Grant received

The Westland Police Department has received new camera equipment thanks to a \$1,000 grant from Target.

The grant paid for a new digital camera and related equipment, including lenses, carrying case and memory cards for use by the department's evidence technicians.

The department doesn't have an evidence technician position — patrol officers are trained for that work.

The funding was provided through the Target Public Safety Grant Program.

Council holds hearing on commercial rehab district

By LeAnne Rogers
Observer Staff Writer

The Wayne Road portion of Westland's Downtown Development Authority could get some extra redevelopment incentive under a possible commercial rehabilitation district.

A public hearing on the proposal has been scheduled 7 p.m. Monday, Nov. 19, at the next council meeting.

Under state law, the com-

mercial rehabilitation district is aimed at encouraging the replacement, restoration and new construction of commercial property by abating the property taxes generated by the new investment for up to 12 years.

"The state law has been around for awhile, we haven't used it," said City Attorney James Fausone.

As proposed, the commercial rehabilitation district would run along Wayne Road from Ford to

Glenwood. As required by state law, the 125 parcels in that area have been zoned commercially since prior to 1975.

Along with the existing businesses, there are also 30 vacant parcels in the proposed district, said Assessor Jennifer Hadyniak of Wayne County Appraisals.

"This geared to develop vacant property or improve blighted properties. It will help the tax base in the future," Hadyniak said.

A request for a commercial rehabilitation district came from Arif Motorwala, who owns a 9,000-square foot office building at 2066 Wayne Road. The property was undergoing renovations when it was damaged by fire earlier this year.

"I had the option of leaving it or making a \$250,000 investment," said Motorwala. "I want to make it a thriving office com-

Dear Santa

While Christmas is a very busy time of year for Santa Claus, he always makes time to read letters from children.

Youngsters can be sure Santa knows what they want by writing a letter to Santa. Santa Claus has given the *Observer* permission to print some of those letters in our Thursday, Dec. 20, issue. But to do that, we need

letters. So youngsters, get out some paper and a pen or pencil or a computer and start writing.

Letters should be e-mailed to smason@hometownlife.com. Parents, be sure to include a photo of your child in a jpg format, with their name, age, address and phone number. Only your child's name and age will be published.

Letters can also be mailed to Letters to Santa, c/o Sue Mason, 615 W. Lafayette, Second Level, Detroit, MI 48226.

The deadline for all Santa letters is Monday, Dec. 10.

Westland thanks vets, breaks ground for memorial garden

By Sue Mason
Observer Staff Writer

It wasn't quite what the Westland Veterans Association had hoped for. Instead of dedicating their new Veterans Memorial Garden of Westland on Veterans Day, they conducted a ceremonial groundbreaking.

"We're incredibly excited about this," said Kenneth Mehl, WVA president. "We had hoped to have it ready this year, but the site that was picked at Central City Park was problematic. But at the end of the day, we will have something incredibly nice here."

The groundbreaking came at the end of a Veterans Day ceremony held at the pavilion behind the William D. Ford Public Library on Central City Parkway north of Ford Road. The memorial will be built near the pavilion.

A small crowd of city officials and veterans gathered for the Veterans Day ceremony that included a 21-gun salute by the ritual team from American Legion Post 32 and the playing of *Taps* by bugler Frank Wilson. Members of American Legion Post 346 from Farmington Hills served as the color guard.

Garden City resident Brian Luther, commander of Bova VFW Post 9885, said it was a "high honor" for the Westland post to host a luncheon after the ceremony. Retired from the Air Force after 21 years of service, he saw action in Iraq and Afghanistan.

Trial delayed for parents accused of killing infant

By LeAnne Rogers
Observer Staff Writer

A trial for a couple charged with abusing and killing their infant son has been pushed back to Jan. 30.

The trial of Antonio Brandon, who turns 23 later this month, and Nicole Roberts, 19, had been scheduled to start Monday in Wayne County Circuit Court.

An Inkster resident, Brandon and Roberts, who was living in Westland, have been jailed in lieu of bond since being arrested shortly after the death of Kayden Brandon, 2 1/2 months old, early on Dec. 5, 2011.

Brandon is charged with first-degree murder and child abuse. Roberts is charged with involuntary manslaughter and child abuse — that she was aware of the abuse and allowed it to continue.

The death of Kayden, who weighed 10 pounds, was ruled a homicide with asphyxiation and blunt force trauma as the causes. Testimony from the Wayne County Medical Examiner found the infant had a range of fresh and healing injuries, including

Library Teen Board collects items for Goodfellows

Through the month of November, the William P. Faust Library's Teen Advisory Board is partnering with the Westland Goodfellows for a toy and food collection drive.

Donated items will be given to Westland families who applied for Christmas assistance this year through the Westland Goodfellows. Donations are sought of new

toys, games, hats, gloves and scarves as well as nonperishable food items, such as canned goods, pastas and rice, cereal and peanut butter.

Residents can bring donated items to the library and place them in the donation boxes located in the library lobby outside the meeting rooms.

The deadline to apply for Good-

fellows assistance is Nov. 28. Applications can be downloaded from the library website at www.westland.lib.mi.us/.

Donations of new toys, school supplies, new or gently used clothing, toiletries and other items will be accepted 9 a.m. to 5 p.m. Saturday, Dec. 1, at Stuff the School Bus.

The Westland and Wayne

Goodfellows are joining forces with the Wayne-Westland Schools Transportation Department and the Wayne-Westland Fire Department for the collection drive. The bus will be located in the Kmart parking lot, Wayne Road at Cherry Hill.

Marquette House gets smoke detectors for deaf

A Westland senior citizen got assistance from Wayne-Westland firefighters who responded an emergency medical call at her apartment recently. The assistance to the Marquette House resident didn't end there, however. While on the EMS run, firefighters noticed resident Pat Scott's apartment didn't have audio-visually enhanced smoke detectors to serve the deaf. "I got a memo about it - I like the way he is thinking," said Assistant Fire Chief John Adams. "We presented the main-tenance staff with two smoke detectors for the deaf to be hard-wired into her apartment." The new smoke detectors utilize a high lumen light plus a high pitched siren to alert Scott, who suffers from hearing loss. *By LeAnne Rogers*

MEMORIAL

Retired Brigadier Gen. Carol Fausone was the guest speaker who told the crowd that the solemn Veterans Day observance came one day after the U.S. Marine Corps celebrated its 237th birthday. "From Bunker Hill to Baghdad, we are the beneficiary of their efforts," she said. "A veteran is an ordinary person who experienced a significant event in their life that made them write a blank check payable up to giving their life for their country. The sacrifices they have made allow us to flourish today."

"All we have to do is say thank you to pay service to our veterans. We thank you for your faithfulness, we thank you for your service. We thank you from the bottom of our hearts," she added. "Every day should be Veterans Day."

Westland Mayor William Wild told the audience that all veterans "deserve our praise and thanks for standing strong."

"We recognize, honor and applaud your bravery. You stand watch so we can sleep at night," he said.

Veterans Day was originally Armistice Day which recognized the end of World War II. The

Bugler Frank Wilson of American Legion Post 32 plays Taps as part of Westland's Veterans Day ceremony.

peace treaty was signed at 11 a.m. Nov. 11, 1918. Mehl told the crowd that this year's observance marks the first time that it is being celebrated without a living World War I veteran.

A member of the Westland Veterans Association, Marine Corps veteran Dwayne Walker had hoped the memorial would have been dedicated on Sunday.

"A lot of work has been put into this," he said. "We wanted to make as visible as possible, but I think wherever we build it, they'll come."

Westland City Council President James Godbout who helped turnover the ceremonial shovelful of dirt told the crowd "that

Joe Tebor, District 4 commander, Department of Michigan Veterans of Foreign Wars 2009-2010, talks about the Veterans Memorial Garden of Westland. Behind him is an artist's rendering of the memorial and several of the granite pavers that will be used for the walkway.

this area will work best" for the memorial.

"When you see the design, when you see the size and the scope, you'll have a better understanding of what it looks like and why we picked this as the best location," he said.

The memorial gardens will be built in a figure 8 style with 12 panels and 12 coves. There also will be a special cove to remember prisoners of war and those missing in action which visitors will not be able to enter "out of respect for those soldiers."

"They will be able to see inside," said Mehl.

Mehl said the ceremony was held to let residents know "that this is going to happen."

"We've gotten some calls questioned whether it's going to happen and today shows that it will," he said. "We want people to trust us, this is going to happen."

Orchard, Hiltz and McCliment, the city's engineering firm, came up with the new design for the memorial, which "is a good design, but is much more expensive," Mehl said. The veterans group has been fund raising through such things as the sale of CDs, mugs hats and shirts and an ongoing dine to donate at Buffalo Wild Wings. Residents also can purchase granite memorial pavers or benches at the center of the memorial and at the coves.

"It's going to take a lot of money, but this is a one of a kind," he added. "This is going to be incredible."

deep tissue bleeding in his arms and neck muscles, broken ribs and bleeding in his chest cavity.

The autopsy found Kayden had bruises and fingernail abrasions on his face that would be consistent with an adult hand being placed over his mouth and nose, suffocating him.

Brandon and Roberts told police that they would place a hand over the face of Kayden, as well as his twin Cameron, when the baby cried. Once the baby crying stopped, the couple told police Brandon would bite the baby to startle it into breathing again.

Other injuries, including internal injuries and broken ribs, were consistent with a police statement indicating Brandon would squeeze the crying baby to his chest to quiet him.

The pair also are charged with abusing Cameron, who suffered a broken femur. He was placed with family members after his brother's death.

plex. It will be a very nice development in this corridor and in the area."

Using Motorwala's property as an example for an abatement under the commercial rehabilitation district, Hadyniak said the fire damage will have reduced his property value by some percentage.

If Motorwala applies for an abatement, whatever the value of the property is on Dec. 31 would be frozen and property tax increases due to improvements of the property would be abated going forward for up to 12 years — council members would establish the length of the abatement.

New development, rather than rehabilitation, falls under a different provision and could receive a 50 percent tax reduction for up to 12 years, Hadyniak said.

There has been some development along Wayne Road, such as the new Country Kitchen restaurant which is awaiting a liquor license, said Economic Development

Director Lori Fodale. But the long-closed Leright restaurant was purchased but the new owner hasn't had the money to go forward with redevelopment, she said.

"There is opportunity for redevelopment in this district," Fodale said. "This would give me the ability to go and talk to the property owners about putting together a project for a tax abatement."

The council would need to set a policy regarding abatements, said Fausone.

"If there is a request, the city has to decide how far to go stacking incentives," he said. "I assume it would be tie-barred on the assessed value and the project."

For example, if a project was only investing 10-20 percent improvement of the property it might only warrant a one- or two-year abatement, Fausone said.

The council is expected to consider establishing a commercial rehabilitation district at the council meeting following the Nov. 19 public hearing.

GC thespians bring holiday classic to life on stage

By Sue Mason
Observer Staff Writer

Tough economic times have people's spirits down. The lack of jobs and financial distress led Denise Shimskey to pick a play that reminds people of the most important aspects of Christmas, Charles Dickens' *A Christmas Carol*.

The drama teacher at Garden City High School, Shimskey and her students are rehearsing the Romulus Linney adaptation of the classic in which the Ghosts of Christmas Past, Present and Future rekindle the spirit in Ebenezer Scrooge.

"Health, family, friends and giving, they're all the most important aspects of life," said Shimskey. "We can lose them because we get bogged down by negative circumstances."

The play will be presented at 7 p.m. Thursday-Saturday, Dec. 6-8, and at 2 p.m. Saturday and Sunday, Dec. 8-9. Tickets are \$10 and can be purchased through the online

box office at www.gardencityschools.com. Follow the link to *A Christmas Carol*. They also can be purchased at the O'Leary Auditorium box office 2:30-4 p.m. Monday, Nov. 26, Thursday, Nov. 29, and Monday, Dec. 3 and 5. The box office also will

be open one hour before show time.

The play is being presented later than normal because of the Christmas theme.

"We didn't want to do it before Thanksgiving, we wanted to do it during the season," said Shims-

key. "We want families to come and kick off their holiday season with the show."

In addition to the high school students, the cast includes 12 adult staffers who are carolers and five students from Farmington and Douglas Element-

tary Schools.

The stage set also will be "amazing," according to Shimskey who is renting as professional snow machine so that it is snowing on stage for the production. The stage will be transformed into an old-fashioned village. Retired teacher Cathie Sallack is making costumes for the production.

"She gets her friends together to work on them, she's been making costumes for me for years,"

said Shimskey who is stressing the play is for the whole family, pointing out that its run time is just 90 minutes long.

"It moves really fast," she said. My goal is to lift the community's spirit — the school community as well as the city — because things are bah-humbug right now. I want people to come and rekindle their spirits."

Annual parades welcome Santa Claus to town

Santa is coming to town!

The Jolly Old Elf will be making his grand entry into the City of Wayne as the guest of honor for Holiday Parade which kicks off at 10 a.m.

The parade will travel west on Glenwood to Wayne Road and then south on Wayne Road to Michigan Avenue before heading to the State Wayne Theater where children will have a

chance to talk with Santa in the theater lobby. Popcorn and drinks will be provided.

The family friendly parade is sponsored by the Wayne Rotary Club. For more information, call (734) 502-3202.

Santa also will be welcomed to Garden City during the Downtown Garden City Santaland Parade on Saturday, Nov. 24.

Now in its 52nd year, this Garden City classic steps off at 10 a.m. at Garden City High School on Middlebelt and heads to Ford Road before going east to the Town Center Plaza. This year's theme is "Rock and Roll Christmas," and the parade will include bands, inflatables, floats and marching units.

Kids also can meet Santa afterwards at Santaland, hosted by the Gar-

den City Downtown Development Authority.

For more information, call (734) 793-1882.

And the holiday season will arrive at historic Nankin Mills on Ann Arbor Trail at Hines Drive in Westland on Saturday, Dec. 10, at the Family Holiday Fest and Tree Lighting from 4 to 6 p.m.

The Friends of Nankin Mills and Wayne County Parks are inviting the

community to join them for an old-fashioned celebration. The first portion of the program features seasonal crafts to make and take home and unique seasonal games, such as fruitcake bowling, pin the nose on Rudolph and reindeer antler wreath toss. There is a \$4 per participant for crafts and games.

The second part of the program is free, and includes a short out-

door ceremony with the mill lighting and sing-along and an indoor visit from St. Nick, sponsored by the Friends of Nankin Mills. Refreshments will be provided. This is the 24th year the Friends have held the event. The crafts and games will be 4:55-5:15 p.m., Santa's visit and tree lighting will be 5:15-6 p.m. For more information, call (734) 261-1990.

Vandals target windows of vehicles on Gladys

Larceny from a vehicle

On Nov. 6, a resident in the 1200 block of Alvin told police that about 3:30 a.m. he noticed the dome light was on in his 2012 Chevrolet Colorado pickup truck.

Checking the vehicle, he said numerous hand tools, air tools and voltage meters, along with GPS unit, were missing. The stolen items were valued at \$1,500. There was no sign of forced entry although the owner told police he thought the vehicle had been left locked.

Vandalism

A Westland woman told police she parked outside Cooper School, 28550 Ann Arbor Trail, Nov. 6 and returned nearly 90 minutes later to find someone had shot the vehicle a BB/pellet gun. The 2000 Honda Accord had a pellet hole in the windshield and driver's door.

Larceny from a vehicle

A resident in the 1800 block of Globe told police Nov. 6 that someone had entered his vehicle taking a GPS unit and a Maglite flashlight valued at \$200.

Vandalism

Residents on Gladys reported vandalism of vehicles.

• On Nov. 7, a resident in the 31000 block of Gladys told police

WESTLAND COP CALLS

that someone had broken the front passenger window on his work vehicle, a 2008 Ford Fusion, while it was parked in his driveway.

• Also on Nov. 7, a second resident in the 31000 block of Gladys reported that someone had broken the driver's door window and broken off the mirror on a 1990 Chevy Silverado pickup truck.

• The driver's side window was reported smashed on a 1995 Oldsmobile Cutlass Ciera parked in the 31000 block of Gladys Nov. 7.

Stolen vehicles

On Nov. 11, a resident in the 29000 block of Gladys told police that someone had stolen her 1999 Honda Civic from in front of her home. She said she had all the keys to the vehicle.

• A 2001 Dodge Intrepid was reported stolen from a home in the 7900 block of Gary. The owner, a Livonia man, told police he had the keys and locked the vehicle although officers found no broken glass in the driveway.

• Two residents of Holliday Park Cooperative in the 33000 block of Spring Valley Drive told police Nov. 12 they were watching a neighbor's unit and van while they were in Florida.

On Nov. 12, the pair told police they noticed the 2003 Chrysler Town

and Country had been stolen. They said they had the keys.

• On Nov. 12, a resident at Warris Farms Apartments, 37135 McKinney, reported a 2004 Dodge Stratus stolen. The owner said she had the keys to the vehicle and it was paid off.

Vandalism

A resident of an apartment at 265 S. Hubbard told police Nov. 7 that someone had damaged both front door locks and the steering column of his 1998 Chevrolet Cavalier.

• The steering column and ignition were reported damaged along with two windows being broken in an apparent attempt to steal a 2007 Jeep Liberty parked at the Venoy Pines Apartments, 7051 E. Bonnie Dr. The resident told police the vehicle belongs to his grandmother but he drives it regularly with her permission.

Larceny

A resident of the Landings Apartments, 6793 Lakeview, told police Nov. 11 that he left his bicycle outside the front door for a few minutes and returned to find that someone had stolen it. The bicycle was described as an old style black Schwinn with white trim, white wall tires and a luggage rack on the back. The bicycle was valued at \$160.

Man finds someone using his info to fill tax returns

Break-in

Residents who share a home in the 6500 Block of Inkster Road reported that someone broke into their home sometime between 8:30 a.m. and 12:30 p.m. Nov. 6.

The police believe that the suspects entered through an unlocked back window. They forced open two bedroom doors which the residents typically keep locked, knocking them off their hinges and damaging both.

Most of the items stolen were taken from two bedrooms upstairs and a bedroom downstairs. The items included several TVs, a pair of Air Jordan shoes, a woman's watch, a diamond ring, a laptop computer and money.

Fraud

A man who lives in the 5000 block of Harrison and who admitted to police that he hasn't filed his own personal income taxes for about 10 years, said that he recently learned that someone has fraudulently been filing income tax returns by using his personal information.

The fraudulent returns were filed from 2004-2009 by someone in Florida.

The Garden City man told the police Nov. 6 that he knows that he owes the IRS money but he has just been lazy.

Stolen car

A Garden City Hospital employee discovered about 4 p.m. Nov. 8 that somebody stole her 2001 Dodge Intrepid from the employee parking lot at 6245 Inkster Road in Garden City.

She said that the car has been paid off for many years and she has the only set of keys. The employee described the

GARDEN CITY COP CALLS

car as being in good condition with no damage.

Property damage

An Inkster woman reported at 7 p.m. Nov. 10 that her Plymouth minivan parked two spaces away from the emergency room entrance door at Garden City Hospital, 6245 Inkster Road, was damaged while she was in the hospital for just a short period of time.

The police reported that all of the tinted glass outside of the sliding door was laying on the ground when they arrived.

A hospital video didn't pick up the image of the vehicle which was parked at that location.

Property damage

A driver who just entered his Chrysler Town & Country station wagon about 6:31 p.m. Nov. 10 heard a loud noise in the 6200 block of Central.

He noticed that his windshield had a spiderwebbed crack caused by an unknown projectile.

Retail fraud

A man with many tattoos and who wore a hoodie distracted a CVS employee about 3:30 a.m. Nov. 7 and didn't pay for some items at the CVS store, 27435 Ford.

He started stacking items on the counter but told the clerk that he wasn't finished shopping yet.

The employee continued doing inventory and when he returned to the counter the man was gone as well as the unpaid merchandise.

The store video showed that the man stole plastic plates and bowls, toilet paper, a crock pot and a space heater.

Theft

A resident in the 300 block of Hubbard reported Nov. 7 that somebody stole the license plate from his vehicle.

Suspended license

When the police stopped a Westland man for driving with an improper plate, about 5:30 p.m. Nov. 7, the officer learned that the driver's license was suspended and he was arrested.

The driver said that he found an old license plate at his home and put it on the car.

• When the police pulled over a driver speeding in the Inkster Road and Florence area, the officer found that the driver had a suspended license.

Upon further investigation, the officer learned that the driver had outstanding warrants out of Kent County, Grand Rapids and Detroit.

• The police stopped a man on Merriman near Block who disregarded a red light at 10 a.m. Nov. 12. When checking his driving record, they learned that his license was revoked and denied indefinitely.

No license

The police responded to northbound Middlebelt and Ford at 4 a.m. Nov. 11 when a driver impeded traffic at the intersection.

The driver stopped his 2000 Ford Taurus beyond the stop line on the road and ended up caught in traffic with other drivers having to drive around his car.

The 19-year old driver was arrested because he never acquired a license. He also was ticketed for impeding traffic and for not wearing a seat belt.

Trial set for man caught stealing parts from dead teen's car

By LeAnne Rogers
Observer Staff Writer

One of two men charged with stealing parts from a car used by two Westland teens found fatally shot in Detroit has been scheduled for a Feb. 4 jury trial.

Along with larceny from a vehicle, Larry Videz Anderson, 41, is also charged with obstructing justice. The latter charge stems from allegations that the vehicle was cleaned with bleach after being stripped.

No one has been

charged in the murders of Jacob Kudla, 18, and Jourdan Bobbish, 17, who were found fatally shot July 27 on Detroit's east side several days after they were reported missing by their parents. The teens were last seen visiting a family member's home in Detroit.

Before the teens were located, police discovered Kudla's 2001 Chevrolet Cavalier parked behind an apartment building in the 8500 block of Beechwood in Detroit.

Anderson and Casey Jason Green, 39, were arrested inside the apart-

ment building. Green entered a guilty plea to the charges in September and is currently serving one year in the Wayne County Jail, to be followed by three years probation.

Anderson is free on \$15,000 cash/surety bond and required to wear a tether.

The pair were charged the day after Kudla and Bobbish were found dead. The car's stereo system had been removed and stolen.

Time is flying, but you can still get a fresh turkey

By Karen Smith
Observer Staff Writer

If Thanksgiving crept up on you this year, there's no need to get in a flutter.

Local farms are still taking orders for fresh turkeys.

Customers can walk in and purchase oven-ready birds as late as Wednesday, the day before Thanksgiving, as long as there are some left.

Fresh turkeys save time because they bake faster and don't take days to defrost.

Christine Roperti, owner of Roperti's Turkey Farm in Livonia, and Tom Toth, manager of Huron Turkey Farm in Romulus, said some customers were caught off-guard this year by how fast Thanksgiving came.

Thanksgiving is the earliest it can possibly be this year.

Officially designated as the fourth Thursday of November since 1941, the national holiday can vary from Nov. 22 to Nov. 29.

"I think a lot of people don't realize it's already here," Toth said. "We're just getting over Halloween."

And the election.

Roperti said personal orders were down 14 percent and business orders were down 28 percent before rebounding after the election.

Roperti said they joked at her farm that the toms were the blues and the hens were the reds because of the colors of their heads.

"They're for America," she said. "Ben Franklin wanted them to be the national bird."

Franklin argued that the turkey, although "vain and silly," was a better choice than the bald eagle, which he thought cowardly, according to the reference site info-please.org.

Turkeys aren't specified as being on the menu that first Thanksgiving in 1621. Pilgrim Edward Winslow's writings note "fowl."

Yet today, more than 45 million turkeys are cooked and eaten in the United States at Thanksgiving — that's one-sixth of all turkeys sold in the U.S. each year, according to the U.S. Department of Agriculture.

Roperti's sells about 4,000 turkeys each year, and Huron Turkey Farm sells about 2,200.

Both have been in business for decades, Roperti's since 1948 and Huron

Turkey since 1963.

Fresh turkeys cost more than frozen — Roperti's charges \$3.39 a pound, Huron Turkey, \$3.18 a pound.

"People don't mind spending that money once a year," Toth said, when they can taste a difference.

Roperti said people want a moist and tasty turkey. She feeds her birds a mix of corn, oats and wheat, which gives them their flavor. "I'm a small farmer," she said. "I can afford to feed them the very best. I don't raise hundreds of thousands of turkeys."

The turkeys are free-range, roaming the five-acre farm on Five Mile.

Toth feeds his birds corn and water. "There's no preservatives, no chemicals, no medications. They're the cleanest purest organic turkeys money can buy," he said.

Turkeys at Roperti's and Huron Turkey Farm are processed the day before they're picked up.

People think they're getting a fresh turkey when they buy Amish birds, Toth said, but they're trucked in from Indiana. "Before you get the bird in the oven, it's been on ice 10 days," Toth said. "I think the Amish (turkey) is nothing to brag about."

Nancy Provan of Grosse Ile brags about Huron Turkey Farm and the turkeys she has been buying there for 40 years. "They're just delicious," she said, adding the breast meat is moist, never dry, and the birds cook faster being fresh.

She said the customer service she gets at Huron Turkey Farm is great and "everything about the place is immaculate."

"I wouldn't think of going to a store," she said. Neither would Rosemary Richmond of Dearborn, whose family has been buying turkeys at Roperti's for as long as she can remember.

"My mother told me years ago, there's nothing like a fresh turkey. She was raised on a farm." Richmond said her

mother used to get her turkeys from Roperti's and now she does.

"I think that they are absolutely awesome," she said, adding fresh birds are juicier and more tender. "I take people there who used to get frozen; they can't believe the difference."

St. Mary's hosts anniversary concert

St. Mary Catholic Church in Wayne continues its year-long celebration of the 150th anniversary with a concert at 7:30 p.m. Sunday, Nov. 18.

The concert will feature the Novi Concert Band and be held at the church at 34530 Michigan Ave. It continues a year-long celebration of the church's founding in 1862.

The band will perform a selection of great American music. The St. Mary Adult Choir, under the direction of Dr. Richard Schneider, will accompany the band in singing the inspirational and patriotic song, *The Battle Hymn of the Republic*, composed in 1862, the year that St. Mary became an official parish of the Archdiocese of Detroit.

The Novi Concert Band, under the direction of Mr. Scott Cramer, John Glenn High School

instrumental music director, is a symphonic, wind ensemble comprised of an all-volunteer group of instrumental musicians from the southeast Oakland County and western Wayne County area. The city of Novi Parks and Recreation Department formed the band in 1982 to provide adults having a musical background with the opportunity to participate in musical performances throughout the southeastern Michigan area.

The concert is free and open to all parishioners, guests and friends of the parish. Seating is on a first-come, first-served basis. A free-will offering will be taken at the event, and light refreshments will follow the performance.

Iconic State-Wayne Theater gets a digital upgrade

Built in 1946 – and after serving millions of movie-goers in Wayne County with an old-fashioned charm – the State Wayne movie theatre has undergone a 21st century face-lift.

A grand re-opening and film-cutting ceremony at 11 a.m. Saturday, Nov. 17, will officially reveal the new State Wayne Digital Theatre at the conclusion of the annual Wayne Holiday Parade on Michigan Avenue.

The public is invited to come inside and tour the newly renovated theatre and get a behind the scenes look at the latest in digital projection technology.

The open house will include a chance for children to personally meet with Santa Claus and get their wish lists in early, and see “Puff” the infamous State-Wayne Dragon.

The open house also includes a tour of the film projection rooms. Regular movie schedules will commence at about noon.

“I have a great love for the classic movie theatres across America and the State-Wayne is one of the finest in Michigan, a real gem right here in our own backyard,” said Cory Jacobson, owner of Michigan-based Phoenix Theatres and a life-long movie theatre operator. “Our work here maintains the iconic environment movie-goers have enjoyed at State Wayne since the

More than 530 lights and the electronics have been restored on the State Wayne Theater's wrap-around marquee. In all, there are 1,152 lamps, 550 which stay lit and 602 on a “chaser” to light up the downtown streetscape.

1940s, and we have completely upgraded all of projection systems to provide the highest quality digital movie presentation available.”

State Wayne Phoenix Theatres marches into its seventh decade of operation with new Christie Digital Projectors and Dolby's latest 7.1 Digital sound systems, new QSC speakers and amplification – all run from GDC computer servers. New, larger screens have been installed and for the very first time RealD XL 3-D will be presented. Gone are the days of splicing together miles of 35mm

film and the concern of scratches effecting a quality presentation for viewers.

“This is a huge win for movie goers in the Wayne community,” said Jacobson. “While many of us grew up on the original 35mm film versions of movies at State Wayne and other movie houses, in my three decades of theater management, I can honestly say today's new digital presentation cannot be beat. It is so superior in sound clarity and detailed visual precision that I wouldn't want to see a movie any other way. The sound is crisp

and the picture is superb. Whether it is the 1st performance or 10,000th showing, it is simply a perfect presentation every time.”

Phoenix Theatres has also updated the lobby with better lighting, an updated menu of concession stand food and beverages, including its innovative self-serve theater drink station, and Phoenix's creation of buying movie tickets in the same line as concessions. Additionally, the classic, hand-painted murals on the lobby walls and theatre hallways have been touched up; new carpet has been

installed and fresh paint colors have been added throughout the theatre. On-Line movies tickets are now available for the first time at www.MovieTickets.com and www.PhoenixMovies.net.

Like many of the theatre counterparts of its day in the '40s, the State Wayne created a wrap-around marquee. The sign gives the theatre its personality with exactly 1,152 lamps – 550 which stay lit and 602 on a “chaser” to light up the downtown streetscape. Phoenix restored the sign to its former glory with 536 lamps replaced

and the electronics fully restored.

“Marquees, such as this classic, have gone dark over time, due to theatre closings, the widening of streets, and the like,” Jacobson said. “The State Wayne is one of the few such surviving marquees in Michigan, and the wrap-around configuration across the front and side of the theatre is pretty unique anywhere in the country.”

“This was a project I wanted to take on from the minute I saw that colossal marquee. It just feels right to help preserve this historic theatre and to keep making movie-going memories in the community for customers of all ages for years to come.”

The City of Wayne retains ownership but has signed Phoenix Theatres to manage on a long-term contract. Phoenix Theatres helped forge a relationship between the City and the film studios for the latter to reimburse a large portion of the digital cinema experience.

The grand reopening also coincides with the Hollywood release of *Twilight: Breaking Dawn 2*. Following a Phoenix Theatre tradition, a *Twilight* movie marathon will begin at 7:45 p.m. on Nov. 15. State Wayne Phoenix Theatres will show *Breaking Dawn Part 1*, followed by the *Breaking Dawn 2* premier at 10 p.m.

Willow Run Airport head earns AAAE distinction

The director of Willow Run Airport for the Wayne County Airport Authority has been honored American Association of Airport Executives.

Sean P. Brosnan has been awarded the distinction of Accredited Airport Executive by the AAAE. To qualify for his distinction, Brosnan had to successfully complete three phases of the accreditation process: pass a 180-item multiple-choice examination, fulfill a writing requirement and demonstrate, in the final interview by a panel of the AAAE, his knowledge of airport management, business administration and general transportation economics.

Brosnan's achievement attests to his ability to meet these stringent requirements and his experience in managing a public airport. By fulfilling all the requirements, he joins a select group of individuals who have earned the designation

in the nearly six decades of the accreditation program's existence. At present, fewer than 10 percent of AAAE's members throughout the country have earned the distinction.

Founded in 1928, AAAE is the world's largest professional organization representing the men and women who

work at public-use commercial and general aviation airports. AAAE's 5,000-plus members represent some 850 airports and hundreds of companies and organizations that support the airport industry.

National certification

Sharon's Heating and Air Conditioning, Inc., a business specializing in residential and commercial heating and cooling, received national certification as a Women's Business Enterprise by the Women's Business Enterprise Council – Great Lakes, a regional certifying partner of the Women's Business Enterprise National Council.

WBENC's national standard of certification is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51 percent owned, operated and controlled by a woman or women.

The Women's Business Enterprise National Council is the nation's largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 U.S. companies and government agencies that rely on WBENC's certification as an integral part of their supplier diversity programs.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

The company's growth in Michigan's struggling economy is a testament to its versatility and diversity in the indus-

try. The company has made great strides since the early days of fabricating duct work in Sharon's garage to the present-day plasma metal-cutting equipment in a 10,000 square-foot building.

The industry has seen fundamental changes with regard to technology, safety issues, energy conservation, and indoor air quality, all of which the company has embraced. From project management to quality installation, Sharon's works hard to understand the needs of each contractor and customer to ensure that they receive the full benefit of their expertise.

A benefit concert is being held in Westland for former Plymouth resident Dr. Craig Oster, an 18-year survivor of ALS.

Benefit concert to help 18-year ALS survivor

Friends and supporters of Dr. Craig Oster are putting out the call for people to attend a benefit concert being held this weekend in Westland.

The sixth annual benefit concert for Dr. Craig will be held 4-9 p.m. Saturday, Nov. 17, at Bumpers Bar and Grill, 8631 Newburgh, just south of Joy Road. The event will help raise money to cover health expenses related to caregiving for Oster, a former Plymouth resident, who has Amyotrophic lateral sclerosis, better known as "Lou Gehrig's disease."

The benefit will feature music by the Flying Crowbars with special guests Paul Wiley and Joe LaBeau, food, auction and raffles and a preview of Oster's video, "The Healers." Tickets are \$20 in advance and \$25 at the door. Advanced tickets are available online at healingwithdrcraig.com/donate/.

"The four-hour celebration party ought to be a fantastic time with first rate Detroit musicians performing," said Oster. "I am prayerful that the event will raise enough money for my special needs trust to meet my basic needs for a good number of months."

Oster is an 18-year survivor of ALS. He was diagnosed with the disease in 1994 at the age of

30. ALS is a degenerative neuromuscular disease in which the body slowly loses all muscle function until the person afflicted becomes completely muscularly paralyzed, yet is still able to see and hear. Failure of the respiratory muscles is usually the cause of death.

Most people affected with ALS die within three-five years after receiving the diagnosis. Not so with Oster who works out in a rehab gym three times weekly, is organizing a national holistic health campaign, working with Hollywood producers to develop a holistic healing television series, inspiring people daily on YouTube, Facebook and Twitter and preparing to conduct scientific research with ALS patients.

He entered hospice in late 2008, after he had lost over 45 pounds of muscle and was requiring breathing machines to make it through the night. When the hospice physician encouraged him to try morphine to lessen the sensation of suffocation, Oster told the physician that he had the vision of improving, being discharged from hospice, and becoming their living legend. He did and was "kicked out" of hospice on May 30, 2009.

The benefit will help pay for the 24/7 caregiving he requires as

well as health expenses which are not covered by insurance. Every year he needs to raise about \$1,500 for every month to remain out of a Medicaid nursing home.

"My goal is to use my life as an 18-year ALS survivor to inspire great numbers of people, advance ALS holistic scientific research, and to earn enough money to support myself with all of my 24/7 caregiving and other health expenses," said Oster. "I am prayerful that the event will raise enough money for my special needs trust to meet my basic needs for a good number of months."

Oster describes himself as a metaphorical turtle. He types on an online virtual keyboard with one finger. Sometimes, the pace is maddeningly and frustratingly slow, he said, adding that "my spirit felt more at home in the body of a marathon-running body builder."

"I feel that I must give everything I can to serve humanity, and, for the time being, to live my life as a single-legged turtle," he said.

People unable to attend the event can make a donation online at www.healingwithdrcraig.com, or mail them to The Craig Oster Trust, P.O. Box 1259, Grand Rapids, MI, 49501-1259.

ORDINANCE NO. 251-A-1

AN ORDINANCE TO AMEND CHAPTER 54, ARTICLE IV, SECTIONS 54-83, 54-84, AND 54-86(b) OF THE WESTLAND CITY CODE TO AMEND THE NUMBER OF MEMBERS TO BE APPOINTED TO THE DISABILITY CONCERNS COMMITTEE.

Section 1. That Chapter 54, Article IV, Section 54-83 of the Westland City Code is hereby amended to provide as follows:

"Sec. 54-83. - Creation and membership.

There is created in the office of the mayor a committee on disability concerns. It shall consist of a maximum of seven members and a minimum of three members, who shall serve without compensation, be appointed by the mayor in accordance with Chapter V, Section 2 of the City Charter, and shall serve at his or her pleasure. At least two of the members shall be persons with disabilities covered by the Americans With Disabilities Act."

Section 2. That Chapter 54, Article IV, Section 54-84 of the Westland City Code is hereby amended to provide as follows:

"Sec. 54-84. - Term of Office.

Existing members shall continue for the remainder of their current term. Additional members may be appointed for a term of three years. Thereafter, each appointment to the committee shall be for a term of three years. In the event of a vacancy on the committee, a successor may be appointed to fill the vacancy in accordance with the Westland City Charter."

Section 3. That Chapter 54, Article IV, Section 54-86(b) of the Westland City Code is hereby amended to provide as follows:

"Sec. 54-86. - Meetings.

(b) Special meetings shall be called by the chair, or in his or her absence by the vice-chair, or upon the written request of a majority of the committee members. All such requests shall state the purpose or purposes for which such special meeting is to be called, and shall be filed with the secretary at least 24 hours before the time of the special meeting is called and authorized. Such request and call for a special meeting shall be read at the meeting and entered in the minutes, and no business shall be transacted except that state in the request for such special meeting."

Section 4. That all other provisions of Chapter 54, Article IV of the Westland City Code, including, without limitation, Sections 54-86(a), (c), and (d), shall remain in full force and effect.

Section 5. Severability. The various parts, sections and clauses of this Ordinance are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of the Ordinance shall not be affected thereby.

Section 6. Repeal. All other Ordinances inconsistent with the provisions of this Ordinance are, to the extent of such inconsistencies, hereby repealed.

Section 7. Publication. The City Clerk shall cause this Ordinance to be published in the manner required by law.

Section 8. Effective Date. This Ordinance shall become effective upon publication.

Foot power: 1,200 take a run, walk through Lightfest

Westland residents Tanasia Scott and her mother Anille walk past one of many snowflakes that line the Lightfest route.

Observer Staff Writer

The runners and walkers were long gone when Tom Smith pulled up a chair beside the bonfire. The Westland resident had driven by and saw the pile of wood at Merriman Hollow in Hines Park and knew how it would be used.

"I'm here for the fire," said Smith. "I saw it and knew they were going to have a fire. They lit it up at 4 p.m. The fire is the best thing."

The fire pit was more than 6 feet across and provided warmth to some 1,200 runners and walkers who turned out for the annual 8K Fun Run/Walk, one of two pre-opening events for the 2012 Wayne County Lightfest.

Participants wearing glow-in-the-dark necklaces, twinkling lights and even jingle bells walked or ran or did anything in between through the 4 1/2-mile light show that stretches along Hines Drive from Merriman Road in Westland to Warrendale in Dearborn Heights.

It was Brenda Phare's second time doing the run. The Westland resident was in the park with her friends, Janá Seals of Dearborn Heights and Tiffany Gluski of Novi, who, she said, got her into it two years ago.

"It was the first time I'd ran a race, now I'm running a marathon,"

Phare said. "This is like the beginning of the season for us," said Gluski. "It puts us in the holiday spirit."

The trio estimates it takes them 40-50 minutes to complete the route. At Warrendale, participants board buses that brought them back to Merriman Hollow.

Some participants brought their children, pushing them in strollers, pulling them in wagons or carrying them in baby carriers like Laura Cain who had 3-month-old Nora in a carrier under her jacket and son Dylan, 3 1/2, and Ada, 2, in a stroller being pushed by her mother Debby Rabe of Gibraltar.

"It's my first time. I brought the kids because I thought they would like it," she said.

"This is my third walk, and I did one ride," said Rabe. "I loved riding through the lights, but it's double because you have to go there and back."

The two women were joined by Michele Katz of Brighton, who was doing her second walk, and Jennine Kendzie of Livonia.

Kendzie pointed to

Katelin Majeski of Plymouth, Samantha Bucher of Livonia, Tiffanie Barackman of Plymouth and daughter Carlee dressed festive for the pre-Lightfest event.

Bob Leathley and wife Carolyn of Livonia enjoy the bonfire in Hines Park's Merriman Hollow.

Rabe for the reason she was walking through the lights, adding that "I'm also just trying to be healthy."

Friends of Britta-

ny Howe of Commerce teased her about her delicate condition. Nine months pregnant and 13 days away from her due date — not that she's counting — she was heading out with Joni Rousseau of White Lake, Katie Hill of Commerce and Kelly and Steve Lauderdale of Northville.

"We come to see the lights," said Steve Lauderdale. "We've done it for five years. It's like a family tradition."

Mother Nature served up a cold, but dry evening for the event, something the group appreciated.

"This is nice this year, we've had some cruddy weather in the past," said Rousseau.

"And one year the bus didn't pick us up," added Hill.

Westland Civitan members Pat Quinn and

Marie Johnson were on hand to help register people and give out T-shirts. An estimated 400 participants registered at the race. Another 800 had preregistered.

"We've done this since 2003, and last year we even walked in it," said Quinn. "We've always done the run. It's fun and you get to see a lot of people."

"The bonfire is the best thing," added Johnson.

The second pre-opening event was a bike ride through the lights on Wednesday evening. Organizers expected 300-400 riders to participate.

Light show opens with music and fireworks

The Wayne County Parks annual Lightfest kicks off with a bang this evening.

Opening ceremonies will be held at 6 p.m. on Hines Drive at Merriman Hollow Area in Westland. The traditional throwing of the switch to light up the display includes music, entertainment, light refreshments and fireworks.

The Midwest's largest and longest drive-through light show, Lightfest features more than 45 giant animated holiday-themed displays and more than one million lights. The display is open 7-10 p.m. now through Dec. 31. It's closed on Christmas Day. There is a \$5 fee per vehicle.

Tuesday, Dec. 4, 11 and 18, will be Toy Nights. Wayne County is committed to collecting and providing toys for children who are less fortunate. On these three nights, the community is invited to bring a new, unwrapped toy in lieu of the \$5 vehicle fee.

Remember to visit Santa's Workshop at Warrendale Park at the end of the Lightfest drive. Santa will be there starting Thanksgiving Day until Dec. 23. And don't forget to bring your letters to Santa.

Outside of Santa's workshop there is a giant mailbox where kids of all ages can drop off their letters to Santa. Although Lightfest begins at 7 p.m., Hines Drive will be closed to traffic beginning at 5:45 p.m. nightly. Visitors enter Wayne County Lightfest at Hines Drive and Merriman Road in Westland.

For more information on Wayne County Lightfest, call (734) 261-1990 or go online to www.waynecounty.com.

Participants in the Wayne County Lightfest's annual 8K Fun Run/Walk stop at the start of the 4 1/2-mile light show to take a picture.

Livonia resident Amy Durand came dressed as Santa.

OUR VIEWS

Goodfellows, Salvation Army need your help

For many people, being merry this season may mean a hot meal at the local soup kitchen or a warm place to sleep on a cold winter's night. For many, it's a fine line that separates them from being a have and a have not. They are struggling to make ends meet.

A protracted economic downturn, massive loss of jobs and a slow recovery has increased the number of families living in poverty. For these some families the happiness of Christmas is provided through the generosity of strangers. They are the people who buy Goodfellows newspapers, drop money into Salvation Army Red Kettles or unwrapped toys in the U.S. Marine Corps Reserves Toys for Tot boxes.

For decades these nonprofits have been helping those in need. They rely on our support both financially and in donations of food, clothing and toys to help the less fortunate. And now is the time for us to open our hearts and our wallets to help them help the needy.

The Westland Goodfellows are soliciting donations from residents and businesses instead of the traditional newspaper sales. Another mainstay of fund-raising is an annual bowling event held by Westland Councilman Bill Johnson and his co-workers at UAW Local 900. The bowling event will be held Saturday, Dec. 8, at Wayne Bowl, 36900 Michigan Avenue, Wayne.

And in Wayne, residents can get in the holiday spirit and help needy families at the 26th annual Goodfellows Party Friday, Dec. 7, at the Wayne Community Center, 4635 Howe at Annapolis. Proceeds will benefit the Wayne Goodfellows' "No Child Without a Christmas Program."

If there's no room under the Christmas tree for that present, think about giving it to the Goodfellows or the Salvation Army. Instead of dropping \$10-\$20 on a quick dinner out, drop it in a Red Kettle or send it to the Goodfellows. Use a good deal on food at the grocery store to buy a few extra cans and donate them.

And consider volunteering — and while at it, have children do their part. Let them drop money in the Red Kettle. Let them select toys to drop in the Toys for Tot boxes and help pack boxes for delivery by the Goodfellows. It's an important lesson that they will keep for life. The gift is the generosity, a life skill that needs to be learned as a child. It is taught through example and experience.

With the need for assistance remaining high, we need to take that extra step and help. So be sure to make an extra purchase for those less fortunate. It isn't shiny and bright, but that generosity is a gift that's well worth giving.

Deer hunting opener tradition like no other

For many people in Michigan, today is an annual holiday like no other. It's not an official holiday, of course, but don't tell that to the people across the state who look just as much forward to the Nov. 15 traditional opener for firearms deer hunting season as children do to Christmas morning.

Beginning this morning at the crack of dawn, and over the course of the next couple weeks, more than a half million hunters will be hunkered down in the forests, swamps and farmlands across the state, with dreams of bagging a big buck. But that is not the only reason hunters from all walks of life look forward to deer hunting. Survey after survey have shown that hunters enjoy spending time with friends and family during their hunting trips, not to mention just getting outdoors and enjoying the state's natural beauty.

Deer hunting is particularly important to the rural areas of the state. In fact in many communities, schools are closed down for the day, and many businesses display "gone hunting" signs on their front doors as the proprietors have headed to "camp." It is also big business. The Michigan Department of Natural Resources estimates the more than 750,000 licensed hunters (including all hunters) ranks third in the nation. And they have a tremendous impact, adding \$1.3 billion annually to the state's economy. Of course hunters purchase hunting gear, but they also stay in motels, shop at stores and eat at restaurants while on their hunting trips.

Because of the mild winters we have experienced in recent years, wildlife biologists say deer numbers are up around the state.

We wish you all good luck, and hope you remember safety is the first priority out in the field. Happy hunting.

Thanks for support

Friends and supporters,
Most of you are already aware that I was not elected to keep my position on the Schoolcraft Board of Trustees in last Tuesday's historic election. I may have lost the election but because of your support I feel like I have emerged as a winner. You were involved in my campaign in so many ways and I will sincerely be forever thankful.

As I went about the tasks of putting up campaign signs or talking to voters or planning a mailing or any number of other things that candidates do, those tasks didn't seem so difficult or mundane for two very good reasons. First, I knew I had your support and that made all the difference in the world. And secondly, as a trustee I had the opportunity to ensure the highest quality educational experience for thousands of students at an affordable cost.

Schoolcraft is truly a gem in our community, doing amazing things in preparing students for meaningful, productive lives. Your support may have only been a few words of encouragement but that was important to me and I am sincerely grateful.

Now, let's briefly look at where we go from here. This set back is temporary and it certainly isn't the termination of anything. With your continued support, we will live to fight another day. I will continue to serve on the board through the end of the year. Then I will attend all future board meetings as "spectator," preparing for our next campaign encounter in the not too distant future. I will keep you abreast of the interesting things that occur, so stay tuned.

And once again my sincere thanks for your continued support.

John Elkins
Schoolcraft trustee

Help us give hope

As you are aware, the holiday season is upon us. This is a time of reflection for many of us to be grateful for what we have in our lives. From our homes, jobs or food on our tables; the very basic of necessities are things that many us take for granted.

There is no greater time when this disparity is marked than during the holiday season. For families that struggled to survive the year meeting their basic of needs, the holidays bring more stress because of what the season brings with it that some families cannot provide: tidings of comfort and joy.

Last year, Volunteers of America — Michigan was able to bring those tidings of comfort and joy to 22,000 metropolitan Detroit families. We were able to make the holiday season a bit brighter by providing food, clothing and

all the trimmings that make everyone young and old, feel special and remembered.

We are reaching out again to help make this a holiday to remember for families who are still struggling to get on their feet. We are asking if you could kindly donate your time or services to bring extra value to this event and assist in touching even more lives in our community.

Our goal this year is to raise \$100,000. Our 20th Annual Adopting Families Holidays of Hope Event will be held in the Townsend Hotel in downtown Birmingham on Friday, Dec. 7. Whether you wish to sponsor a table, buy tickets for the event, make a donation or provide an item or service for auction, we welcome you to help us meet that goal.

From our happy home to theirs, wishing you a blessed holiday season.

Award for what?

Ford Wayne Plant is having a difficulty with dealing with physical pollution at the plant. As for Automation - part of the process that was not spoken about in the "award" is that after cars have been made ready for transport, they are driven along public highways and streets at high speeds - at which point heavy duty plastic bags coated with an unknown adhesive peel off and fly into the roadway. They have accumulated on the roads and woods and river in great numbers - tens of thousands at least.

After the cars are delivered in these careening caravans (sometimes made up of 20 or 30 vehicles) the "drivers" are picked up by a van hardly adequate to accommodate all of them, and driven back to the starting point to do it all over again.

The general manager of the Ford Wayne Plant reportedly pays a contractor specifically to pick up the bags. The excuse for the horrendous

accumulation of these chemical soaked bags is that the contractor has not been doing a very good job. The local municipality does not have the manpower to keep up with this stream of unnecessary waste.

The award to this plant from Automation Magazine, should not, I believe go to the for Ford Wayne Plant. The general manager should immediately return the award and let it go to some company and persons more deserving and more forthright about the actual process that they are competing with.

If you want to see the this merely come to the plant area itself and wait. I am not sure that the person(s) responsible for giving out this award from Automation Magazine actually performed a very thorough review of the actual process that results in these automobiles. That would be unfair to the other participants, if that were the case.

It would be funny if it did not involve a manufacturing process intended to be operated for profit that at some point depends on human intervention in the form of an outside contractor to come along and pick up the waste left by the trail of the product over public roadways.

This may seem comical or nonsensical or it may be obvious to you, as professionals already, but if this ridiculous reaction is the preferred response to an easily solved manufacturing and automation problem, what other problems and difficulties are being masked at this or other facilities that this management has involvement in?

Remember your vote

To all of those who voted for President Obama, I want you to remember this moment.

Someday when you are old and can't get the medical care you need, can't find a doctor who will take Medicare patients, or don't have the money to pay out-of-pocket, resist your natural instinct to blame someone else.

Instead, go look in the mirror and remember what you did to yourself, for this is what you voted for.

Such a deal

Karl Rove spent more than \$300 million of other people's money with no return on their investment, and a whole lot of explaining to do. It cost his donors about \$1.5 million for each of Romney's 206 electoral votes, or less than \$1 million for each of President Barack Obama's 332 electoral votes.

Anyway you figure, Obama was a much better deal.

Holiday shopping is feeding frenzy

By Rick Bloom
Guest Columnist

I read that Walmart announced it is starting holiday sales — not on Black

Friday as has become the tradition, but on Thanksgiving night. I have no doubt that other retailers will attempt to one-up Walmart and by the time you read this column, retailers will have already started their holiday sales.

This time of year has become a feeding frenzy as retailers fight for our holiday shopping dollars. Generally, I like when businesses fighting for business because it generally means the consumer will get better deals. However, the reality is that all too often the results of this feeding frenzy are that people overspend.

During these trying economic times, it is more important than ever that you have a game plan for holiday spending. If you don't have a strategy, I'm afraid you'll be like many Americans who overspend during the holiday season and find that it takes the next year to pay off the purchases. The result is the holidays become a period of anxiety. Even though retailers will encourage you to buy, buy and buy some more, you have to be smarter than that.

The first thing to do is set a budget for total holiday purchases. Everyone's going to have different amounts of what they can or cannot afford to spend for the holidays. One way to tell if you're overspending is if you charge your purchases and cannot afford to pay the balance in full when the bill arrives.

Charge cards should not be a means of financing a purchase. They should be used as a matter of convenience and to take advantage of some of the perks.

Money Matters

Rick Bloom

After all, the deals don't look so good if you add 20 percent to the purchase price. Twenty percent is about the average interest you'll pay when you carry a balance on your charge card.

Part of establishing a budget is itemizing how many gifts you're going to buy. After all, if you have to buy 20 gifts you don't want your budget running out after you've only purchased half.

The holidays should not be a time of increased pressure and anxiety. Unfortunately, because of the pressures to buy gifts, it has turned out to be just that. I recommend that family and friends agree that gift giving be limited to children. It would help reduce the pressure. However, if you can't reduce the number of gifts, then agree to limit the amount you spend on individual gifts. Remember, people should look forward to the holidays so that they can spend time with their loved ones, not dread them because of the pressure it causes. These are difficult economic times and it doesn't appear that they're going to improve anytime soon. It can't be business as usual. We all have to make changes. Most people dread change, however, sometimes change is good. Just imagine if when the holidays roll around you didn't have any economic pressure, you didn't have to worry about being shown up because someone bought a nicer gift than you. Wouldn't that be nice? Wouldn't it be nice if you actually looked forward to spending time with family and friends without any undercurrent?

There's nothing to say that you can't take the first step now to reach the goal of being able to enjoy the holidays as they were intended. Good luck!

Crusaders turn attention to nationals

PATRICK MOORE | MADONNA ATHLETIC COMMUNICATIONS

The Madonna University women's volleyball team celebrates after winning the Wolverine-Hoosier Athletic Conference tournament title with a 3-0 victory Saturday over Davenport.

By Brad Emons
Observer Staff Writer

After sweeping through the Wolverine-Hoosier Athletic Conference play-offs over the weekend, the Madonna University women's volleyball team is back on familiar turf.

The 15th-ranked Crusaders, 33-7 overall, will be making its first appearance in the NAIA Championships since 2008 when they take on St. Xavier University (Ill.), the Chicagoland Collegiate Athletic Conference runner-up, beginning at noon Saturday at the MU Activities Center.

The volleyball match will be followed by a women's and men's WHAC basketball double-header between the host Crusaders and Indiana Tech at 3 p.m. and 5 p.m., respectively.

Madonna and St. Xavier met earlier this season on Aug. 25 at the U-M-Dearborn Early Bird Challenge and the Crusaders came away with a 25-17, 25-11, 25-20 victory.

MU holds an 8-0 mark against the Cougars in the previous meetings between the two sides. This season marks MU's 12th appearance in 26 years under coach Jerry Abraham in the national tournament.

St. Xavier, which is making its second NAIA appearance in the last three seasons, comes into Saturday's match with a 31-12 mark and went 18-1 in the CCAC.

The Cougars were a perfect 12-0 at home while posting a 9-4 mark in true road matches. Head coach Bob Heerse-

Ocelot men's cagers falter

Tyler Bell's 14 points and nine rebounds paced a balanced attack as Glen Oaks Community College rolled to an 84-63 men's basketball victory Saturday over host Schoolcraft College.

The Vikings, who improved to 2-0 overall, jumped out to a 41-23 halftime lead and led by as many as 25 points during the second half to coast in for the non-conference victory.

Also scoring in double figures for Glen Oaks were William Powell (12), Lee Gardner III (12) and James Sanders (10).

Schoolcraft (2-2) got a game-high 20 points off the bench from Damon Graham, who made 12-of-16 free throws.

Richmond Jackson added 17, but was only 7-of-17 from the foul line.

Terrance Coles and Jonathan Campbell (Livonia Stevenson) chipped in with 11 and 10 points, respectively.

Schoolcraft shot only 19-of-55 from the field (19-of-55) and was an abysmal 28-of-50 from the foul stripe (56 percent).

The Ocelots also lost the turnover battle, 24-12.

Flight to Phoenix?

Conner put on hold

By Brad Emons
Observer Staff Writer

Chris Conner has had more than a few cups of coffee in the NHL.

But with nothing brewing yet on the protracted lockout situation between the league's owners and players haggle over revenue sharing, the 28-year-old Livonian bides his time in the American Hockey League.

Conner

The 5-foot-8, 180-pound right winger was signed as a free agent over the summer by the NHL's Phoenix Coyotes. His two-way contract allows him to play for the American Hockey League's Portland (Maine) Pirates where he is tied for the team lead in points (13) with five goals and eight assists after 10 games.

So what is percolating

in Conner's mind these days?

"It was kind of a crazy situation and I'm really fortunate to be playing and keep getting a paycheck," said Conner, a former Michigan Tech standout who has played for Dallas and Pittsburgh. "And at the same time, if anything comes up here, the guys that are playing now are kind of a couple of steps ahead of the guys that are locked out. I feel real fortunate to be in this situation."

"You definitely got to pay the bills, so ..."

Conner has logged a total of 147 games during his NHL career, including eight last season with his hometown Red Wings. His other 57 games were spent with the AHL's Grand Rapids Griffins where he recorded 16 goals and 37 assists.

CCHA lauds Barber again

For the second time in four weeks, Miami University freshman forward Riley Barber (Livonia) has earned Central Collegiate Hockey Association Gongshow Rookie of the Week honors.

The Washington Capitals draft choice continued his stellar play with a goal and three assists as the No. 4-ranked Red Hawks earned a 5-2 win Friday (while earning first star honors) followed by 2-2 tie and shootout victory Saturday, both against Northern Michigan.

Barber now leads all freshmen in the NCAA with 14 points.

23-year-old gets Spartan softball post

By Brad Emons
Observer Staff Writer

Lauren Delapaz is no stranger to area softball circles.

The former All-State and All-Observer shortstop from Canton High and utility player at Eastern Michigan University became the youngest varsity softball coach in the area when she was hired recently at Livonia Stevenson.

Delapaz, 23, replaces Rob Witherspoon, who stepped down after taking an assistant principal position earlier this fall at Johnson Upper Elementary in Livonia.

In his 10 seasons as Stevenson varsity coach, Witherspoon finished with an overall record of 181-137, including a 17-17 mark last year.

Softball heaven

Westland native Mary Crechiolo-Papiersky, a 1979 John Glenn High grad, was inducted Friday into the U.S.S.A. National Hall of Fame in Temecula, Calif.

Hall of Fame calls Westland's Crechiolo

By Brad Emons
Observer Staff Writer

Mary Crechiolo-Papiersky may be gone from the slow-pitch softball diamonds, but she won't be forgotten.

The Westland native, who hung up her spikes three years ago, will be among the 2012 class of six inductees into the U.S. Specialty Sports Association Hall of Fame Friday night at the Pechanga Resort and Casino in Temecula, Calif.

"It's something I always hoped for, but as the years passed I didn't think it was going to happen," Papiersky said. "When I got the call last November, I couldn't believe it. As they say, 'a dream come true.' It's something I always wanted and I'm very happy to receive it. I'm kind of nervous going out there to speak, but I'm going

to go out and have a good time."

Papiersky was a three-sport athlete in softball, volleyball and basketball at Westland John Glenn.

The 1979 grad went on to play softball (as a shortstop) and volleyball at Eastern Michigan University.

But during the summers is where the second baseman made her name playing on three USSSA Class A championship teams including the 1980 Stingers and twice with the 1983 and 1984 Little Caesars squads.

"The first one we won in 1980 with the Stingers ... that just unbelievable," Papiersky said. "Winning one was an accomplishment, but winning three ... it took a lot of hard work and dedication. Softball always has been a passion and I just love the sport."

MU baseball ranked 24th

On Tuesday, the National Association of Intercollegiate Athletics (NAIA) announced the 2013 Baseball Preseason Coaches' Poll today with the Madonna University baseball team picked 24th in a vote of a panel of head coaches representing each of the conference, independents and unaffiliated groups.

The Crusaders were the lone Wolverine-Hoosier Athletic Conference team in the top 25, while Indiana Tech and Davenport were among those receiving votes. MU finished 35-21 last season, including an 18-10 record in the WHAC.

The Crusaders return over 80 percent of their innings pitched from 2012 and have a roster that features 14 seniors including All-WHAC selections Matthew Cook, Jeremy Gooding (Livonia/Dearborn Divine Child) and Steve Pelletier (Farmington Harrison).

Madonna opens the 2013 season in February.

The Madonna University women's basketball team proved to be no pushover Saturday for NCAA Division I foe Bowling Green State University at the Stroh Center in the season opener for both teams.

Redshirt sophomore guard Rachel Melcher, who missed all of last season with a knee injury, led the visiting Crusaders with 17 points off the bench, going 7-for-13 from the floor and 2-of-4 from beyond the arc in the 68-57 defeat.

COLLEGE HOOPS

McGrath (Livonia Stevenson) chipped in with 16 points and eight rebounds, while senior guard Shantelle Herring rounded out the MU trio in double figures with 12 points to go along with four steals.

The Crusaders trailed 15-5 at the outset, but thanks to an 18-4 run cut the deficit to 31-29 at intermission.

MU took the lead to open the second half on a 3-pointer from senior guard Kristie Porada to go

on top 32-31, but the Falcons then went on a 20-5 run over the next six minutes to pull in front, 51-37.

The Crusaders were able to get within six, 57-51, with 6:30 to go after triples from McGrath and Herring, but could not get any closer.

Allison Papenfuss led four BG players in double figures with 13 points, while Bailey Carinduff added 12. Chrissy Steffen and Danielle Havel contributed 11 each.

Havel also grabbed a game-high 12 rebounds, as the Crusaders were

outrebounded 41-27.

MU returns to action 5 p.m. Tuesday at Spring Arbor.

MU 66, SPRING ARBOR 48

Senior guard Heather Pratt knocked down six 3-pointers on her way to a game-high 20 points as Madonna University (1-1) rolled to a non-conference win Tuesday night over host Spring Arbor (2-2).

Redshirt sophomore guard Rachel Melcher came off the bench to score 13, while Shantelle Herring added 10 points and four steals.

Audra Norris led Spring Arbor with 10 points off the bench.

GLENN OAKS 43, S'CRAFT 42

In a low-scoring affair Saturday, visiting Glen Oaks Community College (3-1) got

22 points and 10 rebounds from center Tiffany Zito to beat host Schoolcraft College (2-2).

No other Viking player scored more than four points, while Alania Schwarz chipped in with nine rebounds.

Courtney Dyer and Ajai Meeks tallied 15 and 13 points for the 12th-ranked Lady Ocelots, who shot only 30.2 percent from the floor (16-of-53) and committed 21 turnovers.

Brianna Berberet added eight rebounds for the Lady Ocelots, who trailed by only one, 43-42, after E'Aijsha Guster (Westland John Glenn) split a pair of free throws with 16 seconds left, but couldn't get the ball back despite Glen Oaks missing the front end of a pair of one-and-ones.

Girls harriers prove Rock-solid

FIRST-TEAM

Kayla Kavulich, Jr., Salem: The accolades and accomplishments keep piling up for the Salem junior, who made a remarkable return after missing her sophomore year due to knee surgery.

Kavulich set a Salem school record for 5,000 meters with a time of 18:15.6 and received selection to the all-KLAA, all-county and all-region first teams.

She was individual medalist at the Haslett, Linden and Holly invitational, earned the individual championship at the Division 1 regional at Willow Metropark and qualified for the state finals for a second time as an individual.

At Michigan International Speedway in Brooklyn, Kavulich came in 11th and was named to the D1 all-state team while also helping the Rocks finish eighth overall in the team standings.

"Kayla is an all-around athlete who is competitive, determined and passionate about distance running," coach Dave Gerlach said. "She has again established herself an elite athlete who strives to be the best she can at every competition."

"Kayla has very high goals and expectations for herself and works hard to achieve them every day."

Kerigan Riley, Sr., Liv. Churchill: The senior, making her fourth straight appearance on the first-team, was the area's second-best placer in the Division 1 state finals (38th overall) with a personal best time of 18:39.1.

Riley also took seconds in the regional (18:53.22) and Public Schools of Livonia Invitational; fourth at Monroe Jefferson (19:37.48) and was eighth in the Kensington Conference (19:12.1).

"Kerigan had an outstanding cross country career at Churchill," coach Sue Tatro said of the third-year MVP and two-year captain. "She peaked at the right time this season and ran her best races at the regional and state meets. She is a very talented, hard-working and determined young lady who loves to race."

Riley also carries a 3.8 grade-point average.

Marina DeBiasi, Jr., Plymouth: The junior is moving up the career charts at Plymouth, setting a new school record with her personal best of 18:49.5 at the D1 state finals — which earned 48th overall.

The previous week, DeBiasi finished third at the D1 regional at Willow Metropark with a time of 18:59.55.

Other big performances included sixth place at the Kensington Conference meet (19:03.7), fourth at the Gabriel Richard Invitational (18:58.51) and Autumn Classic (20:07) and 13th at the Wayne County meet (19:13.3).

"Marina is very humble and a pleasure to coach," coach Dale Maskill said. "Although she has worked hard to make herself a great runner, she has always been a team first runner. The entire Plymouth cross country family is proud of her achievements this season."

This year marked DeBiasi's second straight appearance at the Division 1 cross country finals.

Sydney Anderson, Sr., Liv. Churchill: The senior wound up 100th in the state finals with a clocking of 19:17.4 after taking seventh in the Willow Metropark regional (19:09.34).

Anderson's best showing came in the Kensington Conference meet where she placed fifth overall (18:57.0). She was also Public Schools of Livonia Invitational champion and added a second at the Jefferson invitational (19:16.6).

"Sydney steadily improved throughout her four years and continuously ran with a lot of confidence and poise," Tatro said of the team captain and co-MVP. "Anderson, a three-sport athlete, also earned academic all-state honors with a 4.2 GPA."

"She is a true leader who motivates her teammates by her outstanding example," Tatro said. "It was fun watching her take her running to a new level this season. Not only is she one of the most coachable runners I have had the pleasure of coaching, but she is one of the most dependable and hard-working athletes as well."

Lauren Arquette, Soph., Salem: In just her second season, Arquette made great strides as an individual runner and helped spark Salem's outstanding team success in the process.

Her personal best of 19-minutes flat gave Salem's "most valuable sophomore" the third-fastest time in school history for 5,000 meters and the second-fastest posted by a

COACH OF YEAR

Dave Gerlach, Salem

HONORABLE MENTION

Churchill: Jenna Hickson, Alexis Lombardo, Elyssa Hofmann, Lauren Bernhardt; **Franklin:** Natalie Martinez, Anna Snider, Katelyn Kovach; **Stevenson:** Barb Moore, Emily Chapski, Emily Kwasnik; **Livonia Ladywood:** Kit Taylor, Sarah Wilson; **Westland John Glenn:** Shekinah Johnson, Barb Messics, Caroline Mahalak; **Lutheran Westland:** Michelle Greening, Jessica Drife; **Canton:** Jessica Siegler, Olivia McIntee, Samantha McGrath, Laura Murphy, Keara Sullivan; **Plymouth:** Alexa Chicon, Charlotte Clark, Shannon Shaver, Brianna Lax, Renae DeBrito; **Salem:** Katey Robeson, Shannon Flynn, Kayla Hughes, Rebecca Lopez, Emily Marcero; **Plymouth Christian:** Terra Crown, Rachel Smith; **Farmington:** Jennifer Rogers; **Harrison:** Catherine Barkach, Victoria Blaga; **Mercy:** Katelyn Toloff, Nicole DiPonio; **North Farmington:** Maria Vicini, Christie Goodwin, Tori Irwin; **Garden City:** Mariah Carver; **Breanna Grant; Redford Union:** Erin Miley.

"Lauren had a breakout year this season to provide Salem with a solid second runner," Gerlach said. "She was one of the most consistent athletes who knew when to step up. "Lauren was a complete runner with her combination of intelligence, foot speed, endurance and determination."

Anya Cho, Soph., Salem: Another 10th grader making a huge impact for Salem was Cho, an individual state qualifier with her 13th-place showing at the D1 regionals. Cho's personal best of 19:05.3 was the third-fastest in Salem history by a sophomore and the fifth fastest overall. She also was named to the all-KLAA second team.

"We knew Anya had a ton of potential last season, but an injury sidelined her for the majority of the year," Gerlach said. "This season Anya worked incredibly hard and her potential became reality."

"Anya's persistence and determination to overcome obstacles are attributes that made her a top-notch runner this season."

Allysen Eads, Soph., Farm. Hills Mercy: Eads became the No. 1 runner for the Marlins as the season progressed, helping them finish third in the Catholic League and seventh in the Division 1 regional at Waterford.

Eads was the runner-up in the league meet at Kensington Metropark with a time 20:24. She qualified for state with a 15th-place finish (19:36) at the regional, and she was 124th in the Division 1 race at the state meet (19:37).

After finishing sixth in the first league jamboree at Metro Beach, Eads won the next two at Huron Meadows and Gilbert Willis with times of 19:16 and 19:32, respectively.

She also placed fourth at the Shamrock Invite (19:59), 10th at the Holly Invite (20:37) and third at the River Rat Open (19:23). Eads, who was named the Mercy team's MVR, was 24th in the Oakland County meet at Kensington.

"Allysen steadily improved throughout the year and set her 2012 PR at (Catholic League) jamboree No. 2 with a time of 19:16," coach Gary Servalis said. "She improved on an outstanding freshman year with her second straight varsity letter performance."

"We're looking for bigger and better things

from her next year now that she has been to the state finals in cross country and track."

Lindsey Gallagher, Soph., Liv. Stevenson: The 10th-grader qualified for the Division 1 state finals with a ninth-place finish at the regional (19:31.79).

Gallagher took 132nd in Division 1 (19:40.8). She also posted a season-best 19:19.4 en route to a ninth-place finish in the Kensington Conference and was the Public Schools of Livonia Invitational runner-up.

"After missing 'states' by one place her freshman year, Lindsey made sure she wasn't on the outside looking-in this year," Stevenson coach Chris Inch said. "Gaining state meet experience as a sophomore is an important step in her development. Lindsey has a lot more in the tank. Next year I expect she'll be that much tougher in the big meets."

Natasha Stevenson, Jr. Salem: Selected Salem's junior of the year, Stevenson posted a personal best of 19:24.5 and qualified for the D1 state finals by placing 14th at the regionals.

Other accomplishments for the third-year varsity runner included being named to the all-KLAA second team.

"Natasha has shown unlimited potential as a distance runner and has already experienced much success," Gerlach said. "She put it all together this season and was a valuable number four runner for us."

"This team is looking forward to her continued success and what else she can accomplish next season."

Mary Galm, Fr., Canton: The future is bright for the Chiefs, particularly thanks to the emergence of Galm.

The freshman probably would have qualified for the D1 state finals if not for late-season injuries. But she enjoyed a personal best 18:48.7 to finish fourth at the Kensington Conference meet.

That was good for second on Canton's all-time record board.

Other highlights included finishing 14th at the Wayne County meet, earning second team all-county honors with a time of 19:19.08. She also placed 23rd at the Coaching Legends Invite, finishing in 19:04.1.

"I think Mary is just starting to scratch the surface of what she is able to accomplish," coach Eric Pahl said. "If Mary can stay healthy for an entire season, I am (excited) to see the results."

Alejandra Beltran, Sr., Salem: The fourth-year senior had her best season, with a personal record of 19:25.4 good for the seventh-fastest time in Salem history (5,000 meters).

Also named the team's most valuable senior, Beltran tallied the 12th most career varsity points ever amassed by a Salem runner.

"Alejandra is a fun-loving athlete who provided Salem with a solid fifth runner this season," Gerlach said. "Alejandra was very raw when she started, but finished her career by making the most of her opportunities."

"The attributes of her foot speed and ability to meet her goals made Alejandra a terrific piece of the successful varsity unit."

COACH OF YEAR

Dave Gerlach, Salem: Success continues to follow Gerlach, a former state qualifier for Lutheran Westland who ran cross country and track at Eastern Michigan University.

This year's Observer Coach of the Year Award is the second for Gerlach (he also won in 2009) — who continues to guide Salem teams by instilling values such as work ethic, determination and desire to be the best.

Salem qualified for the Division 1 state finals for the seventh time in his 18-year career there, and the Rocks finished eighth overall. The Rocks also were Plymouth-Canton Educational Park cross country champions for the ninth time during Gerlach's tenure.

"I have been truly blessed during my 18 years of coaching at Salem with some terrific, hard-working young ladies that have made my job extremely rewarding," Gerlach said. "We have tried to instill a tradition and quality program for these young ladies with experiences, friendships and memories that last a lifetime."

Gerlach said the 2012 Rocks were special because they "wanted to be good and had high goals. They were very passionate and worked very hard to achieve their individual and team goals."

According to Gerlach, a physical education teacher at PCEP and Canton resident with wife Kimberly, daughter Emilee and step-daughter Adriane, it was "a great pleasure to be a part of this season's team success. But these young ladies deserve all the credit."

DELAPAZ

Continued from page B1

Witherspoon guided the Spartans to four Public Schools of Livonia Invitational titles, along with one WLAA Lakes Division (2007) title and one MHSAA Division 1 district (2006) crown.

Following her career at EMU where she played both infield and outfield, Delapaz spent two seasons as an assistant at Plymouth High.

She also coached in three different summer girls softball programs and has worked camps and clinics at EMU.

"I student-taught at a building where he (Witherspoon) was teaching and he helped me with just coaching questions that I've had because I've coached travel ball for the last five years now," Delapaz said. "When he found out that he got the (Johnson) job that he did, he kind of told me that Stevenson was looking for a coach. And I took it upon myself to apply for the position knowing I had a lot of experience coaching summer ball and from coaching as an assistant at Plymouth High School."

Despite her youth, Stevenson athletic director

Livonia native Chris Conner (14), who has five goals and eight assists in 11 games, is the elder statesman at age 28 for the AHL's Portland (Maine) Pirates.

Lori Hyman gave Delapaz a ringing endorsement.

"Lauren is a great addition to the Stevenson coaching staff and I feel that our softball program is in good hands under her direction," the Stevenson A.D. said. "Lauren is experienced both as a coach and a player. She is very excited about coaching at Stevenson, and

under her leadership, our program will continue to move forward in a positive direction."

Delapaz said she scheduled her first meeting with the returning players and newcomers on Wednesday.

"I just want an aggressive team that's going to play hard every game," she said. "I'm just looking to see what the team has to offer and add what I have to make it a more aggressive team that is ready to play."

Delapaz is already planning preseason conditioning and offseason workouts. She will also lean

on a number of sources to help mold her pitching staff.

"I've developed a lot of knowledge about pitching from working with Greg Brierley, who does the pitching for Concordia University," she said. "And I'll work with some of the pitchers that I played with at Eastern, try getting them involved and getting them to a couple of practices."

Mary Crechiolo-Papiersky (bottom row, middle) played on three U.S. Slow-pitch Softball Association World Championship teams including two with Little Caesars (1983 and 1984).

INDUCTEE

Continued from page B1

In addition to playing for three world championship teams, Papiersky was selected All-World six times and was named to the USSSA 1980s Team of the Decade.

"When I went into the Michigan USSSA (Hall of Fame in 1991), that was great," Papiersky said. "I couldn't have asked for a whole lot more, but I when I got the call last November, it was just unbelievable."

Papiersky played 13 summers of Class A softball (1976-89) including stints with the Swing'in A's, Big Bill's Sports, Steele's Sporting Goods, the Stingers and Little Caesars.

Her local coaches included Al Campbell of Plymouth and Bill

Schwartz of Wayne. Longtime teammate and friend Kim Schwartz-Alexander will speak at Papiersky's induction ceremony.

Papiersky continued to play slow-pitch for local teams such as Gino's, Rose City Motors and Cooperstown Softball in the Jackson area where she and her family, including two daughters, reside.

Papiersky stays involved with softball where she's coached the past 10 years at Jackson Lumen Christi H.S. She is a P.E., health and computer teacher at East Jackson High School (she also coaches volleyball).

Papiersky, who had a career batting average of .500, says there will be no comeback attempt on the diamond.

"I retired a couple of years ago," she said. "I was playing Class B and C when I quit playing competitive. My knees have told me that's enough. Do I want to play? Yeah. My heart wants to play, but my body says no."

Crechiolo-Papiersky's playing days may be long gone, but induction into the USSSA Hall of Fame will help her relive the moments.

CONNER

game stint last winter in Detroit, Conner posted a goal and two assists and appeared to be on the verge of finishing out the season with the Wings, only to suffer a broken hand in a game against one of his former NHL teams (Pittsburgh).

It was back to Grand Rapids for the rest of the season following the injury.

"In my mind, everything happens for a reason whether you'll figure it out or not," Conner said. "It was a bad break for me at a time where I definitely could have made an impact, but at the same time I was able to sign with Phoenix, a team that had a coach (Dave Tippett, who was with Dallas, too) that was familiar with me. I think I have a pretty good opportunity here as well if things kind of move in the right direction."

His Detroit stint was abbreviated, to say the least.

"It was a matter of being wanted," said Conner, who played in 60 games for the Penguins in 2010-11. "I thought Phoenix would be a good opportunity for me, and to try and pursue playing in the NHL full-time."

"I got to the point where I've been kind of jumping around and trying to find my spot."

That place is Portland where Conner, wife Lindsay, and two small children, Caden, 3, and Brynlee, 1, hang their hats.

"Things are going good," Conner said. "We have pretty young team. I'm the oldest guy on the team, which I'm not really used to being 28. It's a great city. The organization seems really first-class and they treat their players really well. Guys are great, too, so I'm really looking forward to it."

Meanwhile, NHL players with Livonia ties such

as Ryan Kesler (Vancouver), a childhood friend of Conner's who grew up just 10 houses away, along with potential future Coyote teammate David Moss and Erik Condra (Ottawa), continue to play the waiting game.

"I have some buddies that are locked out," Conner said. "They're getting to the point where they're getting really bored and don't know to do. Motivation to keep working out and staying in shape, and get ready, becomes harder and harder the longer it goes on."

So is anything percolating soon as the two sides continue to talk?

Conner says he can offer no inside information.

"I really haven't kept up on it," he said. "All I know is what I read on websites, like any other person reads. There's not much you can do about it."

SPIKERS

ma is in his 26th season at the helm of the Cougars.

On Saturday night, 6-foot junior outside hitter Stacey Catalano third straight double-double with 15 kills and 11 digs to lead host MU to a 25-17, 25-20, 25-21 victory over Davenport for the WHAC Tournament title.

Madonna was the top seed coming into the WHAC playoffs after winning the regular season crown with a 10-1 record (which also guaranteed a spot in the NAIA Nationals).

"The biggest difference was that tonight we didn't get negative after we lost a point," Catalano said. "Our biggest problem in the past was going on huge downfall runs that would excite the other team and we would get down on ourselves, but we did really well to not do that tonight."

Senior outside hitter Taylor Dziewit and soph-

omore outside hitter Samantha Geile each added 10 kills in the victory, while junior Evia Prieditis, the WHAC Player and Setter of the Year, had 43 assist-to-kills and 12 digs.

"This is the icing on the cake," Prieditis said. "This is everything we've been waiting for. We worked the entire season to get this far and we had to play every single game to accomplish it and we did."

"It means the world to me. I've been working for it since I've been here. I'm so happy and honored to be with these girls and have this opportunity."

Marcey DeHaan paced Davenport (32-6) with 10 kills, while Kelse Moon had 14 digs for the Panthers, who also earned a spot in the NAIA Championship opening round.

Earlier in the day, MU swept Cornerstone in the WHAC semifinals, 25-15, 27-25, 25-23, as Catalano and Samantha Geile led the way with 13 and 10 kills, respectively, while Dziewit added nine.

Prieditis finished with

37 assists and a team-best 15 digs, while Amanda Obrycki and Catalano contributed 12 and 11 digs, respectively.

Callie Johnson recorded 14 kills, while Kim Weaver dished out 33 assists for Cornerstone (25-10). Abby Mieema also added 19 digs.

The winners of the 12 opening-round matches, along with the top 11 seeds and host Morning-side (Iowa) will advance to the Tyson Events Center/Gateway Arena, Nov. 27 through Dec. 1, in Sioux City, Iowa, for the NAIA Championships.

"We need to continue to focus on what we can achieve and not what we have achieved to this point," said Catalano, a transfer from Grand Valley State via Utica Eisenhower High School. "If we're lazy in practice that won't get us anywhere, so we need to focus on working as a team and doing what we do to be successful."

Going Wildcat

MU softball coach signs Plymouth duo

By Tim Smith
Observer Staff Writer

Madonna University's Al White is a tireless women's softball coach who pounds the pavement looking for recruits all over Observerland.

Yes, there is a sparkling new softball complex for future Crusaders to enjoy, but one could certainly understand if White might just want to park it at The Park.

That's because Plymouth High School seniors Brianna Giordano and Kayla Rebain recently signed letters of intent to play softball at Madonna, beginning in 2014.

"This is fantastic," White said. "I've watched them the last three years maybe. I watched at least seven or eight games last year."

White always liked the potential he saw in Giordano, a first-team All-KLAA selection in 2012 with a .398 average along with strong defense at second base.

But the frequent trips to Plymouth enabled him repeat opportunities to get a read on Rebain, originally catcher for the Wildcats who now is a fleet, defensive fixture in center field.

"I started watching Kayla," said White, about Rebain, another all-conference performer. "The more I watched her, the more I liked. That's just a blessing. She's got great hands, soft hands."

Get ready

White emphasized that both players will face strong competition for playing time once they do join the Crusaders.

"They both have to work hard," he noted. "We're bringing in eight to 10 girls in again next year."

According to Plymouth head coach Val Canfield, the Madonna coaching staff won't have any regrets about bringing Giordano and Rebain into the fold. Both are high-level performers with strong work ethics and versatility.

"The quality of the players is their strength and confidence," Canfield said. "That's something any coach wants in their program."

That they will be playing nearby is another win-win.

"What makes this nice is these are local girls," White noted. "Their parents can come out and watch them play."

Canfield added that she was excited that the players decided on Madonna "because it's right next door and it's

going to be accessible for us to go watch them."

Proximity to home certainly was a plus factor for both Giordano and Rebain, too.

"I didn't want a huge school, I just wanted something close to home," Giordano said. "So I could stay home with my family, that's a big thing for me."

And Giordano has been by the brand new softball diamond at Madonna and "It's so nice, I love it."

Easy choice

For Rebain, the lure of continuing the family's Madonna connection proved too strong to ignore.

"It's great, my mom went to Madonna, my brother (Garrett) played baseball for Madonna," Rebain said. "I've been wanting to go to Madonna my whole life."

Rebain said that she did consider going to Aquinas College (less than three hours from PCEP), but knew Madonna made more sense both from a softball and academic standpoint.

"I knew they were a great school academically and I knew they were great at softball, too," she added. "Right when I knew he (White) wanted me I was very interested and I knew I wanted to come here."

One reason Madonna has such a winning softball program is willingness of athletic director Bryan Rizzo to give the green light on scholarships.

"Our athletic director has gotten us some great increases in our scholarships," White emphasized. "And our program has built itself. We're turning away girls now."

Giordano and Rebain will receive scholarships including athletic and academic components.

Another standout from the KLAA who is headed to Madonna is Livonia

Churchill shortstop Nikki Salloum.

Paying their dues

Both Giordano and Rebain said sustained excellence with the Wildcats bodes well for a successful transition to the college game.

"I think it (success at Plymouth) definitely made a big difference why Madonna wanted me," Giordano said. "Coach Canfield taught me a lot, she influenced me a lot on wanting to go forward in college ball."

Rebain said her five-year career with Finesse (a fast-pitch travel team based in Michigan) is another plus.

"It gives you more experience and you get to face tougher teams," she continued. "So it really helps you."

All of those factors point to big futures in the Wolverine-Hoosier Athletic Conference, but it doesn't hurt to know White is squarely in their corner.

"It (playing in college) is something I've been pushing for for about 10 years," Giordano said. "And to finally know it's paid off is really exciting."

"Coach Al has been wonderful, too. He's like a grandfather, everybody says that about him. I'm looking forward to playing for him."

Of course, Canfield has dibs on them with one more high school season yet to come.

Plus, she stressed that the career paths being taken by Giordano and Rebain should resonate with younger teammates.

"We have a lot of different players who are energetic and just real coachable and we can take them to the next level," Canfield said. "We're proving that can happen."

Friendly feasts

Local churches welcome guests for Thanksgiving dinner

By Sharon Dargay
O&E Staff Writer

Nancy Boyd will set the table for Thanksgiving dinner on Tuesday night.

She'll prep some vegetables, decorate and maybe take a few photos.

Then, on the big day, she'll greet more than 200 guests and wash dishes after they dine on turkey, all the trimmings, side dishes and pie.

"I love doing this. It makes your heart feel good, especially for those people who don't have family or who have small families," said Boyd, 78. "It's a wonderful mission our church is doing."

The Canton woman is part of a volunteer crew that will make sure Newburg United Methodist Church's second annual community Thanksgiving Day dinner comes off without a hitch on Nov. 22. The free dinner, with seatings at 1 p.m. and 4 p.m., will be held at the church, located at 36500 Ann Arbor Trail, in Livonia.

Sarah Nadeau Alexander, youth and young adult ministry coordinator, said Newburg's first holiday dinner last year drew more than 220 individuals and volunteers from as far away as Flint.

"This dinner is free to all and open to anyone who would like to attend, whether families cannot afford the huge dinner setting, or a few people do not want to go through the hassle of putting on a large dinner only for a few to eat," Alexander said, in an e-mail to the *Observer*.

She said the church this year is asking for monetary donations and for volunteers to help before or during Thanksgiving Day. Boyd recalls at least 15 volunteers who were not Newburg members pitched in last year.

"We had a fellow just come in from Afghanistan. He was home on leave and wanted to do something. What a delightful young man he was," Boyd said. "So many people just dropped in to help. It was wonderful."

"I'm thrilled by the whole idea of having a community family dinner for free. I don't have any family here and many times I've gone to friends' homes for Thanksgiving. I'm having two of my friends come to the 4 p.m. seating. And a neighbor is coming. I'll be a greeter at the first seating and I'll eat with them at the second."

"Newburg is my family here and it's a wonderful family."

Boyd said the church plans to place a television screen — tuned to football — in the dining room, along with puzzles, coloring books and other activities for children.

Anyone interested in attending the free meal must RSVP by calling the church office at (734) 422-0149.

A handful of other area churches also plan dinners on Thanksgiving Day.

Our Lady of Loretto, 17116 Olympia, Redford will serve a Thanksgiving Day meal from 2-5 p.m. at its family center. The gathering is open to all, but designed for those who don't

want to eat alone. A love offering will be accepted. Call the church to RSVP at (313) 534-9000.

St. Mel's, 7506 Inkster Road, in Dearborn, also will serve dinner at 1 p.m. on Thanksgiving Day.

The focus is on individuals or couples without family or friends in the area, those that might otherwise eat alone on the holiday. RSVP to the church at (734) 422-0149.

Tasty tradition

Vegetarian event offers healthful cooking ideas for the holidays

It started as a way to share healthy holiday vegetarian recipes. Twenty-five years later, more than 650 guests sampled some 50 vegetarian and vegan offerings ranging from appetizers and main dishes to salads and desserts on Sunday, Nov. 11 at the Vegetarian Holiday Tasting Extravaganza sponsored by Better Living Seminars and Metropolitan Seventh-day Adventist Church.

Guests from throughout western Wayne County and west Oakland County sampled home-cooked recipes prepared by volunteer chefs. Smiles, nods and lots of "this taste's great" were heard throughout the gymnasium, which was transformed into a holiday dining room at Metropolitan Adventist Church on Haggerty Road in Northville Township.

Chefs included Jeanie Weaver (event organizer), Ema Roma, Julie Verhelle, Marcia More, Lori Peach, Simone Cross, Rula Karapatsakis, Lucia Modiga, Margi Toppenberg, Heather Arvidson, Maria Matthew, Joy Hyde, Vera Bakewell, Kathy Dukaric, Shirley Brezzell, Stephanie Howard, Connie Vail and Pat Calisti.

Additional chefs were Dolly Diamond, Amber Bayer, Kelli Marquette, Chad and Melissa Higgins, Ellen Higgins, Anna Box, Janet Costew, Sue Parce, Rina Parce, Jonathan Janevski, Yusuke and Mika Kuramochi, Fumio Narita, Yuzuru Ito, Ayumi Uchino, Cheryl Gilbert, Jennifer Barkholz and Julie Chole.

Also contributing food was Charley's Deli Grille and the Great Harvest Bread Co.

best food plan one can choose," wrote Weaver on the group's website.

The event is a family-affair for Weaver. His wife, Natalie, has prepared food for the taste fest since the event started. His daughter, Jeanie Weaver, coordinates the event and also prepared at least four selections at this year's Tasting Extravaganza.

Upcoming events include an International Thanksgiving Vegetarian Potluck at 1 p.m. Saturday, Nov. 17 in Metropolitan Adventist Church, and A Christmas Potluck on Saturday, Dec. 8 at 15585 Haggerty Road, Northville Township. For information, call (734) 420-3131 or (734) 420-4044.

Make Thanksgiving Day fare vegan-friendly

Got a vegetarian or vegan sharing your Thanksgiving Day dinner?

People for the Ethical Treatment of Animals (PETA) offers these tips to create a feast that will appeal to meat-eaters, vegetarians and vegans:

- Use vegetable broth in the stuffing.

- Vegans — who eat no dairy foods and no animal products — will thank you for substituting soy milk and margarine for milk and butter in mashed potatoes.

- If you're baking holiday bread, substitute egg replacer and soy milk for eggs and milk. Commercial egg replacers, such as Ener-G Egg Replacer, are available in health food stores and many grocery stores. Or try substituting one banana or ¼ cup applesauce for each egg called for in a recipe for sweet, baked desserts. Make sure bananas or apples are compatible with the other flavors in the dessert. Fruit purées tend to make the final product denser than the original recipe. For a light texture, add an additional ½ teaspoon of baking powder.

- Tofu is the perfect egg substitute for quiches, scrambles and custards. Replace one egg with ¼ cup of tofu purée.

- Save time in the kitchen by asking guests to bring a vegan dish to share.

- Be sure to keep vegan salad dressing on hand. Annie's, Girard's, Brianna's, Newman's, Kraft, and Whole Foods are among the brands that offer some vegan products. The dressing also can be as simple as oil

and vinegar.

- Try a vegan turkey alternative. Tofurky Roast, Celebration Roast and Gardein Holiday Roast are three options available from health food markets and some grocery stores. All contain wheat gluten, however, making them inappropriate for those on gluten-free diets.

Here are a few dessert recipes from PETA to top off your vegan- and vegetarian-friendly holiday meal:

Apple Bavarian Torte

Makes 6-8 servings

¼ cup plus 1 tablespoon vegan margarine, chilled
3 apples, peeled, cored, cut in half, and thinly sliced
¼ cup brown sugar
½ teaspoon ground cinnamon

¼ cup plus ¼ cup white sugar, chilled
½ teaspoon plus ½ teaspoon vanilla extract
1 cup flour, chilled
1 8-ounce package nondairy cream cheese (try Tofutti or Galaxy brand)
1 tablespoon fresh lemon juice
1 tablespoon cornstarch
¼ cup sliced almonds

Preheat the oven to 400°F. Oil a 9-inch springform pan. In a skillet over medium heat, melt 1 tablespoon margarine. Toss the apples with the brown sugar and cinnamon and sauté for 2-3 minutes. Drain off and reserve the liquid. Cream together ½ cup margarine, ¼ cup white sugar, ½ teaspoon vanilla, and the flour. Press the crust mixture into the bottom of the springform pan.

Set aside. In a food processor, blend together the nondairy cream cheese, lemon juice, ½ teaspoon vanilla, cornstarch, and remaining ¼ cup sugar. Pour this mixture over the crust and spread the apples on top. Bake for 10 minutes. Drizzle with a couple of spoonfuls of the reserved apple liquid, avoiding the edges of the pan, and continue baking for 25 minutes. Sprinkle almonds over the top of the torte. Continue baking until lightly browned. Cool before removing from the pan.

Pumpkin Patch "Cheesecake"

Makes 8 servings

12 ounces firm silken tofu, puréed
8 ounces nondairy cream cheese (try Tofutti brand at Tofutti.com)
1 cup canned pumpkin
1 cup granulated sugar
3 tablespoons flour
½ teaspoon ground ginger
½ teaspoon nutmeg
1½ teaspoon cinnamon
¼ teaspoon salt
¼ teaspoon baking soda
1 prepared graham cracker crust

Preheat the oven to 350°F.

Purée all the ingredients except the pie crust in a food processor and pour into the graham cracker crust. Bake at 350°F for 50 minutes.

Allow to cool for 30 minutes, cover with plastic wrap or the top of the pie container, and refrigerate for 6 hours or overnight before serving.

Chocolate Bread Pudding With Rum Sauce

Serves 6

For the Pudding:
5 tablespoons cocoa
1 tablespoon hot water
2 cups soy milk
Egg Replacer equivalent of 2 eggs

½ cup sugar
Dash salt
1 teaspoon vanilla
2 to 3 cups stale bread, torn into small pieces

For the Rum Sauce:
1 cup vegan margarine, softened (try Earth Balance brand)
1 cup confectioner's sugar
¼ cup dark rum
1 teaspoon vanilla
½ teaspoon ground nutmeg

Combine the cocoa with the hot water until smooth. Add more water as needed.

In a large bowl, combine the cocoa mixture, soy milk, egg replacer, sugar, salt, and vanilla. Mix in the stale bread. Pour into a prepared loaf pan. Bake at 350°F for 1 hour.

Beat the margarine until light and fluffy. Sift the confectioner's sugar into the margarine. Add the rum, vanilla, and nutmeg. Beat on high speed for 5 minutes. Pour over the pudding. Serve warm.

Orange-Cranberry Upside-Down Cake

Makes 6-8 servings

6 tablespoons vegan margarine, plus more for greasing the pan (try Earth Balance brand)
1 cup granulated sugar
½ teaspoon cinnamon
½ teaspoon allspice
1 tablespoon grated orange zest
1½ cups fresh cranberries
Egg replacer equivalent to 1 egg

1 teaspoon vanilla extract
Juice of 1 orange
1½ cups all-purpose flour
1½ teaspoon baking powder
¼ teaspoon salt
½ cup soy milk

Preheat the oven to 350°F, making sure that a rack is in the center. Generously grease an 8-inch round cake pan with margarine and set aside. Whisk together ½ cup of the sugar with the cinnamon, allspice, and orange zest. Sprinkle evenly over the bottom of the pan. Arrange the cranberries in a single layer on top and set aside.

In a large bowl, cream the 6 tablespoons of margarine and the remaining ½ cup of sugar for several minutes with an electric mixer until well blended. Add the egg replacer, vanilla, and orange juice. Beat again.

In a separate bowl, sift together the flour, baking powder, and salt. With the mixer on low speed, add the flour mixture to the margarine mixture in three batches, alternating with the soy milk and blending well after each addition.

Pour over the cranberries and smooth the top. Place on a baking sheet on a rack in the center of the oven and bake until a toothpick inserted in the center comes out clean, approximately 30 to 35 minutes. Remove from the oven and let cool on a wire rack for 30 minutes. Run a knife around the edge of the cake and invert onto a

Builders, remodelers see cause for 'cautious optimism'

A statewide survey of home-builders and remodelers showed significant improvement in the building industry's outlook as the Michigan Housing Index (MHI) reached its highest level in the 2 and a half year history of the index. The MHI, covering the third quarter of 2012, showed a sharp increase from the second quarter index, and was significantly higher than the same period one year ago. The latest Michigan Housing Index covers the time period of July through September 2012.

"The trend lines have been positive, so it is encouraging to see that the outlook for building continues to improve," said Robert Filka, CEO of the Home Builders Association of Michigan (HBAM), which conducts the monthly survey. "We've got a long way to go before we see anything near normal historical production, but things are definitely headed in the right direction."

The Michigan Housing Index (MHI) is a quarterly summary of building and remodeling

DETAILS

Following is a year-to-year comparison of the MHI Index:

	Sept. 2012	June 2012	September 2011
Builders Index	52	38	31
Remodelers Index	50	40	45

activity compiled by HBAM. The survey asks builders about the number of homes currently under construction and in the planning stages. Builders are also asked to evaluate their prospects for future customers. Totals are calculated in an index that is reported quarterly to provide a tracking mechanism for the industry's process. The survey breaks down builder/remodeler sentiment into three categories:

- Less than 45 (pessimistic)
- 45-55 (cautious optimism)
- Above 55 (optimism)

"While it is good to note that Michigan homebuilders and remodelers are cautiously optimistic about the next few months, our overall economy must see more rapid and sustained growth for a complete

recovery of our housing industry," said Filka.

Filka also noted there remains much concern within the home-building industry over the possibility that Congress and the president could begin overhauling the federal tax code in 2013, which could threaten some of the most important tools that encourage home ownership, including the ability for consumers to deduct mortgage interest.

"We must protect the mortgage interest deduction," said Filka. "We shouldn't change the rules on the one tax break that has been most important in creating a stable middle class in America. A strong housing market is not only important to help more Michigan citizens realize the dream of homeownership,

but is essential to revitalizing Michigan's economy. When builders are constructing homes that means jobs and investment, which provide a better quality of life and support for Michigan schools and municipalities."

The Michigan Housing Index combines results of a monthly survey of Michigan builders and remodelers along with a series of economic statistics including single family home permits, crude oil prices, automobile production and unemployment. The HBAM Michigan Housing Index is intended to provide an accurate projection of the future direction of the building and remodeling housing market in Michigan.

The Home Builders Association of Michigan is a professional trade association comprised of 27 local homebuilder associations around the state and their builder, subcontractor and supplier members. HBAM works to positively promote the building industry and impact legislative, regulatory and legal issues affecting housing affordability.

Politics can surface on boards

By Robert Meisner
Guest Columnist

Q: I am a member of a board of a condominium where the majority is operating under their selfish best interests. As part of that, they hired a new attorney, instead of our old attorney who had represented the association in many areas including in an

Robert Meisner

issue against the now-treasurer of our association. Now the new attorney is bad mouthing the old attorney and the board doesn't seem

to care. What can I do?

A: Apparently, the new attorney, whether he or she has justification or not, should not be unnecessarily impugning the old attorney, and is probably doing so to gain the favor of the majority of the board who, from what you have said, had an ax to grind against the old attorney for their own self-serving purposes. Unfortunately, there are some associations who have directors whose ego and/or lack of knowledge supersede their best judgment and operate in their own selfish best interests. Get the co-owners to get a petition to remove these directors, pointing out that they are not operating in the best interests of the association, and are breaching their fiduciary duty, which includes hiring an attorney who lacks the demeanor of what is expected of a reputable attorney.

Q: I know this is somewhat of a complex question, but I am a designer of a biomass heating system and was hired by a contractor to install a boiler as part of a system of a high school. I wasn't paid and the contractor filed a Mechanic's Lien against the school. He claimed that his right to file a Mechanic's Lien turned on whether his materials and labor were intended to become a permanent part of the real estate. Although the boiler was physically annexed to the building and specifically adapted to the needs of the school, my agreement with the school provided that the system remained the property of mine and would be removed on termination of the agreement. Does the contractor have a right to claim a Mechanic's Lien?

A: Based upon a case on similar facts out of Maine, the court held that because neither the designer nor the school intended that the system would become a permanent part of the realty, the contractor had no right to file a Mechanic's Lien. You should check with your own state to determine what the results would be.

Businessman in '40 Under 40' class

Building Industry Association of Southeastern Michigan (BIA) announced that Ben Templeton of Templeton Building Co. in Birmingham has been named to *Professional Remodeler* magazine's 40 Under 40 Class of 2012. Templeton serves on BIA's Board of Directors and on the association's NAHBR Professional Remodelers Council where he will be chairman in 2013.

Templeton, 31, is vice president of his home building and remodeling company. He earned a bachelor of science degree in technical communication from Lawrence Technological University before beginning his career. A firm believer in the benefits of education, he not only holds a Residential Builders License from the state of Michigan, but has enhanced his business acumen by earning industry-specific designations from the National Association of Home Builders including Certified Graduate Builder (CGB), Certified Graduate Remodeler (CGR) and Certi-

fied Green Professional (CGP). Classes for these designations are offered locally at BIA offices.

"Ben is not only an up and coming professional in the eyes of *Professional Remodeler* magazine," said Michael Stoskopf, CEO of BIA, "he is one of the bright stars in our membership. Ben is always ready to contribute new ideas to the association and the remodelers council and to volunteer the time and energy it takes to implement these ideas. We are lucky to have him in our ranks."

Templeton feels that one of his most significant achievements to date is implementing a successful marketing program for his company that includes a mix of traditional strategies along with social media outreach. Additionally, he has opened Templeton Commercial Division to expand the company beyond its already wide scope that includes residential remodeling, new home construction, service and a

custom cabinetry and furniture division.

While these significant accomplishments continue to positively impact the success of Templeton Building, Templeton knows that another important tool to help his business grow is ongoing and impactful networking. "Staying in touch with other business people in the area, learning what they do and sharing what I do is one of the best ways I know of to keep my business on a growth path," he said. "To make this happen in the area where I live and work, I launched the Business Professionals of Birmingham Bloomfield Hills. It continues to be one of the most valuable ways I gain new business."

Ben is married to Kate Sielski Templeton. In February of this year they became proud parents to their first child, Zachary Benjamin Templeton.

Headquartered in West Bloomfield, Building Industry Association of SE Michigan (BIA) and Apartment Association of Michigan (AAM) are

trade associations representing nearly 500 builders, remodelers, multi-family property owners, developers and suppliers to the single family and multi-family residential construction industry. BIA is affiliated with the Michigan Association of Home Builders in Lansing and the National Association of Home Builders in Washington, D.C.

SUDOKU

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

CPAs

Our downtown Detroit CPA firm is expanding and seeking highly motivated, hard-working CPAs to join our team. If you are considering a job change and want an opportunity to be a leader in a CPA practice, we are looking for you. We need a few good candidates at the senior and manager level. Qualified applicants must have recent CPA experience, enjoy working in a fast-paced environment, be a self-starter and possess technical as well as people skills.

An advance degree in accounting, along with knowledge in planning engagements, developing a working relationship with clients and demonstrating leadership and communication skills (oral and written) are required for each position.

AUDIT MANAGER

The manager must have at least three to five years of experience and will be responsible for managing accounting and auditing engagements as well as related projects. The audit manager will also participate in the planning process for engagements; coordinate activities with clients, supervise the performance of field work, review work papers and financial statements and present results to client management.

SENIOR ACCOUNTANT

The senior accountant must have at least three years of experience and will be responsible for planning engagements, reviewing and analyzing client internal controls and preparing audit programs; identifying and resolving audit issues and developing a working relationship with clients. This person will serve as a mentor to other staff accountants.

Applicants should have prior experience in audits of employee benefit plans, governmental units, and not-for-profit organizations. In addition, experience in preparing and reviewing Form 990 and Form 5500 is a plus, but not a requirement.

George Johnson and Company offers exceptional professional advancement opportunities and benefits. This excellent opportunity includes a highly professional working environment, a competitive salary based on experience, a performance bonus, as well as, a 401(k) employer match.
