nobody better than the Lutheran High Westland girls track and field team.

The Warriors, coming off a decisive triumph in last week's Michigan Independent Athletic Conference meet, captured nine events Saturday en route to the Division 4 regional title at home.

Coach Alissa Hall's squad scored a team-high 187 points followed by runner-up Royal Oak Shrine (146), Plymouth Christian Academy (54),

Warren Michigan Collegiate (42), Detroit Christo Rey (33), Detroit Allen Academy (21), Sterling Heights Parkway Christian (17), Detroit City (11) and Pontiac Academy of Excellence (8).

The Warriors boasted a trio of double winners including Alyssa Shirkey, shot put (28 feet, 9 inches) and discus (93-5); Rachel Storck, pole vault (7-0) and 100-meter hurdles (17.7); and Nicole Zehel, 800 (2:29.29) and 1,600 (5:30.39).

Emilie Freeman also added first in the high jump (5-2). The Warriors' 4 x 400 relay team of Freeman, Alyssa Flury,

Amanda Terranella and Nicole Zehel crossed the line first in 4:25.10, while the 4 x 800 team of Sarah Maynard, Erin Lyle, Brittany Maynard and Jess Rice also won in 11:00.33.

Others headed to the Division 4 state finals June 5 in Jenison as automatic qualifiers by virtue of their second-place finishes include: Storck, high jump (4-11); Erin Hardin, long jump (14-0.5); Marcella Flury, pole vault (7-0); Terranella, 300 hurdles (52.4); and Maynard, 3,200 (12:36.76).

The Warriors' 800 relay of Alyssa Flury, Hardin, Terranella and Freeman also

placed second in 1:55.94 and earned the state finals trip.

Meanwhile, the 4 x 100 team of Megan Lohn, Marcella Flury, Jackie Schwartz and Alissa Flury took third in 56.6.

Other individual point-getters for Lutheran Westland included: Freeman, third, 400 (1:05.91); Storck, third, 300 hurdles (52.86); Rice, third, 800 (2:39.75); Lyle, third, 3,200 (12:44.29); Janine Erickson, fourth, discus (65-1); Hardin, fifth, 400 (1:05.91); and Jamilyn Preece, eighth, shot put (22-9).

Warriors win 4-3, gain title share

Lutheran High Westland gained a least a share of the Blue Division baseball title in the Michigan Independent Athletic Conference

PREP BASEBALL
Tuesday by pulling out an eight-inning 4-3 win over visiting Allen Park Inter-City Baptist.

The Warriors, who improved to 17-4 overall and 12-1 in the MIAC Blue, won it in the bottom of the eighth on Tony Cipolla's RBI single scoring Taurrek Fikes.

Inter-City took a 3-2 lead by scoring a run in the top of the seventh, but Warriors answered in the bottom half of the inning when Marc Rosin singled, stole second and came home on an Inter-City infield throwing error.

Winning pitcher Austin Baglow went all eight innings, allowing six hits and three walks while striking out 12. Baglow, Cipolla and Rosin each collected two hits for the Warriors.

"We're one step closer, but we dodged a bullet today," Lutheran Westland coach Kevin Wade said. "Inter-City picked up every ball and it was a good aid for us to have to grind out a win."

Dillon Doarn went 2-for-4 and Jimmy Van Derra clubbed a solo homer in the first inning for the Chargers, who slipped to 6-7 in the MIAC Blue.

Losing pitcher Jimmy Van Houten also went all eight innings. He allowed nine hits, struck out two and did not allow a walk.

HURON VALLEY 12, LUTH. SOUTH 8: Andy Barber went 3-for-3 with three RBI Monday as host Westland Huron Valley Lutheran (15-1, 12-0) put a cap on its perfect season in the Red Division of the MIAC with a triumph over Newport Lutheran South (2-12, 2-8).

Tyler Wagaman added a hit, walked twice and drove in a run for the victorious Hawks.

Barber, the winning pitcher, also ran his record to 9-0. He allowed six hits, walked three and struck out five in six innings.

Jacob Diroff and Adam Scott each had two hits for the Saints.

Philip Anderson was the losing pitcher, allowing nine runs on eight hits and five walks in 5.1 innings. He struck out seven.

LUTH. WESTLAND 11, OAK. CHRISTIAN 0: Jake Andrezejewski belted a 2-run homer and Gage Flanery added a solo shot Monday as Lutheran High Westland (16-4, 11-1) invoked the five-inning mercy rule against visiting Auburn Hills Oakland Christian (1-14, 0-12) in a MIAC Blue encounter.

The Warriors collected 13 hits with Flanery going 2-for-3 with two RBI and two runs scored.

Winning pitcher Taurrek Fikes also went 2-for-3 with an RBI, while Aaron Gartha went 2-for-4 with a double and RBI.

Fikes pitched the first 3.2 innings, allowing no hits, a pair of walks and three hit batters. He struck out five before Thomas Handschumacher came on to get a strikeout and preserve the no-hitter in the final 1.1 innings.

one event."

Kroll, a senior headed to Michigan State, scored 20 points individually and was part of 18 other points in two relays.

"I think she's stamped that she's the most dominant runner in the area in the last 20 years probably," Daugherty said. "She'll run, the mile, the 800 and the 4 x 400. We'll give her a chance to get first or second in the mile, and definitely try to win the 800 is her goal. She's done back-to-back the last two weeks and she's done great. "Overall we had kids qualify

across the board and it shows not only how good our kids are, but it also says something about our coaching staff."

Franklin was runner-up to the Chargers for the second straight year.

On Saturday, McPherson set a school record in the 3,200 with a time of 11:11.7. She also was runner-up to Kroll on Friday in the 1,600 with another Patriot mark of 5:07.4.

"McPherson does well either way in the 1,600 or 3,200," Franklin coach Dave Bjorklund said. "She's very resilient. She ran a great mile and two mile. We have three girls (McPherson, Senneca Scott and Savannah Haig) going (to the state meet). This is the second year in a row we've been second and I'm proud

because a lot of girls scored points even though they're not going to the big meet."

Thurston dominated the sprint events winning both the 400- and 800 relays.

Senior Sonya Burks, freshman Brianna Nixon, senior Altemecia Martin and sophomore Domonique Smith clocked a 49.2 in the 4 x 110, while the quartet of Burks, Nixon, freshman Arielle Paris and Smith won the 4 x 200 in 1:45.6.

Nixon also captured the 100 dash (12.6) and teammate Chelsea Carradine, a senior, took the shot put (38-4.5).

"It's a little bit of a surprise since we moved up to Division 1 this year," Thurston coach Al Chambo said. "We really didn't know what to expect. We felt

pretty confident we'd score well, but obviously it's a very pleasant surprise."

Other area first-place finishers included Aubrie Scott (John Glenn), long jump (17-0.5); Reagan Engstrom (Plymouth), pole vault (9-8); Scott (Franklin), 100 hurdles (15.7); Becky Adamcheck (Stevenson), 300 hurdles (46.1); Madi Lewis (Plymouth), 200 (26.1); and Megan McPherson (Franklin), 3,200 (11:11.7).

Plymouth's 1,600 relay team of Lewis, Knox, Carissa Buttermore and Rachael Hille also took first in 4:05.7.

The top two finishers in each event at the regional automatically qualify for the Division 1 state meet Saturday, June 5, at Rockford.

Spartans salvage split

Mike Vomastek's bases loaded walk-off single in the bottom of the eighth inning enabled state-ranked Livonia Stevenson to earn a split of a baseball double-header Saturday against visiting Walled Lake Central.

The Spartans, ranked No. 4 in Division 1, lost the opener to the Vikings, 10-4, but bounced back to win the nightcap, 5-4.

Nick Anderson pitched three scoreless innings of relief to earn the victory in Game Two as the Spartans improved to 25-6 overall.

Dan Lopez went 3-for-4 with a triple and RBI, while Evan Piechota went 3-for-3 with a double and RBI to spark Stevenson's 12-hit attack. Tyler Lynch also contributed two hits and an RBI.

Blake Burns went 2-for-4 for Central, which slipped to 22-8 overall.

Burns also went 2-for-4 with a RBI in the opener, while Joe Harris drove in a pair of runs.

Karl Boedecker, who scattered six hits and two walks, got the victory on the mound

for the Vikings. He fanned five.

Piechota, who gave up five earned runs, took the loss. He struck out six and walked two.

Lopez and Vomastek each collected two hits for Stevenson.

REGIONAL

FROM PAGE B1
everybody came together as a team and we scored all around in almost every event, and that's what you've got to do to be regional champions."

In the first event Saturday, Plymouth's Joe Porcari and Churchill's Thomas Windle had a fierce fight to the finish line with Porcari's school-record 9 minutes, 42.6-seconds edging out Windle's 9:45.8.

Then with all the athletes fresher than they'd normally be for the meet-closing 1,600 relay, Salem's top-rated quartet of Dan Martin, Zach Gaskell, Kenneth Middlebrooks and Scott O'Connor won with a time of 3:22.5. That broke a 35-year Salem record (3:23.0).

Fourth-place Stevenson will send its 1,600 relay team along with Will Burek (first, 110 hurdles, 15.3; second, 300 hurdles, 41.1). Jon Aneed was an additional state qualifier in

the shot put (50-2, fourth). Several other *Observer/land* athletes had strong performances and will also move on to the D1 state meet.

Churchill boasted a pair of regional champions in Joe Marlow, who cleared 14-2 in the pole vault, and Scott Coppola, who took the long jump (21-2).

Glenn senior Jeremy Langford won the 100 dash with a time of 10.8. The Rockets showed plenty of stuff in the sprint relays, too.

The team of Rico Cole, Umberto Kenle, Stefan Anthony and Langford claimed the top spot in the 400- and 800 relays with times of 43.6 and 1:30.6, respectively.

In the 400-meter relay, Franklin's Ryan Hurt, Antoine Banks, Mike Baumgardner and Richard Duncan qualified with a second-place finish (44.0). They will be joined by senior Nate Coleman, who threw 150-3 in the discus (second place).

American House residents map lives with LifeBio 101

Sometimes it's tough to know how to start an autobiography, but residents at American House on Hunter in Westland have not only started, but finished their biographies using a new group class, journals and storyboards.

Five residents of American House Westland graduated from the LifeBio 101 Class on April 30. For the last few months, residents have met together weekly to complete reminiscence exercises during class and to recall important details of their lives that deserve to be recorded. Their completed Storyboards, a collection of pictures and memories on a display, were presented at the Story Sharing and Graduation Party with many family members in attendance.

The class has covered the people, history, childhood memories, love, marriage, children, grandchildren, pets, friendship, beliefs, values and much more. Residents have grown closer and forged new friendships and they have realized how unique each life story is.

"They have gone through their whole lives, and they have created such beautiful stories to share with their families. It's been an honor

Cindy Lear, American House-Westland activity director, gives Marilyn Smelser at the LifeBio graduation.

to get to know them even better," said Cindy Lear, American House-Westland activity director.

American House has been committed to capturing the life stories of the Greatest Generation and the LifeBio program is helping them accomplish that goal. LifeBio helps thousands of people to capture their life stories through journals, an online template at www.lifebio.com, classes, Storyboards and more.

Founded in 2000, LifeBio is the nation's leading legacy

company, helping to preserve relationships and memories that last for generations. The LifeBio product and service line includes the Memory Journal, LifeBio 101 Classes, the LifeBio Video Recording Kit, MemoryBio Photo Album and Journal, The Great Story and Your Story and much more.

Enjoy farmer's market produce in pasta, soup, salad

Vegetables are an ideal canvas for a vast palette of sunny and internationally-inspired flavors, including fresh citrus juice, spices such as garlic and ginger, fresh herbs, and pantry staples, like soy sauce and Swanson broth and stock. The experts at Campbell's Kitchen have been hard at work creating a variety of versatile recipes that make it deliciously simple to enjoy eating vegetables.

A refreshing change from the standard

salad, Margarita Shrimp Salad features tender shrimp, which are marinated in a mixture of lime juice and garlic, and tossed with crisp bell peppers, onions and romaine lettuce. Zucchini Soup with Herbed Cream is a fresh way to savor squash. To move vegetables to the center of the plate, try Vegetable Stir-Fry which features a sauce made with ginger, garlic and soy sauce, or try Broccoli & Garlic Penne Pasta for a versatile dish that's certain to please.

Author looks past stained glass to find Jesus

BY SHARON DARGAY
OSE STAFF WRITER

Kendall Rogers hopes his first book will compel readers to open a second: The New Testament.

In *Stained Glass Jesus*, the Westland man challenges Christians to become better acquainted with Jesus Christ and his teachings.

"There are many people who are following a Jesus who really is not the son of God at all," Rogers said. "They've become used to fitting into the church. But would the real Jesus actually be welcomed in their midst?"

After returning to the U.S. from Russia, where he spent 14 years with his family in mission work, Rogers, 29, began to wonder if many American churchgoers merely serve a "stained glass image" of Christ. Rogers moved from Ohio to St. Petersburg with his missionary parents and sister when he was 12. He learned to speak and read Russian fluently and co-pastored church.

"Our ministry and the church we had was the people's church," Rogers said. The family also ministered in orphanages, hospice wards and to shut-ins.

"The people I grew up around and those I helped survived World War II and the Holocaust. Seeing people who had lost hope, having

hope regained had an impact on me. It did light a passion in me."

U.S. MINISTRY

Rogers, who holds a master's degree in theology and doctorate degree in ministry, returned home to complete his education, with an ultimate goal of teaching. He moved to Westland, but continues work with Last Day Harvesters, the southern Ohio ministry founded by his parents, and began ministering at nursing homes. He also attended churches and talked to members.

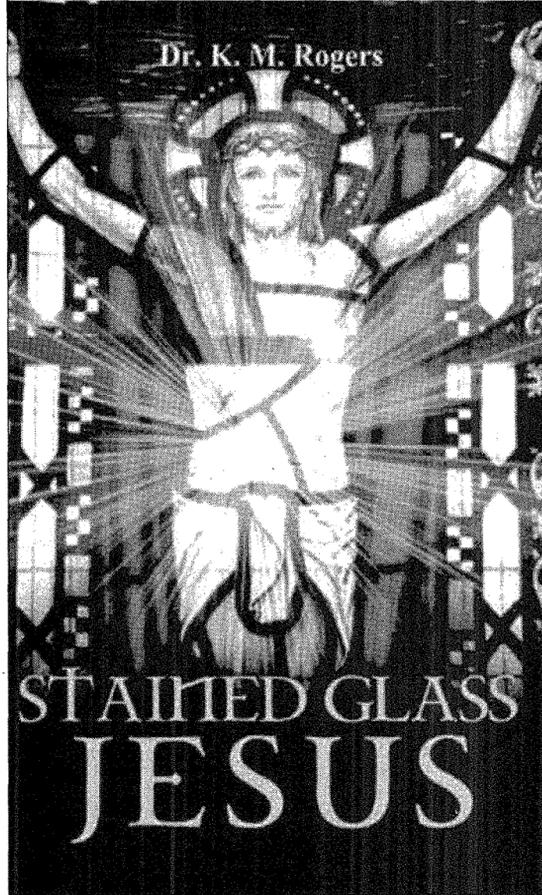

"It became apparent people fell into the trend of religion, but weren't getting much out of worship ... they were not growing from it."

He began to write, starting each chapter with scripture or a quote and basing each one on Christ's message found in the New Testament.

"I'm hoping to help people get their focus back," he said.

TWO VIEWPOINTS

Rogers found two distinct messages in the sermons he heard while attending various churches after his return to the U.S. One, often delivered with "hellfire and damnation," along with references to the Old Testament, urged listeners to "be above sin." The other was "all about prosperity — being healthy and rich."

Buy Stained Glass Jesus online at Amazon.com and barnesandnoble.com.

"It's always about how you can get rich quick or how you're going to hell no matter what," Rogers noted. "So many people don't open the New Testament to see what Jesus said. Jesus is an amazing guy."

"We divide people and Jesus never did that. One thing I found fascinating in the Gospels ... there is no racism, no sexual prejudice, no denominational barrier."

"They are all people. People

are people. Some are lost, some in darkness. It's our responsibility to take the light to them, to carry the light."

Rogers aims to reach out to both "seasoned believers" and nonbelievers in his book, which was published by Holy Fire Publishing in March. It's available in paperback online from Amazon.com and Barnes & Noble. Cost is \$15.99.

Wild about blueberries

If you're looking for tasty ways to improve your diet, you're in luck. You can get big taste and big benefits from a little fruit — wild blueberries.

A diet rich in fruits and vegetables can help maintain a healthy weight and reduce the risk of chronic diseases like diabetes, heart disease and some cancers. Eating across the color spectrum is important so you get a variety of nutritional benefits.

Wild blueberries get their color from naturally occurring phytochemicals, which are primarily responsible for antioxidant activity. Wild blueberries are antioxidant rich, making them a great choice for their nutritional benefits and disease fighting potential. In fact, USDA studies rank wild blueberries highest in antioxidant capacity per serving, compared with more than 20 other fruits including cranberries, strawberries, apples and even cultivated blueberries.

Health magazine also has named wild blueberries high on its list of "America's Healthiest Superfoods for Women," singling out their variety of potential health benefits, including preventing memory loss, improving motor skills, lowering blood pressure, and fighting wrinkles.

Wild blueberries are available year-round in supermarkets nationwide. Frozen at the peak of ripeness, all the farm-fresh taste and nutritional benefits are locked-in. Most studies show that frozen fruits and vegetables are higher in vitamins, minerals and phytonutrients because they are frozen near the time of harvest.

DID YOU KNOW?

Wild Blueberries are a different berry from cultivated blueberries. They grow naturally in the fields and barrens of Maine and Canada. They are smaller in size, have a unique sweet-tart taste, and are only available frozen.
